## Series Synopses

<b>199 Little Heroes</b>	MP-LS	Geography	The journey to school is a very special type of life experience shared by millions of children around the world but in different ways. What happens between the two most important places in a child's life, home and school?
<b>Against All Odds: Inside Statistics</b>	US	Maths	This series maintains the same emphasis on doing statistics. Video modules take viewers on location to where people from all walks of life are using statistics in their work.
<b>Art With Mati And Dada</b>	P	Art	An artistic animated series about Mati, a cheerful little girl with a passion for art, who is transported into the lives of famous artists from the past by her eccentric, magical sidekick Dada.
<b>Atom Bond</b>	MS-US	Science	Shrouded in the mysterious world of espionage, Agent Gold is on a mission exploring the complex world of chemical bonds. This reimagining of a classic animation takes a comprehensive look at covalent, ionic & metallic bonding
<b>Back In Time For Dinner: Education Shorts</b>	P	History	In this series we explore a home from a different decade in each episode. For use in Stage 1 History, students gain an insight into how their parents, grandparents and even great grandparents may have lived.
<b>Barney's Barrier Reef</b>	P-LS	Geography Science	Dive into the incredible world of Australia's Great Barrier Reef, as Barney discovers creatures that are quirky, crazy and creepy!
<b>Bertram Poppingstock: Problem Solver</b>	LS-MS	English	A child genius turned undercover agent. His disguise: bookshop owner. The mission: solve a vengeful ex-teacher's deadly spelling and vocabulary challenges. This is Bertram Poppingstock: Problem Solver.
<b>Bringing Books to Life</b>	MP-LS	English	Ten short films aimed at getting 7-11 year-old children interested in books.
<b>BTN</b>	UP-LS	Current Affairs	BTN is a high-energy, fun way for Upper Primary and Secondary students to learn about current issues and events in their world. Each program is built around major news stories of the week.
<b>BTN Specials</b>	MP-LS	Various	
<b>BTN: Media Literacy</b>	LS-US	English	In a time of information overload, understanding the news has become more important than ever. This series helps to navigate the news, sort fact from fiction, and recognise how their world views can be shaped by the media.
<b>Bushwhacked! Bugs</b>	P	Science	Come on a journey to a hidden world that's right under our noses, where the impossible is possible, even the tiniest things can be epic! Hosted by Kamil Ellis and featuring ten kids who love bugs, this is a mini-Bushwhacked!
<b>Catalyst Segments</b>	LS-US	Maths	Interesting features from ABC's flagship TV Science program Catalyst.
<b>Citizen Code</b>	S	D&T, Civics	A video series that goes behind the scenes of digital culture.

<b>Colourful Weather</b>	S	Geography Science	Colourful Weather brings you the fun and fascinating science behind five very colourful weather events. Hosted by Nate Byrne, this is weather for kids, presented in a way they can understand and get excited about.
<b>Convict Kids</b>	P	History	Australia was a British penal colony between 1788 and 1868 and over 160,000 convicts were 'transported' here. Learn about these child convicts, why they were transported, how they lived in the colony and what became of them.
<b>Dates That Made History</b>	MS-US	History	This series tells world history through a few major dates. Driven by the delivery of historian Patrick Boucheron, history comes to life in an accessible and lively manner.
<b>Deep Dive Into Australia's Ocean Odyssey</b>	UP-MS	Geography Science	Focussing on marine life, interconnectedness of land and sea, and ocean protection and restoration, this series is hosted by Rad Yeo and combines segments from Australia's Ocean Odyssey alongside interviews with experts.
<b>Eco Eye: Sustainable Solutions</b>	LS-US	Geography Science D&T	We investigate the critical environmental issues affecting our world as well as the impact our surroundings have on our physical and mental wellbeing.
<b>Ecomaths</b>	UP-LS	Maths Science D&T	A new way of showing how maths is used in the real world to help create a sustainable future. Stefan Gates meets people using maths to find innovative solutions to the ecological challenges of our age.
<b>Ethics Matters</b>	LS-US	Ethical Understanding	Presenter Dr Dan Halliday talks with philosophers, and helps place the ideas in each episode in a real world context.
<b>Full Proof</b>	MP-LS	Science	This series drags science out of the classroom and takes experiments outdoors. Each episode is hosted by a different child from anywhere in the world, where they do a number of surprising experiments.
<b>Further Back In Time For Dinner: Daily Life In The Past</b>	LP	History	An ordinary family go back in time to immerse themselves in Australian history. Lower Primary Humanities and Social Sciences students are invited on a virtual excursion to see how people lived, from Federation to the 1940s.
<b>Further Back In Time For Dinner: The Development Of A Nation</b>	UP	History	An ordinary family go back in time to immerse themselves in Australian history. Upper Primary Humanities and Social Sciences studies students will learn about the key events that shaped Australia in each decade.
<b>Hey You! What If</b>	P-LS	Geography Science	Have you ever wondered what would happen if the Earth was flat? Or if the moon was made of cheese or you could time travel? This clever factual series plunges us into parallel worlds where anything can and does happen.
<b>HMB Endeavour's Voyage of Exploration (2018)</b>	UP-LS	History	In 1768, His Majesty's Bark Endeavour set sail from England on a scientific voyage with Lieutenant James Cook. What did the voyage accomplish for science and navigation? What was the impact for this continent's First Peoples?
<b>I'm A Creepy Crawly</b>	P	Science	Creepy Crawlies are slimy, squashy, stingy little pests. Or so we all think but they've got a thing or two to say about that. In I'm a Creepy Crawly, the insects invite us into their alien world to set the record straight.
<b>In My Shoes: China</b>	MP-UP	HASS	A unique child-led view looking at how the geographical features of three diverse countries have shaped the way people live and work.
<b>Keeko</b>	LP	PDHPE	Keeko lives in a beautiful forest with playmates Bird and Dog. Together they find fun activities and new games to play. Along the way they discover how to interact, solve problems, and show their care for each other.

<b>Koumi's Animated Picture Book</b>	LP-MP	Geography Science	Koumi, a 6-year-old playful girl, observes the animals of the world in her picture book and takes you to meet them on every continent! An edutainment program to satisfy the curiosity of all kids.
<b>Languages Of Our Land</b>	LP	Maths	Languages of our Land is an active learning Interstitial series sharing the Aboriginal language of Yugambeh, located in South East Queensland.
<b>Learn A Word</b>	LP-MP	English	Learn a Word Series 2 demonstrates fun ways and range of strategies for early readers to learn basic words in English. Learn a Word is informed by the Australian National Curriculum.
<b>Legal Briefs</b>	US	Legal Studies	Lizzie O'Shea talks to Australia's top legal minds. She takes us into the courts, and the places where our law has been made.
<b>Let's We Forget What? Education Shorts</b>	MS-US	History	A young woman investigates Australia's remembrance and forgetting of WWI.
<b>Life In Medieval Europe</b>	LS	History	Set in 1350, this medieval drama unfolds through a number of village characters telling their stories of life in the middle ages. We meet the baker, the herbalist, the landless labourer, the medicus and the Lord of the Manor.
<b>Look Kool</b>	MP-LS	Maths	Using songs, skits, and wacky challenges our host Hamza and his mischievous robot cat find the answers to mathematical mysteries. Hamza is helped by kids who hunt for shapes and solve brain-bending puzzles.
<b>Mini Lessons: English</b>	P	English	In these ten-minute lessons, Australian teachers teach fundamental skills in literacy.
<b>Mini Lessons: Maths</b>	P	Maths	Australian teachers teach important numeracy skills in these ten minute lessons.
<b>Mini Lessons: Science Secondary</b>	S	Science	In these ten-minute lessons, Australian teachers teach fundamental skills in science.
<b>Minibeast Heroes</b>	P	Science	Minibeasts Heroes is an animated series that takes you up close and personal with six Aussie bugs to show you how they save the world.
<b>My Life</b>	LS-US	PDHPE	Documentary series following the highs and lows of children across the world, each with a unique story to tell.
<b>My Place</b>	MP-LS	English, History	Continuing the story of one spot in Australia told by the children who live there over 260 years. Series 2 tells their tales from 1878 to before European settlement.
<b>Numberblocks</b>	LP	Maths	Follow the adventures of the Numbers and learn through animation, fun songs and games!
<b>One, Two, Threebies!</b>	LP-MP	Maths	Join Boxy, Tri and Roh as they dance and bounce around discovering shapes, numbers, and fractions! There's always a new puzzle, and maybe even a watermelon slice or two, when you come to play with the Threebies!
<b>Physics House</b>	LS-US	Science	Join Yanick in the Physics House to take a look at the physics behind everyday phenomena we encounter in our homes.
<b>Play School Story Time</b>	LP	English	Join some of Australia's most loved celebrities as they snuggle up on the Story Time couch and read entertaining picture books written by Australian authors.
<b>Pocket Compass</b>	S	History	Study editions of the popular ABC Religion and Ethics series 'Compass'.
<b>Poetry: Between The Lines</b>	S	English	Presented by hip-hop star Akala, this series features contemporary poets including Jackie Kay, Gillian Clarke and Ciaran Carson in conversation with Akala about some of their best-loved poems.
<b>River Valley Civilizations</b>	UP-LS	Geography, History	A close look at how we moved from simple nomadic lifestyles to create flourishing river valley civilizations across Mesopotamia, Ancient Egypt, Indus Valley and China.

<b>Science Max! Experiments At Large</b>	UP-MS	Science	Have you ever done a science experiment and wondered "What would this be like if it were HUGE?" Welcome to Science Max, the exciting series that turbocharges all the science experiments you've done at home.
<b>ScienceXplosion</b>	LP-UP	Science	The world of science, technology, engineering and mathematics affects the way we live every day. ScienceXplosion magician and scientist, Eric, helps to navigate our science-filled world - guided by his good friend VOX.
<b>Social Media Me</b>	LS-MS	PDHPE	This three-part series follows three characters' experiences with identity and self-esteem, as they navigate social media and real world relationships.
<b>Spark: Fire Up Your Future</b>	S	PDHPE	We go on a journey of personal discovery as a diverse range of nine compelling adults reflect on themselves as children, sharing the 'spark' moments and epiphanies that changed their lives - and motivated rewarding careers.
<b>Tell Me A Tale</b>	LP	English PDHPE	Tell Me A Tale is a series of interstitials which explore wellbeing and emotional intelligence using the voices of real, Aussie kids, with animation based on their very own drawings.
<b>Tell Your Story, Change Your World</b>	MS-US	English PDHPE	Only you can tell your own story, but getting started isn't always easy. Here are four unique stories from around Australia to help you find the words.
<b>The Gold Rush</b>	UP	History	The gold rush was one of most defining periods in Australia's history. It brought wealth, democracy, social change, multiculturalism, and reshaped the environment. Ronan, an Irish digger, explores gold fever in Australia.
<b>The Mindfulness Tool Kit</b>	UP	PDHPE	In this series, we take a good look at the parts of the brain that relate to mindfulness and practice mindful techniques that help us to feel happier, reflective and more productive.
<b>The Stickie Gang</b>	LP-MP	Maths	Angie, Eddie and Mia are best friends who live on Stickie Street. Their lovable dog, Ruffles, is always nearby wanting to join in! They love learning, playing and solving problems together, and having fun while they do it.
<b>The Storybuilding Tool Kit</b>	UP-LS	English	The Story Building Toolkit is here to help us tell better tales! Authors and Illustrators share their top story building tips while students review their favourite books.
<b>The Wacky Word Show</b>	MP-UP	English	
<b>Titch And Ted Do Maths</b>	LP-MP	Maths	This live action comedy series introduces odd couple Titch and Ted. Perennially fired and always on the lookout for work, their next three jobs will unwittingly teach them about Measurement, Fractions and Geometry.
<b>Water Wisdom</b>	MP-LS	Geography Science	Fresh water systems are fundamental to Australia's first people who have nurtured a deep understanding of water. The Water Wisdom series shares this knowledge through the voice of Aboriginal communities.
<b>Weird Weather</b>	S	Geography Science	From pyromaniac clouds to space weather storms, ABC Weather guru Nate Byrne explains weird weather phenomena.
<b>Weirdy Rhymes</b>	P	English	Inspired by the world of nursery rhyme, myth and mischief this is a series of animated adventures featuring some strange creatures. The sort you might find somewhere deep inside an old dusty cupboard.
<b>What It's Like</b>	UP-MS	PDHPE	A show for young people in our community whose voices, stories and perspectives aren't often seen or heard. It's a chance for them to share their experiences.

<b>What Makes Me Me?</b>	MP-UP	PDHPE	What Makes Me Me? And Other Interesting Questions is an engaging series of short films voiced by Robert Webb, exploring everyday questions that children ask, and adults often struggle to answer.
<b>What's For Dinner?</b>	P	HASS	With a big spoonful of creativity, a pinch of tradition and a dash of fun - these Australian families have all the ingredients they need to answer the all-important question...What's For Dinner?
<b>Where in the World?</b>	LP	HASS	Follow the everyday lives of children living in eight different countries around the world, speaking a different language and having different customs, discoveries, thrills and challenges.
<b>You Can't Ask That In The Classroom</b>	S	Civics	Tailored for a younger audience, these special classroom editions of YCAT provide unique insights into the lives of diverse Australians.
<b>Your Paintings</b>	S	Art	Looks into the world of an oil painting; the ten paintings have been selected from a range of eras and art movements and can be found in galleries across the UK.
