Attendance Offer

Drive attendance with this party exclusive – offer to customers when they attend a party!

Tupperware® Impressions Mini Bowls

Only \$13!

Capacity: 2¼-cup/550 mL

Price:	\$13
Value:	\$19
Savings:	\$6
Color:	Salsa Verde

2

Strategy: Encourage attendance at a party with special savings on a great product. The savings are only available if your customer attends the party!

Build higher party sales: Use this offer to tie back to the Krazy 8 set featured on pages 2-3 of the brochure. *Limit one set when you attend a party.*

Key Features and Benefits of Impressions Bowls

- Complete your Impressions Bowl tower – this is the topper and smallest size
- To seal, place seal over the rim of the bowl or dish, then hold below the rim with your fingertips and press with your thumbs sliding forward to press the seal over the rim.
- To remove the seal, place both thumbs on top of the seal, with your fingertips under the rim and the tab; press with both thumbs as you lift the tab to peel off the seal.
- Bowls and dishes are convenient for serving from fridge to table and handy for picnics.
- The rims of the dish and the bowl give a comfortable grip for picking it up and the angle of the rim makes it easy to pour from the dish.
- The seal can be used to loosely cover the bowl on the table just before serving.
- Rims on the seal and on the bottom of the dish ensure the sealed dishes stack

- securely in the fridge for food prepared ahead or in the cooler to take on the go.
- When empty the dishes nest for space saving storage.

This collection is perfect for serving all summer long. This collection can be completed by adding 2-qt./2 L Pitcher, Colanders and Mini Bowls! Find a “Good, Better, Best and GOTTA HAVE IT ALL” customer flyer on my.Tupperware.com to help build higher customer orders.

Key Features and Benefits of the Impressions Line:

- Bowls
 - To seal, place seal over the rim of the bowl or dish, then hold below the rim with your fingertips and press with your thumbs sliding forward to press the seal over the rim.
 - To remove the seal, place both thumbs on top of the seal, with your fingertips under the rim and the tab; press with both thumbs as you lift the tab to peel off the seal.
 - Bowls and dishes are convenient for serving from fridge to table and handy for picnics.

- The rims of the dish and the bowl give a comfortable grip for picking it up and the angle of the rim makes it easy to pour from the dish.
- The seal can be used to loosely cover the bowl on the table just before serving.
- Rims on the seal and on the bottom of the dish ensure the sealed dishes stack securely in the fridge for food prepared ahead or in the cooler to take on the go.
- When empty the dishes nest for space saving storage.
- Tumblers
 - The 'waves' design shape of the tumbler fits your hand grip and helps you hold on when your hands are wet.
 - The spill proof valve in the straw tumbler seal 'bonds' to a straw when it is inserted, then snaps back closed when the straw is removed.
 - The silicone valve is sonic welded into the seal, so it is permanently attached and safe for children.
 - The liquid-tight seal fits on the tumbler as a classic Tupperware seal and the large tab helps to remove the seal easily.
 - The valve is spill proof so the sealed tumblers can be transported safely for use around the house and out of doors, when kept upright. Do not put upside down.
 - The tumblers nest for compact storage and carrying.
 - Seal and tumbler are dishwasher safe. Take care: not suitable for transporting fizzy drinks or hot drinks. Take care that the tumbler is not thrown on the floor.

Two for \$6!

Tupperware® Impressions Serving Spoons

Can't have just one set!

Only \$6!

Price:	\$6
Value:	\$12
Savings:	\$6
Color:	Tokyo Blue

5

Key features and benefits:

- The serving spoons consist of a serving spoon and a draining spoon which fit together as tongs or are used as individual spoons.
- The waved handles are a comfortable shape to hold and the shape also keeps the handles from bending when in use.
- One handle tip fits into the connecting hole in the other and with just a twist they will hold together.
- The spoons nest together to save space when stored in the drawer.
- Dishwasher safe.
- Designed for serving cold foods only.

Exclusive Pitcher!

**Tupperware® Impressions
2-Qt./2 L Pitcher**

Serve fresh water, tea or
lemonade during the summer!

Price:	\$19
Value:	\$23
Savings:	\$4
Color:	Emberglow

6

Key Features and Benefits of the Tupperware® Impressions 2-Qt./2 L Pitcher:

- This generous pitcher, with a capacity of 2L, is ideal for every day use, storing and serving cold drinks, juice, water or children's drinks.
- Press the cover onto the jug with the deeper edge at the handle.
- To open, press firmly on the back of the 'easy press' cover and the cover will open and stay in place as you pour.
- To close, place your hand on the top of the cover and press down on the front.
- A vent on the cover on the side opposite to the spout lets in air while you pour so the pitcher will pour smoothly.
- The pitcher is carefully designed to fit in the door shelves of the refrigerator, which is a particularly important space saving benefit.
- The pitcher is spill proof but not liquid-tight so must not be stored on its side. The pitcher is not suitable for hot liquids.

Bring Back!

Tupperware® Impressions Colanders

Great call back to customers from Impressions sale earlier in the year (Weeks 11 and 13).

Includes:

- Two 18-cup/4.2 L colanders

Price:	\$22.50
Value:	\$30
Savings:	\$7.50
Color:	Emberglow

Colander fits inside
18-cup Bowl!

Key Features and Benefits of the Tupperware® Impressions Colanders:

- The wave shaped bottom allows water to drain in the sink.
- With the same rim design as the Impressions Bowls, the Colander is easy to handle and the draining slots are high on the sides and generous on the bottom to drain quickly and thoroughly.
- For fruit or salads, use the colander to wash and drain then place in the bowl to serve.
- The large bowl seal will fit on the colander to seal for shaking salads or for storing.

11

Another perfect partner for the spiralizer. Teach customers how this versatile product can save them time in the kitchen.

Features and Benefits of the Microwave Pasta Maker:

- Measure, cook, drain, serve and store with this product.
- The measuring and cooking instructions are conveniently engraved on each side of the base and inside the cover.
- Simply fill the desired amount of pasta and water for up to 6 portions and cook in the microwave uncovered. No need to change the power setting or check or stir mid-way.
- The rim acts as a handle, giving you a solid grip when removing hot pasta from the microwave oven.

Usage

- Ideal for a single helping or a family meal. Teenagers and pre-teens can make pasta themselves without having to use the stove or handle a pan full of boiling water. Great for students in dorms who only have a microwave oven to prepare meals.
- Excellent for preparing a nutritious snack, before or after exercising, as pasta is an excellent source of complex carbohydrates, which provide

slow release energy.

- It is not recommended to cook certain types of pasta in the Pasta Maker such as lasagna, tagliatelle nests, vermicelli, cannelloni, pasta that requires less than 3 minutes cooking time or potato-based gnocchi and spätzle.

Tips and Care

- Make sure pasta is completely covered by water.
- Rinse high starch pasta before use.
- Rinse cooked pasta that is sticking with hot tap water.

Wash before first use. Dishwasher safe. Rinse the Pasta Maker immediately after use with cold water to prevent strong odors and stains.

Do not add oil or any other fat to the water as it would damage your product.

Wonderful companion for the Quick Chef Pro and the Banana Nice Cream recipe. Make treats ahead of time, store in the refrigerator and serve when ready! Bowls stack nicely in the fridge.

Kelley expands her family and her Tupperware family

When I started with Tupperware, my goal was to make enough money to adopt my youngest son, Jeremiah. I had just been laid off from a company that decided to close its doors for good. With an MBA and a Masters in Project Management, I thought I would be hired immediately, but that was also the same week that another big employer in my area laid off 6,000 workers.

Before my layoff, I attended a Tupperware Facebook party. I booked a party, and so did several others. I held my party, and several booked from me. I knew the demand was there, so I decided to become a Tupperware Consultant in August of 2015, and I was able to adopt Jeremiah in just two short months.

What I have actually received from Tupperware is very different from what I expected. I have received a second family with the company I am a part of—Accolades Enterprises. They are there when I need help or when I am struggling with something that may not even have to do with Tupperware.

For the person who is looking for something to call their own, Tupperware is a great investment.
