## Building a Dashboard in SAP Analytics Cloud for Plant Maintenance KPI

Alain St-Onge, Manager IT, BI & Integration  
Resolute Forest Products  
Session ID # 83131

# About the Speaker

## **Alain St-Onge**

- Manager IT, BI & Integration, Resolute Forest Products
- Over 30 years of experience in IT and more specifically, 20 years at Resolute.

## **Andre Giroux**

- Account Executive, Beyond Technologies
- +20 years in various analytics roles, including data modeling, solution architecture, from ETL to storage to visualization.

# Agenda

- Who is Resolute
- Who is Beyond
- Project context
- Visuals and navigation
- Key takeaways/benefits
- Lessons learned

# About Resolute Forest Products

## Who we are

- Resolute Forest Products is a global leader in the forest products industry with a diverse range of products, including market pulp, tissue, wood products, newsprint and specialty papers, which are marketed in close to 70 countries.
- The company owns or operates some 40 facilities, as well as power generation assets, in the United States and Canada.
- Resolute has third-party certified 100% of its managed woodlands to internationally recognized sustainable forest management standards.
- Resolute has received regional, North American and global recognition for its leadership in corporate social responsibility and sustainable development, as well as for its business practices.

# About Resolute Forest Products

## Who we are

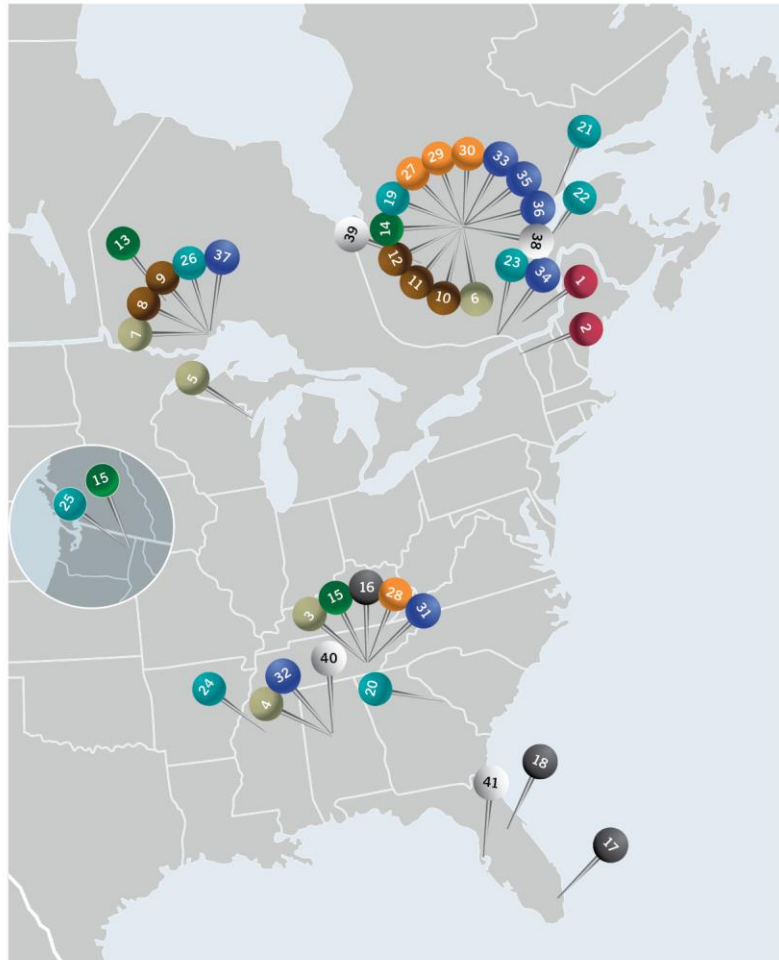

- 2018 sales: \$3.8 billion
- Products marketed in close to 70 countries
- 100% of managed woodlands certified by independent third parties
- 7,000+ employees

# About Resolute Forest Products

## Our operations

### OFFICES

- 1 Montreal (Quebec) – Head Office
- 2 Plattsburgh (New York) – U.S. Office

### MARKET PULP

- 3 Calhoun (Tennessee)
- 4 Coosa Pines (Alabama)
- 5 Menominee (Michigan)
- 6 Saint-Félicien (Quebec)
- 7 Thunder Bay (Ontario)

### WOOD PRODUCTS

- 8 **SAWMILLS (ONTARIO)**  
Atikokan, Ignace, Thunder Bay
- 9 **WOOD PELLET PLANT (ONTARIO)**  
Thunder Bay
- 10 **SAWMILLS (QUEBEC)**  
Comtois (Lebel-sur-Quévillon),  
Forest Products Mauricie (La Tuque),  
Girardville, La Doré, Maniwaki,  
Mistassini, Opitciwan (Obedjiwan),  
Outardes (Pointe-aux-Outardes),  
Saint-Félicien, Saint-Thomas, Senneterre
- 11 **REMANUFACTURED WOOD PRODUCTS FACILITIES (QUEBEC)**  
Château-Richer, La Doré
- 12 **ENGINEERED WOOD PRODUCTS FACILITIES (QUEBEC)**  
Resolute-LP – Larouche  
Resolute-LP – Saint-Prime

### WOODLANDS

- 13 **ONTARIO**  
Northwestern Ontario
- 14 **QUEBEC**  
Abitibi and Nord-du-Québec, Côte-Nord,  
Lac-Saint-Jean, Mauricie, Outaouais
- 15 **UNITED STATES**  
Southeastern U.S., Northwestern U.S.

### TISSUE

- 16 Calhoun (Tennessee)
- 17 Hialeah (Florida)
- 18 Sanford (Florida)

### NEWSPRINT

- 19 Amos (Quebec)
- 20 Augusta (Georgia)
- 21 Baie-Comeau (Quebec)
- 22 Clermont (Quebec)
- 23 Gatineau (Quebec)
- 24 Grenada (Mississippi)
- 25 Ponderay, Usk (Washington)
- 26 Thunder Bay (Ontario)

### SPECIALTY PAPERS

- 27 Alma (Quebec)
- 28 Calhoun (Tennessee)
- 29 Dolbeau (Quebec)
- 30 Kénogami, Saguenay (Quebec)

### ENERGY

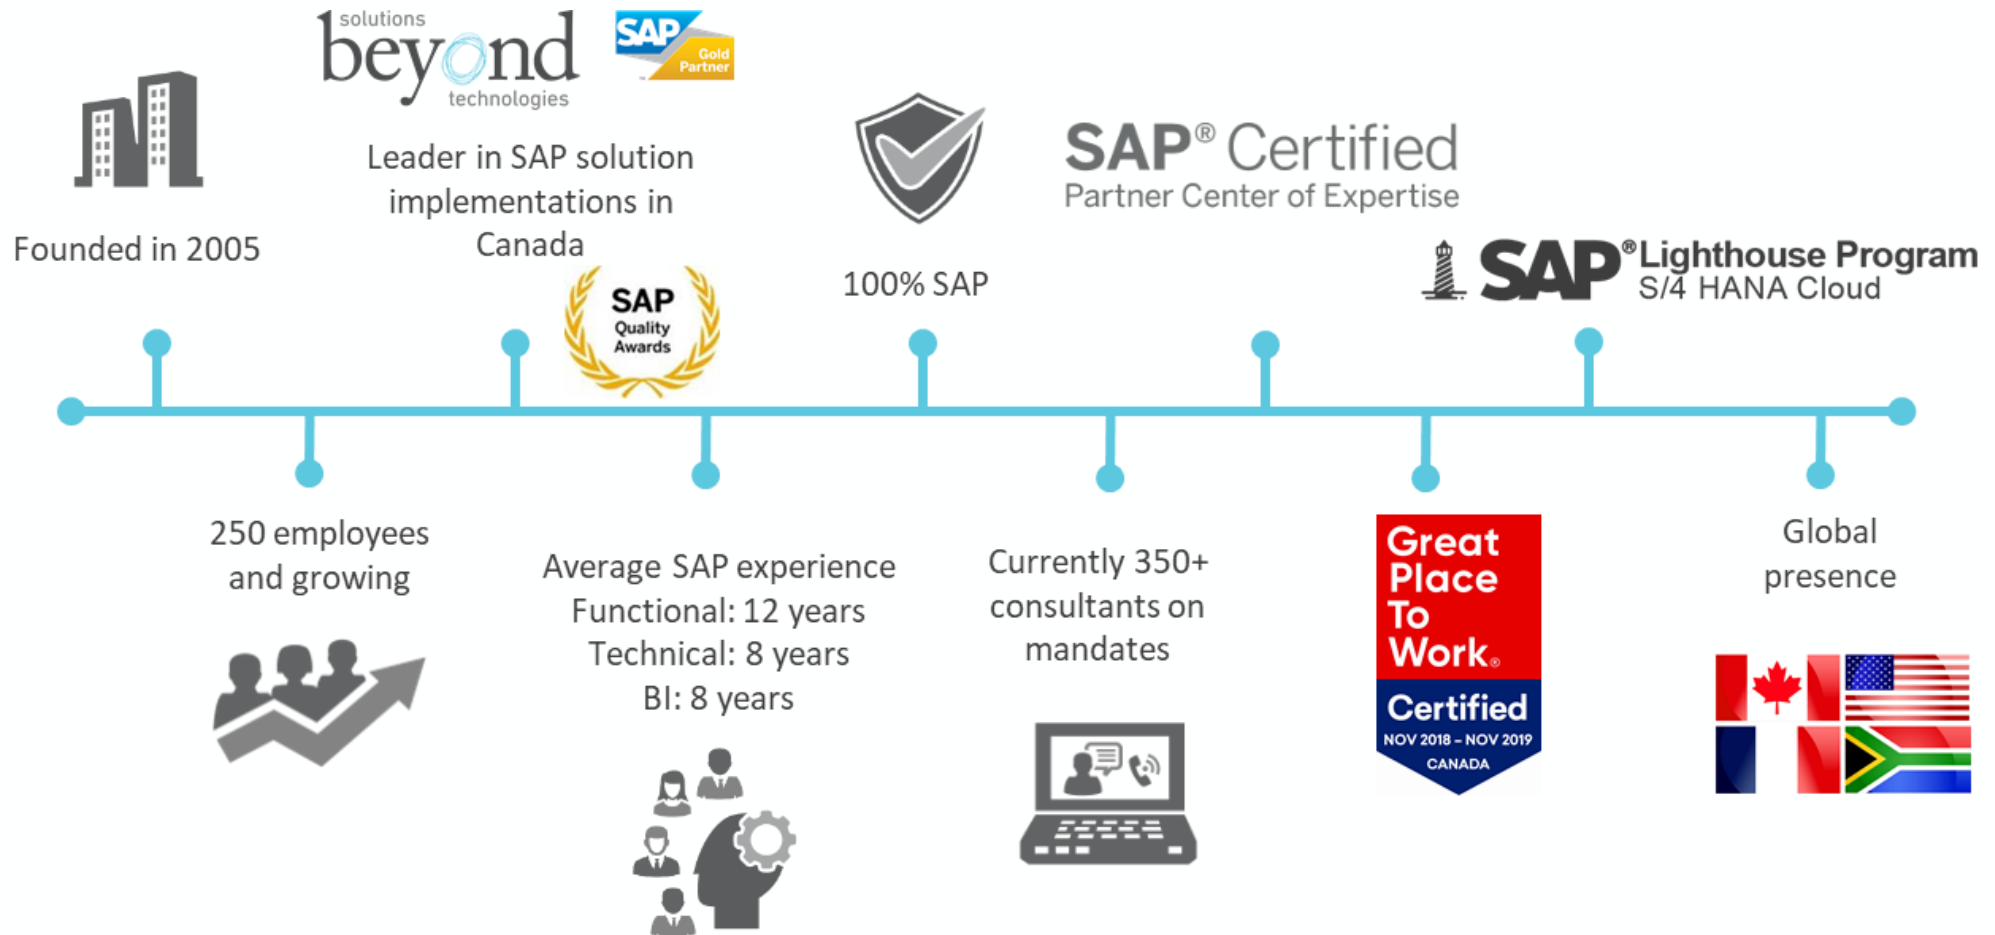

- 31 Calhoun (Tennessee)
- 32 Coosa Pines (Alabama)
- 33 Dolbeau (Quebec)
- 34 Gatineau (Quebec)
- 35 Hydro-Saguenay, Saguenay (Québec)
- 36 Saint-Félicien (Quebec)
- 37 Thunder Bay (Ontario)

### OTHER OPERATIONS

- 38 Normandin (Quebec) planer mill
- 39 Senneterre–Lac-Clair (Quebec) planer mill
- 40 Talladega (Alabama) chip production mill
- 41 Tampa (Florida) paper recycling center

# About Beyond Technologies

## Who we are

# Project context

- Resolute developed an application to capture the various observations for equipment in their plants
- Part of these KPIs were entered manually by each plant's maintenance teams, others were automatically generated
- This data was stored in BW and has a lot of value for the company, as it represents their plants' performance (plant maintenance)
- Up to now, this data was stored in an Excel file that was not shared with everyone (only to plant managers)
- This Excel file required several days to update

# Project objectives

- Create a dashboard in SAP Analytics Cloud to enable employees from each Resolute plant (13 plants, approximately 150 users) to view KPIs for the other plants and compare them to set objectives
- Enable employees to track performance month per month in Resolute plants based on various KPIs set by management
- Ensure security and segregation where required (financial KPIs)

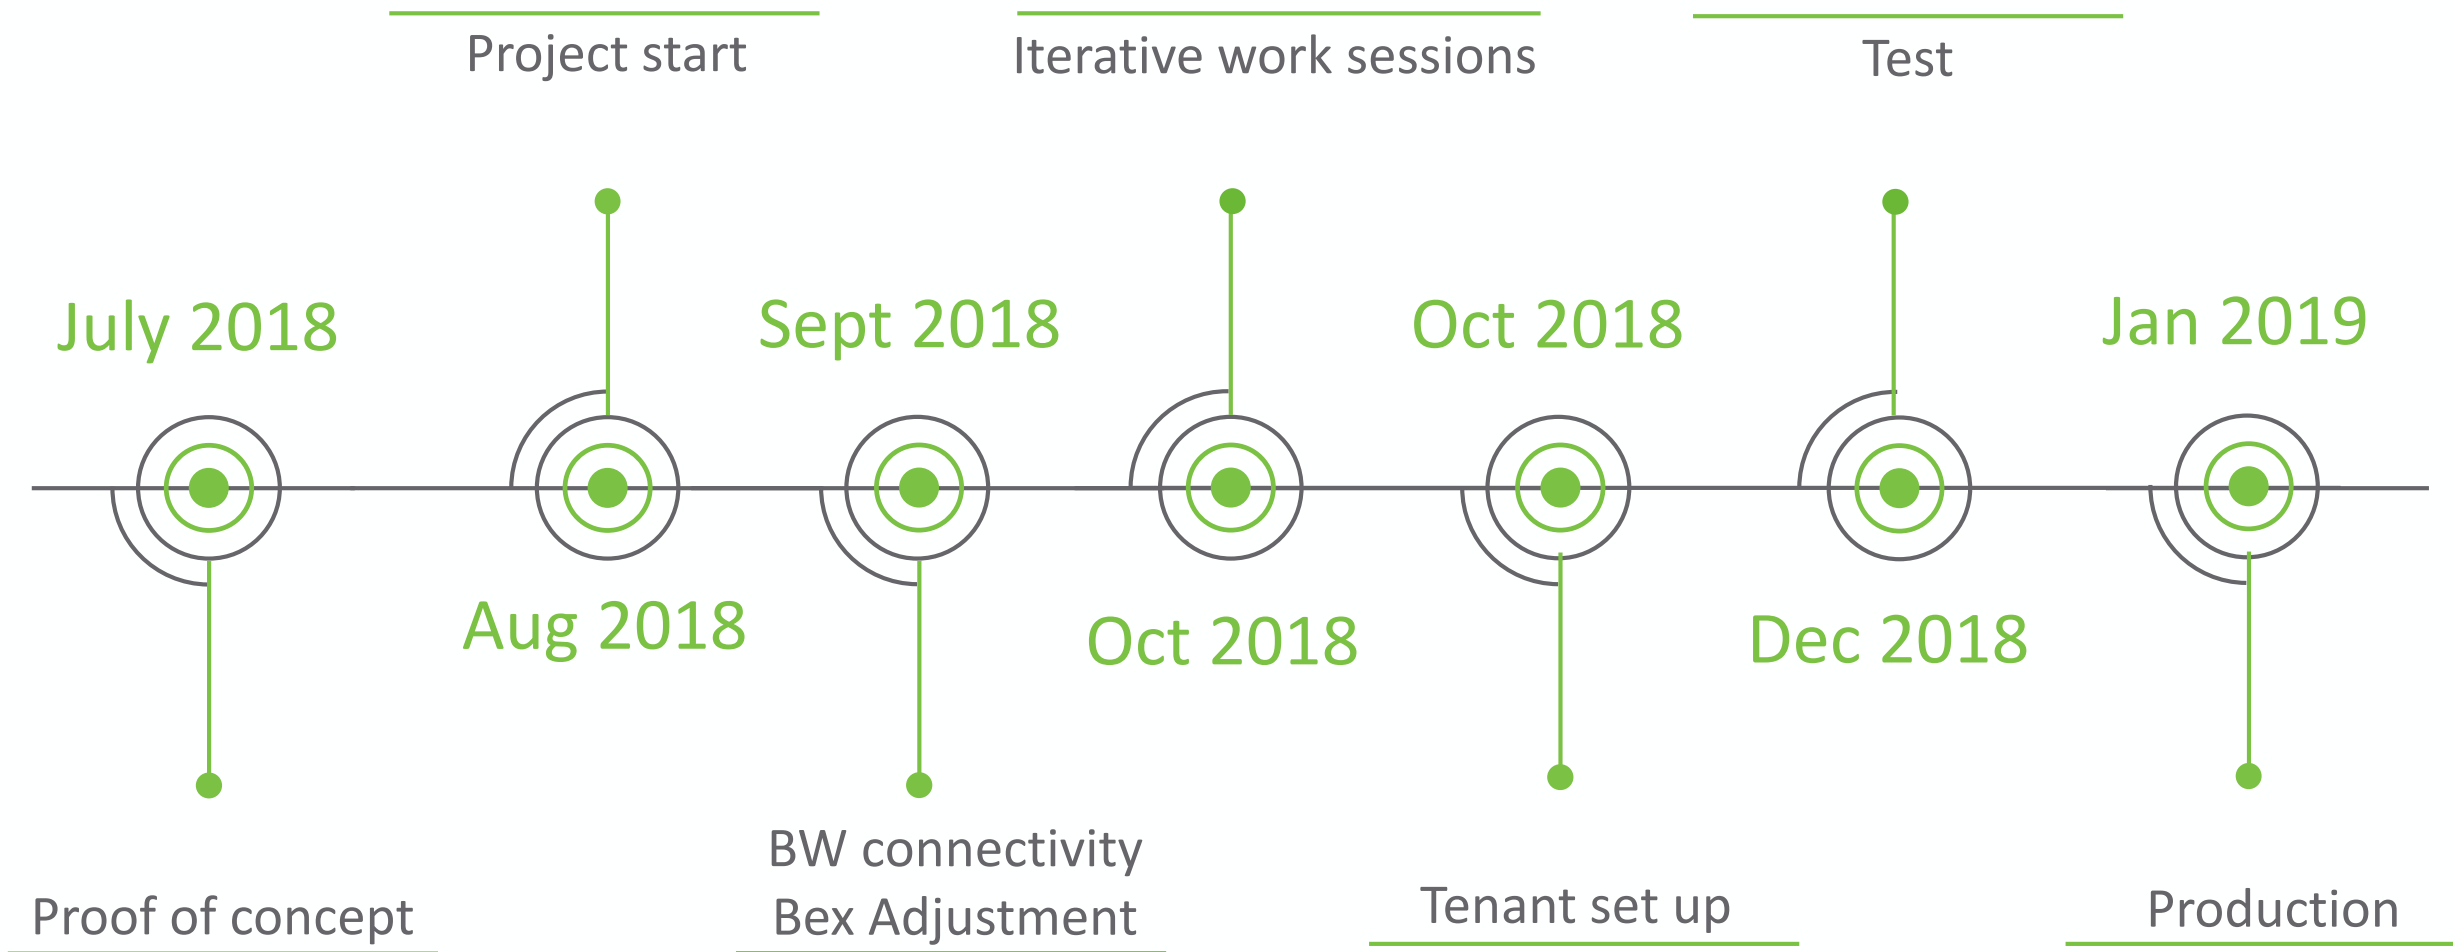

# Project deliverables

- Functional SAP Analytics Cloud tenant
- SAP Analytics Cloud connectivity to the Resolute BW environment (import of BW data in the cloud, Live connections in the plans)
- Support to Resolute teams to prepare data on the BW side
- Creation of a model and a story in SAC (dashboard creation)
- Workshop with the client to suggest relevant visuals based on the type of KPI
- Implementation of security in SAP Analytics Cloud (some KPIs are not visible to everyone)
- Test
- Documentation and knowledge transfer

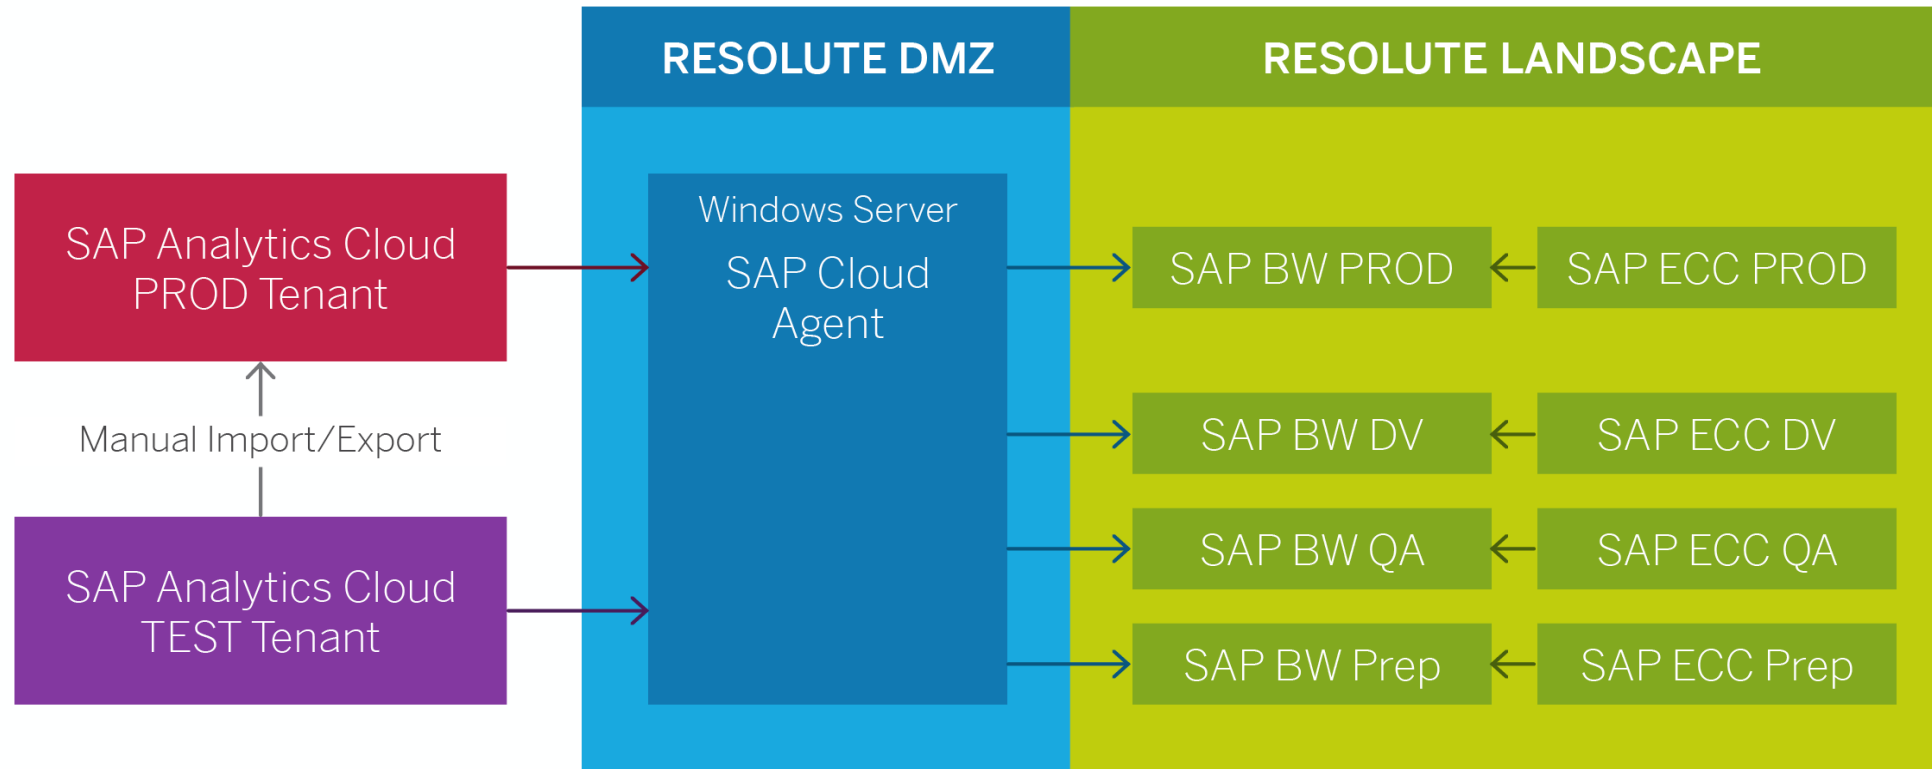

# Business justification/impacts

- In order to satisfy the needs of Resolute's Reliability and Maintenance Corporate model, it is necessary to track several KPIs across the mills
- This is part of our company's leadership requirement to benchmark and accurately measure all of our mills' performance
- At present, the data is difficult and cumbersome to retrieve or may not be readily available
- Get our data from the same source
- Standardize the calculation of each KPI
- The need for this project was identified after the roll-out of the SAP PM module in our 13 plants

# Project Timeline

## Dashboard PM KPI Analysis

Please select only 1 Plant and 1 Month

Current selection:  
Plant: Plant 1

Period:  
Feb (2019)

### General

	OPEX INDEX (%) #91		MACHINE #01	%		89.9		AE - ABSOLUTE EFFICIENCY (%) #1		MACHINE #01	%		89.9
--	--------------------	--	-------------	---	--	------	--	---------------------------------	--	-------------	---	--	------

### Management

	<input type="text"/>		
	MASTER RELIABILITY ACTION PLAN PROGRESS ON TARGET (Y/N) #17		1

### Work Process

	<input type="text"/>
	<input type="text"/>

### Basic Care

	OVERALL VIBRATION ASSET HEALTH (%) #9	%		96.0
	OVERALL VIBRATION VELOCITY FROM MILL EQUIPMENT (IN/SEC) #10	Inches/Sec		0.120
	OVERALL OIL SAMPLE SCORE (%) #12	%		87.5

### Tools & Skills

	AGE OF LAST RELIABILITY AUDIT (MONTHS) #30	Months		2
	<input type="text"/>			

# KPI threshold indicator

## Basic Care

Please select only 1 Plant and 1 Month

Current selection:

Plant:  
[Redacted]

Period:  
Feb (2018)

OVERALL VIBRATION ASSET HEALTH (%) #9	OVERALL VIBRATION ASSET HEALTH (%) #9	91.0	■
OVERALL VIBRATION VELOCITY FROM MILL EQUIPMENT (IN/SEC) #10	KPI_Unit %	0.3	●
OVERALL OIL SAMPLE SCORE (%) #12	Seuil OVERALL VIBRATION ASSET HEALTH (%) #9 par Frequency et Category	70.0	●

## Work Process - QTY OF SAFETY W/Os COMPLETED (COUNT) #76

Current selection:

Monthly  
QTY OF SAFETY W/Os COMPLETED (COUNT) #76 for the current selection: **41**

Plant:

Period:  
2018, Jan (2019), Feb (2019)

1M 3M 6M YTD 1A Tout

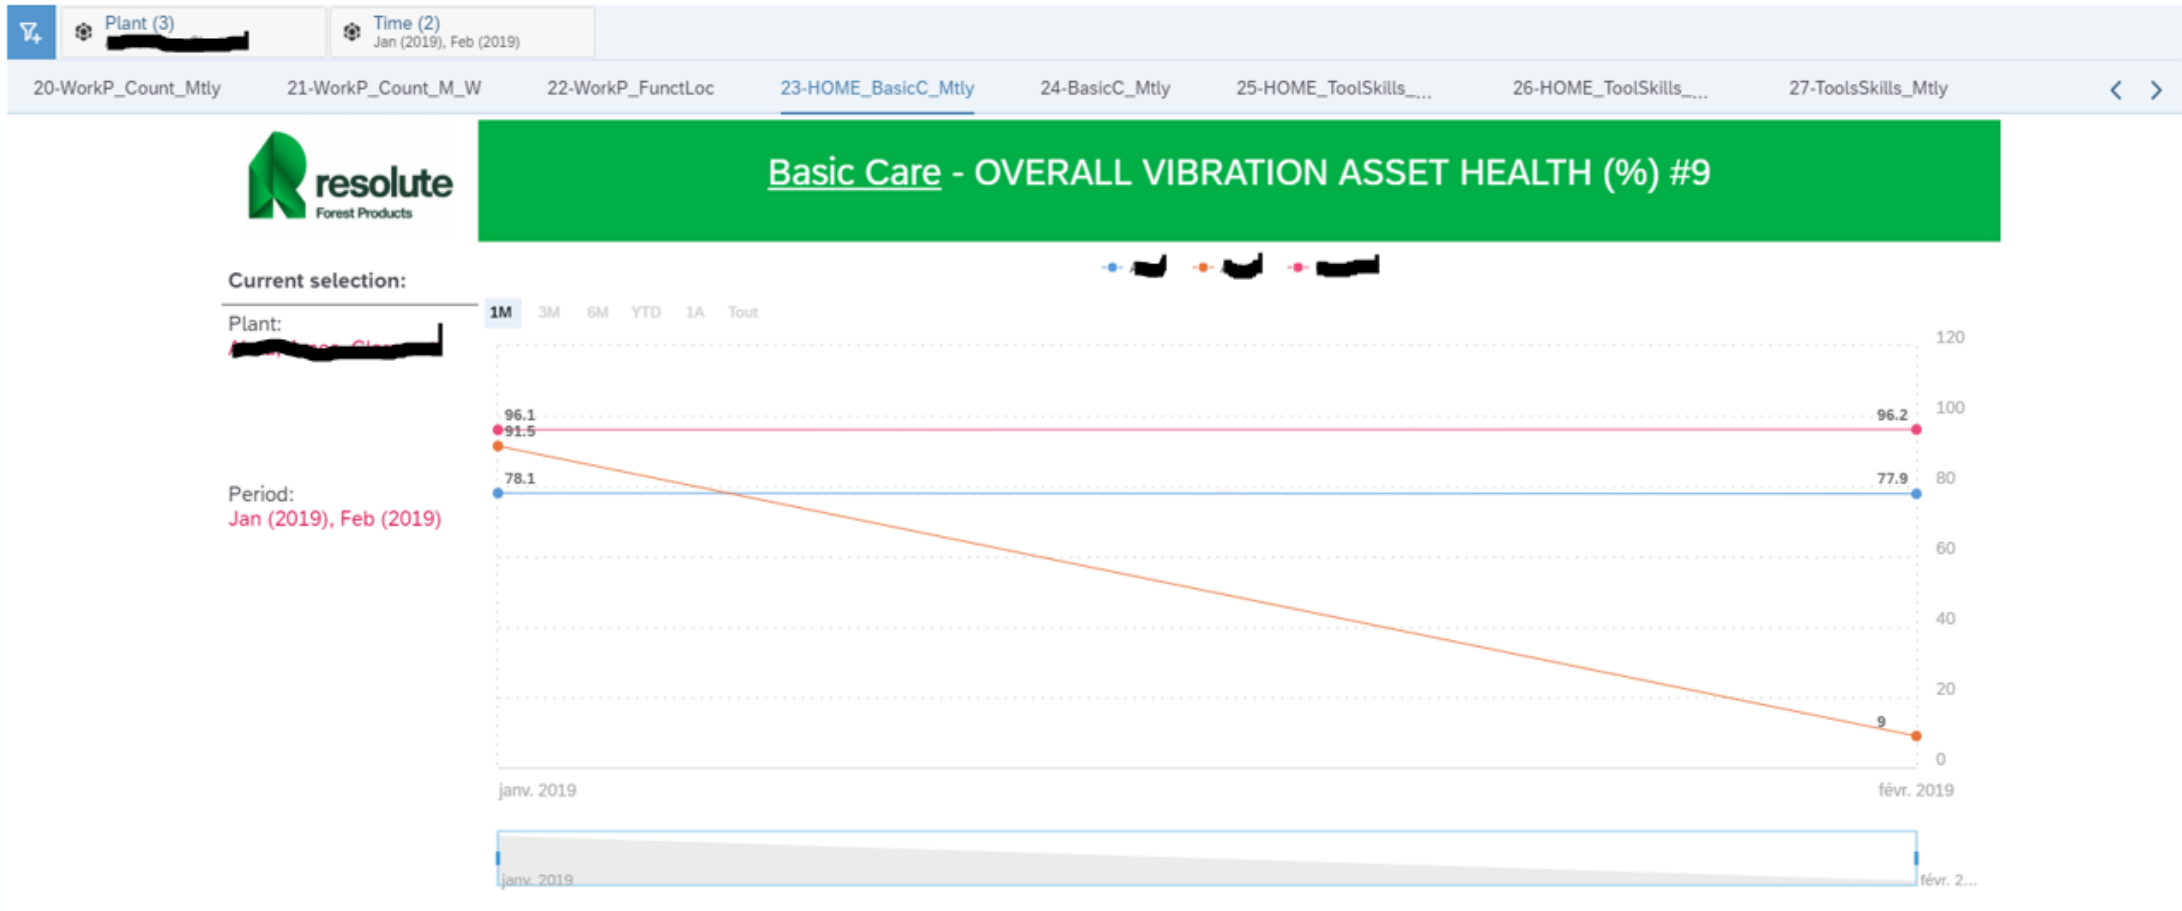

Weekly

QTY OF SAFETY W/Os COMPLETED (COUNT) #76 for the current selection: **40**

1M 3M 6M YTD 1A Tout

# KPI variation – 2 months for 3 plants

# Key results for Resolute

- Confirmed BW as analytics system of record
- Efficient data source connectivity
- Easy data wrangling
- Adoption rate across Resolute employees
- Sandbox approach efficiency

# Lessons learned and recommendations

- Start small, find a setup you can digest, step into analytics (SAC) progressively
- Make sure source datasets are reliable, and that integration with SAC is considered early
- Manage security early
- Plan multi-language usage perimeter

# Take the Session Survey.

We want to hear from you! Be sure to complete the session evaluation on the SAPPHIRE NOW and ASUG Annual Conference mobile app.

# Presentation Materials

Access the slides from 2019 ASUG Annual Conference here:
