BULGARIAN ROSE – KARLOVO

cosmetic products catalogue

BULGARIAN ROSE - KARLOVO

Bulgarian oil-bearing rose — Rosa Damascena Mill — became the symbol of Bulgaria gave the world the famous Bulgarian rose oil. History remembers times when its price was close to the price of gold. Since then it is called "liquid gold". This "gold" is the basis of the products offered by Bulgarska Rosa PLC — Karlovo.

The company Bulgarska Rosa PLC – Karlovo is a successor to decades of tradition in the processing of rose blossoms from the famous Valley of Roses and in the production of natural aromatic products and high quality cosmetic products.

Nowadays it perfects the tradition, and in response to the modern needs of its demanding clients develops new innovative approaches. To the well-known products new assortments are added, containing various natural ingredients and the products gain trust with their efficiency and hundred-percent safety.

The assortment list of Bulgarska Rosa PLC – Karlovo includes:

- cosmetic series Lady's Joy, Rose and Rose Yoghurt, involving natural rose oil, natural rose water, own production
- cosmetic series Lady's Joy Luxury, involving organic rose oil and organic rose water
- cosmetic series SPA Energy, involving extract of black caviar and seafood
- aromatherapy handmade glycerine soaps
- aromatherapy bath salts
- natural oils for body massage and many other diverse products.

The principles Bulgarska Rosa PLC – Karlovo respects unconditionally are:

- high degree of innovation in the selection of raw materials from leading European companies
- original formulations, developed in accordance with the European legislation and the latest developments in phytotherapy and aromatherapy
- strictness and uncompromising in testing and clinical trials of products
- closed production cycle and modern technologies
- creative attitude to the development of new products, as well as to their quality and design
- a team of experienced and qualified professionals

A system of quality management has been developed and implemented in accordance with the requirements of standards ISO 9001:2008 and ISO 22716:2007 Cosmetic products. Good Manufacturing Practices /GMP/. These principles are a guarantee for products' excellent quality and a prerequisite for the successful business of the company.

The cosmetic products enjoy widespread acceptance in the domestic and in the international market. The production is well-known and sought after in countries from four continents

cosmetic series with organic rose oil, organic rose water, black pearl extract

COSMETIC SERIES LADY'S JOY LUXURY

with organic rose oil, organic rose water, black pearl extract

A high-quality range of products, providing a solution on how to preserve and regain the skin youth and beauty, how to erase the telltale signs of age. With its effective action the products of LADY'S JOY Luxury skin care cosmetic series successfully countervail the age-increasing collagen deficit and help to keep the fresh, youthful looking skin for a long time. They prevent its dehydration, intensively moisturize, nourish, regenerate the skin density and elasticity. They effectively prevent early signs of aging, reduce the dark circles and puffiness in the delicate eye area.

The activity of each product is based on the natural active ingredients included: organic rose oil, organic rose water obtained from the blossoms of oil-bearing rose /Rosa damascena Mill/

called the "Queen of Flowers" and black pearl extract, derived from a special pearl known as Pinctada Margaritifera, called the "Jewel of the sea", "Pearl of Queens" and "Queen of pearls".

Each product in the LADY'S JOY Luxury skin care cosmetic series could be used alone, but for the best results it is recommended in combination with other products of the series.

The LADY'S JOY Luxury skin care cosmetic series includes all the necessary products for the skin of the face, neck and décolleté: cleansing products, gentle exfoliation, toning, nourishing, moisturizing and gentle care products for the delicate eye area. All these, with their original formulae for intensive moisturizing and the regenerating effect on the skin are targeted for women over 35 years.

cosmetic series with natural rose oil and extract goji berry

COSMETIC SERIES ROSE BERRY NATURE

with natural rose oil and goji berry

Cosmetic series Rose Berry Nature has been developed for care for face, hair and body. Selected raw materials and technologies provide a solution, on how to keep healthy and youthful appearance of the skin, the brilliance of beautiful and vital hair. Developed products are based on a wide participation of natural active ingredients with proven effect. The complex of natural rose oil and goji berry extract in each product is supplemented by natural oils and extracts in line with the intended use of the products.

Natural rose oil and rose water, obtained by distillation of the flowers of Rosa damascena Mill, Rosaceae are suitable for all skin types. Soothe irritated skin and keep its fresh appearance in fatigue and stress. Smooth and revitalize skin. Assist in deletion of puffiness and signs of aging.

Goji berry extract is obtained from the fruits of Lycium

barbarum L, Solanaceae. In Central Asia, the fruits Goji berry are known as "the miracle of the Himalayas", "the secret of longevity", "the magical fruit of youth". Goji berry extract helps to delay the process of aging by improving the cellular metabolism and accelerates the growth of new cells, by which the skin becomes soft and supple. Thanks to its rich composition of vitamins B group, amino acids, polysaccharides and antioxidants goji berry extract refreshes the body, eliminates the feeling of fatigue, prevents the harmful effects of free radicals which are damaging cells in the body.

Cosmetic series Rose Berry Nature has been especially developed to restore and maintain freshness, softness and elasticity of skin of the face and body, to protect and confer healthy and beautiful appearance of hair.

- Softens and nourishes the skin of the feet. Provides comfort and a feeling of freshness.

cosmetic series with lavender extract, honey extract

COSMETIC SERIES LAVENDER & HONEY

with lavender extract, honey extract

Cosmetic series Lavender & Honey, created in the laboratories of Bulgarian Rose Plc Karlovo, is a fragrant combination of emblematic for Bulgaria and possessing generally recognized useful properties - lavender and honey. All products contain carefully selected natural active ingredients, vegetable oils and extracts, and contribute to intensive hydration, nourishment and revitalization of hair and skin. The series combines the precious properties of honey extract with a unique, for Bulgaria, phytocomplex of lavender, created under the patented technology /Molecular bioliquefaction® technology/, especially developed for Bulgarian Rose Plc Karlovo by the company PHENBIOX SRL, jointly with the University of Bologna.

Phytocomplex of lavender /Bioliquefied Bulgarian Lavender/

is a low molecular weight active extract of lavender racemes, obtained by enzymatic biocatalysts allowing to extract all bioactive ingredients contained in the plant. It is rich in phenols, saccharides and antioxidants which protect skin from free radicals and have an effect that counteracts aging.

Active extract honey - contains vitamins and minerals which nourish, restore and keep the natural moisture of skin while maintaining its velvet softness and elasticity.

Effects of the products combined with the balanced scent of honey and lavender turn daily beauty care into pleasure for the senses.

Products of the series Lavender & Honey do not contain parabens.

HANDMADE DECORATION CANDLES

Handmade decorative candles have a unique design, exotic flavours and colours that attract and impress even the
most refined taste. Only hand made with love, care and attention, they create a magical world filled with comfort,
light, harmony and colours.

AROMATIC PEARLS 50 g

• To flavour dressers, closets, wardrobes, cupboards, cars, etc.

AROMATIC DIFFUSER 100 ml

• Elegant, effective and safe way to fragrance your home or office. The aromatic diffuser is a new and aesthetic alternative to candles, aerosols and aromatic sticks. The air flavouring is natural. Through the dipped rattan sticks the fragrance is emitted continuously for months.
