

RCPCH HAS APPROVED THIS CONFERENCE
FOR CPD IN ACCORDANCE WITH THE
CURRENT RCPCH CPD GUIDELINES

5th KING'S JOHN PRICE PAEDIATRIC RESPIRATORY CONFERENCE

**BUSH HOUSE, LONDON
2 - 4 APRIL 2019**

A DIFFERENT KIND OF CONFERENCE, DESIGNED AROUND YOUR NEEDS

Discussing the latest evidence in the management of a diverse range of paediatric respiratory problems, particularly addressing difficult and controversial issues

 **@LondonPaedResp**
#paedresp2019

www.paediatricrespiratory.com

PROGRAMME

CONTENTS

- 3 WELCOME
- 4-5 VENUE FLOORPLAN
- 6-9 MAIN CONFERENCE PROGRAMME
- 10-17 MASTERCLASS PROGRAMMES
- 18-19 EXHIBITION FLOORPLAN AND PROFILES
- 21-22 ABSTRACTS

CONNECT TO CONFERENCE WI-FI

Bush House Conference facilities use **The Cloud** Network. There is a one-time authentication process to follow when you first visit a Cloud hotspot. Simply follow the steps below to register or login...

1. Check your WiFi is on by selecting '**Settings**' from your home screen and selecting '**Wi-Fi**'.
2. If you are within coverage of a Cloud hotspot, you'll be offered '**_The Cloud**' - select this network.
3. Return to the home screen and upon opening your web browser, you'll see The Cloud landing page. If you don't - click to refresh the page.
4. Select '**Get Online**' and follow the onscreen instructions.
5. When the Wi-Fi session is established, you will see '**Welcome to The Cloud**' and the session counter displays the session time. You can now begin your Wi-Fi browsing session!

DOWNLOAD THE CONFERENCE APP

The Conference App contains even more useful information and resources. You will find speaker biographies and pictures, speaker abstracts, poster presenter abstracts, opportunities to network with other delegates and much, much more.

DOWNLOAD INSTRUCTIONS:

1. Go to the App Store or Google Play and download the **ATTENDIFY – NETWORK AT EVENTS** App.
2. Create a login (we suggest using the details you registered for the conference with)
3. Search for **5th KING'S J P PAED RESP CONF**

On behalf of the organising committee, it is my pleasure to welcome you to the 5th King's John Price Paediatric Respiratory Conference.

Paediatric respiratory medicine is evolving at a rapid pace: presenting both significant challenges and exciting innovations to aid our daily practice. From the management of preschool asthma to technological advances, the future of paediatric respiratory medicine has the promise of so many possibilities. A future that should be explored and shared by those fascinated by the world of respiratory medicine.

Over the years, the annual King's John Price Paediatric respiratory conference has acquired an outstanding reputation among professionals as the forum for sharing new information and discussing controversial issues around respiratory problems in children. By bringing the world's leading experts together with healthcare professionals of all disciplines, the programme provides an opportunity for networking between all faculty and delegates, allowing opportunities for sharing and learning from each other.

This annual event is now in its 5th year and this year brings an extensive and unique programme including:

- The highest number of attendees yet, with more than 550 professionals attending over 3 days
- Boasting more than 110 wide ranging faculty consisting of leading experts from Canada, the USA, Denmark, the Netherlands, India and the UK.
- There are ten all-day pre-conference masterclasses on 2nd April.
- The volume and quality of abstracts received has been exciting and we have awarded 20 outstanding abstract awards to students, trainees, nurses, & AHP.
- This year, we are fortunate to be supported by a record number of sponsors with exhibitions taking place throughout the event. I would encourage all delegates and faculty to interact with the exhibitors.

With time being our most valuable asset, we are incredibly grateful to you all for investing your precious time with us. In return, we hope that attending our lively conference will be a truly memorable learning experience for you all, enabling you to return to the frontline inspired, motivated, and empowered.

I am truly grateful to our faculty of experts who have generously committed their time to share their knowledge throughout the conference. I would also like to thank our sponsors and exhibitors for helping us to provide this opportunity.

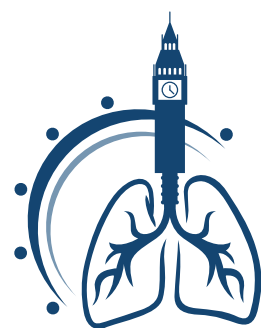

We hope that you enjoy the event and take away valuable learning experiences that you can apply in your practice.

Kind Regards

Atul

Dr Atul Gupta
Conference Director

MAIN CONFERENCE

08.00	Registration and Coffee - Lecture Theatre 1 Foyer
08.15	SESSION 3: PARALLEL PERSONAL PRACTICE SESSIONS Academic Survival - Writing CVs, Grants and Papers - Level 2 - 2.05 (Limited to 24 places, please arrive early to secure a place) Prof Andy Bush Overview of Exercise Testing Level 1 - Lecture Theatre 1 Dr Don Urquhart How to Interpret and Report Spirometry: Case Based Discussions Level 4 - Lecture Theatre 2 Dr Jane Kirkby Delivering Effective Presentations in the Modern Era - Level 2 - 2.01/ 2.02 Dr Zeshan Qureshi Practical Allergy Skin Prick Test North East Wing - Lecture Theatre 3 Ashira Simmons
09.05	Welcome Address - Level 0 - Auditorium Dr Atul Gupta SESSION 4: KEYNOTE PLENARY - STATE OF ART
09.15	The Dead Canary: What Does Early Reduction in Spirometry Mean? Prof Andy Bush
09.45	Preschool Asthma Prof Francine M. Ducharme
10.15	Asthma Across the Lifespan: Focusing on the Risk Domain Prof Stanley Szeffler
10.45	Coffee, Exhibition and Networking - Level 8
	CONCURRENT SESSIONS 5A – 5D (Delegates are invited to select one block of sessions) CONCURRENT SESSION 5A: ASTHMA Level 0 - Auditorium
11.15	5A: Asthma: What About the Indoor Environment? Dr Clare Murray
11.45	5A: Challenges of Managing Asthma in Adolescence Prof Graham Roberts
12.15	5A: Asthma Education: Does it Really Work? Dr Michael McKean

	CONCURRENT SESSIONS 5B: SYSTEMIC DISORDER IN DEVELOPMENT OF PULMONARY DISEASE Level 1 - Lecture Theatre 1
11.15	5B: Why Do Children with Sickle Cell Disease Wheeze and How Should they be Managed Prof Anne Greenough
11.45	5B: Ciliopathy Syndromes: Current Diagnostic Approach and Management Prof Claire Hogg
12.15	5B: The Lung in Congenital Heart Diseases Dr Paul Aurora
	CONCURRENT SESSIONS 5C: SLEEP Level 4 - Lecture Theatre 2
11.15	5C: Comprehensive Management for Childhood Sleep Disordered Breathing Dr Don Urquhart
11.45	5C: Non-Respiratory Disorders of Excessive Sleepiness Prof Paul Gringras
12.15	5C: Sleep Disordered Breathing in Children with Craniofacial Syndromes? Dr Francois Abel
	CONCURRENT SESSION 5D: HEALTH AND WELLNESS North East Wing - Lecture Theatre 3
11.15	5D: Time to Talk – How to Stay at Your Resourceful Best Dr Hina Pattani and Dr Angela Skidmore
12.40	Lunch, Exhibition and Networking - Level 8
	CONCURRENT SESSIONS 6A - 6D (Delegates are invited to select one block of sessions) CONCURRENT SESSION 6A: PEARLS Level 0 - Auditorium
13.30	6A: Habit Cough Dr Ian Balfour-Lynn
14.00	6A: What Sort of Asthma Do I Have? Dr Gary Connett
14.30	6A: Learning from Each Other – What Should the West Learn from Resource Challenged Countries? Prof Meenu Singh
	CONCURRENT SESSION 6B: SLEEP / NIV Level 1 - Lecture Theatre 1
13.30	6B: Acute NIV: State of Art Prof Marti Pons
14.15	6B: Our Evolving Understanding of the Neurocognitive Consequences of Paediatric Obstructive Sleep Apnoea Prof Leila Kheirandish-Gozal

	CONCURRENT SESSION 6C: ALLERGY Level 4 - Lecture Theatre 2
13.30	6C: Current and Future Directions in Rhinitis and Sinusitis in Children Dr Glenis Scadding
14.00	6C: Early Management of Food Allergy Prof George Du Toit
14.30	6C: Eczema Management What Has Changed? Dr Helen Cox
	CONCURRENT SESSION 6D: POSITIVITY IN PRACTICE North East Wing - Lecture Theatre 3
13.30	6D: Positivity in Practice Suja Chandran
15.00	Coffee, Exhibition and Networking - Level 8
	SESSION 7: KEYNOTE PLENARY Level 0 - Auditorium
15.30	Tracking Early Lung Disease Prof Felix Ratjen
16.00	Adenotonsillectomy: The Good, The Bad and The Ugly Prof Leila Kheirandish-Gozal
16.30	What Doctors Can do to Improve Adherence in Their Patients? Prof Paul Brand
17.05 -18.05	Long Term Outcomes in Paediatric Severe Asthma - What Should we Expect? Chair Dr Will Carroll Prof Antonio Nieto Session sponsored by Novartis
18.30	Conference Dinner (5th Birthday Party) You must pre-purchase tickets to attend this event.

MAIN CONFERENCE

08.00	Registration and Coffee Level 1 - Lecture Theatre 1 Foyer
	SESSION 8: PARALLEL PERSONAL PRACTICE SESSIONS
08.15	My Career, If I Knew Then What I know Now. Leading Education and Clinical Services. Level 4 - Lecture Theatre 2 <i>Dr Michael McKean</i>
08.15	The Burnout Epidemic in Junior Doctors Level 1 - Lecture Theatre 1 <i>Prof Paul Brand</i>
08.15	The Lung Function Report Explained: Case Based Discussions North East Wing - Lecture Theatre 3 <i>Dr Jane Kirkby</i>
09.05	Welcome Address - Level 0 - Auditorium <i>Dr Atul Gupta</i>
	SESSION 9: PLENARY SESSION
09.15	Applying Technology to Asthma Care <i>Prof Stan Szeffler</i>
09.45	Intermittent or Daily ICS in Children with Asthma <i>Prof Francine M. Ducharme</i>
10.15	Coffee, Exhibition and Networking - Level 8

	SESSION 10: CONCURRENT SESSIONS 10A - 10C (Delegates are invited to select one block of sessions)
	CONCURRENT SESSION 10A: ASTHMA Level 0 - Auditorium
10.45	10A: Early Life Influences on Asthma and Lung Function Development <i>Prof John Henderson</i>
11.15	10A: Award Poster Discussion Developing a Borough Wide Asthma School Network Through Identification and Support for Symptomatic Children: The Hillingdon Approach <i>Dr Simone Hadjisymeou Andreou</i>
11.23	10A: Getting the Diagnosis of Asthma Right from the Start <i>Prof Paolo Pianosi</i>
11.53	10A: Award Poster Discussion Can We Do More to Prevent PICU Admissions for Children Presenting with Severe Asthma? <i>Dr Monali Runa Mukerji</i>
12.00	10A: Update in Asthma Management – New Treatment and New Dimensions <i>Dr Atul Gupta</i>
12.30	10A: Award Poster Discussions Effectiveness of a Smoking Reduction Programme for Smoking Parents in Hong Kong <i>Dr Kate Ching Ching Chan</i>
12.37	10A: Award Poster Discussions Adherence, Airway Inflammation and Adrenal Suppression in Children with Asthma <i>Dr Louise Selby</i>
	CONCURRENT SESSION 10B: CYSTIC FIBROSIS Level 1 - Lecture Theatre 1
10.45	10B: Update on Emerging Therapies for Cystic Fibrosis <i>Prof Felix Ratjen</i>
11.15	10B: CF Lung Infection: A Creative Look at Diagnosis and Therapy <i>Prof Jane Davies</i>
11.45	10B: Benefits and Risks of Early Diagnosis in Cystic Fibrosis <i>Dr Malcom Brodlie</i>
12.15	10B: Air Pollution and CF <i>Dr Rossa Brugha</i>

	CONCURRENT SESSION 10C Level 4 - Lecture Theatre 2
10.45	10C: Effects of Obesity on Respiratory Health <i>Dr Neil Gibson</i>
11.15	10C: Award Poster Discussions Childhood OSA is an Independent Determinant of Blood Pressure in Adulthood – A Longitudinal Follow-up Study <i>Dr Albert Li</i>
11.23	10C: Investigations and Decision Making: Chest Deformity, Pectus Excavatum and Carinatum <i>Dr Julian Forton</i>
12.53	10C: Award Poster Discussions Nutrition and Adverse Respiratory Outcomes in Extremely Prematurely-born Infants <i>Dr Emma Williams</i>
12.00	Taking Children on Aeroplanes: Who to Test and Why? <i>Dr Cara Bossley</i>
12.30	10C: Award Poster Discussions Ambulatory Care and Keeping Sick Children Out of Hospital: The Wheezy Child <i>Reena Basu</i>
12.37	10C: Award Poster Discussions Respiratory Exacerbations in Post Infectious Obliterative Bronchiolitis <i>Dr Chu-Hai Wong</i>
12.45	Lunch, Exhibition and Networking - Level 8
13.25	Severe Asthma Symposium – Exploring New Treatment Options - Level 0 - Auditorium <i>Prof Warren Lenney and Dr James Paton</i> <i>Session sponsored by GSK</i>
14.25	Coffee, Exhibition and Networking - Level 8
	SESSION 11A: PLENARY RESPIRATORY PEARLS Level 0 - Auditorium
14.50	From the Black Cobra Snake to the Salmon <i>Prof Hans Bisgaard</i>
15.30	RSV - Trials and Tribulations <i>Prof Steve Cunningham</i>
16.00	The Adverse Health Effects of Air Pollution on Children - What's New? <i>Prof Jonathan Grigg</i>
16.30	30 Years in Paediatric Respiratory: Myths, Mistakes, Controversies and Dogma <i>Dr Mark Rosenthal</i>

	SESSION 11B: AWARD POSTERS DISCUSSIONS Level 1 - Lecture Theatre 1
15.00	The McGill Score in the Diagnosis of Obstructive Sleep Apnoea in Children with Associated Medical Conditions <i>Dr Federica Trucco</i> Evaluation of Overnight Oxygen Saturation and Transcutaneous Carbon Dioxide Monitoring (TOSCA) as a Screening Tool for Sleep Disordered Breathing <i>Dr Lekha Sridhar</i> Diagnosis of Obstructive Sleep Apnoea in Children: Standards for Sleep Study Duration <i>Marketa Stibalova</i> Changing Population and Treatment of Children and Young People with Cystic Fibrosis in Post New-born Screening Era a Large Shared Care District General Perspective <i>Dr Tim Newson / Mrs L Berry</i> Clinical Characteristics of Pseudomonas Aeruginosa and Aspergillus Species Co-infected Cystic Fibrosis Patients in the UK <i>Dr Dominic Hughes</i> Lung Ultrasound in CF Exacerbation <i>Ioana Ciuca</i> Pseudomonas Aeruginosa from CF Patients Form Larger Biofilms In Vitro Than Those from Subjects with Bronchiectasis <i>Dr Wynne Smith</i> Exception to the Rule, Tuberculosis in CF <i>Dr Sormeh Salehian</i> Defining Near Fatal Asthma - An International eDelphi Study <i>Ms Ann McMurray</i> London-wide Variation in Ambulance Activity for Paediatric Asthma <i>Dr Duke Razon</i> Group Clinics for Children Under Five Years with Wheeze: The Whittington Experience <i>Ms Ana Marote</i> Impact of National Institute for Health and Care Excellence Tuberculosis Guideline 2016 on Paediatric Latent Tuberculosis Screening in Newcastle Upon Tyne Hospitals NHS Foundation Trust <i>Dr Kimberley Simpson</i>
17.00 -17.30	Farewell Drinks - Level 8

PSYCHOSOCIAL WORKSHOP IN PAEDIATRIC RESPIRATORY CARE
– North East Wing - 2.05

08.30	Registration and Coffee Level 1 - Lecture Theatre 1
08.50	Welcome and Introductions SESSION 1: PSYCHOSOCIAL NEEDS IN CHILDREN AND YOUNG PEOPLE
09.00	Why Psychosocial Care in Respiratory Clinical Care? Dr Fran Beresford
09.15	Everybody Lying, Sitting Across from Somebody Having Responsibility Without Power Dr Mark Rosenthal
09.45	Ways of Working with Procedural Anxiety: A Multidisciplinary Perspective Dr Fay Coster and Simran Dhupar
10.15	Helping Your Child with a Physical Health Condition': Practical Strategies from Diagnosis to Caring for Parental Wellbeing Dr Mandy Bryon
11.00	Coffee, Exhibition and Networking - Level 8
	SESSION 2: SUPPORTING ADHERENCE TO TREATMENT
11.30	Understanding Sub-Optimal Adherence in Paediatric Respiratory Care Dr Alistair Duff
12.30	Session 1 and 2 Wrap Up and Discussion
12.45	Lunch, Exhibition and Networking - Level 8

	SESSION 3: PSYCHOSOCIAL RISKS IN FAMILIES
13.40	It's Complex - Vulnerable Respiratory Paediatric Patients and their Families Suja Chandran
14.10	Parental Mental Health - Case Study Dr Amy Shayle
14.35	Perplexing and Confusing – A Case Presentation from the Difficult Asthma Service Dr Fran Beresford
15.00	Coffee, Exhibition and Networking - Level 8
	SESSION 4: DEVELOPING RESILIENCE SKILLS
15.30	Building Resilience in Children and Families Dr Jo Blundell
16.00	Promoting Staff Resilience When Teams Are Under Pressure Dr Harriet Conniff
16.30	Session 3 and 4 Wrap Up and Discussion
16.40	Review and Feedback for the Day
16.45	Masterclass Ends
17.00	Main Conference Opening Ceremony Level 0 - Auditorium
	Main conference welcome presentations, poster walk and drinks reception (See page 6 for further information)

PAEDIATRIC / YOUNG ADULT ASTHMA TRAINING – Level 1 - Lecture Theatre 1

08.30	Registration and Coffee Level 1 - Lecture Theatre 1
08.50	Welcome and Introductions Chair - Prof John Price
09.00	Preventing Asthma Deaths, 5 years after NRAD: What Can Paediatricians Do? Prof Mark Levy
09.30	Part II. When Medication Does Not Help in School Age Asthma: Multi-Morbidity and Asthma Mimickers Dr Gary Ruiz
10.00	Management Dilemma's in Preschool Children Dr Cara Bossley
10.30	Coffee, Exhibition and Networking - Level 8
11.00	Asthma Monitoring and Assessment of Long Term Control Dr Richard Iles
11.30	New Approaches to Acute Asthma Dr James Cook
12.00	Dysfunctional Breathing in Asthma Prof Paolo Pianosi
12.30	Lunch, Exhibition and Networking - Level 8
13.30	The Challenge of Adherence: Recognising and Addressing Poor Adherence Dr Alistair Duff
14.00	Management of Long Term Asthma – Interactive Case Based Discussion Ms Sarah Latham
14.30	Practical Approach to Severe Asthma Dr Atul Gupta
15.00	Coffee, Exhibition and Networking - Level 8
15.30	Personalised asthma care: An individual approach to care Prof Stanley Szeffler
16.00	Quiz/ Interactive session Prizes will be given in this fun summary session with a short quiz!
16.30	Wrap up/ Q&A
16.45	Masterclass Ends
17.00	Main Conference Opening Ceremony Level 0 - Auditorium
	Main conference welcome presentations, poster walk and drinks reception (See page 6 for further information)

FeNO^{*}
KNOWHOW

Quick, easy and accurate FeNO monitoring in a single measurement at the point-of-care!

• FeNO measurement² and NIOX VERO recommended by NICE³

• An accurate FeNO result in a single measurement at the point of care¹

• Suitable for adults and children with 10 second and 6 second modes

• Maintenance Free (no hidden annual servicing or calibration costs)

• Full-time NIOX-dedicated field team included

Telephone: +44 (0) 1865 405 560
Email: sales.uk@circassia.com

Visit <http://uk-feno.niox.com/> to learn more about our value added services and how Circassia Ltd can help you implement FeNO testing.

PAEDIATRIC SLEEP MASTERCLASS
– North East Wing
- Lecture Theatre 3

08:30	Registration and Coffee - Level 1 - Lecture Theatre 1
09.00	Welcome and Introductions Dr Don Urquhart
	SESSION 1: CARDIOPULMONARY SLEEP STUDIES Chair: Don Urquhart
09.05	Utility of Sleep Diagnostics Dr Hui-Leng Tan
CARDIOPULMONARY SLEEP STUDIES:	
09.30	Set-up Dr Emma Carruthers
09.45	Variations Dr Ruth Kingshott
10.00	Applying AASM Respiratory Scoring Rules to Cardiopulmonary Sleep Studies Dr Kylie Russo
11.00	Coffee, Exhibition and Networking - Level 8
11.30	Cardiopulmonary Sleep Studies Quiz Dr Hui-Leng Tan/Dr Emma Carruthers/Dr Ruth Kingshott/Dr Kylie Russo
12.30	Lunch, Exhibition and Networking - Level 8
SESSION 2: POLYSOMNOGRAPHY Chair: Hui-leng Tan	
13.30	Indications for PSG Dr Mike Farquhar
14.00	AASM Sleep Staging Rules Dr Lizzie Hill
15.00	Multiple Sleep Latency Testing in Children Dr Don Urquhart
15.30	Coffee, Exhibition and Networking - Level 8
16.00	Polysomnography Quiz Dr Don Urquhart/Dr Lizzie Hill/Dr Ruth Kingshott
16.35	Wrap up and discussion Dr Hui-Leng Tan
16.45	Masterclass Ends
17.00	Main Conference Opening Ceremony Level 0 - Auditorium
Main conference welcome presentations, poster walk and drinks reception	

THORACIC ULTRASOUND AND
GUIDED DRAIN INSERTION COURSE
– North East Wing - 1.04

08.30	Registration and Coffee Level 1 - Lecture Theatre 1
08.45	Introduction – Aims and Course Outline All sessions: Dr Joe Barnett, Dr Monique Shahid, Dr Rossa Brugha
09.00	Beginner's Guide to Ultrasound Physics and Techniques
09.30	Practicalities of Using the Ultrasound Machine
10.00	Normal Anatomy on Ultrasound
10.30	Getting Used to the Ultrasound Machine
11.00	Coffee, Exhibition and Networking - Level 8
BREAKOUT SESSION A	
11.30	Diagnostic Ultrasound Interactive case-based session covering ultrasound assessment of Pleural effusion and empyema Consolidation and collapse Diaphragmatic motion Thymic pathology Laryngeal motion A review and discussion of evidence for and against use of ultrasound in pulmonary parenchymal assessment will also be included in this session. Ultrasound Guided Intervention i Supervised practice of ultrasound-guided needle placement for pleural drain insertion using mannequins Ultrasound Guided Intervention ii Supervised practice of ultrasound- and anatomic landmark-guided insertion of intercostal anaesthetic blocks for pleural intervention
12.45	Lunch, Exhibition and Networking - Level 8
13.30	BREAKOUT SESSION B (Repeat of breakouts above)
15.00	Coffee, Exhibition and Networking - Level 8
15.15	BREAKOUT SESSION C (Repeat of breakouts above)
16.30	Quiz, Summary and Feedback
16.45	Masterclass Ends
17.00	Main Conference Opening Ceremony Level 0 - Auditorium
Main conference welcome presentations, poster walk and drinks reception	

PAEDIATRIC DYSFUNCTIONAL BREATHING: DIAGNOSIS TO DISCHARGE
– Level 2 - 2.01/ 2.02/ 2.04

09.00	Registration and Coffee Level 1 - Lecture Theatre 1
09.15	Not all Dyspnea is Asthma Prof Paul Pianosi
10.00	Practical Approach to Investigation Dr Louise Fleming
10.30	Coffee, Exhibition and Networking - Level 8
10.50	Structural Causes of Breathing Dysfunction Mr Guri Sandhu
11.20	Therapeutic Modalities Dr Nicki Barker
12.00	Laryngeal Dysfunction and Vocal Cord Dysfunction: State of the Art Dr James Hull
12.40	Lunch, Exhibition and Networking - Level 8
PARALLEL SESSIONS A - C (Delegates are invited to select one)	
STREAM A: Practical Session on Assessment: Physiotherapy Dr Nicki Barker	
STREAM B: Practical Session on Therapeutic Intervention Strategies: Speech and Language Therapy Dr Julia Selby	
STREAM C: Practical Session on Therapeutic Intervention Strategies: Physiotherapy Mrs Charlotte Wells	
13.30	PARALLEL SESSIONS A-C (Repeat of parallel sessions)
14.15	STREAM A /B /C (Repeat of parallel sessions)
15.00	Coffee, Exhibition and Networking - Level 8
15.20	STREAM A /B /C (Repeat of parallel sessions)
16.05	Interactive Cases All
16.45	Masterclass Ends
17.00	Main Conference Opening Ceremony Level 0 - Auditorium
Main conference welcome presentations, poster walk and drinks reception (See page 6 for further information)

INTERPRETING OXIMETRY IN CHILDREN: CONTROVERSIES AND CONSENSUS
– NEW DIMENSIONS TO EXPLORE – North East Wing - 1.02

08.30	Registration and Coffee - Level 1 - Lecture Theatre 1
09.15	Welcome and Introductions
09.30	Oximetry – The Advantages and Pitfalls of Using Oximetry as Part of a Clinical Service Dr Neil Gibson
10.00	Establishing an Investigative Pathway for Managing Children with OSA Referred to the ENT Service in the DGH / Secondary Care Dr Eleanor Sproson
10.30	Using Oximetry to Measure Intermittent Hypoxia in Preterm and Term Infants Dr Hazel Evans
11.00	Coffee, Exhibition and Networking - Level 8
11.30	Weaning Infants with BPD from Oxygen Using Oximetry as a Weaning Tool Dr Jayesh Bhatt
12.00	The NICU Infant with BPD Who Fails to Wean Off Ventilatory Support Dr Colin Wallis
12.30	Lunch, Exhibition and Networking
13.30	Impact of Having Oxygen in the Home Community and nursing perspective - Mary Palframan Parental perspective - Mr and Mrs Pritchard
14.00	Setting Up a Home Oximetry Service Dr Johanna Gavlak
14.30	How to Interpret Oximetry Traces with Worked Examples Dr Johanna Gavlak, Dr Ruth Kingshott and Dr Kylie Russo
15.00	Coffee, Exhibition and Networking - Level 8
15.30	Interactive Quiz Dr Hazel Evans, Dr Jayesh Bhatt, Dr Johanna Gavlak
15.55	Trouble Shooting and Question/Discussion Dr Hazel Evans, Dr Jayesh Bhatt, Dr Johanna Gavlak
16.15	Hand on Session with Oximeters and Live Analysis Dr Johanna Gavlak
16.45	Masterclass Ends
17.00	Main Conference Opening Ceremony Level 0 - Auditorium
Main conference welcome presentations, poster walk and drinks reception (See page 6 for further information)	

MEASURING SPIROMETRY IN CHILDREN
– North East Wing - 1.03

08.30	Registration and Coffee - Level 1 - Lecture Theatre 1
09.00	Welcome and Introductions Faculty for all sessions: Jane Kirkby, Sindhu Sivagnanasithiyar and Stephanie Rees
09.05	Overview of Paediatric Respiratory Physiology
10.15	Set Up and Use of Spirometry Equipment
10.45	Coffee, Exhibition and Networking - Level 8
11.15	Basics of Spirometry
12.15	Lunch, Exhibition and Networking - Level 8
13.15	Bronchodilator Response
13.45	Interpretation of Spirometry
14.45	Coffee, Exhibition and Networking - Level 8
15.15	Case Studies The final session will be series of case-studies for participants to interpret
16.15	Final Questions
16.45	Masterclass Ends
17.00	Main Conference Opening Ceremony Level 0 - Auditorium
Main conference welcome presentations, poster walk and drinks reception (See page 6 for further information)	

ACUTE NIV WORKSHOP
– Level 1 - 1.02 and 1.04

08.30	Registration and Coffee - Level 1 - Lecture Theatre 1
09.00	Lecture: Theoretical Background Understanding the basic concepts of NIV Faculty for all sessions: Prof Marti Pons-Odena and Dr Lynda Verhulst
09.30	Introducing the Material Introducing ventilators, circuits and interfaces.
10.15	Coffee, Exhibition and Networking - Level 8
10.45	Skill Stations: NIV in Children Common Paediatric NIV scenarios in hospital (max 6 attendees per skill station)
13.00	Lunch, Exhibition and Networking - Level 8
14.00	Skill Stations: NIV in Children Common Paediatric NIV scenarios in hospital (max 6 attendees per skill station)
15.00	Lecture: Importance and Basics of Asynchrony
15.30	Skill Stations: NIV in Infants Common Paediatric NIV scenarios in hospital in infants
16.50	Masterclass Ends
17.00	Main Conference Opening Ceremony Level 0 - Auditorium
Main conference welcome presentations, poster walk and drinks reception (See page 6 for further information)	

STABILISATION OF THE ACUTELY UNWELL CHILD
– Level 2 - 2.03

- 08.30 Registration and Coffee - Level 1 - Lecture Theatre 1
- 09.00 How Critically Unwell Children Present and How to Carry Out a Rapid Assessment
Dr Rachael Mitchell
- 10.00 The Acute Lung: When a Child Presents with Respiratory Distress
Dr Trisha Radia
- 11.00 Coffee, Exhibition and Networking - Level 8
- 11.30 Humidified High Flow Nasal Cannulae Oxygen and Hypertonic Saline
Dr Simon Broughton
- 12.30 The Acute Airway: Anaesthetic and Stabilising an Airway of an Acutely Unwell Child
Dr Meera Kurup
- 13.00 Lunch, Exhibition and Networking - Level 8
- 14.00 After Stabilisation: Where Should These Patients Go? Developing and Delivering Level 1 And Level 2 Critical Cares.
Dr Edward Holloway and Dr Trisha Radia
- 14.45 Coffee, Exhibition and Networking - Level 8
- 15.15 A Real Case: High Fidelity Simulation
- 16.50 Masterclass Ends
- 17.00 Main Conference Opening Ceremony
Level 0 - Auditorium
- Main conference welcome presentations, poster walk and drinks reception (See page 6 for further information)

CHRONIC LUNG DISEASE OF PREMATURITY – CHALLENGES
TODAY AND TOMORROW – Level 4 - Lecture Theatre 2

- 08.45 Registration and Coffee
Level 1 - Lecture Theatre 1
- 09.10 Welcome and Introductions
- 09.15 Prevention of Bronchopulmonary Dysplasia
Dr Theodore Dassios
- 10.15 Treatment of Established Bronchopulmonary Dysplasia
Prof Anne Greenough
- 11.15 Coffee, Exhibition and Networking - Level 8
- 11.45 Respiratory Physiology in the Neonate and the Impact of this on Oxygen Saturations and Requirement for Long Term Oxygen Therapy
Dr Hazel Evans
- 12.30 All Faculty – Discussions and Q&A
- 12.45 Lunch, Exhibition and Networking - Level 8
- 13.45 Long Term outcomes of Bronchopulmonary Dysplasia
Prof Shailesh Kotecha
- 14.45 Nutritional Management of Bronchopulmonary Dysplasia
Dr Ann Hickey
- 15.30 Ethics, Conflict and Severe BPD. What to do if Doctors and Parents Disagree
Prof Dominic Wilkinson
- 16.30 All Faculty – Discussions and Q&A
- 16.45 Masterclass Ends
- 17.00 Main Conference Opening Ceremony
Level 0 - Auditorium
- Main conference welcome presentations, poster walk and drinks reception (See page 6 for further information)
