# Business portfolio

Our Business portfolio is a selected range of devices which deliver against core business requirements:

### Plan with confidence

We aim to include devices in the Business portfolio range for at least nine months and seek to provide a natural successor where possible to ensure that you can plan your deployment to employees as effectively as possible.

### Get our support

We provide accessories and car kit support for these devices, and subject to its availability from our suppliers, we will continue to provide support for 12 months after the device is discontinued.

### Specialised devices

Vodafone can also supply a diverse range of high-performance, durable, rugged and multi-use devices (including PDAs, laptops, convertibles, tablets, ancillaries) specifically designed for deployment in challenging field environments. Please contact your Vodafone account manager to discuss your specific needs.

### Device specifications

All devices are 2G, 3G and 4G compatible unless otherwise stated. All smartphones have Bluetooth, Wi-Fi, GPS, support push email and are GSM Quad-band. Specifications are supplied to Vodafone by

manufacturers. For any other specifications that are not listed check with your Vodafone Account Manager. Devices may come with different specifications dependant on the market they are intended for. Operating system may change during a device lifecycle

### AppBox

Vodafone AppBox is a service which recommends a collection of free mobile apps during setup of a compatible handset. AppBox is available on Handsets from the following manufacturers: Samsung, Oppo, Xiaomi & TCL. **AppBox is not available on Enterprise edition handsets.**

**Note:** Some Apps recommended by AppBox may not work for some Business customers depending on the security/setup allowance set by their company. If downloaded they will be blocked in the same way as if they were downloaded from the Google play store.

For FAQs on AppBox please see [this link](#).

### Vodafone Secure Device Manager (VSDM)

VSDM is a powerful, simple-to-use device management platform for your smartphones and tablets.

### Key benefits:

- supports industry-leading operating systems
- ensures compliance and mitigates security risk
- easy to install, use and maintain
- simplifies business application deployment
- simple-to-use management console
- can be rolled out to employees' own personal devices

To find out more about VSDM, please contact your account manager.

### Warranty

Currently all devices are covered by a 24-month warranty period.

### Insurance

If you or one of your team members finds yourself without a working mobile device your productivity can be quickly affected. Protect your devices, and get up and running again as quickly as possible with our great value insurance.

For more information, please see [www.vodafone.co.uk/businessinsurance](http://www.vodafone.co.uk/businessinsurance)

# What's changing

What's New	Date	
What's Coming Soon	Date	
TCL Tab 10s 5G	Dec.22	
Vodafone Mobile Hotspot 2022 (Cat 6)	Jan.23

Xiaomi Redmi 9AT	Jan.23	
Xiaomi Redmi Note 10 5G	Jan.23	

### What's leaving:

The dates outlined of devices leaving the range are advisory and based on stock levels at the time of publication. For some, the manufacturer may be able to support with further production post removal. In these cases, we may be able to purchase more upon request. Please discuss with your account manager in these scenarios.

### What's coming next:

Expected launch dates are subject to technical acceptance by Vodafone and delivery of stock into our warehouse. Once a device is officially launched, it will appear on the product pages of this brochure. If that launch is mid-month, there will be a roundall on the device advising of the stock availability date.

# Pricing guide

## Standard List Price "U"

This price is applicable when the device is connected to an appropriate Vodafone Enterprise price plan.

## Hardware-only Price "W"

This unsubsidised price is applicable when a device is purchased without a Vodafone Enterprise price plan.

## Price changes

Prices which have changed from the previous month are indicated in **RED**.

## SIM cards

For new connections, consolidations, migrations and customers porting to Vodafone, all devices which require a SIM card will receive one free of charge.

SIM cards are provided with a six-month warranty.

## Important notes

All devices listed are on standard Vodafone Enterprise price. Discounted device prices may be applicable and different from those published. These prices will be available at the point of billing.

- Prices quoted exclude VAT
- All devices featured are subject to availability
- Information correct at time of publication
- Technology Fund is not available to use with iPads or Tablets (or any other device Vodafone may specify at its sole discretion from time to time – pursuant to any Crown Commercial Framework)

All devices purchased from Vodafone will be unlocked. Should you find that your device is locked to Vodafone network, contact your account manager for assistance with unlocking.

**This price list is confidential and must not be distributed or published in any way outside your business.**

## Device Tiers based on SLP

>£380	Super Executive
£200 -£379	Executive
£141 -£199	Premium
£71 -£140	Mid
<£71	Entry

## Accessories pricing

Prices of accessories shown is inclusive of VAT

## Smart Funding

Smart Funding brings additional flexibility to our business customers, allowing them to purchase tablet devices and split their cost over a period of 24 months, on a Smart Funding Enterprise price plan.

## Discounted Price "S"

Discounted device pricing does not apply to standard Public Sector price plans – The Discounted (s) price is only applicable for select price plans. This will be confirmed in your contract and at point of device order. For any question regarding this, please contact your Account Manager

# Our top picks

Our top picks

## Google Pixel 6a

The all-new Pixel 6a is the business-ready smartphone that is at an affordable price for business<sup>1</sup>. Powered by the Google Tensor processor that both boosts workforce productivity and protects sensitive data with no-stress security features, the Pixel 6a delivers incredible value while adapting to you to provide what your business needs.

### The value-driven phone that empowers businesses with premium productivity features

#### Affordable excellence for your business

- Starting at just £399, the Pixel 6a delivers premium features like a top-of-the-line camera, all-day battery<sup>2</sup>, high-res display and AI-powered Google Assistant<sup>3</sup> along with enterprise-grade performance – all on the Google-designed Android 12 operating system and all at a budget-friendly price.

#### Packed with next-gen tech and a next-gen experience

- The Pixel 6a comes with the first custom-built Google Tensor processor that uses artificial intelligence and machine learning to provide better experiences for Pixel users<sup>4</sup>, such as effortlessly translating speech into text<sup>5</sup>, and 5G<sup>6</sup> features like Duo HD<sup>7</sup> screen sharing that help you collaborate with colleagues over a video call.

#### All-day productivity on a single charge

- Pixel's adaptive battery can last over 24 hours<sup>2</sup> and its Extreme Battery Saver helps your phone last up to 72 hours<sup>8</sup>, even on 5G<sup>6</sup>, by turning off features that you are not using and pausing apps for more time between charges.

#### Collaboration across languages

- Use Live Translate to quickly send colleagues secure, private text or video messages in languages other than your own<sup>9</sup>. Translate with no apps or Internet required<sup>10</sup>.

### Outstanding protection that makes connecting and collaborating at work stress free

#### Next-level threat protection

- Pixel comes with Titan M2™, an enterprise-grade security chip, and Google Tensor, the first processor with a built-in Tensor security core, making your phone even more resilient to attacks<sup>4</sup>.

#### Seamless security updates

- The Pixel 6a downloads and runs the latest Android security features and updates for at least five years, which keeps your phone protected and secure against ever-evolving threats<sup>12</sup>.

#### Security your way

- The Security hub helps protect your phone, apps, Google Account and passwords. It keeps all of your security settings in one place. And it gives you recommendations with simple steps that you can take to improve your security.

More info >

<sup>1</sup> Compared to recommended retail price of Pixel 6 and Pixel 6 Pro.

<sup>2</sup> Estimated battery life based on testing using a median Pixel user battery usage profile across a mix of talk, data, standby and use of other features. Average battery life during testing was approximately 29 hours. Battery life depends upon many factors and usage of certain features will decrease battery life. Battery testing conducted in California in early 2022 on pre-production hardware and software, using default settings. Battery testing conducted using Sub-6 GHz non-standalone 5G (EN-DC) connectivity. Actual battery life may be lower.

<sup>3</sup> Not all phone features can be controlled by voice. Not available for all apps. Google Assistant and some related features are not available in all languages or countries. See [g.co/assistant/languages](https://g.co/assistant/languages) for updates to language and country availability.

<sup>4</sup> Compared to Pixel 5a.

<sup>5</sup> Not available in all languages or countries. See <https://g.co/assistant/voicetyping> for details. Device will process voice data when triggered and transcripts of voice interactions with the device will be stored in the activity history of the associated Google Account.

<sup>6</sup> Requires a 5G data plan (sold separately). 5G service not available on all operator networks or in all areas. Contact operator for details. 5G service, speed and performance depend on many factors, including operator network capabilities and signal strength. Actual results may vary. Some features not available in all areas. Data rates may apply. See [g.co/pixel/networkinfo](https://g.co/pixel/networkinfo) for info.

## Moto G62 5G

### Business ready. Enterprise secure.

Designed specifically to meet the needs of today's enterprises.

### Enterprise grade security

All Motorola's devices are protected by ThinkShield for mobile, and the moto g62 5G comes with Android Enterprise Recommended certification - offering B2B users even more protection with additional software and security updates for 3 years, plus government-grade certifications like FIPS 140-2.

In addition, Motorola has partnered with Zimperium, one of the global leaders in mobile security, to offer Moto Threat Defense, industry-leading AI-based protection against emerging threats like phishing or malware.

### Receive the latest software and security

The moto g62 5G comes with the latest version of Android 12, guaranteeing a customisable, more secure and streamlined smartphone experience. The privacy dashboard on the devices supports users by showing which apps have used certain features.

Motorola is committed to developing unique ways to make your mobile experience more intuitive and completely personalised. With My UX, it lets you customise your phone to fit your needs and style. Through Gestures, your simple actions make everyday interactions easier.

### Get a brilliant business experience

- Superfast 5G speed with virtually no lag<sup>1</sup>, increasing the efficiency of people working away from the office. Connect to the cloud faster and download files, videos and shows in just seconds. Attend webinars or stream movies and feel like you're right there in the room during video chats<sup>2</sup>.
- 6.5" Full HD+ display, making it ideal for easy transport as its compact size fits comfortably in your hand. Plus, the fluid 120 Hz refresh rate allows for smooth and clear content scrolling while switching between apps or websites.
- Capture sharper low-light photos with the 50 MP main camera, epic ultra-wide shots with the 8MP ultra-wide-angle lens, as well as professional portraits and detailed close-ups with the dedicated 2MP Macro Vision camera.
- Equipped with Snapdragon® 480+ 5G Mobile Platform, ensuring your phone runs quickly and is always prepared for what's next.
- The device also features 5,000mAh of battery<sup>3</sup>, eliminating the worry about recharging your phone during the day.

<sup>1</sup> Based on 5G sub-6GHz network connectivity, providing 125-360Mbps download speeds to the average user. Available with 5G service plan and 5G network coverage (available in certain areas in 2020, expanding after that). See carrier for details.

<sup>2</sup> 5G service available with 5G plan. 5G network coverage required; available only in select areas; device not compatible with all 5G networks. Contact your service provider for details.

<sup>3</sup> All battery life claims are approximate and based on the median user tested across a mixed use profile (which includes both usage and standby time) under optimal network conditions. Actual battery performance will vary and depends on many factors including signal strength, network and device settings, temperature, battery condition, and usage patterns.

## Samsung Galaxy A53 5G Enterprise Edition

**Introducing the Samsung Galaxy A53 5G Enterprise Edition— the hardworking device that makes budgets work harder. No compromises.**

**The Galaxy A53 5G looks and behaves like a premium device. It features an impressive 6.5" Full HD+ Super Fluid 120Hz Infinity-O Display and a 5.000mAh (typical)\* long-lasting, fast-charging battery that can keep your teams powered for up to two days\*\*.**

**It brings the latest innovation to your entire team, so everyone can work the way they want—without using up all of your IT budget.**

You get everything you need to make your IT team's life simple and your employees as productive as they can be. You can keep your devices protected from mobile threats with up to 4 years of Security and Maintenance Releases. And with Extended Product Lifecycle\*\*\*, you can ensure consistency across your fleet of devices. Enterprise Edition also features a QuickStart build service for those that want to take advantage of the Knox Suite features.

Please speak to your Vodafone Account Manager for more details.

\* Typical value based on testing under third party conditions. Rated capacity is 4,860mAh.

\*\* Estimated against the usage profile of an average/ typical user. Independently assessed by Strategy Analytics between 2022.01.20–01.31 in UK with pre-release versions of SM-A536 under default setting using LTE and 5G Sub6 networks (NOT tested under 5G mm Wave network). Actual battery life varies by network environment, features and apps used, frequency of calls and messages, number of times charged, and many other factors.

\*\*\*Devices will remain on sale for a defined period of time after first global market release. The defined period will differ according to each specific device. Subject to change without notice.

## Nokia G11

Life is meant to be enjoyed and the Nokia G11's great features makes it easy. 3-days of battery life<sup>1</sup> to enjoy everything for longer, and a big fluid screen that's easier on the eyes. And because security has never been more important, we've included everything to keep your phone and data safe – 2x more security updates than the competition<sup>2</sup>, a fingerprint and face unlock and a 30-day trial of ExpressVPN. Let the Nokia G11 do the hard work for you – a 50MP Camera with AI imaging helps you capture professional looking photos, whatever the lighting conditions. It's also built tough with a polycarbonate shell. So, this easy to use phone, is even harder to crack – literally.

### The Android Enterprise Recommended Seal of Approval

Android Enterprise Recommended is your promise of a quality and assured user experience. In addition, it also supports the latest Android Enterprise capabilities for years with a guaranteed 2 years of Android OS upgrades, and monthly security updates for 3 years<sup>3</sup>.

### A battery that works as hard as you do

With up to 3-days of battery life<sup>1</sup>, and fast, efficient performance you'll be able to stay productive for even longer. Keep safe with 2x more security updates than the competition<sup>2</sup>.

### Manage business devices your way

Taking good photos is hard. At least, it used to be. With Nokia G11s 50MP triple-camera, with main, depth and macro lenses, taking quality photos is a cinch. It also comes equipped with advanced low light imaging, so you'll be able to bring all your amazing ideas to life.

### Your global IoT data roaming connectivity solution

With HMD Connect Pro your business can enjoy data roaming and connectivity in over 180 countries. All your data is even routed securely, and you can control the SIM cards through a management console, no matter where in the world your connected devices are.

[More info >](#)

<sup>1</sup> Based on real life usage test by HMD Global. See more info at [www.nokia.com/en\\_us/phones/nokia-g11](http://www.nokia.com/en_us/phones/nokia-g11).

<sup>2</sup> Nokia G11 receives on an average 36 security updates from the global launch of the device. Other smart phones in the same price point receive on the average up to 16 security updates during their life cycle.

<sup>3</sup> From the global launch date of Nokia G11.

## Samsung S22 Enterprise Edition

We all know work has changed. Your teams do business in their own way, from anywhere in the world. And they need to share information on the go, in real time. So, they also need tech that's ready for this hybrid style of working.

That's why we created the Galaxy S22.

It is designed to keep your employees productive wherever they are. It features a best-in-class screen and a Exynos 2200, (4nm) processor. Plus, with three camera lenses and AI technology, it's easy to create incredible content to promote your business and excite new audiences.

It's time to change the rules of a business phone. Reach new levels with the Galaxy S22 Enterprise Edition.

### Benefits of Samsung Enterprise Edition

- **Greater Control** - Protecting your business from threats is easier, as you get greater control over software and security updates.
- **Increased Reliability** - Ensuring device availability over a longer period of time, with 3 years enhanced support. Plus, a KNOX build \*\* to ensure your team are always connected, always secure and productive.
- **Improved Simplicity** - Allowing you to configure, update, test and deploy mobile technology across your organisation easily and remotely, making it simpler to manage your mobile strategy.
- **More Value** - An integrated suite of mobile technology and services that are conveniently packaged together to give you more value from your mobile investment.

\*\* Inclusive KNOX base build by Samsung experts plus service packs to build further scope

## Samsung S21 FE Enterprise Edition

Work smarter with the powerful phone that helps you perform wherever you are. The Galaxy S21 FE features Snapdragon 888 to help you do more, faster—whether it's downloading reports, updating documents, or just checking in with your team. And the powerful 4,500mAh battery helps you get through even the busiest working day.

Plus, with Knox defence-grade security, you can rest assured your device and data are thoroughly protected at all times.

### Benefits of Samsung Enterprise Edition

- **Greater Control** - Protecting your business from threats is easier, as you get greater control over software and security updates.
- **Increased Reliability** - Ensuring device availability over a longer period of time, with 3 years enhanced support. Plus, a KNOX build \*\* to ensure your team are always connected, always secure and productive.
- **Improved Simplicity** - Allowing you to configure, update, test and deploy mobile technology across your organisation easily and remotely, making it simpler to manage your mobile strategy.
- **More Value** - An integrated suite of mobile technology and services that are conveniently packaged together to give you more value from your mobile investment.

\*\* Inclusive KNOX base build by Samsung experts plus service packs to build further scope

# moto g<sup>32</sup>

## Business Ready. Enterprise Secure.

### 3 years of monthly security updates

Comes with the latest Android 12 software. Stay up to date with major Android OS upgrade and three years of monthly security updates.

### 2 year warranty

Secured by ThinkShield for mobile, a comprehensive set of hardware and software security features, which is Android Enterprise Recommended.

### Outstanding battery and TurboPower™ 30 charging.

Get the most out of the Moto g32 with the 5000mAh battery, fuel up fast with TurboPower™ 30 charging and get hours of power in just minutes.

### Powerful Snapdragon® 680 processor.

Keep up with life on the move. With the powerful Snapdragon 680 octa-core processor. The Moto g32 can handle any task.

### 50 MP triple camera system.

Capture ultra wide angle photos and professional looking portraits in any light with the new 50MP triple camera on the Moto g32.

### Smooth 90 Hz Full HD+ display.

A faster refresh rate for a seamless experience scrolling web pages, switching apps and Full HD+ display to see the smallest details.

### Plenty of built-in storage.

Never give storage a second thought, for saving files, photos and downloading apps. Add up to 1 TB more storage with a microSD card.

ThinkShield for mobile is designed to deliver best-in-class security, manageability, productivity and service, giving your smartphones 360° of business-grade protection.

For a customer loan device please contact: [mparsons@lenovo.com](mailto:mparsons@lenovo.com)

1. All battery life claims are approximate and based on the median user tested across a mixed use profile (which includes both usage and standby time) under optimal network conditions. Actual battery performance will vary and depends on many factors including signal strength, network and device settings, temperature, battery condition, and usage patterns. 2. Battery must be substantially depleted; charging rate slows as charging progresses. Based on the median user tested across a mixed use profile (which includes both usage and standby time) under optimal network conditions. Actual battery performance will vary. 3. Available user storage is less due to many factors, including operating system, software and functions utilizing part of this capacity; may change with software updates. 4. microSD card supports up to 1TB microSD card, microSD cards sold separately. Content with DRM restrictions may not be able to be moved to the card.

# moto g<sup>62</sup> 5G

## Business Ready. Enterprise Secure.

### 3 years of monthly security updates

Stay safe and up to date with two Android OS upgrades and three years of monthly security updates.

### 2 year warranty

Secured by ThinkShield for mobile, a comprehensive set of hardware and software security features, which is Android Enterprise Recommended.

### Superfast 5G speed

With virtually no lag<sup>1</sup>, you can increase the efficiency of people working away from the office. Connect to the cloud faster and download files, videos and shows in just seconds.

### 6.5" Full HD+ display

Ideal for easy transport as its compact size fits comfortably in your hand. Plus, the fluid 120 Hz refresh rate allows for smooth and clear content scrolling while switching between apps or websites.

### Advanced camera features

Capture sharper low-light photos with the 50 MP main camera, epic ultra-wide shots with the 8MP ultra-wide-angle lens, as well as professional portraits and detailed close-ups with the dedicated 2MP Macro Vision camera.

### Unbelievable battery life

The moto g62 5G features 5,000mAh of battery<sup>2</sup>, eliminating the worry about recharging your phone during the day.

ThinkShield for mobile is designed to deliver best-in-class security, manageability, productivity and service, giving your smartphones 360° of business-grade protection.

For a customer loan device please contact: [mparsons@lenovo.com](mailto:mparsons@lenovo.com)

1. Based on 5G sub-6GHz network connectivity, providing 125-360Mbps download speeds to the average user. Available with 5G service plan and 5G network coverage (available in certain areas in 2020, expanding after that). See carrier for details. 2. All battery life claims are approximate and based on the median user tested across a mixed use profile (which includes both usage and standby time) under optimal network conditions. Actual battery performance will vary and depends on many factors including signal strength, network and device settings, temperature, battery condition, and usage patterns.

# What is AppBox?

Vodafone AppBox is a service which recommends a collection of free mobile apps during setup of a compatible handset – you can choose to download the ones you want. It comes already installed on any compatible device you buy from us.

The apps in AppBox won't take up any storage space on your device until you install them.

## Which devices have AppBox?

AppBox is available on handsets from the following manufacturers: Samsung\*, Oppo, Xiaomi & TCL. AppBox is not available on iOS or on any Androids other than the four listed above.

\* AppBox is NOT available on Enterprise Edition devices e.g. Samsung Enterprise Editions.

## How does AppBox work?

AppBox recommends apps based on demographic information provided by the customer. You can skip this if you wish and do not have to download any apps if you do not want to.

## How does AppBox work with Business devices?

Some Apps recommended by AppBox may not work for some Business customers as this will depend on the security/setup allowance set by their company. If downloaded they will be blocked in the same way as they would be as if downloaded from the Google play store.

# Insurance

## Vodafone Corporate Insurance

Every 4 seconds a mobile device is lost, damaged, stolen or breaks down in the UK. That's 8 million incidents every year<sup>1</sup>.

Phones are an essential part of any enterprise, but a lost, damaged or stolen device shouldn't disrupt your productivity. That's why Vodafone Corporate Insurance is designed to sort issues quickly, get your employees back up and running and keep them connected. So your people are free to focus on their job, safe in the knowledge that their device is covered.

For customers with more than 50 employees there are now 4 great value insurance options. Two include our 4 hour super-fast phone replacement service.

Level of cover	Damage	Breakdown (out of warranty)	Theft	Loss	30-Day Worldwide Device Cover	Vodafone Rapid 4-Hour Phone Replacement	Next Day Device Replacement	Authorised User Cover	Excess Charge	Price (per device, per month)
Corporate Damage and Breakdown Insurance	✓	✓	n/a	n/a	✓	n/a	✓	✓	£25 (Apple £50)	£5
Corporate Damage and Breakdown Insurance Including Rapid	✓	✓	n/a	n/a	✓	✓	n/a	✓	£25 (Apple £50)	£6
Corporate Standard Insurance	✓	✓	✓	✓	✓	n/a	✓	✓	£50	£9
Corporate Standard Insurance Including Rapid	✓	✓	✓	✓	✓	✓	n/a	✓	£50	£10

NB: if cover for a tablet is required please select a non-Rapid version (replacement tablets cannot be delivered via Rapid)

### Key Features

#### Superfast phone replacement with Vodafone Rapid

If you choose cover with Vodafone Rapid, we'll aim to get a replacement phone to you almost anywhere in the UK within 4 hours\*. And for every hour beyond the 4th hour of the delivery window we'll give you £10\*\*.

#### Cover for authorised users

We understand that devices can sometimes be used by others, that's why our insurance covers the device when being used by authorised individuals.

#### 30 day worldwide device cover

As business can take your people anywhere, each policy covers a device for worldwide trips of up to 30 days at a time.

#### Out of warranty breakdown

Sometimes devices go wrong after they've run out of warranty – whichever cover you choose, breakdown is included.

#### Simple claims process with low excess

It takes just one call to our dedicated insurance team to log your claim

#### Phone or tablet can be covered

Exclusions, limitations and excesses apply. For full details go to [vodafone.co.uk/terms](http://vodafone.co.uk/terms)

#### Add Vodafone Corporate Insurance

- Find out more about our insurance options – go to [vodafone.co.uk/businessinsurance](http://vodafone.co.uk/businessinsurance)
- To add Vodafone Corporate Insurance to your account, simply speak to your account manager who will be able to help you
- Or call our dedicated Vodafone Insurance Services team on 0333 304 3346<sup>2</sup>

Vodafone Business Insurance is underwritten by Assurant General Insurance Limited.

\*There are a small number of locations that are not eligible for 4 hour delivery.

\*\*Up to a maximum of £40, T&Cs apply.

<sup>1</sup>Source: Assurant 2015

<sup>2</sup>Calls charged at the same rate as 01 or 02 numbers on a mobile phone

Vodafone Insurance Services is a trading name of Lifestyle Services Group Limited which is authorised and regulated by the Financial Conduct Authority. Lifestyle Services Group Limited. Registered Office: Assurant House, 6-12 Victoria Street, Windsor, Berkshire, SL4 1EN. Registered in England No: 5114385.

# Enterprise Delivery Charges

## Home/office delivery

Get free delivery across the UK to any address. Order before 5pm and you'll get free next day delivery\*

We partner with DPD who will

- Send you text and email confirmation as soon as your order has been despatched
- Provide a 1 hour delivery slot; you will get a text on the day of delivery to let you know when your order should arrive. If you want you can reschedule.
- Allow you to choose a different day

If you are not sat around all day, you can pay for one of our premium delivery services that suits you. You can pick a morning or afternoon slot. You can even have your delivery over the weekend.

## Premium delivery

Choose morning, afternoon or Saturday delivery\*\*

If you are not sat around all day, you can pay for one of our premium delivery services that suits you. You can pick a morning or afternoon slot. You can even have your delivery over the weekend.

### QDOS Hybrid Clear Case

Slim, sleek and easy to grip, the crystal-clear QDOS HYBRID case shows off your gorgeous smartphone while providing everyday protection. Made from a unique blend of highly protective materials, this case offers up a 4ft shock-absorbent design, featuring air-cushioned TPU corners. To keep your case looking pristine, the HYBRID has been treated with an optimized coating to prevent yellowing over time. Micro-dot technology embedded in the case stops the 'Newton ring effect' from appearing, resulting in unrivalled clarity.

## Protection

PanzerGlass™ screen protector for iPhone 6/6s/7/8/SE (2020) provides you with the highest standard of screen protectors, while preserving 100% touch sensibility. To mirror the touch and feel of the original display PanzerGlass™ is coated with an oleophobic layer, which both is anti-bacterial and anti-fingerprint.

## PanzerGlass™

PanzerGlass™ case-friendly screen protector in black for iPhone 12/12 Pro, iPhone 13, Mini, Pro and Pro Max with antibacterial coating has the same features as the original PanzerGlass™ and will protect your screen from scratches and bumps. This glass is coated with an active antimicrobial substance to make it resistant to bacterial and fungal spores. The antimicrobial ingredient kills bacteria and fungal spores on the glass and keeps you as the user protected.

Proven to kill up to 99.99 % of most common surface bacteria.

Microfracture Technology / 100 % stronger

### Samsung Galaxy Buds2 Black

Samsung Galaxy Buds2's Ambient Mode lets you hear what's going on around you, while Active Noise Cancelling mode lets you focus on the tunes. If you'd rather hear more of what's going on around you, there are 3 ambient sound modes to suit your needs and let the sound in – just touch and hold to turn on and off. The super low latency means you'll hear things when they happen, so you don't miss important bits. Whatever way you love to listen, Galaxy Buds2 has the perfect setting. Two mics detect the ambient noise around you and then, technology takes over to minimise interruption. Immerse yourself in your favourite music and podcasts with Active Noise Cancelling.
