What does my modern business need?

Zero downtime is a must.

We need to stop spending on soon-to-be-obsolete technology. **We need solutions that evolve with us.**

We want **to start using the cloud to our advantage** – and **save money** along the way.

We need **anywhere and anytime access** to files and business tools **to serve our customers** and **stay competitive.**

We need **modern solutions** that help us **collaborate** and get work done **more efficiently.**

Our team works from many locations. We need **to stay connected no matter what.**

Our **data has to be secure.** I need to know my company is protected from viruses, malware, theft, etc.

We have customers nationwide. We need **better tools to stay connected.**

**Connect with
customers**

**Grow
efficiently**

Increase
your
sales

Adapt to
change

Understand
your
customer

Get the
most out
of your
technology

**Digital

unexpected

Get your
work done
anywhere

Protect
and control
your data

Work
together
easily

**Safeguard
your business**

**Business
anywhere**

Grow efficiently

Keep your competitive edge.

Staying competitive requires keeping your edge and pushing boundaries. With automatic updates and simplified cloud management, Office 365 keeps you current and focused on doing your best work.

Business is Better
with Office 365

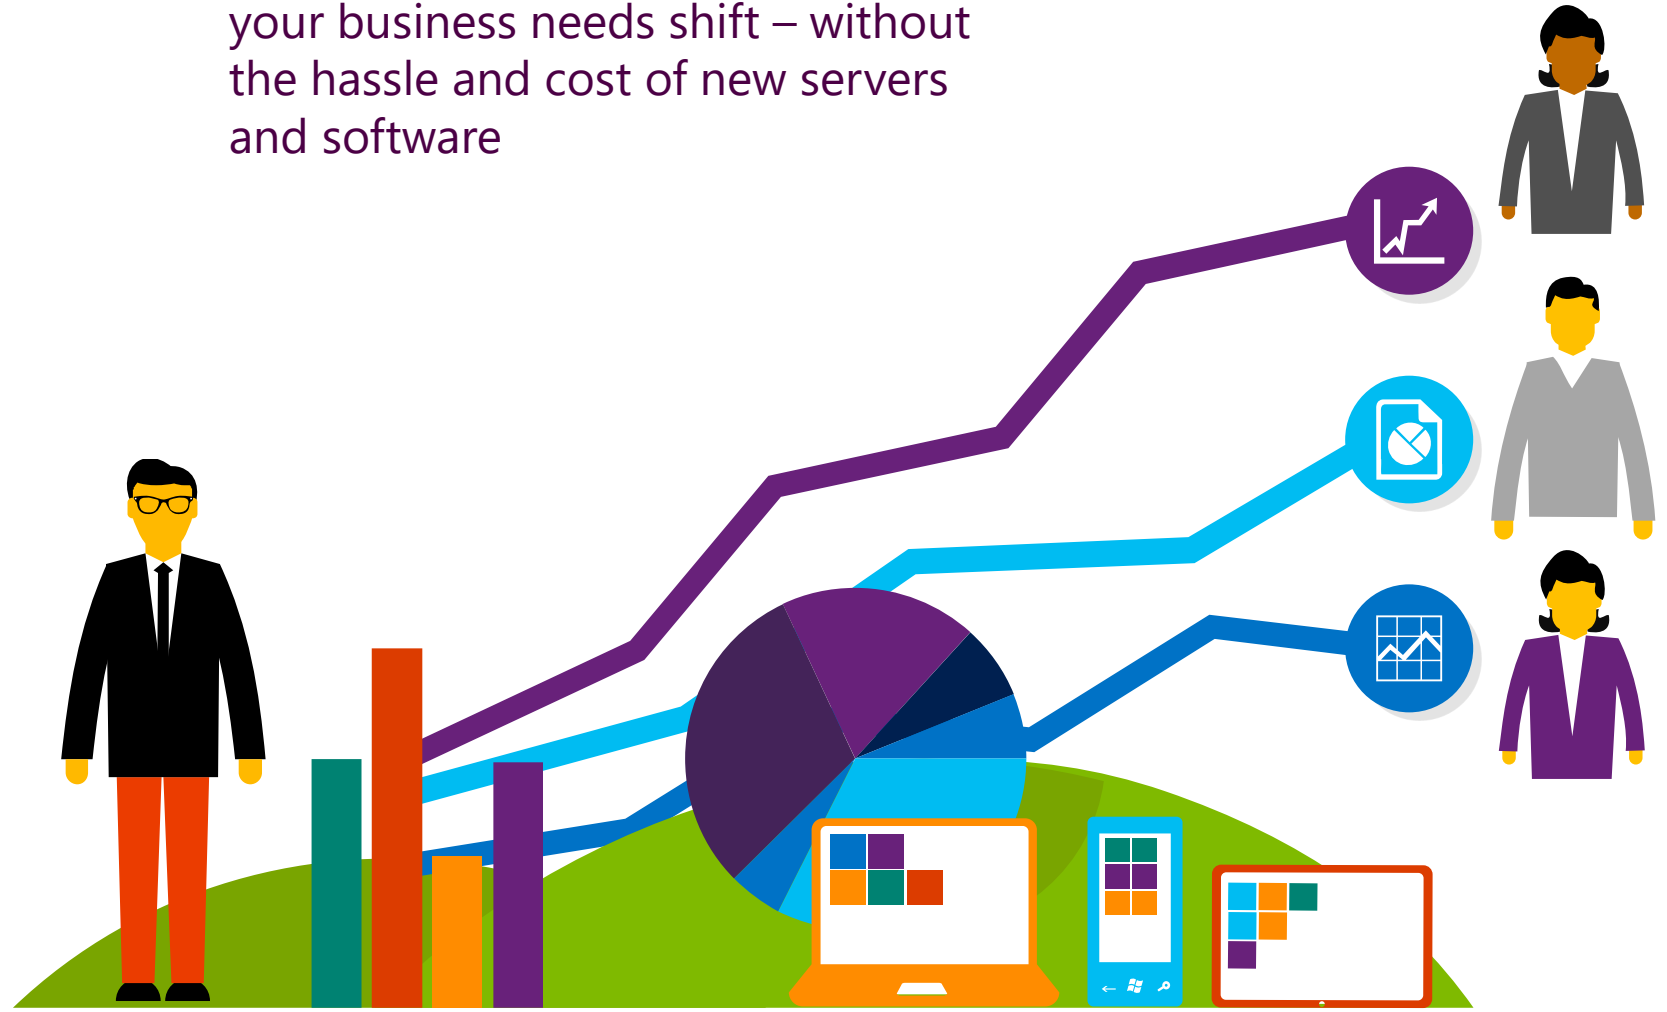

Expand your business, not your budget.

Take advantage of the latest innovation, features, and capabilities, with updates released every month

Get business-ready tools that grow with your business

Meet the demands of your workforce and Bring Your Own Device trends with per-user licensing

Scale services and tools quickly as your business needs shift – without the hassle and cost of new servers and software

Stay in front of the pack.

Make software updates and downtime a thing of the past

Take advantage of the latest innovation, features, and capabilities, with updates released every month

Eliminate downtime and business impact from software updates

Get the most out of your technology.

Avoid the time and cost of finding new technology solutions by investing in a single, complete productivity experience that can grow with you and your business.

Business is Better
with Office 365

Get more for your money.

Gain the benefits of multiple product and service solutions without the cost or complications

Reallocate capital by reducing capital expenditures

Receive enterprise-grade productivity and storage without enterprise-grade costs

Manage your business with flexible subscription payments that reduce up-front costs

Simplify the details and focus on the big picture.

Take routine maintenance out of IT's hands

Focus IT efforts on strategic initiatives, not routine maintenance and security patching

Save time and effort with regular updates and a faster setup and deployment process

Business is better with Office 365

"Since we've been in the cloud, **we have significant savings and 100% reliable productivity**... We are increasing the pace and reliability of business communications and our business is growing thanks to Office 365."

M3 Marine

"We're only seven employees, but [with Office 365] **we have everything we need to take on the global market.**"

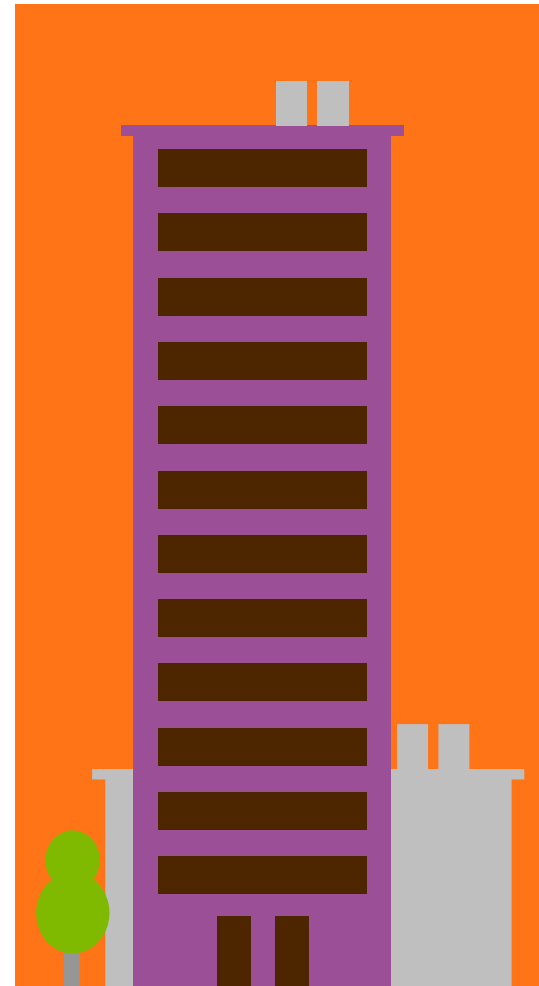

Martin Aircraft Company

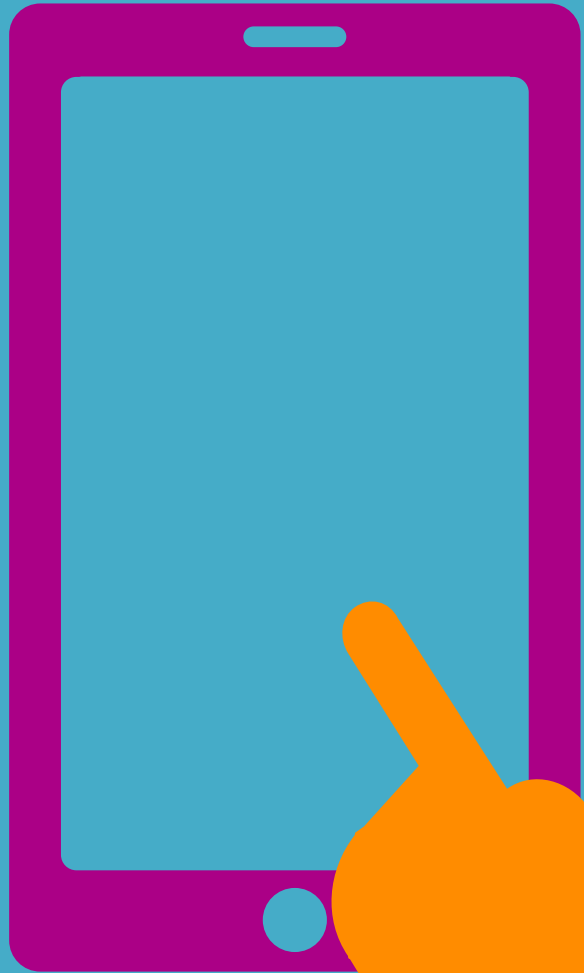

"Office 365 delivers the **professional, reliable, and easy-to-manage collaboration and communication tools** that our employees need to work together."

Breathe Hot Yoga

"We were using Google Docs, Dropbox, and some other free software, but you get what you pay for. We really felt the pinch when we opened our second store – **we knew we needed to upgrade from all our ad hoc, free software to a real business-class solution.**"
