Business Resource Guide

INTRODUCTION

Thank you for considering Raleigh for your new business. We understand that starting a business is one of the most challenging yet rewarding endeavors in life. This Business Resource Guide has been created to help you better find the support beneficial for starting your business.

Thanks to people like you there is a Raleigh for everyone.

Is your business re-opening from being closed due to the pandemic? EDPNC has created a resource page for businesses that are implementing new health and safety measures to protect their workers and the public from the spread of the virus. Visit edpnc.com Search: Covid-19 resources

START YOUR BUSINESS

Starting a new business requires a great deal of preparation, from creating your business plan, to selecting your business site and everything in between. Business owners face challenges that include: navigating the city permitting process, securing financing, deciding how and where to locate or expand, and addressing issues related to attracting and retaining quality employees. The Business Resource Guide is designed to inform and empower new business owners to access the resources they need to be successful.

U.S. SMALL BUSINESS ADMINISTRATION

sba.gov | 800-827-5722

Since its founding on July 30, 1953, the U.S. Small Business Administration has delivered millions of loans, loan guarantees, contracts, counseling sessions and other forms of assistance to small businesses. SBA helps primarily through its four programmatic functions:

Access to Capital (Business Financing)

SBA provides small businesses with an array of financing from the smallest needs in microlending - to substantial debt and equity investment capital (venture capital).

Entrepreneurial Development (Education, Information, Technical Assistance & Training)

SBA provides free individual face-to-face and internet counseling for small businesses, and low-cost training to nascent entrepreneurs and established small businesses in over 1,800 locations throughout the United States and U.S. territories.

Government Contracting (Federal Procurement)

In keeping with the mandate of Section 15(g) of the Small Business Act, SBA's Office of Government Contracting sets goals with other federal departments and agencies to reach the statutory goal of 23 percent in prime contract dollars to small businesses. This office also provides small businesses with subcontracting procurement opportunities, outreach programs and training.

Advocacy (Voice for Small Business)

Created in 1978, the Advocacy Office reviews Congressional legislation and testifies on behalf of small businesses. It also assesses the impact of the regulatory burden on behalf of small businesses. Additionally, it conducts a vast array of research on American small businesses and the small business environment. The Chief Counsel of this office is appointed by the President of the United States.

"Build Your Business Plan"

sba.gov Search: Business Plan | 800-827-5722

Are you interested in starting a business? Creating a business plan is one of the most important steps you will take because the plan serves as your road map for the early years of your business. The business plan generally projects 3-5 years ahead and outlines the route a company intends to take to reach its yearly milestones, including revenue projections. A well thought out plan also helps you to step-back and think objectively about the key elements of your business venture and informs your decision-making on a regular basis.

SBA's Business Plan Tool provides you with a step-by-step guide to help you get started. Your information is entered into this tool is 100% secure and can only be viewed by accessing your account using the password you have specified. Not only can you save your plan as a PDF file, you can also update it at any time, making this a living plan to which you can often refer. You can also use your completed business plan to discuss next steps with a mentor or counselor from an SBA resource partner such as SCORE, a Small Business Development Center (SBDC) or a Women's Business Center (WBC).

SMALL BUSINESS & TECHNOLOGY DEVELOPMENT CENTER (SBTDC)

sbtdc.org | 919-715-7272

The SBTDC is North Carolina's leading resource for growing and developing businesses. Our highly skilled professionals, our position as a program of The University of North Carolina System, and partnership with the U.S. Small Business Administration make us a unique and valued asset in the economic development of our State.

Business Start-Up & Resource Guide

sbtdc.org Search: Start-Up Guide

This free downloadable publication has it all. Assess yourself to see if you have what it takes to be a business owner. Learn how to write a business plan people will read cover to cover. Find the legal structure best suited for you. Check out our list of state and federal resources, including local and state licenses/permits.

“How to Fund Your Business”

sbtdc.org Search: Capital Opportunities

Did you know most businesses are started primarily with owner financing? If that is not enough money to get your business going, our Capital Opportunities for Small Business Guide is the most comprehensive financing resource describing all the funding options available to North Carolina companies and startups. This continuously updated 135-page guide also has contact information to learn more about each funding opportunity.

WAKE TECH SMALL BUSINESS CENTER

waketech.edu Search: Start & Grow a Business | 919-335-1019

The Wake Tech Small Business Center (SBC) is a state-funded organization which is part of the Small Business Center Network of North Carolina (SBCN). The SBC provides small business owners with information they need for starting or expanding a small business through confidential, one-on-one counseling along with various seminars, workshops, classes, and access to a resource library at zero cost to the participant.

BUSINESS LINK NORTH CAROLINA

edpnc.com Search: Start a Business | 800-228-8443

Business Link North Carolina (BLNC) offers a central source for consultations, information and referrals and is just the help you need to tap into all the State has to offer.

BLNC counselors provide:

- One-on-one client consultations at no cost
- Customized licensing information
- Employer and business structure forms
- Referrals to State Agencies and State Occupational Licensing Boards, Local Governments & Federal Agencies
- Contacts for Local, State & Federal business services, programs & resources
- A Small Business Ombudsman to work on your behalf to resolve issues with State Government Agencies
- For resources on how to re-open after closure due to the COVID-19 pandemic. Visit edpnc.com Search: Covid-19 resources

City of Raleigh LICENSES / PERMITS / ZONING

The City of Raleigh does not require a business license to operate a business within Raleigh City limits. Depending on the nature of your new business, federal, state, and local licenses and permits may be required. In most areas, there are zoning restrictions that may prevent you from operating a business from a particular location, including your home. Finally, there are state and federal income taxes, sales taxes and withholding taxes to consider. Depending on the size of your business, it may be best to consult with an attorney before getting started.

- To find out what is required, contact the town(s) that you plan to operate in to see what their licensing requirements are. If you plan to conduct business within the Raleigh City Limits, contact Revenue Services at 919-996-3200 for more information.
- For information concerning Wake County's requirements related to your business, contact the Wake County Revenue Department at 919-856-5400.
- To find out what state licenses and permits are required, contact Business Link North Carolina (BLNC), an extension of the Economic Development Partnership of North Carolina at 919-447-7828 or toll free in North Carolina 800-228-8443.
- Businesses operated from the home must obtain approval from the Development Services Department by applying for a Home Occupation Use Permit. To learn more about Home Occupation Guidelines, visit raleighnc.gov Search: Home Occupation Guidelines or call 919-996-2495.
- To apply for a Home Occupation Use Permit, complete and submit the following application to the Development Services Customer Service Center: raleighnc.gov Search: Home Occupation Use Permit

Any business that sells Beer or Wine within the Raleigh City limits must obtain a Beer/Wine License before selling any alcoholic beverages.

- Businesses must FIRST obtain Temporary Permits from the North Carolina Alcoholic Beverage Control Commission.
- Beer/Wine Licenses must be renewed prior to April 30 each year.
- Be sure to contact the Development Services Department at 919-996-2495 to assure that the sale of alcoholic beverages is allowed at your business location.
- To apply for a Beer/Wine License, complete the following application and submit to City of Raleigh Finance Department, Revenue Services Division at raleighnc.gov Search: Business License

Regulatory Licenses and Permits

The City of Raleigh also requires regulatory licenses or permits for some business activities. These include:

- Amplified Entertainment Permit: All establishments located in Raleigh that provide amplified music or other amplified entertainment are required to obtain an Amplified Entertainment Permit. raleighnc.gov Search: Entertainment Center
- Massage Business License: Any individual, corporation, or partnership that operates an establishment or business where massage is performed must obtain a Massage Business License. raleighnc.gov Search: Massage Business License
- Massagist License: Any person who practices in the business or profession of massage within the city limits must obtain a Massagist License. Visit raleighnc.gov Search: Massagist Packet
- Pawn Brokers License: Any person, firm, or corporation that is engaged in the business of lending money on the security of pledged goods and who may also purchase merchandise for resale from dealers and traders must obtain a Pawn Brokers License. raleighnc.gov Search: Pawnbrokers License
- Pushcart Vending Permit: Any business selling food products from a pushcart in the downtown district must obtain a Pushcart Vending Permit. raleighnc.gov Search: Pushcart Vendor

Zoning regulates land use and development, and all properties in Raleigh are mapped with one or more zoning categories. If you are starting a business, you need to verify that the zoning permits you to operate your business legally on the property. If you operate in a zoning district where your type of business is not permitted, you will be in violation of the City of Raleigh Code of Ordinances and may be fined and required to cease operation.

It is recommended that you do your due diligence by contacting zoning staff on the front end to discuss any requirements. Persons wishing to open a business on a property that is not zoned for the proposed use have the option of petitioning the City for a rezoning. Questions regarding zoning and rezoning can be directed to City Planning at 919-996-2633. Additional information about the rezoning process and associated cost are available online at: raleighnc.gov Search: Rezoning

Permitted Business Uses by Zoning District

Businesses in Residential Zones

You are permitted to have a limited home business if you live in the single-family house in which you run the business. A limited home business must meet regulations as outlined in the City Code. Home Occupations may be approved by City staff as accessory uses, while Limited Home Business and Live Work occupations require approval from the Board of Adjustment.

Businesses in Mixed-Use and Non-Residential Zones

raleighnc.gov Search: Zoning and Rezoning | 919-996-2626

There are several different zoning districts which permit businesses. These include Legacy Zoning Districts, Overlay Districts and UDO Zoning Districts.

Signage

raleighnc.gov Search: Signs | 919-996-2495

Permits are required for all outdoor signs except directional signs, such as exit and entrance signs, and informational signs, such as signs designating restrooms and phones. A Sign Permit is required any time a business

wants to display signage or hold an event that includes advertising visible from the public right-of-way.

Sign Permits are required for:

- Permanent signs
- Ground and tract identification signs
- Signs erected on parapet walls
- Awning signs
- Signs in shopping centers or at multi-tenant buildings
- Internally illuminated signs
- Special events signs

Site & Building Selection

The mission of the Capital Area Workforce Development Board is to create a highly effective workforce system. This system will provide employers with productive, skilled workers and offer citizens training and employment opportunities that promote job satisfaction and economic stability.

Wake County Public School System – Career and Technical Education

wcpss.net Search: Career and Technical Education | 919-413-7400

The Career and Technical Education (CTE) program aims to prepare students for employment opportunities, advanced education and productive lives. CTE promotes best practices that enhance teachers' efforts to improve student achievement and encourage responsible career choices. Middle school students are offered exploratory courses in business and information technologies, life skills, technology systems and career decisions. High schools offer introductory courses that are available at grades 9 and 10, with advanced and specialized instruction in 11 and 12. There are agriculture, business and information technology, career development, health occupations, family and consumer sciences, marketing, technology, and trade and industry.

Wake Technical Community College – Workforce Continuing Education

waketech.edu Search: Workforce Continuing Education | 919 866-5000 | 919 866-5000

Wake Tech plays an active role in workforce training and lifelong learning for citizens of the Capital area. The College's Workforce Continuing Education programs provide courses for those who need to train, retrain, and upgrade skills in a vocational or professional area. Programs include customized training for corporations and businesses, small business counseling and support, public safety officer training, information technology, vocational training, as well as barbering and cosmetology instruction. Wake Tech also works with those who need to learn English as a second language and those individuals whose education stopped short of high school graduation.
