First, you must **close** the sale,
then you have to **install** the job,
and finally, you need
to **make** money doing it.

We've developed tools to help you accomplish each of these steps. This catalog is divided into six sections. In each section you'll find a variety of brochures, books, APPs and other tools to help you succeed in business.

The Contractor's EDGE™ program supports each aspect of your business. We understand that different contractors have different business needs, and the Contractor's EDGE programs reflect this diversity. Gain product knowledge and installation expertise from the best manuals in the business.

Earn the industry's most meaningful credentials: education-based, straightforward and free of charge.

Companies that have a CertainTeed credential, gain exclusive benefits in sales, marketing and business support.

Integrity Roof System™

Benefits to you... A professional spec and more profits
 Benefits to your customers... Extra protection and peace of mind

- WinterGuard® - prevents leaks from ice dams and wind-driven rain
- RoofRunner™ or DiamondDeck® - high-performance underlayment
- Shingles and accessories - complete your roof system with products designed to complement one another, including the starter course, shingles and corresponding hip and ridge caps
- Ventilation - helps guard against premature roof deck deterioration
- Flintlastic® roofing - a selection of low slope roofing products

Brochure 20-30-235 50 qty - \$5

1. Waterproof Underlayment

The first step in your defense against the elements. Self-adhering underlayment is installed at vulnerable areas of your roof to help prevent leaks from wind-driven rain and ice dams.

2. Water-Resistant Underlayment

Provides a protective layer over the roof deck and acts as a secondary barrier against leaks.

3. Starter Shingles

Starter shingles are the first course of shingles that are installed and designed to work in tandem with the roof shingles above for optimal shingle sealing and performance.

4. Shingles

Choose from a variety of Good-Better-Best styles to complement any roof design and fit your budget.

5. Hip & Ridge Caps

Available in numerous profiles, these accessories are used on the roof's hip and ridge lines for a distinctive finishing touch to your new roof.

6. Ventilation

A roof that breathes is shown to perform better and last longer. Ridge Vents, in combination with Intake Vents, allow air to flow on the underside of your roof deck, keeping the attic cooler in the summer and drier in the winter.

Advanced Training Programs

Increase your company's siding installation skills and add credibility to your business

CertainTeed has created the Advanced Training Program to help take your company to the next level. When installed improperly, all types of cladding materials can fail, which is why it is vital to be trained in the latest installation techniques.

The Advanced Training Program does just that, drawing on the knowledge and expertise of CertainTeed in training installers within the building products industry.

Topics covered include:

- Product Overview
- Safety
- Tool
- Wall Preparation
- Accessories
- Flashing
- Installation
- Non-Typical Wall Structures
- Care and Maintenance
- Code Compliance
- Resources

How to participate in the Advanced Training Program It's easy.

All you have to do is:

1. Contact your CertainTeed Territory Manager
2. Complete the registration form
3. Provide the required documentation
4. Attend a one-day course
5. Take and pass the exam at the end of class

For more information on the program and how to participate in a local Advanced Training Program session, ask your CertainTeed Territory Manager

Master Craftsman

Education and development program for CertainTeed products

The Master Craftsman programs enable you to learn more about the manufacturing process, proper installation, and features and benefits of CertainTeed products. They also provide you with another option for offering education and training to your employees. Contractors wanting to take the next step in skills and knowledge development can do so through the Master Craftsman education and development series.

Available on-line, the program provides a thorough understanding of CertainTeed's lines of vinyl and polymer shake siding and soffit, trim, fence, railing, decking, and housewrap. You'll gain the advantage of enhanced installation skills and an increased knowledge of CertainTeed products, company history and manufacturing processes. Just as importantly, you'll receive recognition that can help you stand apart from the competition.

For more information contact your CertainTeed Territory Manager or log onto: www.certainteed.com/mastercraftsman.

Curb Appeal™

Select colors, styles, & textures wherever you're comfortable

Make product selection a breeze with CertainTeed's new CurbAppeal app for the iPad®. Review and select colors, styles and textures for all of our siding, decking, railing and fence products, or browse our gallery of homes for ideas that inspire.

For more details, ask your CertainTeed Territory Manager or log onto: www.certainteed.com/colortools.

ColorCoach™

Get it right everytime with ColorCoach

The new ColorCoach is a simple web-based tool that acts as a virtual color swatchbook, and helps contractors and builders recommend CertainTeed roofing, siding, and trim color combinations that look great together, providing customer's confidence in their color choices. These "swatches" can then be saved, shared on social media and used on actual home pictures in ColorView®.

For more details, ask your CertainTeed Territory Manager or log onto: www.certainteed.com/colortools.

iDreambook™

Free interactive reference tool

This interactive book will help you visualize your new home exterior and outdoor living spaces with CertainTeed's broad selection of exterior products, to achieve a full range of design options that no other company can match.

Project Map It

The #1 sales and marketing tool built for contractors

Website: www.projectmapit.com

Project Map It is the best all-in-one sales and marketing tool for home improvement professionals. We help you close more jobs, and we're built around the way you work. We focus on what your customers are looking for. Research has shown that there are three things that customers look for when researching home improvement contractors: experience with projects similar to theirs, photos of previous work, and reviews from past customers. Project Map It tackles all three to help you win more business.

Portfolio: show off your previous projects

An interactive map showcases all your work, and lets customers search by area, project category, and even product types. Easily embed the map on your website.

Photos: upload unlimited project pics

Nothing promotes your work better than photos, so take as many as you like and easily upload them to your projects. Snap pics and upload them right on the job site.

Reviews: collect and showcase positive customer reviews

Past reviews sell future jobs, so we make it easy to collect new reviews and display existing reviews from Google and Facebook. Collect reviews easily in-person or via email.

To date, our customers have logged more than 600,000 projects, gathered more than 50,000 happy customer reviews, and snapped half a million project photos using our tool. They've also sold more jobs, so join them today!

CertainTeed Credential contractors receive 25% off monthly and annual subscriptions, so start your free 30-day trial today.

Networks that bring together facilitators and contractors from around the country to address business issues

Proslut™ Network

Website: www.proofman.com

Email: proof@proofman.com

Proof Management's PROSULT Network is dedicated to helping the owners of smaller contracting firms reach the next level of their business.

PROSULT is mentored by Monroe Porter, a bottom-line oriented management consultant specializing in small building trade contractors. The first thing PROSULT does for the new member is help understand costs. The focus then shifts to developing an organization that can support production and sales growth.

This is accomplished through a board of directors approach where non-competing same-trade contractors support each other in setting and implementing strategic goals.

Certified Contractor's Network

Website: www.contractors.net

Phone: 610-642-9505

Certified Contractor's Network (CCN) offers proven contractor-specific training, delivered face to-face and on-demand for contracting business owners and their sales, production and administrative employees to address current business needs while providing a high ROI. You'll gain a reliable business partner that provides valuable resources - all delivered in a helpful and professional manner.

Remodelers Advantage® Inc.

Website: www.remodelersadvantage.com

Phone: 301-490-5620

Email: info@remodelersadvantage.com

Remodelers Advantage® is a consulting firm specializing in remodeling. They help business owners create companies that deliver above-average compensation, healthy net profit and an environment that allows for a full and balanced life.

Remodelers Advantage Roundtables

This is a network for remodeling firms producing \$1,000,000+ in annual revenue. These groups provide an opportunity for contractors to share knowledge, procedures, experience and advice in an open, non-competitive environment. Join the other 200+ owners as they help one another create businesses that produce above-average profits consistently! Why reinvent the wheel?

Strategic Business Consulting

Many owners work diligently for years but are still not reaching their financial goals. Owners can find the help they need from our business consultants, who know and understand the challenges you face. We'll work directly with you to provide practical techniques and effective processes, and help you develop a plan to move your company forward.

Roofing Responsibly

Over 12 million tons of asphalt shingle waste go into landfills. Now there is an option to keep those old shingles out of the landfill and set you apart from other roofing contractors by offering a new, green, environmentally-friendly solution.

No added Cost! Big added Value!

CertainTeed's Roofing Responsibly program includes the recycling of torn-off roofs into materials for road paving.

It's easy to participate in the program and the best part...it costs about the same as a typical dumpster and disposal fees, but means much more to homeowners and the planet.

If you are a CertainTeed SELECT ShingleMaster™ or ShingleMaster™ we will place a Roofing Responsibly icon on your contractor locator listing along with your credentials.

Most of these Veterans are multiple amputees, paraplegic, quadriplegic or suffered severe traumatic brain injury. These homes restore some of the freedom and independence our Veterans sacrificed defending ours, and enable them to focus on their family, recovery, and rebuilding their lives.

It is an honor and privilege for CertainTeed to support the noble efforts of Homes for Our Troops. CertainTeed donates the roofing materials for the homes that are built around the country.

We hope your company can take part also by lending a hand to this endeavor. Being a contributor allows each of us in some small way to help those veterans who have dutifully served our country and given so much of themselves in doing so.

In addition to the gratification of contributing, if your company installs a roof for Homes for Our Troops, it will be mentioned as the workforce donor in a press release from CertainTeed which covers your local area.

Contact your local CertainTeed representative to learn more about this.
