# Annual Lancaster County Carriage & Antique Auction on June 23-24, 2016

*Carriage & Antique Auction Builds on Community Spirit Big Auction. Little Town.*

The Lancaster County Carriage & Antique Auction takes place annually on the last Friday in June. The sale begins at 8 a.m. sharp, and continues throughout the day with a team of auctioneers taking bids under several tents and in the field. This event, which benefits the Bird-in-Hand Fire Company, has evolved into a wonderful day in the country. Equine and antique enthusiasts, consignors, local residents, out-of-town visitors, and whole families look forward to our auction each year.

An Amish Haystack Dinner officially opens the activities at 3:30 pm on Thursday, followed by the Early Bird Auction at 4:30 pm, and a full day of bidding and buying on Friday from 8 am to 6 pm. The people of the community support their local Bird-in-Hand Fire Company by assisting with this significant fundraiser. This is an auction known for its fine carriages, great selection of miniature horses, and harness, tack, and carriage appointments. It also offers one-of-a-kind antiques, furniture, and high-quality quilts and crafts. The delicious food is popular with auction goers, since much of it is prepared fresh on the auction grounds.

An exciting area of growth is the sale of annuals, perennials, roses, flowering shrubs and bushes, shrubbery, ornamental grasses, and trees. This year the seating area in the shrubbery and plant tent will be significantly increased to handle larger crowds. Shrubby Coordinator Ephraim Huyard explains, "We appreciate the growing support for our nursery items and are ready to meet the demand. The sale of annuals starts around 4:30 pm on Thursday and nursery stock at 5:30 pm. On Friday annuals begin at 8 am and nursery stock at 9 am with a large variety of plants on the auction blocks all day long. There will be plenty of plants for everyone."

The auction is pleased to announce the donation of a runabout, a locally made open four-wheel carriage. Since the entire proceeds from the sale will benefit the Fire Company, the bidding on this carriage is sure to be one of the highlights of the auction. Other auction highlights are the local foods, the horse-drawn shuttle wagon, the rows and rows of antiques, and the great variety of specialty carriages as eight auctioneers circulate among the auction blocks. At the end of a fun day, buyers have the satisfaction of knowing they have supported a great cause.

# **Save the Date for the Fair Hill CDE**

## **Sponsored by Glen Willow**

### **Sept 2 - 4, 2016**

Glen Willow may be taking a vacation in 2016, but the organizers who are remaining in the U.S. this summer will be offering an alternative. On September 2-4, The Fair Hill CDE will take place at the Fair Hill Natural Resource Area in Elkton, Maryland. (The same site as Elk Creek CDE in June.)

For many years, Fair Hill was the site for one of the country's premier combined driving events, held in conjunction with Eventing. Under the direction of Lana Wright and Diane Trefry, excellent obstacles were built, as well as both grass and stone dust dressage rings, and the event was a favorite among competitors. Many will remember the popular competitor parties held to celebrate the Halloween Weekend. This year Fair Hill will celebrate the Labor Day Weekend with a grand barbecue/picnic for competitors and volunteers.

Classes will be offered for Training Level through Advanced. USEF recognized. Mark your calendars! Complete details will be published online and in the next edition of the ADS Omnibus.

## Buxmont Driving Clinic for Novice Driver held on May 22nd

Comments from Zana White about the clinic: "The clinic was excellent! I brought my new mini "Jasmine" to the clinic. It was a perfect venue to see how she would handle a show situation! I asked Gemma Pagliei to drive her so I could be in the arena in case things went south but they didn't and Jasmine is on her way to being a driving VSE! Jaye Ventresca and Margaret Henry worked with the mini "Steele" harnessing and putting to. Becky Merritt instructed and did a mock show situation. Everybody got a lot of attention and constructive help. And all improved right before our eyes!
