Getting started

OWNING A HOME PAYS OFF

Home ownership means more responsibilities, but also potential benefits for your family and your finances.

For example:

- Your home **may appreciate in value**.
- You can **build equity** to use for home improvement loans, education and other expenses.
- **Your home is your own** – you can do what you like with it to reflect your lifestyle.
- You may **save money at tax time** by deducting mortgage interest and property taxes.*

*Consult a tax advisor regarding the deductibility of interest.

The mortgage process

KNOW WHAT YOU CAN AFFORD

To help you get started, keep these basics in mind:

- Your home price generally should be no more than 2.5 to 3 times your annual income.
- Monthly debts usually should not be more than 36% of your gross monthly income.
- You can calculate your monthly housing budget by taking your total income, then subtracting:
 - » Fixed expenses (car payment)
 - » Variable expenses (credit cards or utilities)
 - » Monthly savings

The result is the money you could have available to budget for housing.

Gain further visibility into your finances with [PNC Home Insight® Planner](#). Determine the mortgage payment that you can truly afford based on your unique budget and lifestyle. Then use Planner to view homes within your price range.

GET PRE-APPROVED

When looking for a new home, a pre-approval is an ideal next step to find out how much you're qualified to borrow. And now that the process is online, knowing how much home you can afford is even easier.

The perks of a PNC pre-approval*

- Confidence: Know you can rely on a firm lending commitment.
- Reliability: Show sellers and agents that you're a serious buyer.
- Speed: Streamline your home search by looking at homes in your price range.
- Predictability: Budget around your estimated monthly payments.
- Convenience: Get pre-approved online from the comfort of home.

SHOP FOR A HOME

If you're pre-approved, it's time to contact a real estate agent who can show you homes in your price range.

You can also search for homes within your budget with [PNC Home Insight Planner](#). Then, save the homes you would like to view later or share with your family, friends or real estate agent.

CONSIDER MORTGAGE OPTIONS

We provide mortgages to fit your situation, including:

- **Fixed-Rate Mortgage:** interest rate never changes
- **Adjustable-Rate Mortgage (ARM)¹:** lower starting rate that may increase or decrease over time
 - » PNC ARMs have rate adjustment caps

 [WHICH IS BETTER: FIXED OR ADJUSTABLE?](#)

- **FHA Loans** for expanded eligibility and low down payments
- **Veterans Affairs Mortgages** for U.S. military service members
- **Affordable lending products** that offer low down payment options²

 [WHICH LOAN IS RIGHT FOR ME?](#)

¹ For Adjustable Rate Mortgage loans (ARMs), rates may increase after settlement.

² A PNC Mortgage Loan Officer can help determine your eligibility for this offer. To qualify, borrower's household income must be at or below 80% of the median household income for the metropolitan area (MSA) or the financed property must be located in a low- or moderate-income census tract as designated by the FFIEC.

KNOW THE COSTS

There are three main costs you'll need to consider and prepare for:

- Your **down payment** – generally 3% or more of the sale price.

[HOW MUCH SHOULD I PUT DOWN FOR A NEW HOME?](#)

- Your **monthly payment and interest rate** – knowing current rates will help you more accurately estimate your future monthly payments.

[WHAT ARE THE CURRENT RATES?](#)

- **Closing costs** – these include a variety of fees and other expenses.

[WHAT WILL MY CLOSING COSTS BE?](#)

Use the calculators above as a starting point to determine potential costs. Then, when you apply online with PNC, you'll be able to view your rate, estimated monthly payments and closing costs before you commit to completing the application.

Other costs to consider include:

- Taxes and insurance
- Utilities
- Repairs and maintenance
- Homeowner association dues or assessments

While these costs will vary from home to home, you'll want to know what they are before making a final offer.

Don't forget, [Home Insight Planner](#) can help you adjust categorized expenses to find an affordable home payment that fits your needs.

APPLY ONLINE

Once you've found a home and your offer is accepted, you can complete your application online.

When you apply online with PNC, you can:

- View rates, estimated closing costs and monthly payments upfront.
- Save your application and resume where you left off.
- Save time and paper by electronically verifying your income, assets and employment.
- Submit your application and lock in your rate.
- Electronically review and sign disclosures.
- Upload documents and track your application's progress through closing.

I'll also be here to help answer your questions and assist you at any time during your home-buying journey.

TRACK YOUR APPLICATION STATUS

You can use [PNC Home Insight® Tracker](#) on your computer or mobile device to get a comprehensive view of where you stand in the process from application through closing.* Plus, you can upload documents and exchange secure messages with your home lending team.

HOME INSPECTION, APPRAISAL AND TITLE SEARCH

Once the seller accepts your offer, you may want to hire a certified home inspector who can verify there are no structural problems, code violations or other potential concerns.

In addition, the lender will order a third-party appraisal to determine what the home is worth. Prior to closing, the lender or seller will also order a title search to:

- Discover any other claims on the property.
- Make sure you can get a clear title to your new home.

*Carrier fees for data usage may apply.

The mortgage process

CLOSE THE SALE

At last – you're ready to finalize the sale!

During the closing, you'll meet with all parties involved in the sale to make it official by signing documents and paying your closing costs, which may include:

- Attorney, credit report and/or processing fees
- Title search and insurance
- Appraisal and inspection fees
- Discount Points – A fee paid to the lender to obtain a lower interest rate
 - » Each point typically represents 1% of the loan amount
- Other costs, depending on your particular loan

SPECIAL MORTGAGE OPTIONS FOR UNIQUE LENDING SITUATIONS

If you've always wanted to buy your own home, but were unsure if you could qualify for a mortgage, PNC has programs that can help.

Speaking to a PNC Mortgage Loan Officer can help you understand your best options among several special loan programs that feature:

- Low- to moderate-income lending guidelines
- Limited down payment requirements
- Flexibility for those with a less-than-ideal credit history
- Down payment assistance

PNC COMMUNITY MORTGAGE

Our PNC Community Mortgage* is designed to make home ownership easier and more affordable. This program is exclusive to PNC and features:

- **Low, flexible down payments** – You can buy a home with as little as 3% down, and only \$500 of the down payment must be your own cash. The rest can come from family members or through down payment assistance programs from local governments or nonprofit organizations.
- **Lower monthly payments** – When making a down payment of less than 20%, private mortgage insurance (PMI) is a common requirement. But, because a PNC Community Mortgage does not require PMI, you avoid this added expense.

*PNC Community Mortgage is offered to borrowers who are financing a property located in a low- to moderate-income census tract or whose household income is 80% or less than the median household income for the Metropolitan Statistical Area (MSA). Consult a PNC Mortgage Loan Officer to determine eligibility and get full details.

Affordable Lending

GOVERNMENT LOAN OPTIONS

PNC participates in several federal loan programs that can help make buying a home a reality:

- Federal Housing Administration (FHA) loans:
 - » Feature a low down payment
 - » Offer more flexible qualification criteria than conventional loans
- Veterans Affairs (VA) loans:
 - » Available to veterans, active-duty service personnel, reservists, National Guard members and their spouses
 - » Guaranteed by the U.S. Department of Veterans Affairs
 - » Low or even NO down payment required

PNC HOMEOWNERSHIP GRANT

You may qualify for a grant from PNC,* which you can use toward closing costs or to help fund an escrow account to cover property taxes, insurance or other expenses that may need to be prepaid. Unlike a loan, a grant never needs to be paid back.

*A PNC grant is available in select markets only.

PRIVATE MORTGAGE INSURANCE (PMI) OPTIONS

PMI is a special insurance policy that allows borrowers the flexibility to make down payments smaller than 20%. It protects your lender in case of default on the payments. If your mortgage requires PMI, PNC gives you the option to pay the PMI premium in a single lump sum at closing or as part of your monthly mortgage payment.
