# STYLE & SUBSTANCE

the perfect solution

We carefully research the latest styles and colours to bring you stunning designs, and also listen to how people want to use their kitchen. This results in a design that not only looks sensational but is functional and easy to use as well.

The new white oak premium worktop reflects the current trend for lighter wood colours and realistic, structured finishes.

Taking inspiration from early furniture design, Olika has multiplex edging which has a black core adding a modern finish when combined with the neutral solid colour onyx.

Olika Light Teal

EAT, COOK AND SOCIALISE IN DEFINITIVE KITCHENS; A KITCHEN RANGE ON THE CUTTING EDGE.

The haze cabinet is a new lighter, purer grey colour which co-ordinates with the new haze colour doors.

New worktops inspired by nature add a touch of luxury to any Definitive kitchen.

## FLOW LIMITERS FOR TAPS & MIXERS

Flow limiters can be used with appropriate products to improve water efficiency and can assist with meeting the requirements of part G of the Building Regulations and the code for Sustainable Homes. Suitable with all of the shown Bristan taps.

COLOUR	FLOW LIMITED TO	CODE
Pink	1 litre per minute	806 37
Olive	2 litres per minute	806 38
Brown	3 litres per minute	806 39
Grey	4 litres per minute	806 40
Yellow	5 litres per minute	806 41
Black	6 litres per minute	806 42

Tap tail type flow limiters are suitable for most Bristan basin, pillar taps, basin and sink mixers

Operating pressure range: minimum 1.0 bar, maximum 5.0 bar

All flow limiters accurate +/- 10%

Flow limiting flow straighteners aerates the water for a softer, nonsplashing flow

Flow limiting flow straighteners can be easily retro fitted in tap spout (dependent on tap/mixer model)

As no two trees are identical, please note that natural timber doors may vary in colour texture and grain pattern. Conditions in the home such as sunlight, cleaning chemicals, polishes and smoke can affect the colour of wood over time. Kitchen furniture is made up of a combination of different materials and whilst Moores do their utmost to minimise these shades variations, we are not able to guarantee totally matching colours. Commercial constraints preclude the hand selection of every component. With effect from the issue date shown until replaced by a new edition. E&OE. The colours and finishes reproduced in this catalogue may vary from the actual colours due to the limitations of the printing process. In the interest of continuous product improvement Moores reserve the right to alter specification as necessary.
