General Construction

Cabinets are frameless "European style" design with full access and full overlay styling. All panels and rail components are joined with engineered dowels, glue, screws, staples or a combination of those components appropriate to the typical use of the cabinet.

All frameless case construction is made from commercial grade furniture board with laminated, water resistant (not waterproof) surfaces.

Soft Close Hinge

All cabinets come with 6 way adjustable clip on 110° hinge opening with Soft Close (except where noted)

Shelf Clip

Self locking shelf clips

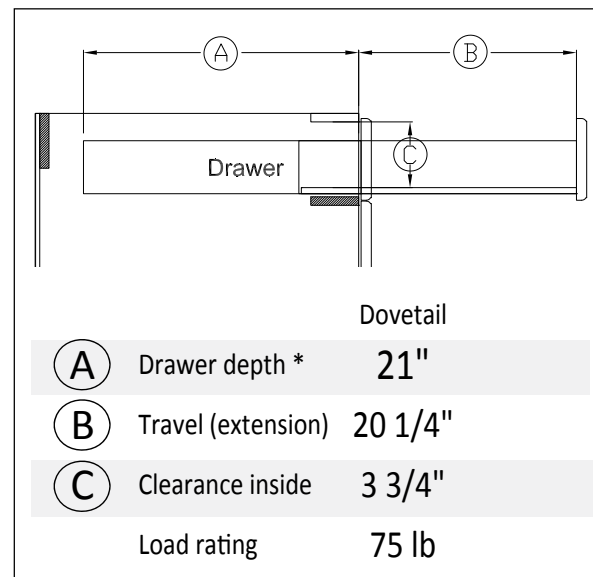

Drawer Construction

Dovetail Drawer

Larger drawers, such as pot and pan drawers, file drawers etc. come standard with a special heavy duty, full extension, 100 lb drawer glide. Note: This glide does not have the self closing feature

Stained and Heron Gray Door Styles

Thermofoil Door Styles (Except Heron Gray)

30	BS30	
33	BS33	
36	BS36	BSH36

Apron Sink Base (BSA)

- 12" tall trimmable slab header
- Partial back eliminates need to cut out
- Accommodates most apron sinks and professional cooktops

WIDTH INCHES	MODEL NUMBER
36	BSA36

Base Cabinet w/ 3 Drawers (B3D)

WIDTH INCHES	MODEL NUMBER
12	B3D12
15	B3D15
18	B3D18
21	B3D21
24	B3D24

Base Pot & Pan Cabinet w/ 3 Drawers (B3PP)

- Top drawer is dovetail with soft-close drawer guides. Bottom 2 drawer boxes are made of hardwood with full extension, side-mounted, heavy duty, soft close ball bearing glides

WIDTH INCHES	MODEL NUMBER
30	B3PP30
33	B3PP33
36	B3PP36

Base Cabinet w/ Single Waste Bin (BWS)

- Full extension heavy duty ball bearing glide system
- Includes one 12 gallon waste bin
- Soft close glide on top drawer
- Pull-Out Waste unit has full extension, side-mounted, heavy duty, soft close ball bearing glides

WIDTH INCHES	MODEL NUMBER
15	BWS15

Base Cabinet w/ Dual Waste Bins (BWD)

- Full extension heavy duty ball bearing glide system
- Includes two 12 gallon waste bins
- Soft close glide on top drawer
- Pull-Out Waste unit has full extension, side-mounted, heavy duty, soft close ball bearing glides

WIDTH INCHES	MODEL NUMBER
18	BWD18

Base Blind Corner Cabinet w/ Drawer (BB)

Shown as right

- Hinges mount to blind panel
- Includes 1 full depth, adjustable shelf
- Hinging specifications also indicate the position of the blind side (i.e., left hinge means blind is on the left)
- Not available with soft close hinge
- Filler must be ordered separately - minimum 1 3" AF330

WIDTH INCHES	MODEL NUMBER
39	BB39L
39	BB39R
42	BB42L
42	BB42R

Blind bases do not require additional pull to allow for clearances. Example: Installing a BB39 blind corner at 39 will not require additional pull. It will set at 39" with a 3" clearance.

A Minimum of 1" filler must be used to clear adjacent cabinet. A larger filler will be required to clear the hardware of the blind corner has drawer. We recommend a 3" filler.

MODEL NUMBER	A BOX WIDTH	B DOOR AND DRAWER WIDTH	MINIMUM PULL	MAXIMUM PULL
BB39/BBF39	30"	12"	37"	41"
BB42/BBF42	33"	15"	40"	44"

Left = Door hinged Left
Right = Door hinged Right

* Warning - pulling a cabinet less than it's specified code size will not allow drawer hardware clearance.

Base Lazy Susan Corner Cabinet (BLS)

- See illustrations below for size requirements
- Fits through 32" door opening
- Includes 2 independently spinning steel wire baskets
- 3" gap at back
- Not available with soft close hinge
- 165 degree side hinges and knuckle hinges in center

WIDTH INCHES	MODEL NUMBER
36	BLS36

Base EZ Reach Corner Cabinet (BEZ)

- See illustrations above for size requirements
- Fits through 32" door opening
- 165 degree side hinges and knuckle hinges in center
- Includes 1 full depth, adjustable shelf
- Not available with soft close hinge

WIDTH INCHES	MODEL NUMBER
33	BEZ33
36	BEZ36

Base EZ and Lazy Susan Clearance

Note: If either side of the BEZ/BLS is exposed, then order AP2435 side panel to cover 3" gap

Corner Sink Base Kit (BSCK)

- Requires adjacent cabinet end panel or BDE
- Requires 42" x 42" space
- Cabinet includes two 12" x 30" doors
- Floor has parts sub-assembled with pocket screws for quick installation
- Back corner clipped for out of square corners
- Uses Standard Hinges
- Cleat required to support countertop (not included)

WIDTH INCHES	MODEL NUMBER
24	BSCK42

Dishwasher Return (BDE/BDEC)

Order Processing and Lead-Time

Special order Hampton Bay Designer Series cabinet orders ship in 2 weeks. Some orders and store locations, including those outside the Continental U.S., may require more delivery time.

- Orders placed before 12pm PST M-F will be recognized at the end of the same business day
- Orders placed after 12pm PST M-F will not be recognized until the next business day
- Orders placed after 12pm PST F-Sun will be recognized on Monday (if not a holiday)

RTV Procedures

For any questions, please contact Customer Service at (800) 230-5661.

- If product was misshipped or there was an order entry error, contact customer service for disposition.

Damage and Shortage

- Reorder products or parts for consumer without delay. Replacements will be expedited as quickly as possible.
- If damage occurred during transit, have store receiving file a freight claim.
- All shortages must be reported to carrier within 30 days.

Manufacturing or Product Defect

- If the product has a manufacturing product defect process RTV for credit

Cancellations or Customer Return Requests: CANCELLATIONS OR CHANGES TO ORDERS ARE NOT ALLOWED AFTER 48 HOURS FROM RECEIPT OF THE STORE PURCHASE ORDER.

Care & Cleaning

- For normal spills, a damp cloth is sufficient. Remember to dry the surface immediately.
- Thermofoil doors can be cleaned with most general purpose household kitchen or bath cleaners.
- Wood doors can be cleaned with most general purpose household cleaners and polished with most furniture care products, not containing wax, petroleum solvents or silicones.
- Do not use caustic agents and/or abrasive scrubbers, or oven cleaners.
- Nicks and dings can be repaired with touch-up kits
- For stains that persist, flakes of Ivory soap diluted in warm water may be used. Remember to dry the surface immediately.
- Cabinets can be cleaned with a damp sponge, a cloth using soapy water, or most general purpose household cleaners. Do not use any type of abrasive cleaner or scrubbers.
- Do not let liquids stay on the surface for a long period of time. The surface is water resistant, not waterproof.

Disclaimers

Wood: Wood species in all finishes will exhibit color changes when exposed to different types of light and environments over time. Such color changes are expected in Hampton Bay Designer Series cabinets, and are not defects. Graining differences, mineral streaks and color variations are expected in wood cabinetry. Hampton Bay Designer Series door styles often exhibit these characteristics and such graining differences, mineral streaks or color variations are not defects.

Maple: Maple wood inherently has a characteristic known as "birdseye" or "fiddleback" pattern in the wood. When finished, it can have the appearance of a varied sheen, a splotchy appearance, or satiny look. This is the beauty of real maple and not a defect. In most cases it takes on a very pleasant look. Mineral streaks are common and may appear darker when stained.

Preventing Heat and/or Humidity Damage

Various cooking ovens, ranges, cook tops, cooking pots, toasters and other small appliances produce high heat and/or humidity. It is very important to make sure these products are positioned so rising heat is not trapped or confined, otherwise, you risk damage to cabinets or moldings that are not covered under the warranty. In addition, if higher temperature settings are used for extended periods of time, the radiant heat may be excessive and the doors and drawer fronts should be shielded or removed. This is particularly important on Thermofoil doors, which cannot be exposed to extended temperatures beyond 160 degrees without risking permanent damage. We recommend the use of a heat deflector (AKHD-page 18) for Thermofoil kitchen installations.

WARNING: This product can expose you to chemicals including wood dust, which are known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov

Limited Lifetime Warranty

This warranty covers substantial defects in materials and workmanship in your Hampton Bay Designer Series Kitchen products under normal home use. This warranty is offered only to the original consumer purchaser and may not be transferred.

The coverage of this warranty lasts for the lifetime of the original purchaser, so long as he or she owns the home in which the product was first installed.

What This Warranty Covers: RSI Home Products, Inc. ("RSI") warrants its parts and products to be free of substantial defects in materials and workmanship from the original date of purchase under normal home use. This warranty is offered to the original consumer purchaser only and may not be transferred.

How Long The Warranty Lasts: Coverage for all Kitchen Cabinets and Accessories lasts for the life of the product.

What RSI Home Products Will Do Under The Warranty: During the warranty period, RSI, at its option, will repair or replace any part or product that proves to have substantial defects in materials or workmanship, or RSI will provide an equivalent replacement product. In keeping with our policy of continuous product improvement, RSI reserves the right to change specifications in design and materials without notice and with no obligation to retrofit products we previously manufactured.

How State Law Applies: This warranty gives you specific legal rights, and you may also have other rights that vary from state to state.

Implied Warranties: RSI disclaims any implied warranty of merchantability, and there are no warranties that extend beyond the descriptions on the face hereof. To the extent that such disclaimer is not valid under applicable law, any implied warranty shall be coextensive in duration with this warranty.

Hand Carving, Wood, Aging And Printing Limitations: Because of the varying natural characteristics of wood and the effects of aging, product shown in displays and/or printed materials will not be an exact match to new cabinetry you will receive. Depending on the wood characteristics, the age of a sample and the environment of the showroom, samples will show some degree of variation from new product. In addition, you should not expect all doors, drawer fronts, trim or molding to match exactly in either finish or grain. Variation in wood is normal and unavoidable. In addition, it is not possible to match our colors exactly in printed materials. Therefore, you should view the actual samples when making your color selection. Slight variation in size and design is also characteristic of individually hand carved items. This variation can occur from carving to carving, which only adds to their uniqueness and beauty.

What This Warranty Does Not Cover: This warranty does not cover any problems or damage which result from improper transportation, improper installation, mishandling, misuse, abuse, neglect, abnormal use, commercial use, improper maintenance, non-RSI repairs, accidents, or acts of God, such as hurricanes, fire, earthquakes or floods. This warranty, and any applicable implied warranties, does not cover incidental or consequential damages arising from any defects in the product, such as labor charges for installation or removal of the product or any associated products. This warranty does not cover defects or damage caused by normal wear and tear, alterations, environmental conditions, humidity absorption, or mold. In addition, variations in hand carved items, wood grain, finish color, aging or other natural wood and stain characteristics are not considered defects and are not covered by this warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.
