## THE CITY OF MILWAUKEE

#### **POPULATION & SIZE**

With a population of just under 600,000, Milwaukee is the 30th-largest city in the U.S.A. The seven-county metropolitan area (Milwaukee, Kenosha, Ozaukee, Racine, Walworth, Washington and Waukesha counties) has a population of over 2 million. The City of Milwaukee covers approximately 96 square miles.

#### LOCATION

Milwaukee is positioned in the center of the Midwest, in the southeast corner of Wisconsin, on Lake Michigan's western shore. Milwaukee's prime location offers benefits for business and for daily living. Global shipping lanes are readily accessible via the Great Lakes and the Mississippi River.

#### **CLIMATE**

Milwaukee has four very distinct seasons. Lake Michigan cools the city in the warm months and moderates cold temperatures in the winter. Average high temperatures are 78 degrees Farenheit in the summer, 58.6 degrees in the fall, 31.7 degrees in the winter, and 53.7 degrees in the spring. Milwaukee receives about 34 inches of precipitation annually.

#### WHAT DOES MILWAUKEE MEAN?

Long before the first settlers came to this area, the Algonkian Indians had a special name for the land: Millioki, which means "gathering place by the waters." The Indians may have picked the name because they used the area for tribal gatherings or because they observed how three rivers (the Menomonee, the Kinnickinnic and the Milwaukee) met before flowing into the waters of Lake Mie-sit-gan (Michigan).

#### CITY OF FESTIVALS

Milwaukee celebrates its melting pot heritage throughout the year with a delightful procession of ethnic and cultural festivals. Rainbow Summer, Polish Fest, RiverSplashl, Lakefront Festival of Arts, Bavarian VolksFest, Bastille Days, Festa Italiana, German Fest, PrideFest, Irish Fest, Mexican Fiesta, Oktoberfest, Indian Summer Festival, Arab World Fest and the Holiday Folk Fair are just some of the colorful tributes to a cherished past. Summerfest is the world's largest music festival according to the Guiness Book of World Records. The 11-day festival features over 700 bands that provide a variety of music from national headline acts to up-and-comers on 11 stages.

# **BMO HARRIS BRADLEY CENTER**

1001 North Fourth Street Milwaukee, WI 53203 (414) 227-0500

Home sweet home... that's how the 2013-14 Milwaukee Bucks refer to the BMO Harris Bradley Center for the 26th straight season. The 20,000-seat sports and entertainment facility opened on October 1, 1988. The \$91 million structure was a gift to the Milwaukee community and State of Wisconsin from the late Jane Bradley Pettit and her husband, Lloyd, in honor of her father, Harry Lynde Bradley. Mr. Bradley was one of the founders of the Allen-Bradley Co., a national manufacturer of electrical controls headquartered in Milwaukee (now a subsidiary of Rockwell International).

Located in downtown Milwaukee, the BMO Harris Bradley Center covers more than one square city block and rises to a height of 13 stories. The exterior is clad in polished and flame-treated granite, with the same materiel used in the pedestals for the columns in the twin glass-enclosed, 60-foot-high signature

concourses, multiple concession and merchandise locations, and 28 large restrooms. The arena provides three levels of fan seating accommodations, including the private suite concourse, which is located just 30 feet above floor level while still allowing for over 7,200 fans to remain below.

The ATI Club, on BMO Harris Bradley Center's Club Level, is Milwaukee's most unique sports experience. This club, located on the north end of the suite level, provides the ultimate setting for interacting with guests and enjoying Bucks basketball while indulging in the style and comfort of this private environment.

The Palermo's Pizza Courtside Club offers the ultimate in quality service in a relaxing atmosphere, amidst the thrills of NBA action. The Palermo's Pizza Courtside Club includes a bar, lounge area with flat screen TVs, restrooms, private coat check and more. Courtside Club members also benefit from in-seat food and beverage service as they enjoy the game.

Behind the scenes, the latest in computerized and electronic equipment controls the security, communications systems and interior environment of the facility. State-of-the-art electronics and interior circuitry assist the media in covering events at the BMO Harris Bradley Center. As many as four television stations are able to telecast simultaneously from any of three locations in the arena. In addition, members of the media may transmit, as well as receive, information within the building through multiple sources.

Along with the Milwaukee Bucks, the BMO Harris Bradley Center is also home to the Marquette University Men's Basketball team, the Milwaukee Admirals AHL hockey team and the Milwaukee Mustangs arena football team. The Center regularly hosts a variety of other extraordinary entertainment events including concerts, figure skating and family shows.

The BMO Harris Bradley Center was designed by Hellmuth, Obata & Kassabaum of Kansas City, Missouri, and Venture Architects - a joint venture between the Milwaukee architectural firms of Kahler Slater, Torphy Architects and the Zimmerman Design Group.

#### TRAINING CENTER

3501 South Lake Drive, Suite 100 Milwaukee, WI 53235

In September of 1997, the Milwaukee Bucks went state-ofthe-art when they moved their basketball operations into a 35,000 square-foot wing of the Archbishop Cousins Center in St. Francis, Wis.

The Milwaukee Bucks Training Center, designed by Schroeder and Holt Architects, provides the team with a first-class, yearround facility dedicated to the athletic enhancement of Bucks players. Construction, improvements and equipment were completed at a cost of nearly \$3 million. In the 16 years since, continued upgrades have made the facility one of the finest in the NBA.

The gym features a running and spring track, which encircles a regulation 94' x 50' basketball floor, with six additional baskets to accommodate shooting drills. Just off the court are spacious locker room and training room facilities, a recreation lounge, a hydrotherapy room and a 42' x 36' weight and conditioning room. The Bucks also have access to a full-length swimming pool that is adjacent to their headquarters.

The building also houses a video editing system, meeting rooms and office space for the player personnel and public relations departments, as well as the entire Bucks coaching staff.

In the summer of 2006, the facility experienced a major makeover that coincided with the team's new logo and colors. The makeover was highlighted with the completion of a new practice court that mirrors the design the team uses for games at the Bradley Center.

The Milwaukee Bucks Community Relations department possesses an intense commitment to the community. For more information about the Milwaukee Bucks latest community events, please visit bucks.com/community.

#### **OUR MISSION**

On the court, the Milwaukee Bucks mission is to play hard and pursue victory. Off the court, the Bucks mission is to contribute to a better quality of life in Milwaukee and Wisconsin, and to positively affect the lives of all people in this community.

Young people continue to admire professional athletes, and because youth are so impressionable, a considerable portion of the team's efforts are dedicated to tomorrow's leaders. It is with dedication and determination that the organization participates in numerous charitable and philanthropic endeavors. As highly visible members of the community, the Bucks players, coaches and front office staff acknowledge and accept their unique role in society and pledge to improve the community's welfare through their expertise, energy, effort and dollars. Each Milwaukee Bucks player is committed to being a part of the community, away from the bright lights of the basketball court. Bucks coaches and employees share the players' commitment and devotion to the programs listed throughout these pages.

#### **BLOOD DRIVE**

The Milwaukee Bucks and Blood Center of Wisconsin annually team up in an effort to save lives through a day-long blood drive held at the BMO Harris Bradley Center. The 2012-13 season marked the 13th year of the blood drive, which attracted 487 individuals who donated a combined total of 427 units.

#### BOWL FOR THE CURE PRESENTED BY COLUMBIA ST. MARY'S HOSPITAL

The Milwaukee Bucks annually join forces with the Susan G. Komen Foundation Milwaukee Chapter to Bowl for the Cure, a day-long event that raised over \$32,000 through registration, donations, silent auction and a 50/50 raffle. The funds have contributed to a nationwide eight-year total of over \$6 million to the Komen Foundation.

#### BOYS & GIRLS CLUB OF GREATER MILWAUKEE

The Milwaukee Bucks have been long time supporters of the Boys and Girls Club of Greater Milwaukee, including their Y.E.S. Program and MYSEP (Milwaukee Youth Summer Employment Program). Bucks forward Larry Sanders donated a scoreboard to the Pieper-Hillside Boys and Girls Club to show his appreciation for an organization that gave him so much during his adolescent years.

## BUCKS CHARITABLE TICKET PROGRAM

The Milwaukee Bucks are committed to giving back to the community through their Charitable Ticket Program that provides over 250 organizations with the opportunity to attend Milwaukee Bucks games through donated tickets. Tickets are purchased and generously donated by Bucks players, Team Owner Herb Kohl and the Bucks organization. The program allows an average of 40,000 children, youth and

members of charitable organizations to attend games each season.

The "Bucks Buddies" Corporate Season Ticket Program, instituted in 2000, encourages local businesses to purchase season tickets for business or charitable use. Companies are encouraged to make tickets available to employees either without charge or on a discounted basis.

#### BUCKS WIVES SAVE LIVES PRESENTED BY COLUMBIA ST. MARY'S HOSPITAL

For 20 years, the Bucks have hosted the annual Bucks Wives Save Lives auction, featuring "Favorite Things" baskets compiled by players, coaches and Bango. Proceeds benefit Columbia St. Mary's Breast Health Programs and the Milwaukee Breast & Cervical Cancer Awareness Program. To date, the event has raised over \$282,000.

## CHILDREN'S HOSPITAL OF WISCONSIN HOLIDAY VISIT

Each holiday season, Bucks players, coaches and front office staff partner with Women for Midwest Athletes Against Childhood Cancer (MACC) and visit Children's Hospital of Wisconsin. Bucks personalities deliver toys and spread holiday cheer to children in the hospital and at the center.

#### **HABITAT FOR HUMANITY**

This summer was the fifth year that the Bucks have partnered with BMO Harris Bank for Habitat for Humanity projects, and the first time that forward John Henson has participated. As a part of BMO Volunteer Day, Henson joined bank volunteers and Habitat workers to help sand and paint trim, bend siding and plant gardens.

#### **SALVATION ARMY**

Each year, the Bucks staff helps the Salvation Army prepare 2,000 bag lunches to kick off its "Feed the Kids" summer lunch

program. And during the holidays, Bucks players, coaches and staff volunteer their time to ring bells during the Salvation Army's annual holiday giving campaign in addition to providing holiday cheer by hosting Emergency Lodge families at a Bucks game.

#### SAM'S HOPE LITERACY OUTREACH

For 15 years, Sam's Hope has been a proud partner of the Milwaukee Bucks. With the mission to encourage children in the inner city of Milwaukee to read at home each day and achieve in school, Sam's Hope and the Bucks connect for 20 projects throughout the year and provide new books for children to own at each one. Events include the Book Blast at the BMO Harris Bradley Center, and Bring a Book Home at the Milwaukee Art Museum and Discovery World. Bucks players also host several smaller reading at area schools and agencies. Sam's Hope and the Bucks distribute approximately 25,000 books per year.

#### SPECIAL OLYMPICS OF SOUTHEASTERN WISCONSIN

The team hosts an annual Special Olympic Basketball clinic each season where Bucks players and coaches teach campers basketball fundamentals. "I think back on my years coming up as a youngster, and a lot of times doing without. People came along and supplied some help to me. ... It's important for our team, our organization, our players to be a part of community events. I strongly, strongly support community events where we have the opportunity to give back, since we've been so fortunate and blessed to be in the positions we're in." ~Head Coach Larry Drew

#### **NBA CARES**

NBA Cares is the league's global social responsibility program that builds on the NBA's mission of addressing important social issues in the United States and around the world. Through this program, the NBA, its teams and players have donated more than \$220 million to charity, completed more than 2.5 million hours of hands-on community service, and created more than 810 places where kids and families can live, learn, or play, in 25 countries and territories on five continents. NBA Cares works with internationally recognized youth-serving programs that support education, youth and family development, and health and wellness, including: KaBOOM!, Special Olympics, Boys and Girls Clubs of America, UNICEF, the Make-A-Wish Foundation, and GLSEN.

#### **CHARITABLE DONATION & AUTOGRAPH POLICY**

The Milwaukee Bucks assist thousands of charitable endeavors throughout the state of Wisconsin each year. All requests or proposals must be made in writing on organization letterhead and be on file in the Bucks office at least six weeks prior to the date of the event. The Bucks will not consider requests from organizations outside of the state, but will direct them to an NBA contact in their area. Requests are limited to one request per organization per calendar year and aim to support non-profit (501c3) groups. Please note that the Bucks do not take ownership of items to be signed and are not responsible for any unreturned or lost merchandise.

#### THE MACC FUND TRADITION

The MACC Fund (Midwest Athletes Against Childhood Cancer) exists to support and fund childhood cancer and related blood disorder research. A pillar of support since its inception, the Milwaukee Bucks annually sponsor rumerous fund-raising opportunities for the MACC Fund in addition to hosting the Annual MACC Fund game at the BMO Harris Bradley Center each October during the preseason. This event is the cornerstone of the Bucks 37-year commitment to the MACC Fund. The Bucks have contributed more than \$1.3 million for cancer and blood disorder research since the inaugural MACC Fund game in 1977, the first major sponsored event to benefit the fund. Senator Kohl and the Bucks also contributed an additional \$100,000 on the occasion of the MACC Fund's 10th Anniversary in 1986.

The Bucks played a major role in the creation of the MACC Fund in 1976. The team's radio announcer at that time, Eddie Doucette, had a son, Brett, who was diagnosed with cancer in 1974. Jon McGlocklin, "the Original Buck," was retiring from the team, and Jon and Eddie decided to create a fund to support research to help children who had cancer. The MACC Fund was founded during a halftime ceremony of a Bucks game at the Milwaukee Arena on Dec. 10, 1976. Brett Doucette, the MACC Fund's "first success story," is married and living in Arizona.

Since its inception in 1976, the MACC Fund has contributed \$45 million to childhood cancer and related blood disorder research. It supports pediatric research at:

- The Medical College of Wisconsin in the MACC Fund Research Center
- Children's Hospital of Wisconsin, where translational research which takes place in the MACC Fund Center for Cancer and Blood Disorders
- The University of Wisconsin Carbone Cancer Center
- The MACC Fund Pediatric Cancer Research Wing in the Wisconsin Institute of Medical Research on the UW-Madison campus

MACC Fund supported research has had a significant impact on the survival rate for all types of childhood cancer, raising the five-year rate from 20 to 88 percent. The fund's support of critical research impacts children throughout the country and the world, as successful protocols developed in Wisconsin have become the standard for patient care across the United States. The Bucks have played a pivotal role in this "Gift of Hope."

## **HERB KOHL**

#### **PRESIDENT**

Public servant, philanthropist, businessman and professional sports team owner. All four accurately describe Herb Kohl, who begins his 29th season as president and owner of the Milwaukee Bucks organization. Kohl purchased the team on March 1, 1985 from Jim Fitzgerald, ensuring it would remain in Milwaukee.

"From the very beginning, my association with the Bucks has been a wonderful experience," Kohl remarked. "Wherever I go, people come up to me and talk about the team. The opportunity I was given to purchase and to keep the team here in Milwaukee is one of the most unique and fortunate experiences I've ever enjoyed."

In 1988, Kohl was elected to a six-year term as Wisconsin's 25th United States Senator, and he would go on to serve four terms in office. Having announced he would not seek re-election, Senator Kohl completed 24 years of public service at the end of 2012.

A Milwaukee native who grew up in the Sherman Park neighborhood, Kohl has maintained a lifetime commitment to his home city and state. He attended Sherman Elementary School and Milwaukee Washington High School. Kohl graduated from the University of Wisconsin-Madison in 1956, and went on to earn a Master's degree from the Harvard University Graduate School of Business Administration in 1958. Kohl served in the Army Reserve from 1958-64.

From 1959-69, Kohl served in many capacities with the then family-owned Kohl Corporation, operators of grocery and department stores. His parents had built their first Kohl's Food Market in the late '20s, and from that inauspicious beginning, grew the business into one of the Midwest's leading grocery and department store chains. Kohl was president from 1970 through the sale of the corporation by the family in 1979, and the Kohl's Department Stores have now expanded throughout the United States.

After years of involvement in public affairs in Wisconsin, having served as general chairman of Milwaukee's United Way campaign and state chairman of the Wisconsin Democratic Party, Kohl decided to run for the United States Senate seat vacated by William Proxmire. He was first elected to a six-year term in 1988, re-elected in November of 1994, in November of 2000, and again in November of 2006. His fourth and final term expired at the end of the 112th Congress on January 3, 2013.

Involved in a vast array of community-minded projects, Kohl has consistently championed the cause of education. He established the Herb Kohl Educational Foundation Excellence Scholarship and Fellowship Award Program in 1990. As of August 2013, the Herb Kohl Educational Foundation has awarded a total of \$8.6 million to Wisconsin educators, students and schools.

With a life-long interest in sports, Kohl was one of 10 original investors in the Milwaukee Brewers, and he also initiated negotiations with then NBA commissioner Walter Kennedy, which ultimately led to the granting of a franchise in January of 1968 to a group of Milwaukee investors.

Kohl's interest in sports does not stop at the professional level. In April of 1995, Kohl donated \$25 million to his alma mater to help provide a state-of-the-art new home for the University of Wisconsin-Madison men's and women's basketball teams, as well as the men's hockey team.

"I was very happy to be in a position to help build a first-rate, state-of-the-art sports arena," said Kohl. "I think it enhances the university's reputation as one of the premier athletic programs in the Big Ten and the country."

Recognized for his many efforts, Kohl has received numerous awards from throughout the state of Wisconsin, including: the 2013 Fellowship Open Legends Award from the Fellowship Open, one of the country's largest diversity charity golf outings, for his contributions in government service, business and in philanthropy; induction into the Wisconsin Athletic Hall of Fame in 2007; an Honorary Doctor of Humane Letters degree from Ripon College in 1999; Best Corporate Citizen of 1997 by Madison Magazine; the "Kiwanis Milwaukee Award" in 1987; an Honorary Doctor of Laws degree from Cardinal Stritch College of Milwaukee in 1986; the Greater Milwaukee Convention and Visitors Bureau "Lamplighter Award" in 1986; named "Humanitarian of the Year" in 1986 by the Wisconsin Parkinson Association; "Wisconsin Sports Personality of the Year" in 1985 by the Milwaukee Pen and Mike Club; and the "Joe Killeen Memorial Sportsman of the Year" in 1985 by the Wisconsin Broadcasters Association.

#### **SEASON NOTES**

- The Bucks compiled a 38-44 mark for the season and earned the eighth seed in the Eastern Conference playoff race, giving Milwaukee its 27th postseason berth in franchise history. Milwaukee's 21-20 mark at the BMO Harris Bradley Center marked the fifth consecutive season in which the Bucks had a winning record at home (and 14th time in the last 16 years overall).
- Both Brandon Jennings and Monta Ellis were named Eastern Conference Player of the Week twice during the season. The four total honors for the Bucks trailed only the Heat (7), Knicks (5) and Thunder (5) for most in the league during the 2012-13 campaign.
- Larry Sanders finished the 2012-13 campaign with 201 total blocks the fourth-highest total in franchise history and the first 200-block campaign by a Buck since Elmore Smith had 238 in 1975-76. With Sanders leading the way, the Bucks piled up 550 blocks as a team, surpassing the previous franchise record of 532 set during the 1982-83 season.
- Four Bucks players combined to notch 21 30-point games for Milwaukee: Brandon Jennings (10), Monta Ellis (9), Samuel Dalembert (1) and Ersan Ilyasova (1). That number was the most for a Bucks squad since 2006-07, when four players Michael Redd (12), Mo Williams (6), Earl Boykins (4) and Ruben Patterson (1) combined for 27 such games.
- On Nov. 30, Larry Sanders posted the first triple-double of his career by notching 10 points, 12 rebounds and 10 blocked shots at Minnesota. The 10 blocks tied Kareem Abdul-Jabbar's single-game Bucks franchise record.
- The Bucks earned their first win in Phoenix since the 1986-87 season with a 98-94 victory on Jan. 17, snapping a skid of 24 consecutive road losses to the Suns.

#### THE BEGINNING

As the Milwaukee Bucks enter their 46th season in the NBA, owner Herb Kohl celebrates his 29th season as president of the squad. Kohl purchased the team on March 1, 1985, from Jim Fitzgerald, ensuring it would remain in Milwaukee.

The National Basketball Association originally awarded the franchise to a group of investors based in Milwaukee - headed by Wesley D. Pavalon and Marvin L. Fishman - called Milwaukee Professional Sports and Services, Inc., on January 22, 1968. Pavalon and Fishman were named president and executive vice president, respectively, as the franchise was incorporated on February 5, 1968.

An application from Milwaukee Pro was registered with the Wisconsin Department of Securities for the sale of 300,000 shares of common stock to Wisconsin residents at \$5 per share. Because the issue caught public fancy, an additional 125,000 shares were offered when the stock opened on the over-the-counter market on April 24, 1968.

On the basketball side of the operation, the team went through both the college and expansion draft under the watchful eye of the team's first head coach, Larry Costello.

A Janesville, Wis., businessman, Jim Fitzgerald served as a member of the Board of Directors of Milwaukee Professional Sports and Services, Inc., beginning in 1973. He assumed his position as chairman of the board and president of the Bucks in November of 1976 and held that position until the sale of the franchise to Kohl in the spring of 1985.

#### WHAT'S IN A NAME

May 22, 1968, was the day when Milwaukee's second professional basketball team finally got a name - the Milwaukee Bucks. More than 14,000 fans participated in a contest to name the team. Records show that R.D. Trebilcox of Whitefish Bay, Wis., was one of 45 people who suggested the name 'Bucks.' He saw bucks (male deer) as being spirited, good jumpers, fast and agile. For his efforts in helping Milwaukee's entry into the professional sports world gain an enduring nickname, Mr. Trebilcox won a new car.

#### LOGO/COLOR HISTORY

On June 28, 2006, prior to the 2006-07 season, the Bucks unveiled an updated logo and a new color scheme. "The historical Bucks forest green and the silver introduced in 1993 remain in the identity, but purple has been replaced by a deep red - more sophisticated than the classic red used in the Bucks' color palette from 1968 through the mid-80's," Vice President of NBA Apparel Christopher Arena said. "The deep red is in line with the team's history and representative of their renewed commitment to intensity and energy."

The basic structure of Milwaukee's primary logo that was introduced in 1993 remains in the identity, but several areas were enhanced. The wordmark "BUCKS" now includes a more rigid, etched font with a retaining shape that mirrors the structure of the letters. The box that outlines the word "BUCKS" has been altered, as well. A "MILWAUKEE" wordmark, although not used in the primary logo, was created and will be used on various team materials and licensed products.

The logo was first introduced in May of 1993 when, following the 25th Anniversary season, the club announced that their franchise would be represented by a new logo with corresponding new uniforms. It depicts an aggressive, frontal view of the head and shoulders of an eight-point white tail buck on a triangular background atop stylized Milwaukee Bucks lettering. The color scheme featured hunter green, purple and silver. In making the announcement of the new logo, then-NBA Creative Director Tom O'Grady said, "The Bucks logo is an image of strength and focused determination. The solid logo design, incorporating the powerful buck, portrays a confident, cohesive team. It is one unit, an attribute of any good team. The buck itself gazes steadily ahead, as if to accept any challenge that may lie in its path. The theme of solidarity is repeated upon through the physique of the muscular buck and the heavy block lettering."

The 2006-07 changes also were applied to the team's secondary logo, which was first introduced during the 2001 Playoffs. The secondary logo is a derivative of the primary logo. It retains the existing red triangular base and eight-point silver buck antiers, while adding a silver-outlined green basketball that appears centered at the top of the triangular base.

A search for the team's initial logo/color identity in 1968 was the responsibility of then-General Manager John Erickson, who commissioned Milwaukee commercial artist Matt Kastelic to develop the team's first logo. The original logo featured a caricature of a buck wearing a sweater emblazoned with the letter 'B' and spinning a basketball on one hoof while sitting atop the words 'Milwaukee Bucks.'

The original official team colors of forest green, red and white were in use since their inception in 1968 through the 1976-77 season. From the 1976 through 1985 seasons, the club adopted various hues of green, including forest, kelly and lime, with a white accent. The changes in color did not affect the logo.

The Bucks currently have three uniforms that are worn throughout the season. The team wears its white home uniforms with green lettering and red trim at the BMO Harris Bradley Center. On the road, the Bucks primary uniform is green with white lettering and red trim. During the 2008-09 season, the Bucks introduced a red jersey to the collection, which is the alternate road jersey, and worn 15 times each season.

(2006-Present) - Prior to the 2006-07 season, the Bucks unveiled an updated logo and a new color scheme. The basic structure of their previous logo remained the same, but several areas have been enhanced. In the postseason, they beat San Francisco (4-1) and the Los Angeles Lakers (4-1) before sweeping Baltimore in four straight for the title.

<sup>\*</sup> Number retired

OSCAR ROBERTSON in 1974

and The Big 0" had the championship that eluded him in Cincinnati. Robertson averaged 18.3 points per game in Milwaukee's 12-2 postseason.

Robertson played three more seasons with the Bucks, and the team never won fewer than 59 games. In the last of his 14 NBA seasons, Oscar again led the Bucks to the Finals. Robertson retired after having led Milwaukee to a 248-80 record in four seasons. Robertson, the only Buck to wear the #1, had his jersey retired on Oct. 18, 1974.

JUNIOR BRIDGEMAN in 1988

Junior Bridgeman made his mark in Milwaukee as the Bucks "Super Sub." He started only 105 of the 711 games he played in a Bucks uniform, but Bridgeman scored in double figures for eight straight seasons, consistently among the league's highest scoring non-starters.

He was the league's top scoring sixth man in 1978-79, averaging 15.5 points per game. J.B. averaged 17.6 points in the 1979-80 season and 16.8 points per game the following year as the Bucks reached the 60-win plateau for the fourth time. In nine seasons, he hit double figures eight times. Bridgeman has played more games than any player in Bucks history (711) and is among the Bucks all-time leaders in points (7th, 9,892), minutes (8th, 18,044), steals (7-9th, 607), field goals made (5th, 4,142) and attempted (5th, 8,658). His #2 was retired on Jan. 17, 1988.

SIDNEY MONCRIEF in 1990

Puring the '80s, the most prolific decade in Bucks history, Sidney Moncrief was front man for a team that won 50 games for seven consecutive seasons and appeared in the playoffs in each of his 10 seasons (1979-89).

A five-time All-Star, Moncrief compiled 16.7 points per game in 10 seasons in Milwaukee. He also averaged 5.0 rebounds, 3.9 assists, 1.26 steals and finished with a career shooting percentage of better than 50 percent. But as proficient as Moncrief was at the offensive end, surely he was better known for his relentless defense. Moncrief earned four straight berths on the NBA's All-Defensive First Team (1982-86) and was the first recipient of the NBA's Defensive Player of the Year honor in 1983. His #4 was raised to the rafters on Jan. 6, 1990, at the Bradley Center. To this day, only Kareem Abdul-Jabbar and Glenn Robinson have scored more points in a Milwaukee uniform than Sir Sid (11,594).

JON McGLOCKLIN in 1976

If it has happened in the 44-year history of the Bucks, Jonny Mac was there to see it. An original member of the team, he remains a fixture in the organization, having spent the last 37 seasons as a team broadcaster.

McGlocklin enjoyed an 11-year NBA career that included eight seasons – not to mention an All-Star appearance and an NBA Championship – in Milwaukee. He was the leading scorer on the inaugural Bucks team (19.6 ppg) and became the first player to represent the Bucks in an All-Star Game. McGlocklin's name still graces the Bucks All-Time Leaders list in points (12th, 7,505), minutes (10th, 17,008) and free throw percentage (6th, 860). On Dec. 10, 1976, Jonny Mac's #14 was raised to the rafters.

BOB LANIER in 1984

Bob Lanier was an NBA legend before he put on a Bucks uniform, but five seasons with the Bucks – and five division championships – cemented his place as one of the best players in NBA history. Arriving from Detroit, Lanier provided veteran leadership to a team that averaged 53 wins during his four-plus seasons. Lanier was a leader off the court as well, serving as the president of the NBA Players Association during the end of his playing days.

Despite his brief tenure, Lanier is ninth on the Bucks postseason scoring list (680 points), tied for sixth in rebounding (342) and tied for third in blocked shots (45). His playoff scoring average of 15.1 is 12th. Counting his five seasons in Milwaukee, Lanier amassed 19,248 points in 14 years, finishing his career with averages of 20.1 points and 10.1 rebounds per game. He was inducted into the Naismith Hall of Fame in 1991. Seven years earlier, on Dec. 4, 1984, his #16 was hung at the MECCA.

**BRIAN WINTERS** in 1983

Brian Winters, an All-American selection in high school and at the University of South Carolina, carved his niche in Bucks history, playing eight seasons and averaging 16.7 points per game. His numbers would undoubtedly have been even better, but the 3-point field goal came into existence after he had already played five seasons. For his career, he was 114-of-314 (.363) from downtown.

A two-time Bucks All-Star, in eight seasons he helped the team achieve six postseason berths. Upon retiring in 1983, Winters was the leading play-maker in Bucks history (now 3rd, 2,479 assists). He is among the Bucks all-time leaders in scoring (8th, 9,743), games played (5th, 582) and steals (5th, 718). Winters was the third Bucks player to have his number retired, raising his #32 on Oct. 28, 1983.

**→ ★AREEM ABDUL-JABBAR** in 1993

Abdul-Jabbar (and his patented 'sky-hook') brought instant success to the Bucks. He earned Rookie of the Year honors in 1969-70, and the Bucks won 56 games. For an encore, Abdul-Jabbar led the Bucks to 66 wins and won the first of three MVP awards with the Bucks in 1970-71, averaging 31.7 ppg and 16.0 rpg. In the playoffs, he helped lead the Bucks to a 12-2 record and a World Championship.

After six seasons in Milwaukee, Abdul-Jabbar was (and still is) the leading scorer (14,211) and rebounder (7,161) in team history, and also tops the all-time list in scoring average (30.4 ppg), field goals made (5,902), attempted (10,787) and field goal percentage (.547). His 495 blocks rank fifth on the all-time list, even though the statistic was only kept during his final two seasons with the Bucks.

Abdul-Jabbar, a New York native, eventually longed for a return to big city life and was granted a trade to the Los Angeles Lakers, where he played 14 more seasons before retiring as the leading scorer in NBA history (38,387). He was elected to the Hall of Fame in 1995, and had his number 33 - which was never worn by another Bucks player - retired in a ceremony at the Bradley Center on April 24, 1993.

\*During the Bucks 40th Anniversary season, the team re-dedicated the seven retired numbers at ceremonies throughout the 2007-08 season at the BMO Harris Bradley Center.\*

**BACK ROW:** Trainer Arnie Garber, Guy Rodgers, Sam Williams, Greg Smith, Jon McGlocklin, Flynn Robinson, Head Coach Larry Costello. **FRONT ROW:** Rich Niemann, Dick Cunningham, Wayne Embry, Zaid Abdul-Aziz, Lenny Chappell.

#### HIGHLIGHTS:

- Prior to the season, the Bucks hosted the inaugural McDonald's Basketball Open, which also featured the Soviet National Basketball team and the reigning European champions, Tracer Milan of Italy.
- Milwaukee recorded its ninth straight winning season and 15th in the storied 20-year history.
- The Bucks finished the season with an awesome 992-648 (.605%) all-time record, bettered only by the Boston Celtics.
- The 1987-88 season saw the curtain close on an incredibly successful run in the Arena, as the Bucks prepared to move into the Bradley Center.
- On Dec. 4, 1987, the Bucks snapped Kareem Abdul-Jabbar's string of 787 double figure scoring games. Ironically, the last time Abdul-Jabbar failed to score in double digits was the first game of the 1977 season, also on the MECCA floor.
- Jack Sikma became the tallest man in NBA history to win the NBA free throw title by shooting 92.2% from the line.
- The Bucks string of 52 consecutive months of .500 or better basketball ended after a 6-9 record in January.
- Paul Pressey became the club's all-time leader in assists, topping Brian Winters on March 16, 1988.
- Junior Bridgeman was honored on Jan. 17, 1988, when his uniform (#2) was retired.
- In the final season at the Arena, the Bucks drew 452,057 fans to the Milwaukee Arena, including 38 of 41 sellouts.
- Milwaukee qualified for the playoffs for the ninth consecutive season and 16th time in 20 years.

- On June 19, 1996, Chris Ford was hired to replace Mike Dunleavy as head coach. Dunleavy retained his title as Vice President of Basketball Operations for the season, then resigned on April 26, 1997.
- Milwaukee's 33-49 record marked an eight-victory improvement over 1995-96.
- Vin Baker (21.0 ppg) and Glenn Robinson (21.1 ppg) scored 42.5 percent of the team's total points. Baker and Robinson were also the NBA's only teammates to each average 21 points.
- Baker's 10.3 rebounds per game made him the first Bucks player to average 20 points and 10 rebounds for a season since Abdul-Jabbar in 1974-75.
- Rookie Ray Allen scored the franchise's 100,000th field goal on January 18 at Atlanta.

### **HIGHLIGHTS:**

- Milwaukee captured its first Central Division crown since 1986, finishing with a 52-30 record, including 31-10 at the Bradley Center the best home record in the Eastern Conference.
- Through November 26, only two other teams had worse records than the Bucks (3-9). From November 27 on, only San Antonio (49-20) was better than Milwaukee's 49-21 finish.
- The Bucks 116-111 win over Denver on January 31 was the 600th of George Karl's coaching career. He was only the 17th coach in NBA history to reach the milestone, and the sixth fastest coach to reach the 600 victory mark (1,005 games).
- On February 13, Glenn Robinson became the fifth player in Bucks history to score 10,000 points. He became the first member of his draft class or the preceding draft class to top the 10,000-point barrier.
- Ray Allen (202), Lindsey Hunter (152) and Tim Thomas (107) were the only trio of teammates in the NBA to make at least 100 3-pointers during the season. Allen's 202 were second-most in the NBA and broke his own franchise record for treys in one season (172). Allen and Thomas shared the franchise record for three-balls in a single game (8, since broken). Thomas hit 8-of-10 threes at Portland on January 5, setting an NBA record with eight 3-pointers in a half.
- Ray Allen broke the team record (329 Lee Mayberry) for consecutive games played while at Vancouver on January 7. Allen had never missed a game to this point in his career (378) and held the NBA's consecutive games started streak at 366.
- Glenn Robinson (12/11-17) and Ray Allen (4/9-15) were each honored as NBA Players of the Week.
- The Bucks won a playoff series (Orlando) for the first time since 1989. The team made it to the Eastern Conference Finals for the first time since 1986.

#### HIGHLIGHTS:

- The Bucks finished one game shy of a berth in the NBA playoffs, with a 41-41 record. Despite the downturn, the Bucks did finish at .500 or better for the fourth consecutive season.
- A Bucks team that stayed relatively injury free for the last two seasons had no such luck this season. Among the team's top five scorers (Allen, Robinson, Cassell, Thomas, Redd), a total of 56 games were missed this season. That quintet appeared together in only 36 games (Bucks were 21-15). When one of the five missed a game, Milwaukee was a respectable 18-18, but when two or more were absent, the Bucks were 2-8. As a result of injuries and matchups, the Bucks fielded 17 different starting lineups this season.
- The Bucks set a franchise record with 16 treys in a 115-76 win over Houston on February 20. Milwaukee's 593 treys broke the all-time franchise record of 562, set the previous season.
- Despite missing 13 games to injury, halting his consecutive games played streak at 400 (12/21 at HOU), Ray Allen finished first in the league in 3-pointers made (229) and second in attempts (528). He broke his own franchise record for 3-pointers made in a season (202), and was 11th in NBA history in all-time 3-point accuracy, with 40.8 percent success rate (928-2,276). Allen hit a franchise record 10 treys (on 14 attempts) vs. Charlotte on 4/14.
- The Bucks 115-76 win over the Houston Rockets on February 20 seemed like just another game until the fourth quarter when Michael Redd scored 26 of his career-high 29 points. Redd hit eight treys in the fourth quarter to establish an NBA record for threes in a single period (and tied the NBA record for threes in a half).
- On the final day of the 2001-02 season, Glenn Robinson passed the 12,000-point mark for his career. On March 6 vs. L.A. Clippers, Robinson passed Sidney Moncrief (11,594) on Bucks all-time scoring list to trail only Kareem Abdul-Jabbar (14,211).
- The Bucks total home attendance (745,305) was the highest in team history. The average crowd of 18,178 exceeded the best previous average of 17,097, set in 1988-89. The 25 sellouts were the most during the Bradley Center era, breaking the previous record of 20 in 1988-89.

#### **HIGHLIGHTS:**

- The Bucks advanced to the postseason for the fourth time in five seasons under head coach George Karl, and for the 23rd time in their 35-year history.
- Milwaukee was one of the league's most prolific 3-point shooting teams, finishing fourth in makes (7.13) and fifth in attempts (18.61), while leading the league in 3-point percentage (.383). The Bucks tied a franchise record (since broken) with 16 treys in a 140-133 win at Cleveland on December 9. Milwaukee's 585 treys fell just short of the all-time franchise record of 593 (set during the 2001-02 season).
- Bucks sixth man Michael Redd emerged among the top 3-point shooters in NBA history. On March 30, he hit his 250th career 3-pointer to qualify as the fourth most accurate 3-point shooter in NBA history. Redd was second in the NBA in 3-point percentage (.438), third in 3-pointers made, and led the Bucks in accuracy for the second consecutive season. There were only seven games in the 2002-03 campaign in which Redd failed to deliver at least one 3-point field goal.
- Sam Cassell notched his first career triple-double in his 603rd regular season NBA game at Cleveland on December 9. Cassell tallied a season-high 39 points, 10 rebounds and 10 assists for the Bucks first triple-double since Ray Allen's 20 points, 10 rebounds and 11 assists at Boston on Feb. 7, 2001. Cassell doubled his career triple-double total on January 22 with a 14-point, 11 rebound and season-high 16-assist performance at Boston. Cassell was one of six players in the league to tally multiple triple-doubles during the regular season.
- The Bucks were one of nine teams to increase their points-per-game production this season. Milwaukee raised its points-per-game average from 97.5 points in 2001-02 to 99.5.
- Milwaukee committed a franchise low 1,044 turnovers, bettering their previous low of 1,123 established in the 1999-00 season. The 12.7 turnovers per game were second in the NBA. In the Bucks 120-93 win over Atlanta, Milwaukee committed a franchise-low four turnovers, one shy of tying the NBA record for fewest turnovers in a game.

### HIGHLIGHTS:

- The Bucks finished with a .500 or better record for the sixth consecutive season. It was the 24th .500 or better season in their 36-year history, and the team advanced to the postseason for the fifth time in the past six seasons.
- In his first season as an NBA Head Coach, Terry Porter led the Bucks to a 41-41 mark. He finished tied for third in Coach of the Year voting and was also a nominee for the J. Walter Kennedy Citizenship Award.
- Milwaukee led the Eastern Conference in scoring, averaging 98.0 points per game, good for 4th place in the NBA. The Bucks committed the fewest turnovers per game (13.54) in the Eastern Conference and were third in the league in that category.
- The Bucks went 33-21 against Eastern Conference opponents.
- Michael Redd, the runner-up for Sixth Man of the Year in 2002-03, started every game for the Bucks, averaging a team-high 21.7 points (10th in the NBA). Redd was voted by the coaches of the Eastern Conference to appear in his first All-Star Game where he scored 13 points on 5-12 shooting with three rebounds and three steals in 15 minutes.
- In January, Redd earned the Player of the Month award for the Eastern Conference after twice scoring a career-high 40 points.
- At the end of the season, several Bucks were nominated for awards: Redd was named to the NBA All-Third Team and finished fifth in voting for Most Improved Player. T.J. Ford was named to the All-Rookie Second Team. Desmond Mason finished sixth in Sixth Man of the Year voting.
- T.J. Ford suffered a spinal cord bruise in a February 24 game against Minnesota and missed the remainder of the season.
- Milwaukee shot 0-6 from 3-point range at Phoenix in their 123-111 loss on March 20. It was the first time that the Bucks failed to make a 3-point basket since February 21, 2002, again vs. Phoenix in a 92-81 loss at the Bradley Center. It broke a streak of 191 straight games with a 3-pointer made for the Bucks.

#### **HIGHLIGHTS:**

- The Bucks finished with a sub-.500 winning percentage for the first time since the 1998-99 season (30-52), but they did have their eighth consecutive winning season at home (23-18).
- Michael Redd maintained a career-high scoring average of 23.0 points per game (11th in the NBA).
- Redd also became just the second player in team history to lead the Bucks in scoring 50 or more times in one season (he did it 50 times). Kareem Abdul-Jabbar was the other.
- Redd scored his 5,000th career point on March 4 and connected on his 500th career 3-pointer on April 13.
- 15 separate players missed games due to injury, illness or suspension. T.J. Ford missed the entire season while recovering from neck surgery and Redd saw a string of 212 consecutive games played snapped due to a sprained left index finger. In all, 247 games were missed.
- The Bucks and Golden State Warriors tied an NBA-low for combined turnovers in a game with 11 (Milwaukee had six and Golden State had five) on March 30.
- The Bucks held Seattle to 73 points on 29.4 percent shooting on February 27. The 73 points were tied for 10th for an opponent-low in Bucks history (only 13 times in their history has a team been held to 73 points or less).
- The Bucks scored 78 first-half points on February 8 against Boston, including 42 second-quarter points, on their way to a 121-97 win. The 78 points were the most by the Bucks in a single half since the team scored the same amount on March 24, 1987 against New York.

#### **HIGHLIGHTS:**

- The Bucks finished the season 40-42 and advanced to the NBA playoffs for the 25th time in their 38-year history and for the sixth time in the last eight seasons.
- Milwaukee improved 10 games from their 30-52 record in 2004-05.
- In advancing to the playoffs, the Bucks became the first team in NBA history to make the playoffs with four new starters from the previous season.
- Michael Redd led the Bucks in scoring 63 times. He finished the season with 2,028 points, becoming just the second player in franchise history to break the 2,000-point mark in a single season.
- Redd also maintained a 25.4 scoring average (9th in the NBA), not just a career-high, but also the highest for a Buck since Marques Johnson averaged 25.6 points during the 1978-79 season.
- The Bucks set an NBA record by winning their first 13 games decided by six points or less (they were also 9-0 in games decided by three points or less). They became the first team in the shot clock era (since 1954-55) to win their first 12 games decided by six points or less (12-0) when they beat Minnesota 95-92 on January 10, topping the previous record of 11 set by both the 1967-68 St. Louis Hawks and the 1959-60 Boston Celtics.
- Milwaukee finished the season fourth in the league in 3F6% (.380), the second-best season mark in team history (behind only the 2002-03 squad's 38.3%). Charlie Bell finished the year 11th in the NBA in 3FG% (.423) and teammate Bobby Simmons finished T-12th (.420).
- Andrew Bogut had a fine rookie season, earning a spot on the All-Rookie First Team after averaging 9.4 points, 7.0 rebounds and 2.3 assists in 28.6 minutes per game. He was named the Eastern Conference's Rookie of the Month for January and appeared in the T-Mobile Rookie Challenge Game at All-Star Weekend (along with teammate T.J. Ford).
- Milwaukee set a new NBA record for fewest turnovers in a game on April 1 against Indiana. Their two miscues (since tied) beat out the old mark of three (set by seven teams). Milwaukee's previous franchise record for fewest turnovers in a game was four.
- The Bucks hit a franchise-record 18 three-pointers in their 132-110 rout of the Phoenix Suns at the Bradley Center on March 28. The 18 treys topped the previous franchise mark of 16. They also set a new NBA record after hitting 11 of those 18 triples in the third quarter

#### HIGHLIGHTS:

- The Bucks final record of 28-54 included an 18-23 record at the Bradley Center and a 10-31 record on the road. The season marks the first time the Bucks lost 23 games at home since 1995-96 (14-27). Their 54 losses were the most by a Bucks team since the 1995-96 team went 25-57.
- In total, Bucks players missed 234 games (third most in the NBA behind Boston & Portland) due to injury or illness. All five players in Milwaukee's projected opening day starting line-up missed at least 13 games or more due to injury. Milwaukee's injury/illness total was up from the 109 games missed in 2005-06.
- Michael Redd's 1,416 points over 53 games averaged to 26.7 points per game (5th in the NBA) and was also the highest for a Buck since Kareem Abdul-Jabbar averaged 30.0 points (1974-75). Redd also set a career high and broke a franchise record with 57 points against Utah (11/11), the previous record was 55 by Kareem Abdul-Jabbar (12/10/71). Redd also scored 52 on March 4 against the Bulls. After the 2006-07 season, Redd moved into 10th place on the Bucks all-time scoring list with 8,964 points.
- Mo Williams averaged career-highs in points (17.3), rebounds (4.8) and assists (6.1, 14th in NBA). He also became the first Buck to average at least 17.0 points and 6.0 assists in 50 games or more since Sam Cassell did it during the 2002-03 season.
- Milwaukee finished 11-6 in December and averaged 107.6 points per game to their opponents' 98.9. The team shot 48.9% from the field to their opponents' 46.4% and grabbed 40.1 rebounds to their opponents' 36.7. Milwaukee's 7-0 mark at home during the month was their longest home winning streak since the 2003-04 season (10 games). Michael Redd and Mo Williams both received Eastern Conference Player of the Week honors in December. Redd won twice (for the week of 11/23 12/3 and again for the week of 12/25 1/1) while Williams earned his honor for the week of 12/18 12/24.
- Charlie Bell was the only Buck to play in every game. He appeared in all 82 contests and started 64 of them.

#### HIGHLIGHTS:

- The Bucks finished 2008-09 with an eight-game improvement from their 2007-08 record of 26-56. That improvement was tied for the fifth-largest in the NBA in 2008-09. Milwaukee boosted their home win total from the previous season to 22 from 19 and nearly doubled their road win total with 12 from the seven they had in the previous season.
- Milwaukee's defensive numbers improved in points allowed 100.4, 16th in the NBA (103.9, 23rd in 2007-08), field goal percentage 45.8, 16th (48.0, 29th), 3-point percentage 37.8, 23rd (38.4, 21st), steals 7.4, 12th (6.6, 21st), opponent turnovers 16.5, 1st (13.7, 15th) and opponents assist:turnover ratio 1.28:1 (1.70:1).
- Milwaukee tied for the most back-to-backs with 22. The team had eight sets before the calendar shifted to December, a league-high with the next closest teams at six. The Bucks also had a stretch beginning on November 7 where they played their next 10 games as part of back-to-backs (five sets). The last time that happened was 2004-05 when Detroit played seven sets. It hadn't happened to the Bucks since January/February of 1996.
- The Bucks fell one game shy of an odd NBA occurrence that hasn't happened in more than 10 seasons. Starting with a loss to Detroit on December 27 and ending on January 17 at the L.A. Clippers, the club alternated wins and losses for 13 consecutive games, the longest such streak in the team's history. Milwaukee's longest streak of alternating wins and losses was eight games between January and February of 1973. The New York Knicks were the last team to top Milwaukee's mark of 13 games alternating wins and losses, going back-and-forth 14 times in December and January in the 1997-98 season. \*Note, although the Bucks won on December 23, that game was included as part of a three-game winning string and doesn't count toward the streak.
- Eight players missed a total of 138 games due to injury/illness. The team's leading scorer for the last five seasons, Michael Redd, missed 49 games. Redd was out 14 games in November with a right ankle sprain and suffered an ACL/MCL tear against Sacramento on January 24, missing the remainder of the season (35 games). Andrew Bogut, the team's leading rebounder the previous two seasons, missed a total of 46 games: three in November with a bone bruise in his left knee and then 43 from early January through the remainder of the season due to a lower back injury.
- The team's main four starters entering the year Andrew Bogut, Richard Jefferson, Michael Redd and Luke Ridnour played a total of 20 games together and were 11-9. In 36 games with Bogut, they allowed 97.6 points and opponents shot 44.7 percent. Without him those numbers became 104.0 points and 46.9 percent. With Redd in the fold for 33 tilts, Milwaukee averaged 99.4 points while shooting 45.8 percent from the floor. When Redd was out, those numbers became 99.2 points and 43.7 percent.

#### HIGHLIGHTS:

- The Bucks reached the playoffs for the 26th time in team history. Milwaukee's 46-36 record was a 12-game improvement from its 2008-09 record and a 20-game improvement from the 2007-08 season.
- Rookie Brandon Jennings poured in 55 points on 21-34 from the field, including 7-8 from three and 6-8 from the free throw line, in the Bucks 129-125 win over Golden State on Nov. 14. The 55-point tally was the most by any NBA player in 2009-10 and Jennings became the fastest (seventh game, edging out Wild Chamberlain in eight games) and the youngest (20 years and 52 days) player to top 50 points in a game (LeBron James previously held the record at 20 years and 80 days). His scoring outburst was also the most points by a Bucks rookie (Kareem Abdul-Jabbar had 51 on Feb. 21, 1970) and two shy of Michael Redd's franchise record of 57 (Nov. 11, 2006).
- Center Andrew Bogut swatted away a career-best 175 shots in 69 games (2.5 per game, second in the NBA) after blocking 275 in the first 262 games of his career. He blocked a shot in a franchise record 39-consecutive games, which was the longest streak in the NBA for 2009-10 and the longest since Marcus Camby's 51-game streak in 2007-08. Bogut entered the season outside of the franchise's top-10 block list and finished in sixth place with 450 career blocks.
- The Bucks set a franchise record with 645 three-pointers made, surpassing the previous best of 593 set in the 2001-02 season. Milwaukee finished the season with a 35.6 three-point percentage (eighth in NBA) and the 7.9 makes per game ranked sixth in the league. Brandon Jennings (145 makes, a franchise rookie record) and Carlos Delfino (134, career-high) combined for 279 threes, the most by any Bucks duo since Michael Redd (182) and Ray Allen (123) combined for 305 in 2002-03.
- Milwaukee went 23-7 over a 30-game stretch where they didn't lose consecutive games (beginning with the first win following the consecutive losses and ending with the last win). Included in that stretch were two six-game winning streaks and the Bucks were 12-1 during one stretch and extended that to 15-2.
- John Salmons was acquired by Milwaukee at the trade deadline and the Bucks went 22-8 in his 30 regular season games with the team. He averaged 19.9 points on 46.7 percent shooting and 38.5 percent from three while with the Bucks.

#### HIGHLIGHTS:

- The Bucks finished just two games out of the final playoffs spot in the Eastern Conference. Milwaukee posted a winning record at home for the third consecutive season and for the 12th time in the last 14 seasons.
- The Bucks set franchise records by holding 62 opponents under 100 points (second in the NBA) and 30 under 90 points (fourth in the NBA). From March 16 through April 6 they held a season-best 12 consecutive teams under 100 points (including five under 90). That string was tied for the fourth-longest in team history and is the longest since they went 13 games from January 27 through February 22 in 2006 (franchise record is 16 games in early 1999).
- Andrew Bogut led the league in blocks with a career-high 2.6 per game. Thanks to 168 blocks this season (seventh for a single season in franchise history), Bogut moved from sixth to third place in franchise history with 618 career blocks. Over the course of the year, he passed Randy Breuer (474 blocks, 5th), Kareem Abdul-Jabbar (495, 4th) and Ervin Johnson (586, 3rd). With those 618 career blocks, the Aussie big man joined Alton Lister (804) and Harvey Catchings (710) as the only three players in Bucks history with 600 or more blocks.
- Bucks opponents scored just 92.7 points per game, which was the second-fewest in team history (90.0 in the shortened 98-99 season) and the fewest for a full 82-game season.
- -The Bucks blocked 399 shots, their most since the 1993-94 season (407 blocks). Andrew Bogut (168) and Larry Sanders (72) accounted for 240 (60.2 percent) swats. Larry Sanders' 72 blocks were fifth in team history for a rookie (just behind Anthony Avent's 73 in 1992-93) and his eight blocks on December 1 were tied for the second-most in the NBA this season. The last Bucks player to block eight shots was Ervin Johnson on April 7, 1998. Sanders' 4.0 blocks per 48 minutes ranked him fourth in the NBA among players who appeared in at least 60 games.
- -The Bucks were hit harder than any other NBA club by injuries, as they lost a total of 275 games to injury/illness this season. Fourteen different players missed time due to injury and no player appeared in all of the team's 82 games. This was the first time since 2007-08 that the Bucks didn't have at least one player reach 82 games. Michael Redd led the club with 71 games missed due to an ACL/MCL tear in his left knee suffered in January of 2010. Drew Gooden missed 41 games with left foot plantar fasciitis, Carlos Delfino missed 33 games total, 32 with a neck strain/concussion-like symptoms, while Ersan Ilyasova (22 games), Brandon Jennings (19) and Andrew Bogut (17) all missed extended time.

### **HIGHLIGHTS:**

- Milwaukee completed the lockout-shortened season with a winning record at home for the third consecutive year and 13th time in the last 14 seasons. Despite finishing four games out of the eighth seed in the East, the Bucks remained in the postseason hunt until three days before the season ended, when a victory for the Philadelphia 76ers clinched their playoff spot.
- The Bucks tallied 100+ points in 33 games, the first time they had scored over 100 in 30+ games since the 2008-09 season when they did so 36 times. Milwaukee posted a 25-8 record over the 33 games in which they cracked the century mark.
- Milwaukee ranked third in the NBA with 23.48 assists per game and led the league in games with 30 or more assists with 13, five more than the next highest team (Chicago). The Bucks went 12-1 in those games. Additionally, Milwaukee held the spot for the highest single-game total of assists in the NBA during 2011-12 with 38 in a 115-105 win at Cleveland on March 14.
- Forward Ersan Ilyasova had a breakout season, posting career highs in scoring (13.0 ppg), rebounding (8.8 rpg), FG% (.492), 3P% (.455), 20-point games (11) and double-doubles (20) while playing just 27.6 minutes per game. He became the first player to average 12 points and eight rebounds in under 28 minutes since Arvydas Sabonis (14.5 ppg, 8.1 rpg and 23.8 minutes) did so during the 1995-96 season.
- Both Larry Sanders and Ekpe Udoh ranked at the top of the league for reserve players with multi-block games. Udoh was first with 26, and Sanders finished the season close behind at third with 23. The duo ranked No. 1 and 2 in the NBA for reserve players with threeblock games - Udoh had 14 and Sanders had 12. Udoh also finished the season ranked 11th in the league for blocks per game with
- The Bucks bench ranked near the top of the NBA when looking at stats recorded by hoopstats.com. Milwaukee's reserves averaged 33.8 ppg (9th in NBA), 17.5 rpg (5th), 8.4 apg (T-3rd) and 2.6 bpg (T-3rd). Additionally, the Bucks bench scored an average of 5.2 more points per game than their opponent's bench, good for 5th in the NBA.

#### **NBA PLAYOFF FORMAT & TIE-BREAKERS**

#### 2014 NBA PLAYOFF STRUCTURE

#### How teams are seeded:

Each conference sends eight teams to the NBA playoffs. The first four seeds in each conference are awarded to the three division winners and the team with the next-best regular season record. These four teams are seeded in order of regular season records. The four remaining spots are awarded according to record to the remaining four best non-division-winning teams.

Home court advantage for each series is awarded to the team with the best regular-season record. All rounds are best-of-seven series. Each series will follow a 2-2-1-1-1 home/road format except for the NBA Finals, which will follow a 2-3-2 home/road format.

#### **TIE-BREAKING PROCEDURES**

#### The NBA will look at the following factors (in order) if two teams tie for a playoff spot ...

- 1. Head-to-head results
- 2. If #1 is a tie: Winning percentage within the division (but only if tied teams are from the same division)
- 3. If #2 is a tie or does not apply: Winning percentage within the conference
- 4. If #3 is a tie: Winning percentage against playoff teams in own conference
- 5. If #4 is a tie: Winning percentage against playoff teams in opposite conference
- 6. If #5 is a tie: Point differential between offense and defense

#### The NBA will look at the following factors (in order) if multiple teams tie for a playoff spot ...

- 1. Winning percentage among all teams tied
- 2. If #1 is a tie: Winning percentage within the division (but only if tied teams are from the same division)
- 3. If #2 is a tie or does not apply: Winning percentage within the conference
- 4. If #3 is a tie: Winning percentage against playoff teams in own conference
- 5. If #4 is a tie: Point differential between offense and defense

#### Also ...

- 1. Any ties involving the championship of a division are resolved first.
- If a multiple-team tie is reduced to a two-team tie at any point using the above criteria, the two-team tie will be resolved in accordance with the existing two-team tie procedure.
- 3. In 1991, the NBA Board of Governors instituted a change involoving ties between teams in different conferences, such as what occurred in 1990 between Detroit and Portland. The first tiebreaker will still be head-to-head results, but the second tie-breaker will be the record of the Eastern Conference club against all West teams versus the record of the Western Conference club against all East teams.

#### Magic Number

The magic number is used to determine how close a front-running team is to securing a playoff spot. It is the total of additional wins by the front-running team, plus additional losses by the rival team, after which it is mathematically impossible for the rival team to secure a playoff spot.

For example, if Team A is leading Team B by two games with seven games remaining in the season, the magic number would be six. This is true because:

- 1. Six wins by Team A, regardless of how Team B performs, will secure a playoff spot for Team A.
- 2. Six losses by Team B, regardless of how Team A performs, will secure a playoff spot for Team A.
- 3. Any combination wins by Team A and losses by Team B that totals six will result in a playoff spot for Team A.

To calculate the magic number, use the following formula:

Magic Number = G + 1 - Wa - Lb

G = total games in the season Wa = total wins by front-running team Lb = total losses by rival team

## IN MEMORY

During the 2012-13 season, the Milwaukee Bucks family lost several members who contributed to the rich history and tradition of the organization. The Milwaukee Bucks honor their contributions to the franchise and remember their commitment and dedication to Bucks basketball.

## **FLYNN ROBINSON**

Flynn Robinson played just two seasons in a Bucks uniform, but made a lasting impact on the young franchise. A draft pick of the Cincinnati Royals, Robinson joined the Bucks midway through the team's inaugural season and went on to lead the first Bucks team in scoring at 20.3 points per game. The following year, Robinson earned his only career All-Star appearances after posting a career-best 21.8 points per game and leading the NBA in free-throw percentage (.898), all while teaming with rookie center Kareem Abdul-Jabbar to lead Milwaukee to the second round of the playoffs in just the franchise's second season of play. Bucks broadcaster Eddie Doucette famously referred to Robinson as the "electric eye" during his time in Milwaukee.

#### **RICK MAJERUS**

A giant of a man who loved to talk about basketball and life, Rick Majerus touched the lives of countless people in the Milwaukee basketball community.

A Milwaukee native, Majerus began his coaching career at Marquette, his alma mater, and spent 15 seasons there, first as an assistant coach on Al McGuire's staff and later as the head coach. He also held college coaching positions at Ball State, Utah and St. Louis. Majerus was only affiliated with the Milwaukee Bucks for one season, serving as an assistant coach on Don Nelson's staff during the 1986-87 campaign, but the impact he made through the course of his life on basketball in Milwaukee was immeasurable.

#### **BOB TAI**

A fixture at Bucks games for over 40 years, photographer Bob Tai was as recognizeable to ardent Bucks fans as any player or coach. Jim Foley, the original PR man for the Bucks, first invited Tai to photograph Bucks games in 1969, and he quickly became a fixture along the baseline, capturing photos of all the action in the arena both on and off the court.

Tai, who lived in Whitefish Bay for many years, also taught math and photography classes at Marquette and the Milwaukee Area Technical College.

#### LARRY REED

Larry Reed, a Milwaukee native and standout basketball player at the University of Wisconsin-Milwaukee, served as both a scout and basketball camp director for the Bucks in the early days of the franchise. Working first under Ray Patterson and later under Wayne Embry, Reed remained loyal to the Bucks organization throughout a career in basketball that also including coaching positions at UWM and the University of Wisconsin.

Reed will be remembered as one of the greatest players in UWM history, finishing his career as the only player in Panther history to record over 1,500 points and rebounds in collegiate play.
