DIVISION OF WORKFORCE TRAINING & CONTINUING EDUCATION

CAMDEN COUNTY COLLEGE provides members of the community an opportunity to complete workforce and occupational training, earn career and technical education credentials and certifications or enroll in personal enrichment courses through its many workforce training and continuing education offerings.

Camden County College offers short-term career, technical and workforce training programs that can be **completed in 10 months or less** and are designed to prepare students to enter in-demand occupations. As an additional benefit, students who successfully complete many of these programs earn college credits which can be applied toward a Camden County College Associates and/or Academic Certificate creating a seamless career pathway towards earning a degree at Camden County College. Visit camdencc.edu/priorlearning for more information and a full list of programs eligible for credit for prior learning.

Personal enrichment courses are dedicated to fulfilling a part of the College's mission by offering courses and programs which will provide cultural, social and recreational activities to the community.

REGISTRATION

▲ CCC is continuing to follow the state mandates in place regarding the COVID-19 pandemic. Due to ongoing updates there may be resulting changes to classes such as schedule (including start and end dates), hours, CEU's, locations, format, etc. Please note, in the event of such changes, no refund will be issued. The only exception will be in the event of a course cancellation. At the discretion of CCC, a partial refund or credit may be issued in the event CCC has to reduce the total number of course hours. Your registration confirms that you agree to these terms.

HOW TO REGISTER

GENERAL INFORMATION

CLASS CONFIRMATION

A confirmation letter will not be sent upon receipt of your registration. If you prefer you may call us at 856-374-4955 to confirm that your registration has been received.

TUITION AND FEES

Tuition and fees for Continuing Education courses are listed with the course descriptions. Tuition is the same for In-County and Out-of-County residents. Pricing Disclaimer: Please note that program prices stated herein are subject to change without prior notice. Please see payment options.

REFUND/CANCELLATION POLICY

You will receive a 100% refund if you withdraw five or more days before the first class starts. You will receive a 50% refund if you withdraw four days or less before the class starts. The 50% refund will be issued through the first day of class. After the first day of class, there is no refund. To obtain a refund, please call our office at 856-374-4955 to receive a "Request for Refund" form. Specialized refund policies may apply to courses. The college reserves the right to cancel a course when registrations are less than the minimum required. Tuition and fees are refunded in full if the course is cancelled by the college. The college also reserves the right to change the time, location, and/or instructor. If enrolled in a bundle, the start date for refund purposes is the first day of the first course.

(continued on next page)

DIVISION OF WORKFORCE TRAINING & CONTINUING EDUCATION

SENIOR CITIZEN REGISTRATION

Senior Citizens 65 years of age or older may enroll in continuing education courses at a 50% discount on course cost on a space available basis. You must register for classes the day before the course is scheduled to begin. Some courses and programs may not qualify for the discount; please ask upon registration for those eligible.

VETERAN/ACTIVE DUTY MILITARY DISCOUNT

Veteran, Active Duty Military and Military spouses and dependents may be eligible for this discount. Please visit camdencc.edu/ce for details regarding eligibility or call the Camden County College Veteran Services Center at 856-374-4960.

PARKING POLICY

No parking permit is necessary; however, you must park in white-lined, student spaces only.

ATTENDANCE POLICY

Specified Continuing Education courses require mandatory attendance. Students missing more than 5% of the total class hours or one full class session, whichever is greater, may not be issued a certificate of completion. CEU's on the certificates will indicate the number of hours a student was in attendance. If a student misses 5% or less, the full CEU's will be awarded.

CONTINUING EDUCATION UNITS (CEU)

The CEU recognizes persons continuing their education and keeping up to date in the latest technology in their fields. One CEU is awarded for every ten hours of instruction. CEU may be awarded for academic credit courses which meet the CEU criteria; however, individual participants will not receive both CEU and academic credit.

INCLEMENT WEATHER/ EMERGENCY CLOSING

When bad weather or an emergency necessitates cancelling classes, Camden County College will inform faculty, staff, and students of the closing through the College's website. Please note: programs scheduled at offsite locations may have additional or alternate closing instructions. If the weather gets progressively worse during the day, check again at midday and late afternoon for updates on closings.

LIFETIME LEARNING TAX CREDIT

As a Continuing Education student, you may be eligible for the lifetime learning tax credit. For additional information please consult your tax advisor or visit <http://www.irs.gov/instructions/i8863/ch01.html>.

CLASS LOCATIONS

Classes are held at the Blackwood Campus [BLK], William G. Rohrer Center [ROH] (1889 Rte. 70 East, Cherry Hill), Camden City Campus [CAM], Camden County Emergency Training Center [RETC] (420 N. Woodbury-Turnersville Rd., Blackwood) and Camden County Technical Schools [CCTS-GT] (343 Berlin Cross

Keys Rd., Sicklerville) [CCTS-PENN] (6008 Browning Road, Pennsauken). Please consult the individual course description for the particular location.

DAY ABBREVIATIONS

M=Monday, T=Tuesday, W=Wednesday, R=Thursday, F=Friday, S=Saturday, U=Sunday

TIMING IS IMPORTANT – REGISTER EARLY!

Many courses fill quickly and some courses do have size limits. Also, courses will be cancelled if the enrollment is not sufficient. Your registration may be the one that makes the class carry so please take advantage of early registration.

PAYMENT OF TUITION

Your registration is not complete until you have paid or made arrangements to pay your bill. Payment can be made using the options below. All payments must be made in full in accordance with the scheduled plan determined by CCC, at minimum 30 days prior to the class end date.

1. Self-Pay – Payment can be made with check, money order, Visa, MasterCard, Discover or American Express.
2. Payment Plan Option* – 50% due at the time of registration + \$25 payment plan fee. Two additional installments due on fixed dates predetermined by CCC. *Only applies to certain courses
3. Wells Fargo Loan – Please contact directly at 1-866-878-1089
www.wellsfargo.com/student
School Code: 00686570
4. Sallie Mae Loan – Please contact directly at 1-800-472-5543
<https://opennet.salliemae.com>
School Code: 006865-98
5. Government Funding for Unemployed – Grants available through your local One Stop Career Center. For more information please call your local county one-stop career center. For contact information by county, visit <https://careerconnections.nj.gov>.
6. NJ Governor's Industry Vocations Scholarship (NJ-GIVS) for Women and Minorities.
The award benefits women and minority students pursuing a certificate or degree program in a construction-related field. This Scholarship pays up to \$2,000 per year or up to the cost of tuition, less any federal, State, or institutional aid in an eligible certificate or degree program at one of New Jersey's eligible institutions. For more information, call 856-374-4955.
7. Foundation For Trades Scholarship for students entering the construction trades (Carpentry, Electrical, HVAC, Plumbing, Welding). The award amount will vary depending on the need of the applicant and cost of the program but will traditionally range from \$500 to \$6,000. Applicants should apply directly with the organization at foundationfortrades.org.

HEALTHCARE

Certified/Registered Medical Assistant [A]

This Certified/Registered Medical Assistant program offers an accelerated curriculum to provide all of the competencies necessary to pass the RMA exam. This program is designed to train students as multi-skilled professionals who will assist the physician in patient-care management and education. This course includes classroom and lab instruction, as well as an externship component.

Students will learn to perform a variety of clinical and administrative duties. Venipuncture, vital signs, urinalysis procedures, EKG, infection control techniques, sterilization techniques, hematology, tray setups, and patient preparation are examples of the clinical duties that the Medical Assisting student will be trained to perform.

Students will also learn diagnostic procedures, medical terminology and anatomy and physiology.

The graduates of the Medical Assistant Program at the Career & Technical Institute of Camden County College are eligible to take the RMA certification examination upon graduation. The RMA (Registered Medical Assistant) exam is administered by American Medical Technologists (AMT). Although some credentials use “certified” and some use “registered,” all AMT members are considered “certified.” **Externship days and times may vary and may not follow class schedule.* CEU's: 72.0

Students may be required to pass a background check and/or drug test before being admitted to externship.

Dates: 2/22/21-8/13/21

(end dates may vary based on externship site)

Days: Monday, Tuesday, Wednesday, Thursday

Times: 8 a.m.-3 p.m.

Hours: 720

Course #: CE.TRD-030-01

Cost: \$6,385 (Tuition \$4,000, Lab \$1,835, Books/Supplies \$550)

Location: CAM/hybrid

Next start: Fall 2021

***Online registration is NOT available for this program.** Applicants must obtain a registration packet prior to registering for this program. Registration packets are available via e-mail or US Mail. To request a packet please e-mail tradetraining@camdencc.edu or call 856-374-4955.

No information session required for admission. Certification exam is NOT included.

Dialysis Technician [A]

Are you looking for a great entry-level opportunity to enter the Healthcare field with little to no experience? Most Dialysis Technician programs are designed for individuals working within the healthcare field, this program is designed to bring you from no knowledge or experience to employable within 5 months! This program offers

a five-month curriculum designed to prepare the student for an entry-level position as a Hemodialysis Technician. The program will allow the student to progress through a standard dialysis facility orientation program at an accelerated rate by providing an extensive theoretical knowledge base and clinical practice in a laboratory setting. Dialysis clinic visitations will be scheduled for the purpose of observation and clinical conference. Courses to provide basic knowledge related to Nursing Principles and Practice, Anatomy and Physiology, and Medical Terminology. The Hemodialysis Technician is an important member of the Renal Care Team. Responsibilities include performance of routine dialysis procedures and patient care under the direction of a Nephrologist and supervision of an RN. Students who complete the Dialysis Technician program at the Career & Technical Institute of Camden County College are eligible to take the internationally recognized CHT (Certified Hemodialysis Technician) exam, through Bonent. No externship or work experience is required for this certification for CCC's Dialysis graduates. In addition, students are eligible to take the CCHT (Certified Clinical Hemodialysis Technician) exam, through the Nephrology Nursing Certification Commission (NNCC) upon completion of an externship or six months of work experience. CEU's: 60

Dates: 3/1/21 – 7/28/21

Days: Monday, Tuesday, Wednesday, Thursday

Times: M, W, R 8:30 a.m.-3:30 p.m.; T 10 a.m.-6 p.m.

HEALTHCARE

Patient Care Technician

The Patient Care Technician Program is designed to prepare students to train for one of the fastest growing professions in the health care industry today. The program focuses on building a complete and solid foundation for students in both classroom theory and hands-on clinical components. Students will build skills in basic and complex key concepts of anatomy and physiology; cardiac function; performing EKG; growth and development; phlebotomy; nursing care; nutrition; therapeutic communication; psychology; and critical thinking. Individuals prepared through the Patient Care Technician program may seek employment in acute care hospitals, sub-acute care facilities, outpatient laboratories, cardiac rehabilitation centers, and various other healthcare providers. Please note: students wishing to participate in a clinical experience must secure a clinical facility. Clinical experience is not a requirement for program completion.

Includes CPR training

Admission requirements (complete prior to registration):

- Students must be high school graduate or possess a GED
- Students must be 18 years of age
- Special program admission requirements. This information is provided in the registration packet

CE.ALH-056-01 M, 4-8 p.m.

Feeling the Healing - The Natural Health Way

This comprehensive course teaches people the truth about the 90 Essential Nutrients that your body needs every day to fix itself. The course also explores the 12 bad foods that cause inflammation and destruction in the body. Information discussed in the class is unknown to most of the population and can benefit everyone. This course is based on years of research done by the country's leading Naturopathic doctors and is presented in a way that is easy to understand.

W, 6:30-8:30 p.m. Online

Pharmacy Technician

This Pharmacy Technician Certification Board approved curriculum is for those interested in starting a career in the field of Pharmacy as well as being eligible and prepared to sit for the Pharmacy Technician Certification Exam. Successfully passing the Certification exam earns the credentials of Certified Pharmacy Technician, CPhT, as well as placing the individual in an advantageous position to seek employment in this growing and expanding field. Today most Health System Pharmacies are requiring Certification of those interested in Hospital Pharmacy employment and Community Pharmacies preferentially favor those with Certification to work alongside licensed Pharmacists in the prescription department. Some topics that are covered are pharmacy law, interpreting prescriptions, computer entry, defining drugs by brand and generic names and their common side-effects, ethics, inventory control, routes of administration, sterile and non-sterile compounding. This course will also cover the common pharmacy math calculations used in hospital and retail pharmacy that is also tested on the PTCE. It is suggested that individuals have a high school diploma or GED to enter the program due to the reading and math requirements of the course. Students are asked to bring a calculator to class. 14.4 CEU

WHAT'S TRENDING

Writing for Online Blogs, Magazines & Websites

You don't need a journalism degree or previously published articles to write for anyone's online blog, magazine, or website. Some opportunities offer exposure, while many pay well – \$1 a word and more. In this fast-paced session, you will learn how to: find ideas, sources, and more than 1,000 opportunities that pay, conduct interviews and create interesting content, protect your copyright, write query letters, and then use this credibility to sell other articles or even your self-published novel. A detailed tutorial will be emailed to set up your free Zoom account, then the webinar login information and materials will be sent the day of class.

Beginner's Guide to Starting a Free Blog

Online blogging is a great way to get the word out about you, your service, your product, or information you want to share! You will learn step-by-step how to:

- start a FREE blog with WordPress
- choose a blog template
- emphasize your blog content with a creative name
- use your unique voice to share your expertise
- connect your domain/website

You will also learn how to earn an income with your blog, including links to other websites and advertising on your blog, as well as increase your internet ranking. A detailed tutorial will be emailed to set up your free Zoom account, then the webinar login information and materials will be sent the day of class.

Meet the Agent/Publisher Q&A – Get Your Manuscript Critiqued

Have you ever wanted to talk to a real agent or publisher? Are you tired of having your manuscripts critiqued by non-professionals or paying an editor too much money to change your writing to their voice? Email one page of your in-progress manuscript for an in-class critique of one page of your poetry, article, short story, screenplay, novel, non-fiction book, or children's book. (Optional: You can then send your manuscript for a professional critique (for a critique fee of \$50 for up to 25 double-spaced pages + \$1/page thereafter, and a list of publishers/agents who are interested in your type of work.) The instructor is a journalist, author, screenwriter, agent, publisher, and adjunct online Professor of Publishing for Harvard. A detailed tutorial will be emailed to set up your free Zoom account, then the webinar login information and materials will be sent the day of class.

ANIMAL CARE

PEACE IN THE PACK BUNDLE I

Includes 5 classes! Best value!
Take all five for \$100 & save \$25!

Must register for all classes at the same time for discount. Package includes *Canine Body Language*, *Canine's Uses of Scent, Energy, Posturing and Vocalization*, *Canine Cognition, Emotion and Social Behavior*, *Canine Aggression* and *Compulsive/Phobic Behaviors*.

Canine Body Language

Learn all about the subtleties and complexities of the way that canines communicate every day to us and to each other through physical posturing and movement that greatly affects their daily behavior. Observe how almost EVERY aspect of a canine's body language conveys a specific message that we may completely miss. Learn to "speak canine" by observing, understanding and even mimicking certain stances and postures through the understanding of the context of their body language to ultimately communicate with them in a positive way. Learn to relate back to them in ways that they can understand, greatly achieving much more positive behavior every day and even avert or recondition negative ones. You're also invited to a complimentary Peace Walk for reactive dogs at a different location at the end of the semester.

Canine Cognition, Emotion and Social Behavior

How smart is your best friend? More research is being done to determine the amount of intelligence our dogs truly possess. Studies may surprise you! Learn just how intelligent your dog really is and how utilizing this information can help you to determine how to achieve a better bond and connection with your dog as well as achieving more positive behavior. Also, learn the importance of the emotional and social life of canines and how it greatly affects their interaction with us, each other and their environment, as well as how their survival depends on it. It's interesting to note that they are the only species that can truly focus on a human, our gestures, our faces, even our eye movements! You'd be amazed at how they can learn and what they can do! Learn how this, as well as their social order, affects their overall behavior. You're also invited to a complimentary Peace Walk for reactive dogs at a different location at the end of the semester.

Canine Aggression

This seminar can be lifesaving as it offers ways to help you and your dog to always remain safe. This class analyzes the many aspects and causes of various types of canine aggressive behavior; how it can be rehabilitated and in many cases averted. We'll look at it from a professional behavioral standpoint as well as from the true canine perspective to understand why the negative behavior is truly the last resource for the dog. This class is an absolute must for anyone caring for or working with canines. You're also invited to a complimentary Peace Walk for reactive dogs at a different location at the end of the semester.

4/13/2021 BLK
T, 7-9 p.m.

Compulsive/Phobic Behaviors

Because of our fast paced world, our dogs reflect us and are much more stressed too! This class defines and restructures certain behaviors that are anomalies in the canine world brought on by extreme stress, fear, trauma, anxiety, confusion and overexcitement. Rehabilitation is essential for focus and a return to a normal life for the canine. This is useful for anyone living or working with a dog with severe anxiety disorders. This seminar has been widely taken by veterinary techs and other industry professionals. You're also invited to a complimentary Peace Walk for reactive dogs at a different location at the end of the semester.

PEACE IN THE PACK BUNDLE II

Includes 5 classes! Best value!
Take all five for \$100 & save \$25!

Must register for all classes at the same time for discount. Package includes Guiding a Dog to Become Calm and Focused, Canine Essentials: Importance of Healthy Diet and Exercise on Behavior, Canine Aggression II, Training Techniques, Dogs and Cats: Peaceful Co-existence.

Guiding a Dog to Become Calm and Focused

This class entails the ways to become an excellent leader to your dog/dogs. It highlights ways to create true calming moments for your dog to learn to focus and trust you. This will ensure a strong bond and a strong connection between you and your dog to last a lifetime. These moments of a true state of calm emulate your dog's first leader, the canine mother. Now it all starts with calm direction from you. To do this you must learn to truly be calm first.

AUTOMOTIVE

Automotive Technology

This program addresses the fundamental working principles of the modern automobile. Instruction is provided in an ASE (Automotive Service Excellence) certified shop with ASE certified instructors. Skills and theories in the program follow proficiencies outlined through NATEF (National Automotive Technical Education Foundation).

Included in this program are topics in vehicle construction and design as they apply to mechanical, hydraulic, and electrical system service. These

sections include: engine design and operation, brake system operation and service, steering system service, suspension systems and alignment, engine

control systems, electrical and electronic systems, tires and wheels. Also covered is an introduction to hand and power tools, shop equipment, hand held test equipment, and shop safety practices. Additional instruction is provided in fasteners, gaskets, seals and sealants used in the automotive trade, measuring instruments, service manuals, sources of electronic service information and technical certification requirements.

Students will take nationally recognized competency exams in Braking System Operation and Service, Electrical System Operation and Service, Engine Performance and Steering / Suspension/ Wheel Alignment systems. These exams are supported by ASE but are NOT the voluntary ASE Technician Certification Exams taken by technicians already employed in the automotive service industry.

Course #: CE.TRD-011-01
Hours: 382
Dates: 9/28/20-6/14/21
Days: M, T, W
Times: 6-10 p.m.
Cost: \$3,050 – OSHA 10 certification included (\$2,200 tuition, \$350 lab, \$500 books/supplies)
Location: CCTS-GT

CONSTRUCTION TECHNOLOGY

Heating, Ventilation, and Air Conditioning [P]

Students will prepare for the EPA approved section 608 certification exams. Section 608 Technician Certification is required by the EPA in order to purchase CFC or HCFC containing refrigerants. Students will thoroughly study required material related to the theory of operations; including: safety, leak detection, heating systems (gas, oil, electric), combustion testing, heat pumps, refrigerant recovery and disposal, the national fuel code, oil heat servicing, hot water heat servicing, heat pump servicing. Hands on-training will reinforce material covered in theory classes. Computer based training is also provided for self-paced study opportunities. Additionally, students will take industry competency exams (I.C.E.) supported by NATE (North American Technician Excellence). These exams measure industry-approved standards of basic competency for entry-level technicians. Upon completion of the course, students will be certified and prepared to enter the trade with confidence in their understanding of HVAC concepts. Students who successfully complete this program may be credited hours towards the affiliated apprenticeship program.

Course #: CE.TRD-090

Hours: 572

Dates: 9/1/21 - 6/13/22

Days: Mon, Tues, Wed, Thurs

Times: 6-10 p.m.

Cost: \$4,625 – OSHA 10 certification included (Tuition \$3,550, Lab \$450, Books/Supplies \$625)

Location: CCTS-GT

Next start date: September 2022

Electrical – Residential [P]

Students in this program will be taught extensive electrical theory. The core unit will be a hands-on approach emphasizing house wiring, branch circuits, wire sizing, cable layout, three and four-way switches and ground fault circuit interruption. Additional units include service entrance equipment and calculations which are coordinated with basic electrical theory. The student will apply electrical subject units, such as: commercial-residential electrical and architectural drawings; branch circuits and feeders; appliance circuits; lamps and lighting; and panel-board selection. Students will learn math as it applies to the electrical trade, which will include: addition, subtraction, multiplication, basic algebra and some trigonometry. Students who successfully complete this program may be credited hours towards the affiliated apprenticeship program.

Course #: CE.TRD-080-01

Hours: 382

Cost: \$3,995 – OSHA 10 certification included (Tuition \$2,620, Lab \$600, Books/Supplies \$775)

Dates: 9/14/21-5/24/22

Days: T, W, R

Times: 6-10 p.m.

Location: CCTS-GT

Next start date: September 2022

Welding

This program offers students the most up-to-date instruction in SMAW (Shielded Metal Arc Welding) and OxyFuel Cutting, as well as Academic instruction which includes math, blueprint reading, drawing interpretation, welding inspection, shop maintenance and most importantly, general hot work safety. Students may also have the opportunity to try GTAW (Gas Tungsten Arc Welding) with Aluminum and Stainless Steel, GMAW (GasMetal Arc Welding). Shop time focuses heavily on SMAW fundamentals with Mild Steel, although, as students progress through the program they may begin working with other processes and materials, when and if available. Students will proceed through each project at their own pace and receive individualized instruction regarding safety, quality and general welding techniques. Upon successful completion of this program, it will be possible for students to graduate with American Welding Society's welding code, D1.1 "Structural Steel" Certifications.

HVAC CONTRACTORS

New Jersey requires HVACR technicians to be licensed. Detailed information can be found by visiting www.nj.gov/lps/ca/HVACR. For an individual to be eligible to sit for licensure, they must complete a four-year apprenticeship, consisting of both related technical instruction and on-the-job training, PLUS one additional year of work experience before applying for examination. Alternatively, individuals with a Bachelor's degree in HVACR and one year of experience OR a Bachelor's degree in a related field and three years experience may apply for examination.

The apprenticeship program, as determined by the Department of Labor, consists of four years in total. Apprentices are required to log 8,000 hours of on-the-job experience (2,000 hours per year) with a licensed contractor (sponsor) and at least 576 hours of classroom training (a minimum of 144 hours per year, also known as related technical instruction).

For more information contact tradetraining@camdencc.edu.

Carpentry Technology

This program offers both a hands-on and textbook instruction, which requires problem solving and logical thinking skills. All phases of residential carpentry are addressed. Units included are print drawing/reading, estimation time/material, frame construction, roofing/siding, drywall and finish carpentry. Graduates are limited only by their own inventiveness. Any one or part of one unit covered during this program could be expanded into a career. Planning, estimation, drafting, framing, siding/roofing, drywall installation, trim/cabinet installation, painting, building supply or hardware store person are but a few possibilities.

Course #: CE.TRD-020-01

Hours: 382

Dates: 9/14/21-5/24/22

Days: T,W,R

Times: 6-10 p.m.

Cost: \$3,550 – OSHA 10 certification included

(Tuition \$2,500, Lab \$700, Books/Supplies \$350)

Location: CCTS-GT

Next start date: September 2022

Hydro Technology (Plumbing) [P]

This program introduces students to all facets of the plumbing trade and will provide the basic skills needed for entry-level employment. Students will learn methods of installation, repair and plumbing maintenance. Theory-based instruction includes: basic trade competencies, trade mathematics, blueprint reading and drawing, as well as the National Standard Plumbing Code. Hands-on instruction will be given with the students participating in the actual layout, installation, and repair of plumbing systems, fixtures, and appliances. The tools, materials, and supervised projects assigned in class simulate actual conditions in the domestic and commercial plumbing industries. Students who successfully complete this program may be credited hours towards the affiliated apprenticeship program.

Course #: CE.TRD-120-01

Hours: 382

Dates: 9/14/21-5/24/22

Days: T, W, R

Time: 6-10 p.m.

Cost: \$3,795 – OSHA 10 certification included

(\$2,620 tuition, \$400 lab, \$775 books/supplies)

Location: CCTS-GT/hybrid

Next start date: September 2022

[P] – Pre-Apprenticeship program
[A] – Articulation opportunity available upon successful completion (visit camdencc.edu/priorlearning)
[L] – License Prep. Course
[O] – Online Course

R=Thursday, F=Friday, S=Saturday, U=Sunday

APPRENTICESHIP PROGRAMS

Apprentice courses are designed to aid apprentices both in theory and practical experiences to meet the requirements of US and NJ Departments of Labor. Emphasis is placed on those areas not normally covered in routine job performance. The student's sponsoring employer provides the actual field (on-the-job) experience. Apprentices are required to log 8,000 hours of on-the-job experience (2,000 hours per year) with a licensed contractor (sponsor) and at least 576 hours of related technical instruction (a minimum of 144 hours per year). Students who have successfully completed a relevant Pre-Apprenticeship program may be eligible for advanced standing in an apprenticeship program. Please contact the County Apprenticeship Coordinator to determine eligibility.

Camden County College is proud to offer apprenticeship training opportunities in the areas of: Electrical, Plumbing, and HVAC. The apprentice program is a partnership between industry and educational institutions. In order to qualify for enrollment as an apprentice, it is necessary for the student to be employed in their chosen field. Apprentices MUST be registered with the US Department of Labor, Office of Apprenticeship, and with the NJ Department of Labor and Workforce Development.

All registered apprentices who successfully complete the on-the-job and related classroom training requirements are eligible to receive a Certificate of Completion from the U.S. Department of Labor, Office of Apprenticeship. Registered apprentices, who successfully complete the apprenticeship career related classroom instruction, are eligible to earn up to 17 college credits toward Camden County College's 60-credit Associates Degree in Technical Studies.

Enrolling in apprenticeship courses at the College DOES NOT automatically register students as apprentices. Employers (sponsors) and employees (apprentices) must contact the County Apprenticeship Coordinator to facilitate the application process.

tradetraining@camdencc.edu 856-261-9462

All classes below are held at Camden County Technical Schools, Sicklerville

For Manufacturing Apprenticeship Opportunities Available, see page 29.

For Healthcare Apprenticeship Opportunities Available, see page 11.

Electrical Apprentice	Plumbing Apprentice	HVAC Apprentice
ELECTRICAL APPRENTICE LEVEL 1 CE.TRD-160-01 [L] 9/20/21-4/14/22 - M,R 7-10 p.m. Online Hours: 156 \$1,250 (Tuition \$950, Books/Supplies \$300)	PLUMBING APPRENTICE LEVEL 1 CE.TRD-170-01 [L] 9/20/21-4/13/22 - M,W 6-9 p.m. Online Hours: 156 \$1,150 (Tuition \$950, Books/Supplies \$200)	HVAC APPRENTICE LEVEL 1 CE.TRD-190-01 [L] 9/20/21-4/13/22 - M,W 6-9 p.m. Online. Hours: 156 \$1,200 (Tuition \$950, Books/Supplies \$250)
ELECTRICAL APPRENTICE LEVEL 2 CE.TRD-160-02 [L] 9/21/21-4/5/22 - T,R 7-10 p.m. Online Hours: 156 \$1,100 (Tuition \$950, Books/Supplies \$150)	PLUMBING APPRENTICE LEVEL 2 CE.TRD-170-02 [L] 9/21/21-4/5/22 - T,R 6-9 p.m. Online Hours: 156 \$1,050 (Tuition \$950, Books/Supplies \$100)	HVAC APPRENTICE LEVEL 2 CE.TRD-190-02 [L] 9/20/21-4/13/22 - M,W 6-9 p.m. Online Hours: 156 \$1,100 (Tuition \$950, Books/Supplies \$150)

UNIFORM CONSTRUCTION CODE

Elevator Inspector

The course is designed to assist individuals in meeting the requirements needed to become certified elevator inspectors or as an aide to elevator safety mechanics. Topics include inspection, testing, rules and regulations for elevators, escalators, lifts, and other lifting and elevator equipment. In addition, the course will focus on planning and review of inspection techniques. 9.2 CEU's
CE.PRO 041-51 2/2/21 - 4/20/21
T, R, 6-10 p.m. 23 sessions, Online
\$695 (Textbook additional charge)

Subcode Official [L]

This course is designed to prepare inspectors to become subcode officials. The class will cover subcode administration, legal aspects of code enforcement, and related legislation. Specific topics will include procedures and forms for permit application, stop orders, emergency situations, condemnations, case records, warrants relocation, housing maintenance, and legal rights of landlords and tenants. 4.8 CEU's
CE.PRO-042-01 2/3/21 - 4/21/21
W, 6-10 p.m. 12 sessions, BLK/hybrid
\$345 (Textbook additional charge)

Construction Official

This course introduces inspectors and subcode officials to the role of the construction official. Topics will include office organization, purpose and fundamentals of code enforcement, procedures for processing cases, administrative hearings, records maintenance, and housing maintenance. 4.5 CEU's
CE.PRO-048-51 2/4/21 - 5/13/21
R, 6-9 p.m. 15 sessions, BLK
\$345 (Textbook additional charge)

Technical Assistant [L]

This course is designed to provide students with an overview of a wide variety of matters related to the creation and maintenance of New Jersey's infrastructure with respect to issues such as the building of safe structures, maintenance and improvement of structures through issuance of permits, Certificates of Occupancy, violation notices, and stop-work orders. Specific subject areas will include computers, construction blueprint reading, UCC law and administration, construction fundamentals and code requirements, and technical problem solving. 4.5 CEU's
CE.PRO-043-51 2/4/21 - 5/13/21
R, 6-9 p.m. 15 sessions, Online
\$345 (Textbook additional charge)

Plumbing Inspector HHS [L]

This course will provide you with the knowledge needed to carry out plumbing inspection. It will cover 2018 NSPC, 2018 IFGC, 2018 IMC, & Administrative Codes. This will be a hybrid course made up of five (5) Saturday in-person lessons and thirty-five (35) on-line lessons (M,W,R). 12 CEU's.
CE.PRO-104-51 2/22/21 - 4/28/21
M,W,R 5:30-8:30 p.m. 40 sessions, BLK/hybrid
S 8:30-11:30 a.m.
\$795 (Textbook additional charge)

Fire Inspector HHS [L]

This course will give students a better understanding of the International Construction Codes and referenced standards as outlined in the NJ Uniform Construction Code. The students will also develop a better understanding of how to complete plan reviews and the entire plan review process. Upon the completion of this course the students will have met the hourly training requirement set by the UCC to be able to obtain a Fire, HHS certification. 6 CEU's.
CE.PRO 128-51 3/16/21 - 5/4/21
T,R 6-10 p.m. 15 sessions, BLK
\$595 (Textbook additional charge)

MANUFACTURING TECHNOLOGY

MANUFACTURING TECHNOLOGY

Computer Numerical Control (CNC) is a type of machine tool control that automates the motion of machines such as lathes and mills. CNC machines are used in today's job market to create precise parts at a globally competitive level. Career opportunities include titles such as operator, setup person, and programmer. Today's machinists need to be well versed in CNC technology in order to ensure upward mobility in the career path.

CNC Operations [A]

This course is the entry level offering that trains students how to operate a CNC machine. Students will have the opportunity to physically setup both lathe and mill style machines. Machines utilized in the class are industry standard. 2.0 CEU's

CE.MFG-003-51 1/23/21-2/20/21
S, 8:30 a.m.-12:30 p.m. BLK
\$446 (Tuition \$141; lab fees \$215; text/materials \$90)

CNC Programming [A]

This course is the second level offering that trains students how to manually program a CNC machine. Students will have the opportunity to manually write a CNC program and physically cut it on the machine. There will be mill program and one lathe programming example. 2.0 CEU's

CE.MFG-004-51 2/27/21-4/3/21 (no class 3/20)
S, 8:30 a.m.-12:30 p.m. BLK
\$446 (Tuition \$141; lab fees \$215; text/materials \$90)

If designated CNC or Mastercam Mill classes cancel due to low enrollment, students may be eligible to participate in existing Tuesday/Thursday evening programs. Additional information will be available if class(es) cancel.

Mastercam Mill Level I [A]

This course is the first level Computer Aided Manufacturing (CAM) offering that trains students how to graphically program a CNC machine utilizing Mastercam software. Students will have the opportunity to operate a CAM software platform to create a CNC program and physically cut it on the machine. CNC mill examples will be used. 2.0 CEU's

CE.MFG-005-51 4/10/21-5/8/21
S, 8:30 a.m.-12:30 p.m. BLK
\$500 (Tuition \$141; lab fees \$234; text/materials \$125)

Mastercam Mill Level II [A]

This course is the second level Computer Aided Manufacturing (CAM) offering that trains students how to graphically program a CNC machine utilizing Mastercam software. The projects 2-dimensional lathe work and 3-dimensional mill work with surfacing technology. Students will have the opportunity to operate a CAM software platform to create a CNC program and physically cut it on the machine. CNC lathe and mill examples will be used.

CE.MFG-006-51
Class will return in Fall 2021!
\$500 (Tuition \$141, lab fees \$234, text/materials \$125)

SPECIALIZED MANUFACTURING & TECHNOLOGY

CNC/CAM Programming Project Study [A]

This specialized 60-hour course will focus on instruction in CNC machine setup and CNC manual programming for both mills and lathes. CAM programming concepts will be introduced using MasterCAM software. In addition, full 3D wire frames will be constructed and surfaced with all current surfacing technology. 6.0 CEU

Call 856-374-4955 for schedule.

CE.MFG-008 BLK
\$3,999 (tuition \$1995; lab fees \$1759; text & materials \$245)

[P] – Pre-Apprenticeship program
[A] – Articulation opportunity available upon successful completion (visit camdenc.edu/priorlearning)

INFORMATION TECHNOLOGY

Computer Technician Support Specialist (CTSS) [A]

The CTSS Technology Career Track is designed to give someone with little or no computer experience entry level training. The skills learned in this track will provide students the ability to “get their foot in the door.” Proficiencies gained will be used in any hands-on technology specialty. This Career Track is great for those students who enjoy hands-on activities. 36 CEU's.

Courses Included: CompTIA A+ | Network+ | Security+

Certifications: A+ | Network + | Security+

Prerequisite: None, but preferred would be basic computer navigation and comprehension of basic terms.

Dates: 2/22/21 – 6/28/21 (no class 5/31)

Days: M - R

Times: 8:30 a.m. - 1:30 p.m.

Location: BLK/Hybrid

Certification exam is NOT included.

INDIVIDUAL COURSES

A+ Certification by CompTIA [A]

This CompTIA A+ Program prepares you for certification by providing instruction on system configuration, installation, upgrades, diagnosis, repair, preventive maintenance, and safety of vendor neutral PC Hardware. 14 CEU's

• CompTIA A+ Operating Systems Certification

• CompTIA A+ Hardware Certification

CE.CST-012-60

140 hours

Dates: 2/22/21 – 4/8/21

Days: M - R

Times: 8:30 a.m. - 1:30 p.m.

Location: BLK/Hybrid

Certification exam is NOT included.

\$2,200 (Tuition \$1,240; Lab Fees \$610; Materials & Text \$350)

Network+ Certification by CompTIA [A]

Network technicians need to be certified in order to advance in the industry. The marketplace is so starved for qualified personnel; a well trained certified technician can easily find work in the industry. Whether you're looking to upgrade your skills, advance your career, or start a career in networking then the Network+ certification course is for you. This course covers CISCO IOS. This is great preparation for the CCNA course! 10 CEU's

• CompTIA NETWORK+ Certification

CE.CST-008-60

100 hours

Dates: 4/12/21 – 5/13/21

Days: M - R

Times: 8:30 a.m. - 1:30 p.m.

Location: BLK/Hybrid

Certification exam is NOT included.

\$1,760 (Tuition \$810, Lab Fees \$550, Materials & Text \$400)

Security+ Certification by CompTIA [A]

Security+ covers the most important foundational principles for securing a network and managing risk. Access control, identity management and cryptography are important topics as well as selection of appropriate mitigation and deterrent techniques to address network attacks and vulnerabilities. Security concerns associated with cloud computing, BYOD and SCADA are addressed. 12 CEU's

• CompTIA Security+ Certification

CE.CST-033-60

120 hours

Prerequisite: Network+

Dates: 5/17/21 – 6/28/21 (no class 5/31)

Days: M - R

Times: 8:30 - 1:30

Location: BLK/Hybrid

Certification exam is NOT included.

\$2,075 (Tuition \$1,190; Lab Fees \$600; Materials \$285)

BUNDLE: A+, NETWORK+ & SECURITY+ [A]

Best value! Take all three for the CTSS Career Track and save \$325!

CE.BUN-002-60

360 hours

\$5,710 (Tuition \$3,010, Lab Fees \$1,700, Materials & Texts \$1,000)

Not eligible for Senior Citizen discount.

[P] – Pre-Apprenticeship program
[A] – Articulation opportunity available upon successful completion (visit camdencc.edu/priorlearning)

AUTOCAD 2018

AutoCAD Designers are in demand by today's top manufacturing, design, and drafting companies. AutoCAD software lets you design, visualize and document your ideas clearly and efficiently. With AutoCAD 2018 you'll move to new heights of productivity. New features help conceptualize and visualize designs, accelerate tasks and allow commands to be easily found. 2.4 CEU's each course

Who should take these courses?

Designers • Architects • Interior Designers • Contractors • Landscapers • Engineers

AutoCAD courses are Not Eligible for Senior Citizen Discount

AutoCad Level 1: Introduction to 2D Design in AutoCad

This course provides a fundamental understanding of introduction to 2D design. Hands on exercises are used throughout the course to teach students the basic commands necessary for professional 2D drawing, design, and drafting.

Students will learn how to:

- Create lines
- Draw circles, rectangles, and use trim & extend
- Build a drawing using a reference frame
- Use a multiline text, text editing, dynamic text, and justification
- Dimension styles: linear dimension, editing, dimension text, and radial dimensions.

Course #: CE.CAD-001-65

Hours: 24

Class will return in Fall 2021.

\$599 (Tuition \$254, Lab Fees, \$270, Text & Materials \$75)

AutoCad Level 2: Advanced 2D Design in AutoCad

This course teaches students tools and techniques for drawing, dimensioning, and printing 2D drawings.

Content learned in level 1 will carry into this course.

Students will learn how to:

- Use multiline viewports and work with layout templates
- Use surveyor units in a design and investigate polylines and polyline editing
- Use editing with the context menu
- Use tools such as polar tracking, polar snapping and temporary tracking points
- Work with text styles
- Work with dimension styles and leader lines to annotate drawings

Course #: CE.CAD-002-01

Hours: 24

Class will return in Fall 2021.

\$599 (Tuition \$254, Lab Fees \$270, Text & Materials \$75)

AutoCad Level 3: 3D Design in AutoCad

This course provides a fundamental understanding of 3D Design for the advanced AutoCAD user. This course will cover creation of 3D models using wire frame, surface, and solid modeling techniques.

Students will learn how to:

- Use 3D Workspace, 3DViews, Visual Styles, 3D Coordinates, and User Coordinate System
- Create an architectural solids design
- Work with solids editing
- Create solids from 2D designs and extract 2D views from 3D solids

Course #: CE.CAD-003-01

Hours: 24

Class will return in Fall 2021.

\$599 (Tuition \$254, Lab Fees \$270, Text & Materials \$75)

BUNDLE: AutoCAD 1, AutoCAD 2, AutoCAD 3

Best value! Take all three for the AutoCAD Specialist Career Track and save \$98!

CE.BUN-013-01 72 hours 2/16/21 - 4/29/21

\$1,699

(Tuition \$724, Lab Fees \$750, Materials & text \$225)

Not eligible for Senior Citizen discount.

INFORMATION TECHNOLOGY

Web Design & Development Project Study

The 60-hour curriculum packs an array of marketable skills in Web Design & Development. Students will gain expertise in coding skills using HTML, CSS, JavaScript and content optimization skills for websites. Courses explore software including Dreamweaver, Illustrator, Photoshop. Throughout the program, students develop advanced Internet research techniques and development of website development & design.

This program will run for 15 weeks. 6.0 CEU's.

Contact Professor Phyllis Owens for schedule at 856-227-7200, ext. 4682.

CE.PRO-138

BLK/hybrid

Cost: \$4,000 (tuition \$3,850, text & materials \$150)

Microsoft Office Specialist [0]

Within this program students will become proficient in Microsoft Office products including Word, PowerPoint, Excel and Access. The level of expertise will afford students the opportunity to become a certified Microsoft Office Specialist (MOS).

CE.CST-034-91 T, R, 6:30-9:30 p.m.

3/2/21 – 5/25/21 25 sessions, Online, 7.5 CEU

\$1,170 (Tuition \$500, Lab Fees \$450, Text & Materials \$220)

Certification exam is NOT included.

Microsoft Word 2016 [0]

The most widely used word processor in the world! Learn to create and edit documents, change the styles and fonts of your work, and utilize the easy-to-use toolbar capabilities. In addition, learn to format text, paragraphs, and entire documents and create and format tables. In Advanced, enhance your skills by learning graphics, mail merge, styles and templates, and multi-page documents.

Word – Basic [0]

Prerequisite: PC knowledge and Windows

CE.CMS-036-91 M, W, 6:30-9:30 p.m.

2/15/21 - 2/24/21 4 sessions, Online, 1.2 CEU

\$159 (Tuition \$72; lab fees \$68; materials & text \$19)

Word – Advanced [0]

Prerequisite: PC knowledge, Windows & Word Basic

CE.CMS-037-91 M, W, 6:30-9:30 p.m.

3/1/21 - 3/3/21 2 sessions, Online, .6 CEU

\$99 (Tuition \$36; lab fees \$44; materials & text \$19)

Microsoft Excel 2016 [0]

Never before have spreadsheets had such powerful features! In Basic, learn to create simple or complex financial sheets and organize data with impressive word processing capabilities. Learn to build and edit worksheets, format, and work with charts and formulas. In Intermediate, you will learn to create complex formulas, work with multiple spreadsheets, enhance charts and worksheets. In Advanced, you will learn math and statistical functions, lookups, data tables, exporting and importing and Smart Art.

Excel – Basic [0]

Prerequisite: PC knowledge and Windows

CE.CMS-038-91 M, W, 6:30-9:30 p.m.

3/8/21 - 3/17/21 4 sessions, Online, 1.2 CEU

\$159 (Tuition \$72; lab fees \$68; materials & text \$19)

Excel – Intermediate [0]

Prerequisite: PC knowledge, Windows and Excel Basic

CE.CMS-039-91 M, W, 6:30-9:30 p.m.

3/22/21 - 3/31/21 4 sessions, Online, 1.2 CEU

\$159 (Tuition \$72; lab fees \$68; materials & text \$19)

Excel – Advanced [0]

Prerequisite: PC knowledge, Windows and Excel I

CE.CMS-069-91 M, W, 6:30-9:30 p.m.

4/5/21 - 4/7/21 2 sessions, Online, .6 CEU

\$99 (Tuition \$36; lab fees \$44; materials & text \$19)

Microsoft Powerpoint 2016 [0]

Create impressive animated presentations, flyers, signs, and advertising layout using Powerpoint's special features. Add sound, images, and moving objects.

Powerpoint – Basic [0]

Prerequisite: PC knowledge and Windows

CE.CMS-042-92 M, W, 6:30-9:30 p.m.

4/12/21 - 4/14/21 2 sessions, Online, .6 CEU

\$99 (Tuition \$36; lab fees \$44; materials & text \$19)

Microsoft Access 2016 [0]

Create and design databases using this popular tool from Microsoft. Learn how to analyze data, locate information easily, and manage data integrity. In Advanced, learn how to create multiple table queries, develop forms, and create advanced queries.

Access – Basic [0]

Prerequisite: Knowledge of the PC and Windows

CE.CMS-040-91 M, W, 6:30-9:30 p.m.

4/19/21 - 4/28/21 4 sessions, Online, 1.2 CEU

\$159 (Tuition \$72; lab fees \$68; materials & text \$19)

Access – Advanced [0]

Prerequisite: PC Knowledge, Windows, Access Basic

CE.CMS-041-91 M, W, 6:30-9:30 p.m.

5/3/21 - 5/5/21 2 sessions, Online, .6 CEU

\$99 (Tuition \$36; lab fees \$44; materials & text \$19)

TEACHING OUR TEACHERS

The **Education School Services Center at Camden County College** provides quality workshops, conferences and other services for pre-K to 12 school districts. Our School Services personnel organize professional development for school administrators, teachers, and paraprofessionals both on our campuses in Blackwood, Cherry Hill, and Camden, as well as on site in your district.

Allow us to guide you in the right direction as your district makes plans to improve student achievement. Our staff are practiced field educators who can guide you to increase your educational effectiveness. Please feel free to contact us at **(856) 227-7200, ext. 4165** or visit our website at **www.camdencc.edu/school-services** for more information.

NONPROFIT ORGANIZATIONS

WORKSHOP SERIES ON NONPROFIT MANAGEMENT:

Programs to Help Nonprofit Organization (NPO) Leaders and Managers Do Their Jobs Better! [O]

The Camden County College **Workshop Series on Non Profit Management** has been created for leadership track NPO managers and others wishing to broaden their skills and knowledge.

Program participants learn to identify, understand, and apply a broad spectrum of management skills and practices in ten (10) critical areas of NPO program management. Participants can register for one workshop, several, or all ten.

Attractively-priced at \$30 per workshop, the curriculum has been curated by the Board of the Nonprofit Development Center of Southern New Jersey and includes:

Success Metrics and Program Impact: How Do You Know If You're Successful [O]

Many experts contend that “you are what you count.” So, what should you be counting and how can you be sure that you are being objective? And why does it matter? When your funders are deciding whether to continue, expand, or cut back their support, they want to know what you’re “measuring” and how successful you are. You can’t afford to disappoint them. Become familiar with common success metrics, CQI, and change management, including evaluation tools and step-by-step program assessment.assessment.

Law for Landlords & Tenants

Whether you are just leasing a room for the school year or managing a multi-unit apartment complex, you can benefit from this how-to-approach to New Jersey landlord/tenant law. This course is primarily intended for landlords and their managing agents but will also benefit tenants who want to know their rights. The course covers the things you should look for in leases, what you can do to check out a tenant before leasing, the rights and responsibilities on both sides, security deposits, right to renew, dealing with late rent payments, grounds for eviction and required notices to quit. The student will also learn how to file and prosecute or defend a suit for eviction as well as how to prosecute or defend suits for unpaid rent, excess damage, and return of security deposits.

Sue Yourself

Did your tenant leave without paying? Does somebody owe you or your business money? Does your business have trouble with collections? Learn how to use the courts to collect without having to hire a lawyer. This course teaches you how to prosecute (or defend) suits in the New Jersey Small Claims Court by yourself. The student will learn how to sue for money owed, damage to property, unpaid rent, return of rental security deposits, and many other claims for money damages. Even businesses that sell out-of-state or over the internet can do this with proper preparation. The student will also learn how to collect money damage after the court awards judgment. This course is ideal for business owners, managers, and landlords.

Real Estate Licensing [L] [A] FIN-215 – Real Estate Sales

This is a basic five-credit course in the principles of real estate and includes the study of property interests, contracts, financing, titles, deeds, closings, appraising, leases, Federal laws, NJ statutes, and NJ Real Estate Commission rules and regulations. This course is designed to prepare students to sit for the NJ Real Estate Salesperson Exam.

Course #: FIN-215

Location: Online

Cost: \$399 (includes registration and textbook)

New classes are being scheduled frequently. Please view current course offerings on webadvisor located at www.camdenc.edu/ce, click on Register online via webadvisor link, click on Register and Pay for Continuing Education Classes (Course Code Number FIN-215) or call for details.

Because this is a cooperative course – taught in conjunction with Weichert Real Estate School – policies and procedures may vary from the College's standard policies governing credit classes:

- This course is not eligible for a tuition waiver (Unemployment, National Guard, Senior Citizen discount, College employees, etc.)
- New Jersey Licensing: An applicant for a NJ real estate salesperson's license must be at least 18 years old and have a high school diploma or GED. A student must pass the 75 hour course, pass the state exam (\$60), and have a NJ broker sponsor their license. The NJ Real Estate Commission will conduct a criminal background check on all Agent candidates.
- Payment in full is required at the time of registration. Fee includes textbook, registration and class. Refunds will be issued only if the class is cancelled or if the student elects to drop the class at least 5 days before the date that the class is scheduled to begin. Thereafter, there are no refunds given.

Registration Contact Information:

Certified Substitute Teacher Program

Do you have 60 college credits? Interested in Substitute Teaching?

Camden County College's Faculty Development Institute, in cooperation with the school districts in Camden County, offers a comprehensive training seminar to prepare individuals who seek to become substitute teachers. The Certified Substitute Teacher seminar also reinforces effective strategies for substitutes currently employed by local school districts. Topics of the seminar include: successful classroom management techniques, cultivating positive first impressions, developing rapport with students and colleagues, articulating clear lesson goals, making efficient use of instructional time and professionalism in a school setting, etc. Instructors will assist participants with the state application process, including the completion of related paperwork, and offer tips on resume development. Safety issues and models of instruction during the pandemic will also be discussed. Participants must have completed a minimum of 60 college credits and successfully undergo a criminal background check to qualify as a substitute teacher. A certificate of completion will be awarded at the end of the seminar.

Cost - \$190 (Additional fees for state application and criminal background check)
 Program will be held on the Blackwood Campus.
 Please call (856) 227-7200, ext. 4236 for more information.

ONLINE PROGRAMS

CAMDEN COUNTY COLLEGE WITH ED2GO

Camden County College is pleased to be partnered with EducationToGo (Ed2Go), a leading provider of online training, to provide an array of courses in numerous areas such as allied health, computers, business, paralegal and personal enrichment. All you need to get started is a computer with internet access, an e-mail address and a web browser. All instruction takes place on your computer at home or at work during the hours you choose.

All online courses are six weeks, and students are granted to lessons through their online instruction each week. Each lesson is accompanied by an interactive discussion area. Quizzes and tests are part of the course to enable you to assess your understanding. After successful completion of the course, you are able to download a letter of completion for your records.

We recommend that you visit the website below to review the course outline, special software or book requirements, and sample lessons before you register. Monthly start dates available.

Visit www.ed2go.com/camdencc for a complete course listing & start dates.

Steps To Register for Online Courses with Education To Go

1. Log onto www.ed2go.com/camdencc to select your course(s) and start date.
2. Once you select your course(s), click the “enroll now” button and follow the steps indicated to complete your registration and provide payment.
3. Complete the required orientation which will allow you to choose your user name and password that you will use during the course. If you are a new student, click to create a new username and password. If you are a returning online student, you can use the same username and password that you did before. If you have registered for more than one course, you will need to complete the orientation process for each class.
4. On the day of the start date you chose, return to the online instruction center and click the classroom link to begin your studies.

**Please note that course discounts or waivers are not accepted for online courses and programs.*

CAREER TRAINING WITH ED2GO

ONLINE PROGRAMS

CBCS Medical Billing & Coding

You will build a foundation of medical vocabulary, to help you better understand the contents of a patient's medical record, as well as notes from practicing physicians. In addition, you'll learn current medical coding standards, so you can be successful within the industry. Upon completion of this program, you will be prepared to sit for the Certified Billing and Coding Specialist (CBCS) exam, offered by National Healthcareer Association (NHA). The registration fee for this exam is included with this program.

Event Management & Design

Equip yourself with the knowledge to advance in the field if you're already working in special events, or prepare to enter the profession with an understanding of the industry. You'll build a foundation that you can use to build a career in special events or start your own special event business. This online certificate program is offered in partnership with major colleges, universities, and other accredited education providers.

Paralegal

Paralegals are involved in sophisticated legal work in traditional law office settings and in the corporate, government, and public arenas. Obtaining a quality education is the best way to prepare for the paralegal profession. This self-paced, online program will get you ready for an entry-level paralegal position, and it'll prepare you to take the certification exam. You'll learn about the U.S. legal system, how to conduct legal research and legal interviews, how to perform legal analyses, and more. Your training will prepare you to become a legal secretary or paralegal and to take the Certified Paralegal certification exam through the National Association of Legal Assistants (NALA). Through a special arrangement between ed2go and National Association of Legal Assistants (NALA) Campus, your tuition includes membership, access to NALA's Certified Paralegal Exam Review self-study courses and a voucher for the Certified Paralegal exam. Regardless of whether or not you're eligible for certification or plan to take the exam, the Certified Paralegal Exam review self-study courses are a value-added addition to your paralegal education. All materials are included in the cost of this program. This course offers enrollment with or without a voucher. The voucher is prepaid access to sit for the Certified Paralegal exam upon eligibility.

Digital Arts Certificate

Develop technical skills and creative artistry in digital imaging, traditional drawing, and digital illustration. You'll learn professional applications for Adobe Photoshop and Illustrator alongside traditional materials like pencil and charcoal. Course projects include retouching, compositing, digital illustration, and still life drawing.

Accounting Fundamentals Series

Demand for accounting professionals currently exceeds supply. If you're interested in increasing your financial awareness while also gaining a marketable skill, this series of courses is perfect for you. Whether you're a sole proprietor looking to manage your business finances or you simply want to gain an understanding of accounting basics for career advancement or for personal use, these courses will give you a solid foundation in financial matters.

A to Z Grant Writing

You'll learn how to raise needed funds by discovering how and where to look for potential funders who are a good match for your organization. You'll also learn how to network and develop true partnerships with a variety of funders, how to organize a successful grant writing campaign, and how to put together a complete proposal package. This course speaks mainly to nonprofit organizations, schools, religious institutions, and municipalities seeking grants from foundation, corporate, government, and individual donors. It's also an excellent primer for individuals wishing to become grant writing consultants or community grant writing volunteers. Many of this course's elements also easily translate to the for-profit field and to individual artists, and material specifically designed for businesses and individuals is included. No matter who you are or what level of experience you have, you'll find the A to Z of writing and submitting successful proposals here!

Certified Ethical Hacker

The Certified Ethical Hacker program is the pinnacle of the most desired information security training program any information security professional will ever want to be in. To master the hacking technologies, you will need to become one, but an ethical one! The accredited course provides the advanced hacking tools and techniques used by hackers and information security professionals alike to break into an organization. As we put it, "To beat a hacker, you need to think like a hacker." All materials are included in the cost of this program. Upon completion of this program, you will be prepared to sit for the Certified Ethical Hacker (CEH) Exam 312-50, offered by EC-Council. The registration fee for this exam is included with this program.

Please visit www.ed2go.com/camdenc and <https://careertraining.ed2go.com/camdenc> for the entire course catalog.

ONLINE PROGRAMS

Effective Business Writing

Do you have a nagging suspicion that a small improvement in your writing skills might also improve your career prospects? Don't let small gaps in your business writing skills prevent you from reaching your full potential! It doesn't matter whether you're a clerical worker, an engineer, or an executive. If you communicate with others in writing, you need this course to help you identify and eliminate problem areas. By the end of this course, you'll know the secret to developing powerful written documents that immediately draw readers in and keep them motivated to continue until your very last, well-chosen word

OMCA Social Media Associate

When you engage consumers where they are and speak their language, you'll connect with them on a deeper level, which is why so many companies are investing in social media marketing. Learn one of the most sought after marketing skills from industry experts, and see how you can leverage social media to increase your company's revenue.

With the Social Media Associate program, you'll start by learning the landscape of digital marketing, then delve into the world of social media. You'll be introduced to marketing on a variety of social networks, finding and generating content that resonates with your audience, and influencing followers to share your message.

This program fully prepares you for the Online Marketing Certified Associate (OMCA®) exam, administered by the Online Marketing Certified Professionals (OMCP®) organization.

Certified Health Unit Coordinator

The Health Unit Coordinator is the central figure in a health unit. Learning management of information, communication, medical terminology, critical thinking, and cultural diversity will prepare you to work in a variety of health care settings.

In Medical Terminology you will learn not only medical terms themselves, but also their application. You'll start by learning the origins of medical words and how to recognize prefixes and suffixes used in medical terminology. Then you'll learn about the body as a whole and how to differentiate cells, tissues, organs, systems, and cavities. Next, you'll learn to define and describe the function of each system of the human body. This knowledge will help you take the next step in your medical career or education.

Upon completion of this program you will be prepared to sit for the NAHUC Certification Exam. The registration fee for this exam is included with this program.

Certificate in Food, Nutrition, and Health

Food and nutrition have a profound impact on our health and well-being, yet many of us are not aware of what foods to eat, which diets are healthy, and where our food originates. The goal of this certificate program is to provide individuals who are working in the health care field and those who are interested in the topic a holistic overview of current food and nutrition issues and their impact on physical, social, emotional, and spiritual health.

Throughout this certificate, you'll become more conscious of what we eat, why we eat it, how it is prepared, and what consequences our food choices have on our health as well as the health of our planet. You'll examine the impact of stress on the body and the health crisis posed by obesity in the U.S. You'll also learn how we can change our eating habits for more healthful outcomes. Ultimately, you'll gain insight into how food interacts with our bodies on multiple levels—physical, mental-emotional, and spiritual—as well as the impact it has globally.

Using Social Media in Business

One of the biggest challenges for most business owners is to find a continuous supply of new customers and over the past decade, some have differentiated themselves by leveraging the Internet and social media to do just that. Whether you consider yourself a social media novice or a seasoned veteran, this course will give you a solid foundation and thorough understanding of what social media is and how you can use it to grow your business.

As you progress through the course, you'll learn about the five most popular social media platforms—Facebook, Twitter, LinkedIn, Pinterest, and Google+—and study secrets for using them and other social media platforms to promote your business. You'll also see how you can build a social media team and automate your social media activities so that you can leverage the power of social media without adding another full-time job to your plate. And finally, you'll gain techniques for measuring and tracking your social media success. Social media is a game changer for those who use it in the right way.

ONLINE PROGRAMS

Travel Writing

In this course you will learn how to develop the skills of a travel writer. You will learn how to translate what is seen, heard, tasted, touched, smelled and felt (intuitively and physically) into publishable articles and books. You will understand the writing styles and methods needed to sell material in today's competitive market. You will learn about popular styles and types of travel writing that are the friendliest to new writers. Other topics of the workshop include; how to write query letters, how to produce articles, essays and books, trends in types of articles and books, grammar and writing skills refreshers, and marketing information.

By the end of the course, you will have the ability to write for the travel market. So pack your sense of adventure, organize your determination and put your keyboard in a comfortable position. If you have a desire to write and yearn to travel, you are a perfect candidate to become a travel writer.

Merrill Ream Speed Reading

Are you struggling to keep up with a flood of email, articles, reports, and books? Save yourself hours of time and increase your productivity by learning to read faster and with better comprehension. Taught by acclaimed speed reading expert Cr. Merrill Ream, this course is a complete speed-reading experience. Topics are presented in a logical progression with plenty of time to help you master the skills and techniques you will need for lasting proficiency as a speed-reader.

Certificate in Healing Environments for Body, Mind, and Spirit

The design of a health care facility can contribute greatly to the well-being of patients, staff, and the wider community. In this innovative certificate program, you'll examine how Optimal Healing Environments (OHEs) impact the health of individuals and communities on a physical, social, psychological, and spiritual level.

You'll learn how evidence-based design can create environments that foster healing and support the mission of health care facilities. At the end of this program, you'll appreciate all aspects of a healing environment and be able to describe methods of enhancing personal and work environments so they support the health of individuals and surrounding communities in a sustainable, healing manner. (16 contact hours)

Certified Medical Transcriptionist

Medical transcription is a vital part of the patient care process. Professionals in this role are making a difference to the patients who depends on accurate medical documentation of their diagnosis and care, and to employers who depend on highly qualified and reliable specialists to complete their work in a precise and timely manner. Medical transcriptionists, sometimes referred to as healthcare documentation specialists, create reports and other administrative documents from dictated audio recordings from physicians and other healthcare providers.

In the Certified Medical Transcriptionist program, you will develop skills using online simulations and learn about speech recognition software and its impact on the medical transcription industry. In addition to transcribing, you will learn how to edit information for grammatical errors and ensure the correct, proper usage of medical terms in a patient's records. You learn the importance of maintaining confidentiality in accordance with HIPPA and reporting accuracy. You will also receive in depth training on medical terminology relating to anatomy, physiology, disease processes, pharmacology, laboratory medicine, and the internal organization of medical reports.

During this program, you will put into practice your knowledge of proper transcription formatting and medical terminology through case studies that cover a wide variety of medical situations. This intensive hands-on training will help you develop your listening, attention to detail and time management skills, which are strong qualities that employers are looking for from candidates.

Legal Secretary

Attorneys rely on sharp, motivated legal secretaries to help them start a practice or keep a thriving practice competitive. In this course, you'll learn all the skills you need to enter the fast-paced world of the legal secretary. The demand for this profession is growing faster than average, and attorneys are consistently on the lookout for qualified, professional legal secretaries to augment their practices. In these lessons, you'll master everything from the basics of legal terminology and procedure to practice management tasks, accounting, and QuickBooks skills. Along the way, you'll find out just what it's like to work in this fascinating and growing field. By the time you've completed this course, you'll possess the knowledge necessary to successfully pass the National Association of Legal Professionals (NALS) Accredited Legal Professional (ALP) exam.

Please visit www.ed2go.com/camdenc and <https://careertraining.ed2go.com/camdenc> for the entire course catalog.

Motorcycle Safety Training Course

Rider Training of New Jersey conducts this beginner course consisting of a 15-hour core curriculum spanning the basics, “Where are the controls and how do they work?”, all the way through evasive maneuvers and advance turning and braking. Rider Training of New Jersey provides top-notch instruction for new and experienced motorcycle operators.

The standard course schedule is three consecutive days during the weekend:

Friday Night - 6:15 p.m. to 9:30 p.m.

Saturday - 6:45 a.m. to 5 p.m.*

Sunday - 6:45 a.m. to 5 p.m.*

However, a weekday schedule is available during the summer:

Monday - 6:45 a.m. to 5 p.m.*

Tuesday - 6:45 a.m. to 5 p.m.*

**Additional time is built in to these schedules for weather, extra coaching, or any other circumstances.*

We provide a motorcycle & helmet. There is never more than one instructor per six students to aid in promoting your skills. Safety is our primary goal and we do everything possible to ensure a safe and enjoyable experience. You will be given a riding examination at the conclusion of the outdoor activities and will need to achieve state requirements to pass the program. To register, please contact Rider Training at 609-230-8528 or online at www.ridertrainingnj.com.

Basic Computer Skills

This course is designed for the mature adult who has had little or no experience with personal computers. In this class, individuals will become familiar with terminology, computer components, making a computer purchase, and hardware and software. Individuals will also develop their skills in keyboarding, mastering the mouse through point and click activities.

This class is designed for the first-time user.
