

CAMP EMERALD BAY

Spring Leader's Packet 2016

Information discussed at the Spring Leaders Meeting is provided in this packet.

Dear Scoutmaster/Unit Leader,

Thank you for choosing Camp Emerald Bay as a host for your unit's week-long summer camp adventure. We work hard to ensure the experience is a highlight of the year. You are just a few short months from your week at camp, and we have a lot to prepare for. Included in this packet is information needed to get your unit to camp, into merit badge classes, and involved in extracurricular activities.

Please note that we offer all published information online including Health Forms, Leader's Guide, and Merit Badge Registration, in addition to all program materials. Scouts, parents and leaders will be able to view and download all pertinent camp information on the camp website www.campemeraldbay.org.

To assist in organizing your unit paperwork, we recommend a three ringed binder with dividers. This will help in pre-season and camp organization. Several sections may include:

- Payment information and due dates
- 2016 Attendance Roster and Ship Manifest - with arrival and departure information of those Scouts and Leaders not at camp the entire week
- Merit Badge and Activity Schedules.
- Insurance - a copy of your unit insurance policy – provided by your local council
- Medical Records (Must be alphabetical and stored with the health officer)

Registration for all merit badges and most individual activities will be available on the camp website www.campemeraldbay.org. At that time Scouts will be able to access camp program information and leaders will be given information on how to register Scouts for classes. Using your Doubleknot.com username and password to access the online registration starting March 8th. At this time you may begin uploading roster information (youth and adults) and program (merit badge and activity) registration.

We look forward to your visit at Camp Emerald Bay. If you have any questions until then, please contact camping@bsa-la.org and we will be happy to respond.

Sincerely,

Camp Staff 2016

SPECIAL INSTRUCTIONS

Mess Kits: In an ongoing effort to reduce the amount of waste generated by our camp and our environmental impact, as well as promote consistent Scout skills, Emerald Bay will no longer be providing disposable dishes, or utensils for our overnight experience. Therefore it is imperative that each individual bring with them to camp a mess kit that includes a plate, bowl, cup, and utensils for our overnight. So please, 'Be Prepared' for this event by ensuring that each camper has a mess kit, and by doing so we can all be more Thrifty.

Unit Insurance: Emerald Bay has always required each unit attending camp to bring their own unit insurance as a backup to each individual's private health insurance. This year unit leaders must be prepared to show proof of this insurance (a copy of the unit's insurance policy) to our camp representative at the boat terminal. If a unit does not have insurance they will not be allowed to come to camp.

Passenger Manifest: The United States Coast Guard now requires all cross channel carriers to have a comprehensive Passenger Manifest for all trips to and from Catalina Island. The transportation provider has asked that we provide to them a list of all of our passengers for each crossing. Therefore we require that each unit bring with them to the boat terminal two copies of the unit roster for who will be traveling to and from Catalina Island through our chartered runs. These lists must reflect any unit members who will be making midweek or other alternate travel arrangements.

- **Digital U/W Photographer: 1-2 dive** If you want to take better digital photos or video underwater, this course will teach you how.

- **U/W Navigation Diver Specialty: 3 dives**

- **U/W Naturalist Specialty: 2 dives**

You will build an increased awareness and knowledge base about our underwater environment. With this new knowledge you will develop a better appreciation and respect of the responsibility that comes with this new awareness. What is ecology and what is an ecosystem? You've heard these terms but what do they really mean and how does it apply to what we see underwater and contrast to our terrestrial environment.

- **Project Aware Specialty: no dives, no age limit**

Learn about some of the most pressing problems facing these vulnerable environments and everyday actions you can take to help conserve them. Overfishing has reduced many shark populations around the world to levels that threaten their continued existence. We hope after this course you will become a champion of shark protection and take action to help the sharks!

It will familiarize you with the role you play in preserving the aquatic environment. Also, it will introduce you to the fish species you are likely to see on a dive in our local waters. Being more knowledgeable about the fish you encounter will enhance your enjoyment and appreciation of various aquatic ecosystems and it will provide you with the knowledge and skills needed to conduct fish counts.

- **NEW Search & Recovery Specialty:** 4 dives. **Pre-requisite:** U/W Navigation Specialty or Advanced Open Water; It happens: People accidentally drop things from docks, off boats or even while scuba diving. Search and recovery can be challenging, but a whole lot of fun.

PROGRAM SHEETS

Scouts can also access the 2016 Merit Badge Guide at www.campemeraldbay.org for a more detailed description of the merit badge offerings. Included in this packet are hard copies of merit badge program information to help Scouts prepare for camp. They are:

- Merit Badge Difficulty Chart– Scouts should pay close attention to these recommendations to avoid receiving partial completions at the end of their week.
- Merit Badge Prerequisite Form– This form is required to be signed and turned into merit badge instructors at the start of the week. All Scouts participating in Camping, Energy, SCUBA, and Aquatic merit badges are required to have this signed and completed by their parent or guardian as well as the troop's Scoutmaster.
- Merit Badge Scheduling Worksheet- Scouts complete this sheet and turn it in to their Scoutmaster who can visit the website for further registration information.
- Program Planner– A general schedule of the weeks activities at camp to help you plan.

Field Sports Merit Badge Prerequisites (Archery Rifle Shooting Shotgun Shooting)

Field Sports Merit Badges are among the most difficult offered at Camp Emerald Bay. Pre-camp study is highly recommended in the curriculum. Careful completion of the material substantially increases the Scout's acquisition and retention of the knowledge. The study material is the same as that used by many merit badge counselor elsewhere in the country. While we will have some blank copies of homework available at Camp, we urge anyone who signs up for these merit badges to download the forms and complete the work before coming to camp. These are to be handed in at the first class session. The homework sheets can be downloaded at www.meritbadge.org.

Select Archery, Rifle Shooting, or the Shotgun Shooting merit badge title as appropriate. Either Doc. #1 or the PDF #1 will do. Then print the downloaded forms and do the studies. Those who gain a good grasp of the information before coming to camp will be able to spend more time with the practical skills.

Please note that current revised edition copied of the merit badge pamphlets are necessary to complete the work. The current revised edition of Archery, Rifle Shooting, and Shotgun Shooting were printed in 2008.
