

Monday 18 January 2021

- The Careers Department is a resource that's available to all students, offering advice and information about university, apprenticeships and employment.
- We can help with application forms and work experience requirements and can provide guidance to help you make informed choices.
- The **Careers Bulletin** will be emailed to all students every Monday – so please look out for it every week as it includes important information:

[For U6th notices click here](#)

[For L6th notices click here](#)

[For Intermediate notices click here](#)

[For external careers events click here](#)

[For work experience opportunities click here](#)

[For Apprenticeship/School Leaver opportunities click here](#)

While the College is operating remotely please email any questions, queries or interview requests giving as much detail as possible to careers@reigate.ac.uk and provide a contact phone number. A member of the Careers Team will then contact you to advise, answer questions or to set up a Careers Meeting.

Companies and universities have really risen to the task of providing on-line virtual opportunities for students to engage in and we will be continuing to advertise interactive webinars and workshops. However, when students are signing up as individuals, please be mindful to stay safe on-line; we would expect interactive sessions to have multiple attendees and to be recorded. Remember to never share your personal information in an open forum and to inform a member of staff if you have any concerns. Thank you

Upper Sixth Notices

IMPORTANT UCAS NOTICE

Due to the current situation and schools/colleges being closed, UCAS has extended its deadline to 29 January. However, we would strongly recommend that you complete your application as soon as possible. If you would like to apply to university, but have yet to complete a UCAS application, please can you email careers@reigate.ac.uk (cc your Tutor) as a matter of urgency.

If you have registered on UCAS and no longer wish to submit an application, please can you email careers@reigate.ac.uk so that we can update our records. Thank you

Dentons Virtual Open Evening 9 February

University is not for everyone. If you want to train to become a solicitor, you just need a spot on the Dentons' apprenticeship scheme. You will start working towards your LLB university degree alongside your day job, based in

either our London or Milton Keynes offices. No student debt. Just an opportunity to learn and build your career. To register for the event please [click here](#)

All About School Leavers Virtual Careers Fair 21 January

Live webinars from Krone, AstraZeneca, RSM, Willis Towers Watson, Bentley Motors, John Watkins and Network Rail. For further information and to register for events, please [click here](#)

Deloitte Apprenticeship Webinar Wednesday 27 January

The third in the series of Apprenticeship Webinars takes place on Wednesday 27th January. The session, designed for teachers, students and parents, informs and demystifies apprenticeships and showcase the opportunities available at Deloitte. You'll hear from representatives from across Deloitte including:

- Student Recruitment
- Learning & Development
- Current and former Deloitte BrightStart Apprentices

Click on the [link](#) to register now for the event.

BT Virtual Apprenticeship Open Days

BT are hosting a virtual open evening on 8th February 2021 (4pm-5pm) and 23rd February 2021 (4.30pm-5.30pm). It's a great opportunity for young people and their parents to find out more about the apprenticeship opportunities at BT.

BT offers a wide range of different apprenticeships, giving you the chance to specialise in an area that excites you. From Information Technology to Cyber Security, from Engineering to Customer Service, and from Field Support to Sales. Best of all, we've got apprenticeships all over the UK, offering you the chance to find the perfect opportunity right on your doorstep. Please [click here](#) to sign up to one of the open day events.

Lower Sixth Notices

Information Session Presented by recruitment and outreach staff from University of Reading, University of Leicester, Aston University, University of Hertfordshire, University of South Wales, University of Wolverhampton, University College Birmingham, and Newman University

21 January at 6pm

Want to find out what to expect when you go to university? What are contact hours? Are there other things you can do outside of study? Will there be support available? Have questions about how Covid may affect university life? Have other questions that you would like to ask university staff? In this session you will find out more about university life and how to prepare yourself for university, hearing from higher education professionals themselves from different universities. This session takes place live so you will have the opportunity to ask questions throughout. However, if you are unable to attend at the scheduled time, if you register for the webinar, you will receive the recording via email.

Information for attendees: You will join these webinars without video or audio, and your name will not be seen by other attendees. Any questions you submit will not be seen by other attendees, although we may read them out to answer (your name will remain private). The session is primarily aimed at sixth form and college students, however, all are welcome to attend. To register please [click here](#)

Work Experience & Employability

Due to the unique situation with COVID-19 the College recognises that it may not be possible to complete a face to face 'experience of the workplace'. Some employers have started to offer 'virtual' experiences and we will continue to advertise these opportunities.

If you participate in a virtual work experience opportunity, please ensure you e-mail details to workexperience@reigate.ac.uk so we can update your College record.

Linked-In

All students are invited to set up a profile on Linked-In and join the group 'Reigate College Current Students' Linked-In is a social network that focuses on professional networking and career development. Explore Linked-In to research career options and start to build an online presence. As with all social media, **make sure you keep yourself safe**, see <https://safety.linkedin.com/> for advice
Please can you use your full name when you set up a profile, this helps us when we are approving requests to join this closed group.

Thales

This is a virtual event which will run from the 6th to 8th April and is open to students in years 10-12. The three day programme will be a mix of networking sessions with STEM Ambassadors, workshops on writing CV's/Applications, employability skills and personal brand. Alongside this, students will also work on a Thales project which will be completed with support from their assigned Mentor. The virtual work experience would suit students that are considering a career in STEM or who are just interested in working for a large business either as an Apprentice or after university on one of our graduate programmes. More information about both routes into Thales will be available to students throughout.
[Click here to apply to Thales virtual work experience](#)

Applications are only open for 4 weeks (closing date no later than 5th February 2021)

PwC Insight session

PwC are running sessions for Year 12 and 13 students who are interested in a career at PwC with options including Accounting, Consulting, Technology and PwC Operate. The sessions will last approximately 45 minutes each, including some time for questions. Students will hear from local staff who've joined via the [Flying Start degree programmes](#) or [School & College Leaver programmes](#), helping them gain an insight into what PwC do and what opportunities are available to them at PwC.
To register your interest please e-mail workexperience@reigate.ac.uk please ensure you put the title of the opportunity (PwC) in the heading.

HSBC

HSBC's UK Work Experience programme is aimed at those in the later years of full-time secondary, sixth form or college education who are keen to get an introduction to what a career in financial services may be like.

Supported by experienced managers, candidates will be shadowing HSBC colleagues and will learn what it is like to work in one of their retail, commercial, operational or head office areas.

Please note these are nationwide opportunities, there appear to be opportunities in West Sussex and Surrey including Gatwick, Crawley and Guildford.

Applications close on 21 February 2021.

[Click here for more information and to apply](#)

If you have questions, please e-mail the work experience team (Sam & Amy).

SPRINGPOD

Virtual insight days and work experience. You will need to create a profile, apply online and then await selection by the participating companies.

February Half Term Virtual Work Experience. Whether you're interested in **business, nursing, entrepreneurship, medicine, engineering, journalism, law or finance** there's a virtual work experience programme for you.

You need to register with Springpod in order to sign up to these free virtual events by registering here

<https://www.springpod.co.uk/>

Please email Sam or Amy workexperience@reigate.ac.uk if you have questions and don't forget to let us know if you are selected so we can update your college careers record.

Medicine, Nursing and Allied Health Professions - closing soon

Surrey and Sussex Healthcare NHS Trust

The virtual work experience programmes will take place over two weeks in February 2021.

There are around 10 hours of activity within each programme which you can fit around other obligations that you have. There are live webinars but once they have taken place a recording will be available to watch.

Students who live in Surrey or Sussex and have predicted or actual GCSE grade 6 in Maths, English and Science are welcome to apply. There will be separate programmes for **Medicine, Nursing and Allied Health Professions.**

****Applications close on the 22nd January. Applicants will hear if they have a place on the programme on the evening of January 29th 2021**** [click here for more details and how to apply.](#)

The programmes are being run by Springpod so you will also need to register on their portal.

You will need to give details of a school/college contact - **Sam Burnett, Work Experience Coordinator** e-mail: workexperience@reigate.ac.uk Tel:01737 221118

Speakers for Schools (S4S)

Students can register using this link: [Click here to register](#) and to search and apply for work experience opportunities. You will need to create a profile, apply online and then await selection by the participating companies. College will need to oversee your application; we are notified when you apply, we then write to a parent/guardian to gain written consent. College will advertise these vacancies but once you have an account you can apply direct at any time. The majority are virtual at the moment, there are limited live/in-person opportunities advertised.

Current Virtual Work Experience Opportunities with Speakers for Schools (S4S)

Please note opportunities are updated all the time and deadlines are capacity driven so they may close early if they receive a lot of interest. Below is a snapshot of current opportunities, their database is always the most up to date version.

Nestle Digital Marketing Degree Apprenticeship

Digital Marketing is an ever-growing sector and is constantly changing shape in-line with the technology that it uses. You know this, though – it's the kind of tech you use all the time: Twitter, Instagram, Zoom, Spotify... even good old Facebook. And not just social media, but CRM email, trade events, website, webshops, blogs, vlogs and other influencer-led communications. In the case of Nestlé, it's all about spreading the word of one of the world's largest food and drink manufacturing brands to an ever-bigger online audience. In return for doing so, you'll walk out of your Level 6 Apprenticeship with a Bachelors' Degree in Digital Marketing and, hopefully, into a permanent role with us. For further information and to apply, please [click here](#)

Nestle Finance Apprenticeship

Your two-year Apprenticeship will be in either York or Gatwick. Wherever you're based, you'll build up strong foundations across Finance as you move around different areas of the function, learning your trade. These might include a stint focusing on 'Reporting' – where you'll learn all about interpreting data in a way that's full of insight, or 'Partnering the Business' – where you'll focus on managing relationships and keeping customers sweet. From here you can expect to work in a specific support area, either in York or Gatwick, including 'Planning & Reporting', 'Overhead & Cost Allocation', 'Financial Services' and more. For further information and to apply, please [click here](#)

Smith and Williamson, Trainee Chartered Accountant Sept 2021 (School Leaver) - Level 7 Apprentice

As part of our Assurance & Business Services team you could be working directly with clients like managing and financial directors in different working environments at their own offices, checking that numbers stack up with fact. This means providing advice and solutions that really make a difference. You will also have exposure to working with partners gaining invaluable experience and building your confidence with senior members of staff. Many of our audits last just one or two weeks, which means you'll quickly gain exposure to a variety of businesses. You'll also build valuable client experience, developing the knowledge and skills needed to be an effective auditor and trusted business adviser. Alongside your work, you'll receive first-class professional training as you study for the Associate Chartered Accountant (ACA) qualification, which will enable you to gain a full understanding of the technical aspects of audit and accountancy and additional financial advisory services. For further information and to apply, please [click here](#)

RSM UK Audit Assistant (Guildford August 2021)

At RSM, you'll be a key member of our team from day one. You'll get involved in client work very quickly, initially working as part of a larger team before taking on individual responsibility for projects. The depth of services and clients you'll be exposed to will help you kick-start your career. You could be working with a wide variety of organisations, including large listed financial institutions, national retail chains, and high-profile charities, as well as some of our international clients that operate throughout the UK and beyond. For further details and to apply please [click here](#)

Kennedy's London Legal Apprenticeship 2021

Our two year paralegal apprenticeship is aimed at those that have completed A Levels or equivalent studies. The apprenticeship offers an introduction to the fundamentals of legal practice and provides a combination of learning and working within one of our legal teams, to build your knowledge and the skills required to work as a Litigation Assistant at Kennedys. You will be able to earn a salary and gain a qualification at the same time with the opportunity to study toward a Level 4 Certificate of Higher Education in Legal Services, which is equivalent to the first year of a law undergraduate degree. In addition to a dedicated supervisor at Kennedys, you will have a personal tutor and student manager at BPP, to ensure that you have all the support you need at work and with your studies. For further information and to apply please [click here](#)

Closing date: 28 February

IBM Apprenticeships

Apprenticeships at IBM are all about picking up skills for the workplace and embarking on a long and successful career. We have your professional development in mind from the day you join us as a permanent employee. Our apprenticeships range from **Level 3 to Level 6** and each pathway gives you everything you need to start your career in the industry! You will get lots of exposure to set you up for a life-long career. In addition to the day job there are plenty of opportunities to get involved in social activities and volunteering with other Apprentices, Students and Graduates. Opportunities are located across England and salaries start at £20,000/annum.

Degree Apprenticeships allow you to work and achieve a Bachelors Honours degree at the same time. You will be doing a real role at IBM and using what you learn in the workplace as part of your degree.

Apprentices on our Digital & Technology Solutions Degree Apprenticeship are currently studying at University of Exeter and Manchester Metropolitan University. Choice of University is made in response to the needs of our IBM businesses. Time at University is typically one day a week either on site or via online education and you will be required to work during University vacations.

Roles open periodically throughout the year. Register your interest [here](#) to be the first to know when we open for applications.

AstraZeneca Oncology Scientific Apprenticeship Programme (UK)

Our Scientific Apprenticeship Programme starts every year in September at our Cambridge research site. We are offering apprenticeships within several of our oncology research teams. Each of these positions provides the opportunity to gain a unique insight into AstraZeneca's world-leading scientific research, enabling the discovery of a new generation of cancer treatments.

This is a 39 month programme combining distance learning and face-to-face study alongside on-the-job laboratory-based scientific training. You will initially be studying for a foundation degree in Biological sciences. There is also an option to extend your apprenticeship for a further two years to complete an honours degree. This study is incorporated into the apprenticeship programme and is fully funded. 20% of your time will be allocated to your academic studies. For further information and to register your interest, please [click here](#)

EY Strategy and Transactions Apprenticeship Programme Level 7

We want you to get as much as you can from this apprenticeship, so after an EY induction, you'll get straight to work on client projects. You can expect to be contributing to challenging projects, identifying and understanding not only clients' financial and operational issues, but how their business and industry works too. You'll build great networks and relationships, learn to make quick, practical decisions and work through problems decisively. As you progress through the programme you'll get to do all this with more autonomy and responsibility.

As well as having lots of support from your team and in-house training opportunities, you'll complete the CFAB qualification and then a full qualification through ICAEW. By the end of the programme you'll have a lot of experience, a professional qualification and great network to continue building a career from.

For further information and to apply, please [click here](#)

EY Degree Apprenticeship in Digital and Technology Level 6

Excitingly, you'll be working within a programme that EY has now been running for many years. After an EY company induction, you'll join your service line team, gathering a large number of different experiences to get to know your colleagues and what they do better and both developing and using the latest technologies (like data

integration solutions and data visualisation tools) to improve quality, efficiency and insight from these services. For further information and to apply, please [click here](#)

EY Degree Apprenticeship in Business Leadership and Management Practice

Help financial services companies across Europe, Middle East, India and Africa (EMEIA) manage risks and regulations while studying towards a business management degree.

For further information and to apply, please [click here](#)
