P.O. Box 2947, Laredo, Texas 78044-2947, (361) 586-5067 or (361) 215-3600

Dear Beefmaster Breeders:

You are all cordially invited to our CARR and OTHERS FALL SALE event enabling you to start viewing cattle early Wednesday afternoon, 10-14-20 through sale time of 10 A.M., 10-17-20 at our comfortable sale facility on our Wilson County Division eight miles West of Floresville, Texas on Highway 97.

With the difficulty of getting commitments of enough of the desired speakers to make in-person presentations, we will not this year have our usual Friday afternoon educational program and our Friday night entertainment will not encourage dancing.

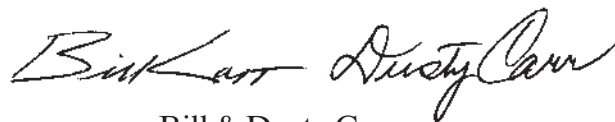

Otherwise we will again this year be joined by the same prestigious guest consignors we've had in the past several years being Hans and Mary Ann Wittenburg, Billy and Marie Welkener, Bob and Bonnie Siddons, Tony and Karen Psencik, and Kito and Leti Saenz enabling you to buy functional, quality cattle from six long standing programs that have earned numerous awards over the years. We believe you will be pleased with the overall quality of this offering.

While we would very much like for you to come to our sale facility and do your bidding and buying there, live internet bidding will be available for this sale through DV Auction where you can view the sale cattle as filmed on Sept. 2 and 3. See the inside of the front cover of this sale catalog for details about DV Auction and the entire agenda.

Our sale facility will have been professionally cleaned and sanitized shortly before the sale. Plenty of hand sanitizers, extra masks and related items will be readily available.

Most importantly, over and above the assurances to buyers under the Sale Terms and Conditions printed in this catalog we will do everything reasonably possible to satisfy you with your purchases at this sale.

Cordially,

Bill & Dusty Carr

## B E E F M A S T E R S

### **A LITTLE ABOUT OUR OPERATION**

We own and operate ranches in Webb, Wilson and Kendall Counties, Texas, aggregating approximately 14,500 acres. In addition to our purebred Beefmaster cattle we maintain 300 to 400 females used as recipients at our Webb and Kendall County ranches. Those recipients on the Webb County ranch are mainly F1 Braford and those on the Kendall County ranch are mainly Black Baldies. The F1 Braford see Angus bulls and the Black Baldies see Beefmaster bulls after receiving embryos or failing to qualify for embryos. The resulting natural service calves from BOTH the Webb and Kendall County recipients are 3/4 Bos Taurus and 1/4 Bos Indicus making a very desirable feeder calf after grown to an appropriate feedlot weight on our winter pastures. We have recently grown our recipient herd and increased the number of donors we are flushing and expect to be producing more top quality embryo cattle very soon.

Our purebred Beefmaster females are synchronized, and if heat detected, A.I.'ed and then broken into various groups and exposed to one bull. Our weaned, Spring born replacements are developed on oats and Bermuda grasses at our Wilson County Division and are there weighed at various stages, classified, sonogrammed and have pelvis measured.

We have a vet. do sonogram pregnancy determinations on all of our A.I.'ed and natural service exposed females to determine with certainty whether females we sell as bred are pregnant to the A.I. bull or to the clean-up bull.

We have frequently retained ownership of and feedlot fed at least a truck load of our purebred Beefmaster steers obtaining feedlot performance and individual carcass data on them. Our cattle, and I think the Beefmaster breed as a whole, are very efficient in the feedlot as they gain rapidly, convert feed efficiently and provide acceptable carcasses. With good health, that kind of feedlot performance will usually be more profitable than selling intact culled bull calves at weaning and will provide valuable carcass information.

Research has shown, and our experience has confirmed, that Beefmaster females with reasonable genetics and nutrition will have pelvic growth from yearlings to two year olds of 8 to 10 square centimeters per month and will require approximately 3 square centimeters of pelvic area per pound of calf born to avoid calving problems from pelvic size. To get maximum lifetime production out of our cows they need to begin calving around two years of age. To calve as two year olds, adequate pelvic size is critical and is one of the objective evaluations we take and utilize along with tract evaluations before breeding our yearling heifers.

See the footnote for Classic Cotton semen in this catalog for more information about our approaches to meaningful data collection.

**Two of our young herd sires that are bred to some of our sale heifers are pictured below. We believe that their unique combination of phenotype, genetics and performance will make meritorious contributions to the breed.**

**JT Prince 58 - Vision X Madam Secretary  
Bred to lot 34**

**4C Impact 14/15 - The Legend 30/1 X 4C 980/7 (Classic Cotton x Miss Dusty 45/7) - \$T Index: 121.40 (Top 3%);

Email: aj1mihalski@aol.com • www.anthonymihalski.com

Dear Beefmaster Breeders and Others,

Welcome to Bill and Dusty Carr's Beefmaster Production Sale. Over the past years, breeders have come to expect the best in quality seedstock Beefmaster cattle, and true South Texas hospitality.

Over the past several decades there have been several individuals who have truly made a difference in the Beefmaster breed. I would argue that none have been more important to the association, or to the breed of cattle, than Bill and Dusty Carr. The Carr's have been awarded every prestigious award this association has, including "Breeder of the Year," and "Hall of Fame," they have been deserving of all as they have given so much of themselves.

The 2020 sale offering:

- 63 lots of true seedstock cattle. Lots 1 through 38 are bred and produced by Bill Carr. These cattle are measured, tested, and measured again using proven genetics such as Classic Cotton and Cornerstone (both Pacesetter and Typesetter sires), Painted Tiger, Miss Dusty and many other elite bloodlines. These cattle are loaded with pedigree and performance, the best of the best!

Bill Carr:           16 Spring Calving Heifers  
                          9 Yearling Open Heifers  
                          5 Herd Sire Prospects  
                          6 Fall Calving Heifers  
                          2 First Calf Three-In-Ones (First calf at 24 months of age and bred back)

Guest Consignors: 7 Three-In-Ones & Pairs  
                          18 Bred & Calving Heifers  
                          1 Open Heifer  
                          1 Pick Of Full Brother/Sister

Guest consignors:

The Wittenburgs, Psenciks, Siddons, Welkeners and Saenz have all come from the top of their herds. This includes the strongest group of three-in-ones and pairs, with big, stout weaning size calves at side. The bred heifers are extremely well bred to the newest exciting sires. The open heifers are fancy and carrying the newest and best genetics available.

While reviewing this catalog, note that Bill Carr and the others have provided us so much meaningful, factual, and useful data to aid in your selections. All performance weights, sonograms, pelvic area measurements, classifications, and EPD's are up to date and included.

The information provided on these cattle will be as complete as you will find anywhere. Please call for questions or information. I look forward to seeing you.

Sincerely,

Anthony J. Mihalski

## C A T T L E

CONSULTING & MARKETING

Dear Beefmaster Breeders,

Bill and Dusty Carr along with Others have assembled a tremendous opportunity for you at the **Carr and Others Fall Sale to be held at the Wilson County Division of 4C Beefmasters**. Due to the Covid 19 virus we have a new socially acceptable schedule that will allow you to come and evaluate the sale offering from **after lunch on Wednesday October 14 – Friday October 16th** and still **join us Friday evening** for the scaled back dinner and festivities in the “social room”. Then **Saturday October 17th** for the **Carr and Others Fall Sale**.

Bill and Dusty have established a tradition of selling only 4C branded cattle. These are the individuals that have passed all of the objective observations and evaluations applied by Bill. These individuals are selected for the sale because they are of the quality demanded by Bill to stay in his herd so they definitely will work in yours.

**Youth, Visual Quality, Consistent Performance, Predictable Genetics** are all being offered not only by 4C but also every “Other” consignor. The 4C sale offering includes **Herdsire Prospects** that are ready for heavy service and exhibit the desired combination of proven consistent performance and predictable genetics that are proven to be superior producers. **First Calf 3n1’s** that calved as two-year-old with AI calf and bred back to have another calf in 12 mos. and they have the high-quality product at side you are looking for! **Fall Calving Heifers** that are heavy bred and ready to show you what they can do immediately. **Spring Calving Heifers** that have it all, predictable genetics, proven performance, exquisite visual quality and a great calf building in the belly from either AI service or high quality clean up bulls and some of them are confirmed with heifer or bull calf in the belly as well as several calving as two-year-old. **Open Heifers** that have been specially selected for this sale offering because they carry the quality traits necessary for your success. Add in the quality of the “Other” consignments and this sale offering will impress any Beefmaster breeder and confirms your reasons for making sure you join us and take home your own selection!

This sale offering consists of the individuals that will help you produce a better Beefmaster product and the breeders offering them have earned reputations that are second to none. These breeders have been planning this sale since last year and they are all serious about your future Beefmaster success. We will be socially distancing and have your safety in mind.

All the contact numbers are listed, the sale DVD is available, the sale will be broadcast live on DV Auctions and you can reach me sale day in my “soundproof box” to help you with purchases or selections. So, remember if myself, Anthony or Mike can be of any assistance in making selections or purchases do not hesitate to contact us.

See you in Floresville!

Bruce Robbins

---

Dear Beefmaster Breeders,

It is my distinct pleasure to invite you to the Carr & Others Sale, October 17, 2020 at the Carr sale facility near Floresville, TX.

Past BBU Breeders of the Year and both Bill and Dusty have been inducted into the BBU Hall of Fame. This is certainly due to their untiring ability to serve this breed and place the utmost importance on performance as it applies to economical traits.

Bill and Dusty will offer 5 bulls, 9 open heifer, 16 spring calving heifers, 6 fall calving heifers and 2 first calf 3-N-1s. They are bred and raised in the heart of south Texas and will carry that extra bone, depth and volume. Genetically they will carry some of the most popular pedigrees.

The guest consignors of Hans and Mary Wittenburg, Billy and Marie Welkener, Bob and Bonnie Siddons, Tony and Karen Psencik, and Kito and Leti Saenz will offer 18 bred heifers, 7 3-N-1s and pairs, 1 open heifer and 1 pick.

The schedule has changed due to social responsibility so please see the events as sale time gets closer.

We again will broadcast live with DV Auction and you can view videos at DV or Ideal Video Productions. Absentee bidders will have the opportunity to bid live via internet on sale day, or you can call any of the sale team to place a bid.

I look forward to seeing each of you on October 17 in Floresville, Texas. If we can help just give us a call.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mike Green', with a long horizontal flourish extending to the right.

# SPRING 2021 CALVING HEIFERS

To get a maximum lifetime production out of our cows they need to begin calving around two years of age. To calve as two year olds, adequate pelvic size is critical and is one of the objective evaluations we take and utilize before breeding our yearling heifers. All 16 of our heifers in this section were bred as yearlings and are scheduled to calve close to two years of age. They will start calving mid February to early March. We have a vet. do sonogram pregnancy determinations on our A.I.'d and natural service exposed females to determine with certainty whether females we sell as bred are pregnant to the A.I. bull or to the clean up bull, and in so doing at the appropriate time, the sex of some of the carried calves can be determined.

While BBU has only recently established an age at first calf EPD our program has for many years involved breeding our heifers to calve at approximately two years of age. Not all Beefmaster or Brahman influence heifers can or should be bred as a yearling to calve as two year olds. Some are not yet cycling and some do not have adequate pelvic size. However, those that so qualify and do we consider among our most valuable females.

## Lot 1

**4C 721/9 - Knockout X Special Appeal**  
Safe with Fusion heifer calf from conception on first A.I. to calve 10 days after second birthday.

2019 Sale

2019 Sale

# YEARLING OPEN HEIFERS

All of these heifers were born in the Spring of 2019 and grown only on forages. A variety of genetics are offered in these heifers. None of them have had any prior breeding exposure to enable us to offer open virgin heifers this time of year. All of these are ready to breed as soon as it fits your program.

## Lot 25

754/9 - Classic Cotton X  
EMS 985 (Painted Tiger X  
EMS Body By Smooth)

## Lot 22

749/9 - N-Sync X 4C 595/4  
(Classic Cotton X Miss Dusty)

# HERD SIRE PROSPECTS

This year we are offering five two year old herd sire prospects. We feel that in growing these bulls to this age we can offer them with greater confidence of their potential meritorious contributions. Semen evaluations in the recent official BSE's on these bulls show EACH of them to have very good motility and from 85% to 95% normal cells.

# FALL 2020 CALVING HEIFERS

While nearly all of our cattle are bred to calve in the spring, we breed a few heifers each year to calve in the fall to enable us to offer some fall calvers in our October sales.

**Lot 36** - 686/8 - Sugar Bear X CF 688/1 (Logan X Dusty Cotton). Safe with Fusion heifer.

**Lot 34** - 668/8 - Knockout X CF 380/2 (L2 Cpt. Sugar X CF Chocolate Tiger). Safe with JT Prince 58 heifer.

## 2019 Sale

## 2019 Sale

# CLASSIC COTTON SEMEN

It is our belief that confidence in selling and buying cattle grows with the extent of existing evaluations of the genetics involved. It is with this philosophy and the meritorious nature of the numerous evaluations of Classic Cotton, out of the time tested parentage of Levi and the Cotton Cow, that we have built a significant part of our program and the offering in this production sale around him.

By one year of age, his evaluations included:

Birth weight: 70 lbs.

205 day adj. wt.: 673 lbs.

342 day sonogram of ribeye: 17.1 sq. in.

1.46 sq. in./cwt.

.24 in. fat cover

365 day actual wt.: 1,285 lbs.

## **SIRE OF 27 PACESETTER DAUGHTERS AS OF 9/21/20**

His first purebred progeny as yearlings had the following ribeye sonogram average evaluations:

8 Bulls: 15.18 sq. in.

1.35 sq. in./cwt.

.16 in. fat cover

10 Heifers: 1.29 sq. in./cwt.

.12 in. fat cover

## **SIRE OF 3 LOTS IN THIS SALE BEING: 21, 25 and 28.**

I was so impressed with Classic Cotton as a young bull that I was determined to comprehensively evaluate him. While EPD's are widely accepted by the beef industry in evaluating cattle I don't believe there are any more meaningful evaluations than through progeny testing. Accordingly I went out and bought 50 very average F1 Braford cows, 25 very average Hereford cows, 25 very average Angus cows and 25 very average Limousin cows to use in progeny testing Classic Cotton. These breeds were selected because, other than the F1 Braforads, they had the largest registries in the industry at the time. All 125 of these cows were synchronized and bred A.I. to Classic Cotton and his purebred sons put on them after A.I. Progeny out of these matings were evaluated for several years in the Texas Ranch to Rail Program. Other tests of Classic Cotton purebred and crossbred progeny in tests conducted by Texas Tech and Texas A&M confirmed they grow rapidly and efficiently and have very acceptable carcasses. A random sampling of 50 Classic Cotton steers out of F1 Braforads and commercial Hereford, Angus and Limousin dams fed and evaluated in the 1995-1996 and the 1996-1997 Texas Ranch to Rail Program had average Warner Bratzler shear force evaluation scores of 5.7 lbs. and 5.2 lbs. respectively. Readings of 10 and under are considered acceptably tender for most retail over the counter trade and of 8 and under acceptably tender for consumption in better restaurants.

In a Texas A&M progeny evaluation project involving its test herd of Angus cows, semen from 15 prominent BBU sires was used. While doing well in all categories, the Classic Cotton progeny were number one in each yearling weight, ribeye area and tenderness substantiating their growth rate, muscularity and eating quality. A pen of 36 of our purebred Beefmaster steers including 26 Classic Cotton steers fed in the Nolan Ryan T.A.B. Program were harvested in August of 2001 and every one had a qualifying tenderness score and this entire group had one of the highest, if not the highest, percentage of overall qualifiers of any group within the approximately 70,000 head, at that time, fed in the Nolan Ryan T.A.B. Program.

Enough of his female progeny have been in breeding programs long enough to prove their reproductive merit. They constantly rise to the top in our program including 22 Pacesetter daughters as of 9/22/16 and many more granddaughters.

Classic Cotton is one of the breed's earliest and few Typesetter/Pacesetter bulls.

Raising cattle involves numerous risks you cannot control. Use of proven superior genetics is a means of reducing these risks. Classic Cotton is one of the most comprehensively evaluated bulls in the breed. His meritorious contributions to the breed have been established and are growing. Let him take much of the risk out of your breeding program.

CLASSIC COTTON SEMEN AVAILABLE DURING THIS SALE AT \$60.00 PER STRAW INCLUSIVE OF A.I. CERTIFICATES WITH A 10 STRAW MINIMUM PURCHASE. YOU MAY MAKE YOUR PURCHASES IN THE OFFICE BY SIGNING A CLIPBOARD OR BY TELLING ANY OF THE THREE SALE MANAGERS.

# 2019 Sale

# PSENCIK BEEFMASTERS

# K

We would like to thank Bill and Dusty for inviting us back another year.

Psencik Beefmasters was established in 1987. We bought our first Beefmaster when we started as a hobby but our love for the breed grew into a business and we have loved every minute of it. Getting to know so many wonderful people we call "Beefmaster Family". In 2003 we entered two bred heifers in the San Antonio Rose Classic Sale and they both won Grand Champion and Reserve Champion. That was the most exciting moment for us. So much love and hard work had gone into it. We have won several awards since that day and we are working hard to do better every day.

We have been married 41 years and have two grown sons, one grandson and another grandbaby on the way.

## K LOT 39 -- EXPOSED PAIR

**BRAND:** 7009      **BREEDER:** Windy Hills  
**BBU NO.:** C1096906      **BIRTH:** 1-29-17  
**COLOR:** Red White Underline

This cow is very good, she has done us a great job of producing all heifer calves. Look at all the pedigree and numbers in this cow. What until you see the calf at her side. If you want to see a calf that is very long with extra nice top line and lots of muscle with being very very feminine, then here he is. Plus, look at the pedigree and numbers in her. She has been exposed to C 1086345 until 8-28-20 and then exposed to C 1093404 until sale date. Lifetime Member.

# K LOT 40 -- EXPOSED PAIR

NAMED: L5 315

BRAND: 315

BBU NO.: C1055889

COLOR: Red

BREEDER: L Five Beefmasters

BIRTH: 3-17-15

I really like this cow. She is very long with a very nice udder and very small teats along with lots of muscle and a nice top line. Plus, she has a REA of 11.54 and IMF of 2.46. She has one very nice heifer calf at her side that is just like her with lengthy muscle and a very good top line. The cow has been exposed to C 1093399, our new herd sire, Extra Tough, a Summit bull out of Imagine That. Lifetime Member.

# K LOT 41 -- EXPOSED PAIR

NAMED: SO 1503

BRAND: 1503

BBU NO.: C 1061717

COLOR: Red

BREEDER: South Oaks

BIRTH: 3-15-16

What a great, young pair! The cow is very nice, she is long with a great udder and lots of muscle with being very feminine. Plus, look at the pedigree and numbers on her. She has a very nice bull calf at her side that is red and polled. Look at all the pedigree in this bull calf. He has a very nice top line and a very good underline with lots of muscle. The cow has been exposed back C 1086345 until 8-28-20 and then exposed to C 1093404. Lifetime Member.

# K LOT 42 -- EXPOSED PAIR

**NAMED:** JK 180/5  
**BRAND:** 180/5 **BREEDER:** Kreger  
**BBU NO.:** C1057978 **BIRTH:** 3-21-15  
**COLOR:** Red

All I can say is wow on this pair! They are both so nice. The cow is very nice with some good numbers and a very good pedigree. Another good cow with a very nice udder on her with lots of length and muscle. Wait until you see the calf at her side that is solid red with lots of length and muscle on her with a development of a good udder and some very nice pedigree and numbers. She is a front pasture type of heifer. She has been exposed to C1086345 until 8-28-20 and then to C 1093404 until sale date. Lifetime Member.

## 2019 Sale

# LOTS 43A, B -- PICK OF HEIFER/BULL

I can't say enough about these two calves. They are both very nice and have plenty of muscle and length. The heifer is very feminine with a very good top line with lots of muscle and a very good underline. The bull has all kinds of muscle, length and width. He is going to make someone a herd sire. The genetics and numbers on these two are outstanding! I am sure you will like either one. Lifetime Member.

# WITTENBURG BEEFMASTERS

## HW

Wittenburg Beefmasters became a member of BBU in 1968 and in two years we became a Lifetime Member.

The ranch has a little over a thousand acres and we normally run 150 mother cows and retain 25 open heifers and 25 yearling bulls.

Our yearly rainfall is about 40 inches. We purchase all our hay and graze the whole ranch. The pastures are divided into 40 acre plots and are rotated as needed.

We still use Weights & Measures on our ranch.

It is with great honor to be in this sale with Bill and Dusty.

### LOT 44 -- THREE-IN-ONE

**HW** BRAND: 822 BREEDER: Wittenburg  
 BBU NO.: C1103149 BIRTH: 2-6-18  
 COLOR: Red

This package comes out of the heart of our breeding program. This El Patron daughter is as feminine as they come and has a fancy baby out of Top Hand, our new herd sire by Brock X Endless Oasis. Bred back the same way to CF Brock's Top Hand, C 1105804. Don't let this one get away. Lifetime Member.

A very broody Dream Catcher daughter with good EPDs. This heifer's dam is a solid producer for us. Lifetime Member.

# SIDDON'S BEEFMASTERS ARROWHEAD RANCH

Siddons Beefmasters was established in 1979. We started with 24 open heifers, 1 Bull, one horse, one trap, one 1100 acre pasture, one helpful neighbor, one rudimentary set of pens and one scale. A lot has changed in our operation, but the scale has always been our guide. Our entire program for over 30 years has been based on performance. We are the only participants in the annual McAllen Bull Gain test to have won in three consecutive years and this was accomplished with three entirely different pedigreed calves. We have also been honored with the 2005 BBU Environmental Award for our Stewardship of the land.

We have been honored with the STBBA Performance Breeder of the Year Award, First Place Graded Pair to the 2011 Fall Live Oak Sale, the Grand Champion Three-In-One in the Pair/Three-In-One Futurity, 2015, **and most recently the first Galveston heifer to sell was at side of the Grand Champion in the 2019 Live Oak Beefmaster Breeders Association Perfect Pair/Three-In-One Futurity.** Our philosophy has been that it takes pedigree to get to the Arrowhead Ranch, but it takes performance to remain at the Arrowhead.

Many thanks to Bill and Dusty for including us in their prestigious sale!

## LOT 49 -- THREE-IN-ONE

**NAMED:** 3B 8-11  
**BRAND:** 8-11                   **BREEDER:** Triple B  
**BBU NO.:** C1111551       **BIRTH:** 1-31-18  
**COLOR:** Red White Underline

This is what happens when you spend the summer in Colorado. Danny picked out a pair I should not be selling! I bought this heifer from Bill Botard and she was bred to a Riptide son and what a stud this bull calf has turned into. With a \$T of 82.59 and \$M of 22.63 he's a herd sire prospect for sure. This great uddered female is bred back to Galveston, C 1079420.

897 is a second-cross heifer out of a Seven-C Anderson Cattle Co. She is a Logan granddaughter bred to Galveston, C 1079420 and her calf will be eligible for full registration.

# FARM AND RANCH BEEFMASTERS

Kito and Leti Saenz established Farm and Ranch Beefmasters in 2002 and are Lifetime Members of BBU. We started with 7 pairs and today run about 300 head of registered Beefmasters on 2,800 acres that we own and lease in Starr County, Texas. Our cattle run and graze on brush and improved buffel grass pastures. We love this business of raising Beefmaster cattle that others buy to improve their herds. We use bulls and cows with top genetics to continuously improve our herd and provide our customers with good quality cattle.

Our cattle have performed very well at stock shows and Beefmaster sales and have honored us with many awards and recognition.

We would like to thank Bill and Dusty Carr for inviting us to participate in their cattle sale.

# RICO BMW BEEFMASTERS

Billy and Marie Welkener have been raising registered Beefmaster cattle since 1979. Their ranches consist of 626 acres located in Bee and Karnes Counties Texas. Their BMW Beefmaster cattle operation consists of 90 head of open heifers, bred heifers, pairs and bulls.

We consigned the Grand Champion Bull at the 2012 South Texas Beefmaster Association's Rose Classic Sale held during the San Antonio Livestock Show, and in the 2012 Live Oak Beefmaster Association Fall Sale we consigned the 2 highest selling female lots, a testimony to Billy's breeding philosophies.

The Welkeners are Lifetime Members of BBU and participate in Whole Herd Reporting. In 2011 Billy and Marie were honored to receive the "BBU Member of the Year" award.

Billy and Marie are honored to be a part of the "Carr and Others Fall Sale" for the eighth year. Thanks to Bill and Dusty for including us in this sale.

## LOT 59 -- PAIR

**BRAND:** 454-5  
**BBU NO.:** C1060366  
**COLOR:** Red  
**BREEDER:** Bill Carr  
**BIRTH:** 4-3-15

454-5 is a Bill Carr bred cow that we purchased at the Carr & Others sale. She has been a consistent producer of great calves with a heifer calf at her side, 86/50, a light red heifer calf named "Madame Ringtail".

A bred heifer out of The Legend 30-1 and Hilltop Ranch 515-6. Palpated 3 1/2 months bred on 9-1-20 to 7C Picante 12/17, C1092623.

# Terms and Conditions

**BIDDING:** Each animal will be sold to the highest bidder without reserve.

**BIDDING DISPUTE:** The Auctioneer in charge will settle any dispute as to bids, and his decision on such matters shall be final.

**CASH SALE:** All sales are for cash unless satisfactory credit arrangements, including any possible reservation of security interest by the seller, have been made with the seller prior to sale. The failure of a member buyer to pay the appropriate party the sale amounts when due may constitute a cause for exclusion from BBU pursuant to Article I, Section 10 of the BBU Bylaws.

**BUYER'S RISK AT THE TIME OF SALE:** The risk of loss and injury of each animal passes to the buyer as soon as it is sold; however, it is the obligation of the seller to ensure that sold animals are fed and cared for free of charge to the buyer until loaded for shipment.

**CERTIFICATES OF REGISTRATION:** A transferred certificate of registration must be furnished by the seller free of charge to the buyer for each animal within **45 days** following the later of either the date of sale or upon the receipt of full payment.

**HEALTH GUARANTEES:** Unless otherwise announced, the seller guarantees that all animals are eligible for interstate shipment as required by applicable federal and state regulations.

**ANNOUNCEMENTS:** If there is any inconsistency in information in terms of the sales materials (e.g. sale catalog, supplemental sheets, sale day announcements, 1) sale day announcements will control over both the supplement sheet and the sale catalog, and 2) the supplement sheet will control over the sale catalog.

**IDENTIFICATION RESPONSIBILITIES:** 1) Prior to the sale, the seller must ensure that each animal has a readable permanent identification mark (tattoo, hot-iron brand or freeze brand) corresponding to its registration identification and 2) The buyer must check all permanent identification marks for accuracy upon possession and report any discrepancies to the seller immediately.

**ARTIFICIAL INSEMINATION (AI) CERTIFICATES AND EMBRYO TRANSFER (ET) BILLS OF SALE:** AI certificates and ET bills of sale will be the responsibility of the seller.

**CONFORMANCE WITH REGISTRATION GUARANTEES:** 1) The seller guarantees that all sold animals are registered in accordance with the rules of BBU and 2) The seller guarantees to the buyer that all sold animals conform to the registration certificate as entered in the Herd Book of BBU.

**OFFICIAL BBU INFORMATION:** All existing available official BBU information, including calf source, service sire and/or potential service sires (registration numbers) and performance data must be included in the final sales catalog.

**PEDIGREE, PERFORMANCE AND GENETIC INFORMATION GUARANTEES:** The seller guarantees to the buyer that: 1) the pedigree, performance data and genetic information, as represented in any sales materials (including sale catalog, supplemental sheet or sale day announcement), are accurate; and, 2) all information from the BBU database is accompanied by an accurately stated "as of" date. The absence in any sales materials of a specific designation on the pedigree of an animal does not establish that the animal in question is not a carrier of such genetic defect.

## **BREEDING GUARANTEES:**

1) The seller guarantees that all animals are breeders, with the exception of: (a) calves under 12 months of age at the time of the sale; (b) animals shown after the sale has occurred (in such cases, the breeding guarantees, if any, will be those guarantees as agreed upon between the seller and the buyer); (c) animals who suffer injury or disease following the sale; (d) animals administered any super ovulation drug or growth hormone after purchase; and, (e) animals subjected to gross negligence by or willful misconduct on the part of the buyer.

2) Bulls eighteen (18) months or older are guaranteed by the seller to have passed a Bull Breeding Soundness Evaluation (BSE) and to have been certified a satisfactory potential breeder by a licensed veterinarian within forty-five (45) days prior to sale date. Results of the BSE must be reported on a fully completed official form and attached to the health papers required for the sale.

3) If within one-hundred twenty (120) days from the date of sale, the bull has failed to pass a BSE certified by a licensed veterinarian, buyer must send seller written notification of the failure of the test within one-hundred and twenty (120) days from the date of sale and include the BSE test results. Within sixty (60) days after seller's notification of the failed BSE test, buyer and seller shall identify a mutually agreeable licensed veterinarian or technician certified by a licensed veterinarian to perform another BSE on the bull at the buyer's expense. The results of the test shall be deemed final and conclusive of this matter and binding on buyer and seller. If, in the opinion of said veterinarian or technician, the bull is unable to pass a BSE and be confirmed a satisfactory potential breeder, he shall so certify in writing to the seller and the buyer which shall include the official form used by the Society of Theriogenology or the official BBU BSE form. In such event the buyer may return the bull to the farm of seller, provided the bull is in good condition and in compliance with the health requirements of the seller's state, for a refund of the full purchase price. The acceptance of the refund of the full purchase price shall in any case be deemed full satisfaction and settlement of the matter. The seller and buyer shall bear equally all reasonable and necessary transportation expenses that are incurred in returning the animal to seller. **Unless otherwise agreed by the buyer and the seller, the seller makes no guarantees with respect to the ability to freeze semen.**

4) Females younger than twenty-four (24) months of age can be sold as open. Females sold as open are guaranteed by seller to be open. Any female is considered a breeder if she is certified to be pregnant by a licensed veterinarian at the time of sale and/or has a nursing calf at side with no further fertility guarantee. Cows (including donor cows) with calves at side six (6) months or older must be certified to be pregnant by a licensed veterinarian.

5) "Safe-in-calf" females are guaranteed by the seller to have been examined by a competent veterinarian or reproductive technician and determined to be safe-in-calf by examination or other proven method (e.g., ultrasound, pregnancy blood tests, and rectal palpation). "Served" females are not guaranteed to be in calf. "Exposed" females have been exposed but are not guaranteed to be in calf. "Open" females are guaranteed by the seller to be without calf.

6) A Donor female (unless otherwise agreed by the buyer and the seller) is a female: (a) that has been used in an embryo transfer program and shall not be guaranteed to be a breeder after the date of the sale, (b) that is not guaranteed to be a breeder after the date of the sale, when that female is to be used, or attempted to be used, in an embryo transfer program.

7) The seller makes the following guarantees with respect to all "pregnant recipients": (a) that the female is pregnant, (b) that the resulting calf is of the pedigree represented, and (c) that the resulting calf is of the sex represented (if so represented).

**FLUSHES AND TIME REQUIREMENTS:** A flush consists of all viable embryos, transferred or frozen, received from a female as the result of the administration of any super ovulation drug. The sale of a flush or resulting pregnancies must specify in the sale catalog the number of pregnancies guaranteed by seller and the disposition of any other pregnancies resulting from the flush, the disposition of any frozen embryos resulting from the flush and any additional charge for the recipient cows. The maximum time for the delivery of the guaranteed results must be specified along with a payment schedule. Non-delivery or only partial delivery by the specified time by the seller will result in a pro-rata refund of all monies paid by the buyer for such flush or pregnancies not delivered.

**DISCLOSURE OF PRIOR PROCEDURES:** The seller must disclose in the catalog or from the block any circumcision or other surgical alteration of any underline of any male or female known to the seller and of any single egg or super-ovulation flush of any female known to the seller.

**SEMEN:** Unless otherwise agreed by the buyer and the seller (with respect to the sale of semen), the seller makes no guarantees with respect to the performance or characteristics of such semen and the buyer is purchasing such semen "as is".

**EMBRYOS:** Embryos being offered for sale will be sold "as is" unless the seller provides additional guarantees.

**CLONES:** Only BBU replication cell-cloned animals shall be eligible for registration and eligible to sell. Genetically modified animals shall not be eligible for registration and cannot sell. Cloned animals shall be guaranteed by the seller to be breeders under the same terms of the agreement for females and bulls. Any additional guarantees with respect to clones shall be by separate agreement between buyer and seller.

**NO SEX GUARANTEES:** There are no representations as to the sex of offspring unless the seller makes a specific guarantee that offspring will be of a particular sex.

**DISCLOSURE OR RETENTION OF GENETIC MATERIALS:** If seller retains any genetic materials of an animal being sold that can be used for cloning, the seller must disclose such fact to any potential buyers prior to the sale.

## **PRIVILEGES OF RETURN OR ADJUSTMENT OPTIONS:**

1) With the exception of any applicable transportation expenses described herein, a seller shall never be liable to a buyer for an amount greater than the original selling price of any animal sold under these Sales Terms and Conditions.

2) Unless otherwise stated, all claims for adjustment or refund must be made in writing to the seller within 180 days following the sale of the animal in question.

3) If an animal is claimed to be a non-breeder, the animal may be returned to the seller if it is in good condition and complies with the health requirements of the seller's state. At the option of the buyer, the seller may issue a credit to the buyer for use in a future purchase or provide an animal of equal value subject to the approval of buyer. If the buyer exercises either such option, the claim shall be deemed fully and satisfactorily resolved. However, in the event that the buyer requests a refund of the purchase price, the seller may, at its option, either issue a refund of the full purchase price or, shall have 180 days from the date the animal is returned to the seller's farm to conduct a trial to demonstrate the returned animal is a breeder. Refund of the full purchase price or demonstrated proof that the animal is a breeder during the test trial shall be deemed full satisfaction and settlement of the claim. Any expense incurred for transporting an animal claimed to be a non-breeder will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place. If the seller proves the animal to be a breeder, it will be the obligation of the buyer to take delivery of the animal and pay all transportation expenses.

4) If a female sold as "safe in calf" proves not to be in calf, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be in writing to the seller within 180 days of the sale of the animal in question.

5) If a female represented as "safe in calf" to a certain bull at the time of sale proves to have been bred to a different bull, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller within 180 days of the birth of the calf.

6) If a female sold as "open" proves to be with calf, the buyer may return the animal to the farm of the seller prior to calving for a refund of the full purchase price or for another animal of equal value, whichever is acceptable to the buyer. Seller is responsible for all transportation expenses.

7) If an animal is sold and subsequently becomes ineligible for registration under the rules of BBU for reasons other than incorrect parentage, the seller must make a satisfactory adjustment on the purchase price to the buyer, or at the option of the buyer, refund the purchase price upon the return of the animal to the farm of the seller.

8) If an animal (including the offspring of a pregnant recipient) is sold and through parentage verification is proven to have incorrect parentage, as represented by the animal's certificate of registration, and for which correct parentage can be determined, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the second anniversary of the date of the sale.

9) If the resulting calf of a pregnancy is not of the sex represented at the time of the sale, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the first anniversary date of the sale.

10) Unless stated otherwise, all transportation expenses incurred will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place.

## **GENETIC DEFECTS AND FACTORS: REQUIRED DISCLOSURES RELATING TO CERTAIN TEST RESULTS OR POTENTIAL CARRIER STATUS OF AN ANIMAL:**

1) In advance of any sales of an animal, the seller shall have the affirmative duty to notify any potential buyer of any test results in which an animal for sale has tested positive (under a test and at a laboratory approved by BBU) as a carrier of any genetic defect or genetic factor recognized by BBU.

2) The seller guarantees that a bred female will not produce a calf with an inherited deformity occurring in Bovine for a period of nine months following date of sale.

## **MISCELLANEOUS:**

1) The above terms and conditions of sale constitute a contract between the buyer and the seller and are equally binding upon both parties. Each sale or resale of an animal constitutes a separate transaction.

2) Neither BBU nor any director, officer, employee or representative of BBU or any of its related entities shall be liable in any way with respect to a transaction conducted under these Suggested Sales Terms and Conditions; nor shall BBU, its directors, officers, employees or representatives be responsible in any way for enforcing the terms and conditions of any agreement between a buyer and a seller. Each buyer and seller agree to hold BBU, its directors, officers, employees, representatives and related entities harmless from all damages, expenses, claims, losses and other liabilities associated with a transaction conducted under these Sales Terms and Conditions.

3) No sponsor, sale manager, or other person connected with the management of a sale shall be liable in any way with respect to transactions conducted under these Sales Terms and Conditions.

4) These sale terms and conditions and all rights, obligations and duties arising hereunder and all disputes arising hereunder will be construed in accordance with, and governed by, the laws of the state in which the sale occurs, without giving effect to such state's choice of law rules.

5) UNLESS OTHERWISE EXPRESSLY STATED IN THESE SALE TERMS AND CONDITIONS OR ANY OTHER WRITTEN AGREEMENT BETWEEN THE PARTIES RELATING TO THE SALE OF BEEFMASTER, BEEFMASTER ADVANCER, E6 OR UPGRADING CATTLE UNDER THESE SALE TERMS AND CONDITIONS, SELLER MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, EVEN IF SUCH PURPOSE IS KNOWN TO THE PARTIES. THE REMEDIES PROVIDED IN THESE SALE TERMS AND CONDITIONS ARE THE EXCLUSIVE REMEDIES OF THE BUYER, OR ANY PARTY CLAIMING THROUGH THE BUYER, AND UNDER NO CIRCUMSTANCES WILL THE SELLER BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES UNDER ANY INDEMNITY PROVISION OR OTHERWISE.

**APPLICATION FOR MEMBERSHIP**  
(NAME FRANCHISE & HOLDING BRAND CONTRACT)

Application is hereby made for membership in Beefmaster Breeders United (BBU) in the name of

**Registered Account Name/Membership Name:** \_\_\_\_\_

**\*Mandatory Field\***. (NOTE: Membership Name is permanent; change is limited/restricted.) This is the name that determines your placement in the membership directory and this is used to sort memberships in alphabetical order by last name. This name prints on certificates.

This application is hereby made for a (Check One):  **Lifetime**  **Active**  **Associate** (do not currently own cattle)  
 **Junior** (under the age of 21 years as of January 1)

(Check one) This is a  **Corporation**  **Partnership**  **Firm or Individual**

I (We) hereby make application for the **Prefix Name:** \_\_\_\_\_ **\*Mandatory Field\*** and will apply this Prefix Name, if accepted, to BEEFMASTER cattle of which I am (we are) the breeder and/or first owner. I (We) agree to notify BBU annually, with payment of dues, as to whether I am (we are) still breeding BEEFMASTERS and using this Prefix Name. If I (we) do not so notify BBU, I (we) authorize BBU to discontinue my (our) use of this Prefix Name. (does not apply to Lifetime) A **Unique** name in the system. Many members use their ranch name (A C FARMS). You may choose to use your membership name. Both the Membership Name and Prefix Name will print on the certificates. This can be up to 25 characters long, including spaces and Prefix Name is permanent; change is limited/restricted.

I (We) will use the following Holding Brand: \_\_\_\_\_ (please sketch)

I (We) hereby authorize the following **Designated Signers:** \_\_\_\_\_ **\*Mandatory Field\*** to exercise all rights and privileges of this membership and, no person other than that named may act for this membership until the BBU Executive Vice President has been notified in writing that another name is being substituted for the above and receipt of notification has been acknowledged in writing. *You (member signing up) will be the primary signer. We recommend at least one other person to be listed. In the case you are not able to conduct business, the secondary signer would be able to. You may list a spouse, children, ranch manager, etc. Any Junior applicant MUST have parents/legal guardians listed as their designated signers.*

I (We) hereby authorize the following **Secondary Signers:** \_\_\_\_\_  
*These secondary signers cannot change membership, but can process work.*

I (We), if elected to membership, agree to be governed by the By-Laws, Rules and Regulations of Beefmaster Breeders United, as amended from time to time, and hereby acknowledge receipt of the current By-Laws, Rules and Regulations.

I (We) hereby affirm the above and foregoing is true and correct to the best of my (our) knowledge and belief.
