If you are planning to take the exam at your local apartment association or sponsoring organization's office, please contact them directly to schedule your exam. If you are not planning to take the exam at your local apartment association or sponsoring organization, you do not need to schedule the exam. The exams can be taken at any time through the following Web site: www.Castleworldwide.com/naaei. Please keep in mind that you will not be able to access the online exam until you are eligible to sit for the exam. The eligibility codes will be distributed by your local apartment association after completion of the required coursework.

CAM Candidates will need to take a proctored exam at their local apartment association or at a Castle Worldwide site. To locate a Castle site, go to this website:

<http://www.Castleworldwide.com/Castleweb/clients/testing-services/ibt-testing-sites.aspx>

Requesting Accommodation

NAAEI wishes to ensure that individuals with disabilities are not deprived of the opportunity to participate in the exams solely because of a disability. NAAEI complies with the Americans with Disabilities Act of 1990 (ADA) and Title VII of the Civil Rights Act, as amended, in accommodating candidates with documented disabilities who need special arrangements to take an exam.

Reasonable accommodations depend on the nature and severity of the documented disability. A particular accommodation will not be granted if it is not deemed reasonable and other suitable techniques are available.

To arrange for an exam accommodation, you must submit an acceptable request to the Executive Vice President of NAAEI within thirty (30) days before the exam appointment. Please use the Request for Accommodation Form at the back of this book.

The request must include your name, address, and NAA ID; the name of the exam, the approximate date on which you wish to take the exam, the location at which you wish to take the exam; and a description of the accommodations you request. The request also must include supporting documentation from a physician or other qualified professional reflecting a diagnosis of your disability and an explanation of the accommodation(s). The

supporting documentation must be on a physician or other professional's letterhead, specify the professional's credentials and be signed by the professional.

NAAEI will provide reasonable accommodations, auxiliary aids and services, except where such may fundamentally alter the exam or results, or results in undue burden. Exam accommodations typically include:

- Extended time to complete the exam (time and a half to double time);
- A reduced-distraction environment separate from other exam candidates;
- Permission to use the candidate's adapting equipment, such as a magnifier;
- A reader or scribe; and
- Another accommodation recommended by the professional documenting the disability the NAAEI considers reasonable.

Due to the unique nature of each accommodation request, NAAEI recommends that candidates request accommodations as early as possible. The exam will be scheduled after NAAEI has received and reviewed all required information.

Admission on Exam Day

If you will take the exam at your local apartment association's office or a testing center, it is recommended that you arrive at least 30 minutes before your scheduled exam time. If you are late for your exam appointment, you may have to test later or reschedule.

Candidate Agreement

Before you begin all NAAEI exams, you will be asked to read and indicate your acceptance of an agreement similar to the following:

I agree that NAAEI may verify to others that I have earned one of the NAAEI certificates. I authorized NAAEI to make such verification, and I release NAAEI from any liability associated with such disclosure.

This exam and the questions contained in it are the exclusive property of NAAEI and are protected by copyright law. No part of this exam may be copied or reproduced in part by any means whatsoever. I understand that I may not discuss or disclose the contents of the exam orally, in writing, or by any other means.

I understand that during this exam, I may NOT communicate with other exam participants, refer to any materials other than those given to me by the proctor, or help or obtain help from anyone other than the proctor. Participating in any irregularity during the exam, such as giving or receiving unauthorized information or help, may cause my exam to be discontinued, invalidate my exam results, or lead to other appropriate action. In such event, I understand that the exam fee will not be refunded due to costs incurred by NAAEI.

All property rights to the NAAEI exams, including copyright, are held by the NAAEI. Such attempt may include, but not be limited to: removing materials from the testing room; aiding others by any means in reconstructing any portion of the exam; and distributing, receiving, or having unauthorized possession of any portion of the exam. Exam scores might become invalid in the event of this type of suspected breach.

By selecting "I agree" below, I acknowledge that I have read and understand this agreement. I understand that failure to comply with the requirements outlined in this agreement can cause my participation to be terminated, my exam results to be invalidated, or other appropriate action to be taken. I confirm that I have provided all accurate and up to date information.

Exam Results and Scoring

Upon completion of your exam, you will receive your results immediately. All candidates receive diagnostic information on their performance in the major content areas of your particular exam. If you pass your exam, you will receive a passing notice followed by your certificate from NAAEI, which is sent to your local apartment association or sponsoring association. Please note that if you have any outstanding course requirements, your certificate will follow upon the completion of those requirements. If you do not pass the exam, you will receive your score report, in addition to a profile of your strengths and weaknesses based on the sections included in the exam. If you need to retake the exam, you may do so after 1 week (7 days).

CAM EXAM: Retesting fees are \$80 for 1 part and \$100 for both parts.

All other designations: Retesting fee of \$30.

Your scores **will be shared** with your local apartment association or sponsoring organization via a grade report sent from NAAEI. If you experience a technical difficulty while taking your exam and it results in a failing grade, this will be transmitted to your local apartment association or sponsoring organization. The failing grade can be removed and the retesting fee may be waived upon proof of the technical difficulty.

Your standing on the exam indicates only how well you respond to the types of questions on the exam and depends only on how well you answer the questions presented to you. It will NOT indicate how well you will do on the job. It will not indicate whether one person is better than another.

A passing score on all of the exams is 70%, which represents the minimum level of knowledge and skills a candidate must demonstrate to receive a passing score. The passing score was set through a process that included a study and recommendations by a panel of subject matter experts, test developers and NAAEI.

The subject matter experts and test developers are highly familiar with the work of the individuals who earn the NAAEI certificates and the requirement of high-performance on the job. These experts are a diverse group of professionals with a variety of work experience within the apartment industry. They have familiarity with the certificate holder's work functions through first-hand experience of direct, regular contact with individuals performing the work, or in work analysis and assessment.

Certificate Status

Upon completion of all designation requirements, the designates name is added to an online designate directory on the NAA Web site (www.naahq.org/designate-directory). The certificate holder, and other invested parties, may access this directory to determine the validity of a certificate. Certificate holders may also log in to their account profile, or contact NAAEI staff via phone and e-mail to determine the period of validity for their certificate.

Challenging Exam Results

Following completion of the exam, candidates may submit in writing comments on any question(s) they believe contain errors in content. NAAEI policy does not respond to complaints received more than 30 days following your test date. All comments must be sent in writing to NAAEI.

General Comments, Questions and Inquiries about Specific Questions

If you have comments or questions concerning your exam, direct your comments in writing to the NAAEI office within 30 days of your test date. In your correspondence, include your contact information, test date, as well as the specific concerns about the questions. You are not allowed to copy the question directly from the exam and are not expected to recreate the entire question in your correspondence. NAAEI will review the question and you will be notified of the findings. Because of the need for test security, NAAEI will not release exam questions or answers to candidates.

Privacy Policy

Certificate holder's personal information is kept confidential. If you need to speak with an NAA or NAAEI representative over the phone, please note that you will have to verify two pieces of information from your account. This information may be identified as one of the following: e-mail address, home address, work address, home phone number, or work phone number. NAA and NAAEI representatives will not issue User IDs, passwords or grades to anyone who cannot verify information on their account. NAAEI will use discretion when sharing information with sponsoring organizations.

Tips for Success

Follow all instructions precisely. If you are taking the exam at a local association or testing center, listen carefully to the proctor and carefully read all written directions you receive.

- Read each question carefully. Review all of the possible answer choices. Picture what would be true or the proper thing to do *in a real-life setting*. Then make your answer choice.
- Don't try to second-guess what the question writers want by thinking, "What do they want me to do?" You will have more success if you think, "What is the best approach for this situation?"
- Pace yourself by checking the time and your progress periodically. The time allotted for the exams is meant to allow everyone ample time to finish. You still need to be sure that you are spending a reasonable amount of time on each question, to avoid wasting the time that is set aside for your exam.

Retaking an Exam

If you do not pass the exam, you may retake it in 7 days or longer. You may retake the exam as many times as you wish, but you must wait at least 7 days between sittings.

CAM EXAM: Retesting fees are \$80 for 1 part and \$100 for both parts.

All other designations pay a retesting fee of \$30.00.

CAMT Professional Apartment Maintenance Institute

Beginning with the 2011 renewal season, NAAEI has changed procedures and no longer will require CAMT certificate holders to submit a yearly renewal fee of \$50 or report 3 Continuing Education Credits (CECs). Instead, all CAMT certificate holders will be granted a one-year membership in the Professional Apartment Maintenance Institute. As a member, you will be acknowledged as a leader in the field of Apartment Maintenance, and can prove that you are tuned in to the most up to date information available.

Retaining your membership in the Professional Apartment Maintenance Institute beyond the first year is both optional and simple. NAAEI will annually develop three hours of topical maintenance training that will keep your maintenance skills up-to-date and will demonstrate to your employer or future employer your commitment to Apartment Maintenance Excellence. You just have to complete the three hours of training every year that you choose to continue your membership.

NALP, CAM, CAPS and CAS Certificate Renewal Requirements

All certificate holder invoices are mailed annually in October. As an NAAEI certificate holder, you are entitled to NAAEI membership. NAAEI membership renewal payments are due upon receipt. However, you may pay without penalty by March 31. Please pay the dues total amount indicated on your invoice. If NAAEI membership renewal fees are unpaid on April 1, a second invoice will be mailed and a \$50 reinstatement fee must be paid along with your certificate renewal fee. Please submit the total number of CECs indicated on your invoice.

All CECs required for the renewal period should be earned the previous year. For example, for the 2009 renewal period, you report CECs earned during 2008. Credits earned prior to 2008 can't be carried forward and reported in the 2009 renewal period.

One contact hour or 50 minutes of education programming or instruction (breaks and meals excluded) is equivalent to one CEC.

Individuals who hold multiple NAAEI certificates may use the same CECs for renewal of all certificates. The total number of CECs that you must report is indicated on your invoice.

Please keep a copy of your CEC reporting form with backup in case your forms are lost in the mail. You may find this form online at: www.naahq.org/renew.
