ABOUT THIS HANDBOOK

This handbook provides information that you will need to register for the SCCE *Certified Compliance & Ethics Professional (CCEP) Examination*, including eligibility requirements, examination policies, an examination content outline, and an examination application. Be sure to keep the handbook after you have registered for the examination; you may wish to refer to it later.

CERTIFICATION

The purpose of certification is to promote compliance and ethics through the certification of qualified compliance and ethics professionals by:

1. Recognizing formally those individuals who meet the eligibility requirements of the SCCE and pass the Certified Compliance & Ethics Professional (CCEP) Examination.
2. Encouraging continued personal and professional growth in the practice of compliance and ethics.
3. Providing a national standard of requisite knowledge required for certification; thereby assisting employers, the public, and members of the professions in the assessment of a compliance and ethics professional.

TESTING AGENCY

SCCE has contracted with Applied Measurement Professionals, Inc. (AMP) to assist in the development, administration, scoring, and analysis of its Certified Compliance & Ethics Professional (CCEP) Examination. AMP services also include the processing of examination applications and the reporting of scores to candidates who take the examination.

STATEMENT OF NONDISCRIMINATION

The SCCE and AMP do not discriminate among candidates on the basis of age, gender, race, color, religion, national origin, disability, or marital status.

ABOUT THE EXAMINATION

The examination is designed to test a well-defined body of knowledge representative of professional practice in the discipline. Successful completion of a certification examination verifies broad-based knowledge in the discipline being tested.

The examination leads to a certification credential in a compliance and ethics discipline defined by a role delineation study. The study involves surveying practitioners in the field to identify tasks that professionals routinely perform and consider important. Each edition of the certification examination is constructed in accordance with examination specifications that list content categories and tasks to be covered and assign numbers of test items and cognitive complexity to content categories. Specifications are developed to represent tasks that are performed in professional practice.

The CCEP examination is developed through a combined effort of qualified content experts and testing professionals. They review the test items to ensure that they are accurate in their content, relevant to practice, and representative of good testing procedures.

This handbook provides specific information related to the Certified Compliance & Ethics Professional Examination. Individuals who meet eligibility requirements and who successfully pass this examination attain the Certified Compliance & Ethics Professional (CCEP) designation. To apply for this examination, complete the application included with this handbook and mail it to the address provided. This handbook can also be found on SCCE's Web site (www.corporatecompliance.org).

A list of accredited activities is available through the SCCE administrative office or on the SCCE website, www.corporatecompliance.org.

Only those programs accredited by SCCE or hosted by SCCE accredited providers will be recognized for credit. Providers of continuing education wishing to apply for accreditation may contact the SCCE administrative office to request the SCCE Accreditation Guidelines.

Documentation

CCEP Candidates and certificants must receive a certificate of credit for all accredited events in which they participate. Candidates should use the information on these certificates to complete Section 3 of the CCEP Examination Application or the CCEP application for certification maintenance.

Audit of Continuing Education Activities

SCCE reserves the right to audit continuing education submission at any

time. The scope of these audits will be limited to verification of attendance and compliance with content area requirements. Fraudulent submission of continuing education for certification, or certification maintenance, is grounds for prohibition from testing or revocation of certification.

APPLYING FOR THE EXAMINATION

The CCEP Examination is administered via computer at over 130 AMP Assessment Centers geographically distributed throughout the United States. There are no application deadlines and candidates who meet the eligibility requirements for an examination may submit their applications and fees at any time. The following steps outline the application process:

1. The candidate completes and submits a paper application (included in this handbook or obtained from www.corporatecompliance.org) and appropriate fee when the eligibility requirements are satisfied. The SCCE reserves the right to verify information supplied by or on behalf of a candidate. Any misrepresentation of information shall be considered grounds for prohibition from testing or revocation of certification.

An application is considered complete only if all information requested is complete, legible and accurate; if the candidate is eligible for the examination; and if the appropriate fee accompanies the application. Required information includes: Personal Information, Indication of Eligibility for Examination, Indication of the Applicable Fee, and Signature. If the examination fee indicated is for a member of SCCE, then Membership Number must also be provided. **APPLICATIONS THAT ARE INCOMPLETE WILL BE RETURNED, ALONG WITH ANY FEE SUBMITTED MINUS A \$50 PROCESSING FEE.**

2. The application is processed, and a confirmation notice of eligibility is sent to the candidate within approximately two weeks. If a confirmation notice is not received within three weeks, contact AMP at 888 519 9901. **This confirmation of a candidate's eligibility and acceptance of the application is valid for 90 days.** A candidate who fails to schedule an appointment for examination within the 90-day period forfeits the application and all fees paid to take the examination. A complete application and examination fee are required to reapply for examination.

In addition to computer-administered examinations, paper and pencil administrations will be scheduled throughout the year at various events.

ON THE DAY OF YOUR EXAMINATION

On the day of your examination appointment, report to the Assessment Center no later than your scheduled testing time. Once you enter the office, look for the signs indicating AMP Assessment Center Check-In. A CANDIDATE WHO ARRIVES MORE THAN 15 MINUTES AFTER THE SCHEDULED TESTING TIME WILL NOT BE ADMITTED.

A candidate who is not admitted due to late arrival has 90 days from the originally scheduled examination session to remit the rescheduling fee and contact AMP to schedule a new appointment for examination. A new application is not required.

A candidate who does NOT reschedule an examination within the 90-day period forfeits the application and all fees paid to take the examination.

After the 90-day period a complete application and examination fee are required to re-apply.

To gain admission to the Assessment Center, a candidate must present two forms of identification, one with a current photograph. Both forms of identification must be current and include the candidate's current name and signature. The candidate will also be required to sign a roster for verification of identity.

Acceptable forms of photo identification include: a current driver's license with photograph, a current state identification card with photograph, a current passport, or a current military identification card with photograph. Employment ID cards, student ID cards and any type of temporary identification are NOT acceptable as the primary form of identification.

Candidates are prohibited from misrepresenting their identities or falsifying information to obtain admission to the Assessment Center.

YOU MUST HAVE PROPER IDENTIFICATION TO GAIN ADMISSION TO THE ASSESSMENT CENTER.

After your identification has been confirmed, you will be directed to a testing carrel. We will take your photograph, which will remain on-screen throughout your examination session. Your photograph will also print on your score report.

SECURITY

The SCCE and AMP maintain examination administration and security standards that are designed to assure that all candidates are provided the same opportunity to demonstrate their abilities. The Assessment Center is continuously monitored by audio and video surveillance equipment for security purposes.

PRACTICE EXAMINATION

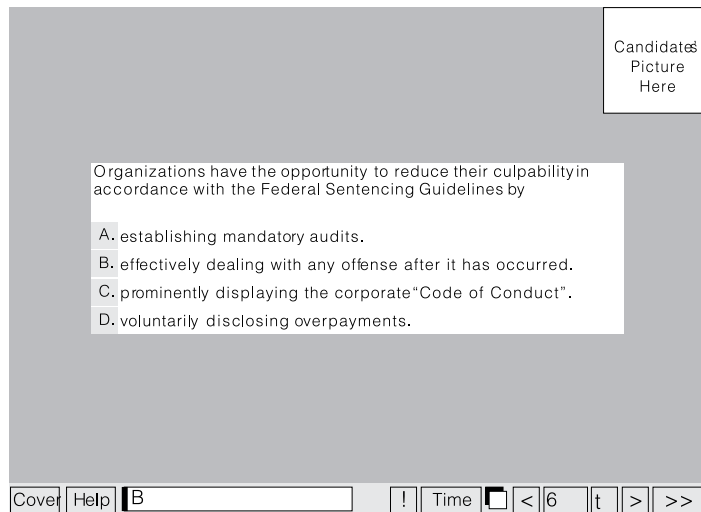

Prior to attempting the examination, you will be given the opportunity to practice taking an examination on a computer. The time you use for this practice examination is NOT counted as part of your examination time. When you are comfortable with the computer examination process, you may quit the practice session and begin the timed examination.

TIMED EXAMINATION

Following the practice examination, you will begin the actual examination. Before beginning, instructions for taking the examination are provided on-screen. The examination contains 115 test questions (100 scored and 15 pretest). Two hours are allotted to complete the examination. The following is a sample of what the computer screen will look like when candidates are attempting the examination.

The computer monitors the time you spend on the examination. The examination will terminate if you exceed the time limit. You may click on the

"Time" button in the lower right portion of the screen or select the TIME key to monitor your time. A digital clock indicates the time remaining for you to complete the examination. The time feature may also be turned off during the examination.

Only one examination question is presented at a time. The question number appears in the lower right portion of the screen. The entire question appears on-screen (i.e., stem and four options labeled A, B, C and D). **Indicate your choice by either entering the letter of the option you think is correct (A, B, C or D) or clicking on the option using the mouse. To change your answer, enter a different option by pressing the A, B, C or D key or by clicking on the option using the mouse.** You may change your answer as many times as you wish during the examination time limit.

To move to the next question, click on the forward arrow (>) in the lower right portion of the screen or select the NEXT key. This action will move you forward through the examination question by question. If you wish to review any question or questions, click the backward arrow (<) or use the left arrow key to move backward through the examination.

An examination question may be left unanswered for return later in the testing session. Questions may also be bookmarked for later review by clicking in the blank square to the right of the Time button. Click on the double arrows (>>) or select the NEXT key to advance to the next unanswered or bookmarked question on the examination. To identify all unanswered and bookmarked items, repeatedly click on the double arrows (>>) or press the NEXT key. When the examination is completed, the number of examination questions answered is reported. If not all questions have been answered and there is time remaining, return to the examination and answer those questions. Be sure to answer each examination question before ending the examination. **There is no penalty for guessing.**

Online comments may be provided for any question by clicking on the button displaying an exclamation point (!) to the left of the Time button. This opens a dialogue box where comments may be entered. Comments will be reviewed, but individual responses will not be provided.

INCLEMENT WEATHER OR EMERGENCY

In the event of inclement weather, or unforeseen emergencies on the day of an examination, the SCCE and AMP will determine whether circumstances warrant the cancellation, and subsequent rescheduling, of an examination. The examination will usually not be rescheduled if the Assessment Center personnel are able to open the Assessment Center.

Candidates may contact AMP's Weather Hotline at +1 913 495 4418 (24 hours/day) prior to the examination to determine if AMP has been

advised that any Assessment Centers are closed. Every attempt is made to administer examinations as scheduled; however, should an examination be canceled at an Assessment Center, all scheduled candidates will receive notification following the examination regarding a rescheduled examination date or reapplication procedures.

In the event of a personal emergency on the day of examination, a candidate may request consideration of rescheduling the examination without additional fee by contacting the SCCE in writing within 30 days of the scheduled examination session. A description of the emergency and supporting documentation are required. Rescheduling without additional fee will be considered on a case-by-case basis.

RULES FOR EXAMINATION

1. Report to your designated Assessment Center location on the day of the examination at the time you were instructed when your appointment was scheduled.

Candidates arriving more than 15 minutes late for an appointment will not be admitted, will forfeit their examination fee, and must re-register for the examination by contacting AMP, and paying the \$50 rescheduling fee.
2. No books, papers, dictionaries, other reference materials or personal items (e.g., purses, briefcases, coats) may be taken into the Assessment Center; you must leave all personal items at home or in your automobile. AMP will not be responsible for loss or damage.
3. No personal pens, pencils or other writing instruments will be allowed in the testing room. Pencils will be provided during check-in.
4. No electronic devices are permitted in the Assessment Center, including telephones or signaling devices such as pagers and alarms.
5. Each person will be provided with scratch paper to use during the examination. This paper must be returned to the proctor at the completion of testing, or you will not be allowed to receive a score report. No documents or notes of any kind may be removed from the examination room. All computer screens, questions, papers and written materials are the property of AMP and may not be reproduced in any form.
6. No questions concerning the content of the examination may be asked during the test.
7. Eating, drinking or smoking will not be permitted in the Assessment Center.
8. You may take a break whenever you wish, but you will not be allowed additional time to make up for time lost during breaks.
9. The proctor may dismiss a candidate from the examination for any of the following reasons:
 - If a candidate's admission to the examination is unauthorized.
 - If a candidate creates a disturbance, is abusive or otherwise uncooperative.
 - If a candidate gives or receives help or is suspected of doing so.
 - If a candidate attempts to take the examination materials or notes from the testing room.
 - If a candidate attempts to take the examination for someone else.
 - If a candidate is observed with notes.

Violation of any of the above provisions results in dismissal from the examination session. The candidate's score on the examination is voided and examination fees are not refunded. Evidence of misconduct is reviewed by the Ethics Committee of the SCCE to determine whether the candidate will be allowed to reapply for examination. If re-examination is granted, a complete application and examination fee are required to reapply.

FAILING TO REPORT FOR AN EXAMINATION

A candidate who fails to report for an examination has 90 days from the originally scheduled examination session to remit the rescheduling fee and call AMP to schedule a new appointment for examination. A new application is not required.

A candidate who does not reschedule an examination within the 90-day period forfeits the application and all fees paid to take the examination. A complete application and examination fee are required to reapply for examination.

FOLLOWING THE EXAMINATION

After you finish the examination, you are asked to complete a short evaluation of your testing experience.

Your score report will indicate a "pass" or "fail." Additional detail is provided in the form of raw scores by major content category. A raw score is the number of questions you answered correctly. Your pass/fail status is determined by your raw score. Even though the examination consists of 115 questions, your score is based on 100 questions. Fifteen (15) questions are "unscored" questions.

The methodology used to set the minimum passing score is the Angoff method, in which expert judges estimate the passing probability of each item on the examination. These ratings are averaged to determine the minimum passing score (i.e., the number of correctly answered questions required to pass the examination).

IF YOU PASS THE EXAMINATION

If you pass the CCEP Examination, you are allowed to use the designation "Certified Compliance & Ethics Professional" (CCEP). You will receive a letter and certificate acknowledging your credential 6–8 weeks after the examination. Certification is valid for a period of two years.

The SCCE reserves the right to recognize publicly any candidate who has successfully completed a CCEP Certification Examination, thereby earning the certification credential. Recognition will be awarded so as not to embarrass any candidate who is unsuccessful in an attempt to achieve certification.

IF YOU DO NOT PASS THE EXAMINATION

If you do not pass the examination, a reapplication form is provided at the bottom of your score report. To schedule another examination, submit this reapplication form and the rescheduling fee within 90 days following the failed examination. If a candidate applies for re-examination after 90 days following the failed examination, the full application and examination fee are required. Candidates failing the 2nd attempt must wait 180 days and file a full application with fees.

SCORES CANCELED BY THE SCCE OR AMP

The SCCE and AMP are responsible for the integrity of the scores they report. On occasion, occurrences, such as computer malfunction or misconduct by a candidate, may cause a score to be suspect. The SCCE and AMP are committed to rectifying such discrepancies as expeditiously as possible.

The SCCE may void examination results if, upon investigation, violation of its regulations is discovered.

REVOCAION OF CERTIFICATION

The following shall serve as grounds for prohibition from examination or revocation of certification:

- Intentional misrepresentation of information provided on a CCEP application
- Fraudulent submission of continuing education credits
- Admission to or conviction of any felony or misdemeanor directly related to the candidate or certificant's role as a compliance and ethics professional

Hearing and Appeal Process: Upon report of a candidate or certificant's action to SCCE by an individual, government agency, or other investigating authority, a hearing before the full SCCE Ethics Review Committee for the determination of facts will be convened in a venue to be determined by the committee chair. The accused and all appropriate witnesses will be called before this hearing for a presentation of all relevant information needed to determine the facts related to the charge against the accused. Upon satisfactory determination of the facts as recorded by a unanimous vote of the full committee, the committee will conduct a closed session to determine the action to be taken as a result of the charge. The decision of the committee may be appealed with or without cause by the accused to the SCCE Board of Directors. The SCCE Board of Directors will review the facts as determined by the Ethics Review Committee and may at their discretion convene a second hearing before the Board for the determination of fact. Upon a vote of unanimous consent to accept the facts as presented, the Board will convene in closed session to determine final action to be taken in the matter of the charge before them.

CONFIDENTIALITY

Information about candidates for testing or renewal of certification and their examination results are considered confidential; however, the SCCE reserves the right to use information supplied by or on behalf of a candidate in the conduct of research. Studies and reports concerning candidates will contain no information identifiable with any candidate, unless authorized by the candidate.

DUPLICATE SCORE REPORT

Candidates may purchase additional copies of their score reports at a cost of \$25 per copy. Requests must be submitted to AMP, in writing, within 12 months after the examination. The request must include the candidate's name, Social Security number, mailing address, telephone number, date of examination and examination taken. Submit this information with the required fee payable to AMP. Duplicate score reports will be mailed within approximately two weeks after receipt of the request.

RENEWAL OF CERTIFICATION

Attaining certification is an indication of mastery of a well-defined body of knowledge at a point in time. Periodic renewal of the certification is required to maintain certified status. Initial certification or renewal of certification is valid for two years.

Certificants may renew their certification through one of two routes:

1. Re-examination and appropriate fee when eligibility requirements are satisfied OR
2. Submission of the CCEP Renewal application documenting 40 CCEP continuing education credits for the two-year period and payment of the renewal fee.

Failure to Renew: When a certificant does not maintain their credential (CEUs have not been maintained), and does not submit the appropriate forms and fees, candidates will be required to apply and retake the applicable examination. A certificant who fails to renew his/her credential within two years is no longer considered certified and may not use the credential in professional communications, such as on letterhead, stationery and business cards, in directory listings, and in signature.

If a candidate intends to maintain credentials, but will not meet the expiration deadline, we will allow a grace period. (See the website for more information on renewal policy).

Re-examination: Candidates who wish to maintain certification through examination must make application and pass the current version of the examination. Individuals maintaining certification through examination are required to pay an examination fee in addition to regular renewal fees (\$100 for members, \$200 for non-members).
