ARTICLE NINE
PRINCIPLES OF I.S.L.A.M

The degree of "I" represents the phase of consciousness that links one to their genetic nature or "Identity". This symbolizes the initial sincere desire to "know" his/her natal birthrights as it relates to their national parentage identity, psycho-spiritual system for spiritual advancement and the pursuit of right law as it pertains to their earthly existence. As it was stated by Sheik Sharif Abdul Ali, "What your Ancient Mothers and Fathers were, you are today without doubt or contradiction". This degree teaches the adept to focus on the "higher I," the genuine and essential Identity as opposed to the "lower I," the replacement and false Identity.

The degree of "Self" represents the phase of consciousness that encourages one to "Know Thy Self". This degree explores the physiology, occult anatomy, esoteric psychology and divine constitution "in" MAN. It urges the adept to learn about his/her "Microcosmic Self" as it acts as a reflection of the "Macrocosmic Self". In the process of "Learning Thy Self" to "Know Thy Self," the higher consciousness presses toward the elevated manifestation of Logos. This degree, symbolized by the pyramid and all seeing eye, encompasses the mysteries of a higher knowledge directed toward an open-ended living mind which infinitely reveals itself. However, the adept soon learns that the mysteries of the open-ended living mind, does not continue to bestow higher frequencies of light coded information until "service," through right law (Isonomi), is manifest among the brotherhoods of the earth plane called Assiah.

The degree of "Law" represents the phase of consciousness that teaches MAN the science of governance through the operative science of "Isonomi," right law, as it relates to the seven universal principles (articles) of the divine constitution. This degree urges that one practice, advocate and act in divine accordance with "Universal Law" by respecting the "rules of cosmic nature". Right law, Isonomi, symbolizes the operative degree of the universal principles, in action, for the betterment of MAN, as a holistic entity. The practice of this degree can best be described in the book on 1st John 4:20-21. "If anyone says 'I love God,' yet hates his brother, whom he has seen, cannot love God, whom he has not seen. And he has given us this command. Whoever loves God must also love his brother". If you look closely in the center of the compass and square, you find the Masonic trowel which represent a tool used to spread (love) cement between the bricks (ashlars, MAN) while building the universal temple of T.G.A.O.T.U. (The Great Architect of the Universe).

The degree of "Am" represents the phase of consciousness that sparks the revelation of the "I Am" principle, the inner kingdom with "GOD" presence illuminating the darkness of uncertainty. This degree teaches the science of "synchronicity," the discipline of how everything is related, interconnected and has the divine spark of the "Most High" as the center of its existence, "As Above, So Below". This aspect of the degree system communes the "I Am" consciousness and intelligence to the Planetary "I Am" intelligence to the higher angelic "I Am" intelligence and so forth. The adept, during this path of conscious enlightenment, begins to understand the evolutionary ascension of the hierarchy and the interpolation of the many universes (Chilicasm) within the divine mind.

The degree of "Master" represents the adept's journey to "full" self discovery. As this degree is identified with the zodiacal ideograph of the mundane cross, it symbolizes the release of one's lower universal existence from the cycles of life and death or the wheel of bardo (zodiacal wheel) through one acting out of right psycho-spiritual expression, right meditation, the positive practice of Isonomi, the complete assimilation of the lower self into the higher self and the unreserved submission to the divine universal constitution of "The All". In this degree, the logos, the circle and the seven are manifest and elevated consciousness of "Ho Christos" is revealed as MAN in a state of completion; however, continuing toward his more perfected self as Adam Kadmon.
