The Chamber is set to celebrate our 2019 Annual Meeting and most importantly, our members. For 101 years, the Chamber has been a resource and advocate for business and our local economic health. We have created many new and meaningful benefits for our members to utilize. Our Women In Business group encourages, educates, and brings awareness to issues effecting females in the workplace, Local Crawfordsville/ Montgomery County Legislative Breakfast for our members to get updates on what's happening in our local community and engage in meaningful conversation with our elected officials, Professional Development Seminars in partnership with the Montgomery County Leadership Academy providing tools and resources for our members to improve their leadership/ management skills, and our newest addition, Human Resources Luncheons where our member's human resource professionals are able to network, learn about the latest issues facing our businesses today, and hear new ideas on how to improve their organization's processes.

As a Chamber, we strive to improve our offerings to our members and provide support to help you through any challenges you may face. We always want to be a valuable resource to you and your business. As we continue through 2019 and in the many years to come, the Chamber will continue to be innovative and resourceful in providing the name member benefits that are offered. Thank you for being the best part of the Crawfordsville and Montgomery County Chamber of Commerce and we look forward to the future together.

MEMBERSHIP DUES

Effective January 1, 2019, the Chamber will start billing our members quarterly instead of monthly.

Please review the new billing schedule below.

CrawfordsvilleChamber.com

The Crawfordsville/Montgomery County Chamber of Commerce was incorporated in February 18, 1918.

The basic mission of the Crawfordsville/Montgomery County Chamber of Commerce is to serve as an active leader in the advancement of the economic health of the county. In addition, the Chamber strives to promote the success of Chamber members by providing education and social opportunities, recognition of a business accomplishment and representation for concerns. The Chamber also works to encourage a citywide government environment, which understands the needs of business and supports the business community. And finally, the Chamber sponsors community events that contribute to the well being of business and the pride of Montgomery County's citizens.
