#### **4.05 Description of the “CASH 3” Game Procedure**

- (A) The GLC may operate a three-digit daily numbers game using a fixed payout (“CASH 3”).
- (B) CASH 3 is a daily three-digit game in which the player may play fifty cents (\$.50) or one dollar (\$1.00) (except as noted) on any one of the following play types:
1. Straight: A Play whereby a winning result is achieved only when the three-digit number specified by the player matches in exact order the official winning number drawn by the GLC for that drawing event. For example, if the winning number is “123” then only the Plays made on “123” in that exact order will be winners.
  2. Six-Way Combination: A Play whereby a winning result is achieved when any combination of three different digits specified by the player matches the official winning number drawn by the GLC for that drawing event. This is the equivalent of six straight Plays on a single

Ticket at six times the base cost. For example, if the winning number is “123” then any combination Play made on “123”, (i.e. “123”, “132”, “231”, “213”, “321”, or “312”) will be a winner of a straight Play. This Play can only be purchased for \$1 per combination thus this Play will cost \$6.

3. Three-Way Combination: A Play whereby a winning result is achieved when any combination of three digits (with any two of the three digits being the same) specified by the player matches the official winning number drawn by the GLC for that drawing event. This is the equivalent of three straight Plays on a single Ticket at three times the base cost. For example, if the winning number is “711”, then any combination Play made on “711”, (i.e. “117”, “171”, or “711”) will be a winner of a straight Play. This Play can only be purchased for \$1 per combination, thus this Play will cost \$3.
4. Straight/Six-Way Box (on one Ticket): A Play whereby the player can place a straight Play and a six-way box Play for the same number on a single Ticket. The player can win on both the straight and box Plays when the three digits specified by the player match in exact order the official winning number drawn by the GLC for that drawing event. The player can win on the box portion when any other combination of the three digits selected by the player matches the winning number drawn by the GLC for that drawing event. Plays are limited to fifty cents (\$.50) on the straight and fifty cents (\$.50) on the box portion for a total of one dollar (\$1) per Ticket. For example, if the winning number is “123” in that exact order they will be winners on both portions of the Ticket. However, boxed Plays made on “123” (i.e. “132”, “231”, “213”, “321”, or “312”) will be winners in the box portion only.
5. Straight/Three-Way Box (on one Ticket): A Play whereby the player can place a straight Play and a three-way box Play for the same number on a single Ticket. The player can win on both the straight and box Plays when the three digits specified by the player match in exact order with the official winning number drawn by the GLC for that drawing event. The player can win on the box portion when any other combination of the three digits (with any two of the three digits being the same) selected by the player matches the winning number drawn by the GLC for that drawing event. Plays are limited to fifty cents (\$.50) on the straight portion and fifty cents (\$.50) on the box portion for a total of one dollar (\$1) per Ticket. For example, if the winning number is “311”, then only Plays made on “311” in that exact order will be winners on both portions of the Ticket. However, boxed Plays made on “311” (i.e. “113” or “131”) will be winners in the box portion only.
6. Six-Way Box: A Play whereby a winning result is achieved when any combination of three (3) different digits specified by the player matches the official winning number drawn by the GLC for that drawing event. This is the equivalent of six Plays for a single-unit Ticket cost. For example, if the winning number is “123” then all boxed Plays made on “123” (i.e. “132”, “123”, “231”, “213”, “321”, or “312”) will be winners.
7. Three-Way Box: A Play whereby a winning result is achieved when any combination of three digits (with any two of the three digits being the same) specified by the player matches the official winning number drawn by the GLC for that drawing event. This is the equivalent of three straight Plays for a single-unit Ticket cost. For example, if the winning number is “711”, then all boxed Plays made on “711” (i.e. “117”, “171”, or “711”) will be winners.
8. Front Pair: A Play whereby a winning result is achieved only when the two-digit number specified by the player matches in exact order the first two numbers in the official winning number drawn by the GLC for that drawing event. For example, if the winning number is “123” then only the Plays made on “12X” (or “1, 2, any number”) in that exact order will be winners.
9. Back Pair: A Play whereby a winning result is achieved only when the two-digit number specified by the player matches in exact order the last two numbers in the official winning number drawn by the GLC for that drawing event. For example, if the winning number is

“123” then only the Plays made on “X23” (or “any number, 2, 3”) in that exact order will be winners.

10. **“1-Off”**: A Play whereby a winning result is only achieved either: (a) when the three-digit number specified by the player matches in exact order the official winning number drawn by the GLC for that drawing event, OR (b) when the three digits specified by the player each match or are off only by one on any or all of the official winning three digits in exact order drawn by the GLC for that drawing event. In other words, the player wins when the player’s digits match or are only one off on any or all of the digits drawn. Each Ticket for a “1-Off” Play will display all possible winning combinations and each respective possible prize level. The only possible winning combinations for a “1-Off” Play will be those displayed on the Ticket.

(C) **CASH 3 Prize Structure**

1. Based on a dollar (\$1.00) Play, the Prize Structure for the CASH 3 game shall be as follows:

1. A Ticket which is printed in error for the Georgia CASH 3 game may be canceled only on the date purchased, within fifteen (15) minutes of the purchase and prior to the drawing break. Such Tickets shall be voided only by the issuing Retailer and the Lottery Terminal that printed the Ticket, and the player may request a refund or a replacement Ticket. If for any reason the Lottery Terminal that issued the Ticket is inoperable prior to the drawing break, the CEO may, exclusively at his/her discretion, reimburse the player the Ticket price. This shall be the player’s exclusive remedy.
2. All canceled CASH 3 Tickets shall be torn in half by the Retailer after daily or weekly reconciliation of CASH 3 sales.

(E) **Time, Place, Frequency and Means of Conducting Drawing**

2. Utilizing mechanical drawing machines selected at random and three (3) ball sets selected at random, the result shall be to select at random three (3) winning numbers, each between zero (0) and nine (9), in accordance with the controls and methods set forth in this chapter of these rules and regulations.

  2. Multi-Draw: You can play the same numbers for up to 7 consecutive Cash 3 draws (\$1 per play per draw) by selecting the Multi-Draw box on your playslip corresponding to the number of drawings you wish to play. Multi-Draw selections will be consecutive from the draw day selected.

(C) "KENO!" Multiplier Option

- The GLC will offer for one dollar (\$1.00) a Multiplier Option which may be added at a player's choice to each dollar (\$1.00) play wagered in the KENO! game. The holder of a winning "KENO!" Ticket, with a Multiplier Option, will have his or her KENO! game winnings increased by the multiplier drawn in that respective Multiplier Option Drawing.
- The multiplier for the Multiplier Option will be chosen randomly from a field of 80 possible alternative choices consisting of the following possible multipliers and odds:

<u>Multiplier</u>	<u>Frequency in Field</u>	<u>Odds of Being Chosen</u>
10 (or 10X)	1	1 in 80
5 (or 5x)	5	1 in 16
3 (or 3x)	14	1 in 5.71
2 (or 2x)	40	1 in 2
1 (or 1x)	20	1 in 4
<b>TOTAL:</b>	<b>80</b>	

- The prices and play combinations of any single "KENO!" game Ticket, with the Multiplier Option, shall be designated by the CEO.
- The maximum amount that can be played on any single "KENO!" game Ticket, with the Multiplier Option, is four hundred dollars (\$400.00).
- A Player may choose to play both the Bulls-Eye Option and the Multiplier Option with a KENO! Play. If both Bulls-Eye and KENO! Multiplier options are played, Bulls-Eye prizes cannot be multiplied. Only the base KENO! prizes are eligible to be multiplied.

(D) "KENO!" Bulls-Eye Option

- Bulls-Eye, the KENO! add-on game, offers Players larger prizes and more chances to win. At the end of each KENO! drawing, one of the 20 winning numbers drawn is randomly selected as the Bulls-Eye number. If a Player purchases the Bulls-Eye option and matches the Bulls-Eye number, the Player wins the prizes shown below, even if not winning a base KENO! prize. Win bigger prizes (see chart below). You can win a prize even if you don't win a base KENO!

#### 4.08 Description of the “CASH 4” Game Procedure

- (A) The GLC may operate a four-digit daily numbers game using a fixed payout (“CASH 4”).
- (B) CASH 4 is a daily four-digit game in which the player may play fifty cents (\$.50) or one dollar (\$1.00) (except as noted) on any one of the following play types:
1. Straight: A Play whereby a winning result is achieved only when a four-digit number specified by the player matches in exact order the official winning number drawn by the GLC for that drawing event. For example, if the winning number is “1234” then only the Plays made on “1234” in that exact order will be winners.
  2. Four-Way Box: A Play whereby a winning result is achieved when three of the four digits specified by the player are identical, and match in any order the official winning number drawn by the GLC for that drawing event. For example, if the winning number is “1112” three identical digits in any order will be a winning Play, (i.e. “1112”, “1121”, “1211”, “2111”).
  3. Six-Way Box: A Play whereby a winning result is achieved when the four digit number specified by the player consists of two identical pairs of numbers, and matches in any order the official winning number drawn by the GLC for that drawing event. For example, if the winning number is “1122” two identical pairs in any order will be a winning Play, (i.e. “1122”, “1212”, “1221”, “2112”, “2121”, “2211”).
  4. Twelve-Way Box: A Play whereby a winning result is achieved when two of the four digits specified by the player are identical, and match in any order the official winning number drawn by the GLC for that drawing event. For example if the winning number is “1123” two identical digits in any order will be a winning Play, (i.e. “1123”, “1132”, “1213”, “1231”, “1312”, “1321”, “2113”, “2131”, “2311”, “3112”, “3121”, “3211”).
  5. Twenty-Four Way Box: A Play whereby a winning result is achieved when all four digits specified by the player are unique, and match in any order the official winning number drawn by the GLC for that drawing event. For example, if the winning number is “1234” four unique digits in any order will be a winning Play, (i.e. “1234”, “1243”, “1324”, “1342”, “1423”, “1432”, “2134”, “2143”, “2314”, “2341”, “2413”, “2431”, “3124”, “3142”, “3214”, “3241”, “3412”, “3421”, “4123”, “4132”, “4213”, “4231”, “4312”, “4321”).
  6. Four-Way Straight Box: A Play whereby the player can place a straight Play and a box Play for the same four digit number on a single Ticket. Three of the digits selected must be identical. The player can win on both the straight and box Plays when the four digit number specified by the player matches in exact order the official winning number drawn by the GLC

for that drawing event. The player can win on the box portion by matching in any order the official winning number drawn by the GLC for that drawing event. For example, if the winning number is “1112” then Plays made on “1112” in that exact order would qualify to win on both portions of the Ticket. However, boxed Plays made on “1112” (i.e. “1121”, “1211”, “2111”) will be winners in the box portion only.

7. Six-Way Straight Box: A Play whereby the player can place a straight Play and a box Play for the same number on a single Ticket. The four digits selected must consist of two identical pairs. The player can win on both the straight and box Plays when the four digits specified by the player match in exact order the official winning number drawn by the GLC for the drawing event. The player can win on the box portion by matching in any order the official winning number drawn by the GLC for that drawing event. For example, if the winning number is “1122” then Plays made on “1122” in that exact order would qualify to win on both portions of the Ticket. However, boxed plays made on “1122” (i.e. “1212”, “1221”, “2112”, “2121”, “2211”) will be winners in the box portion only.
8. Twelve-Way Straight Box: A Play whereby the player can place a straight Play and a box Play for the same number on a single Ticket. The four digits selected must consist of two identical digits. The player can win on both the straight and box Plays when the four digits specified by the player match in exact order the official winning number drawn by the GLC for the drawing event. The player can win on the box portion by matching in any order the official winning number drawn by the GLC for that drawing event. For example if the winning number is “1123” then Plays made on “1123” in that exact order would qualify to win on both portions of the Ticket. However, boxed plays made on “1123”, (i.e. “1132”, “1213”, “1231”, “1312”, “1321”, “2113”, “2131”, “2311”, “3112”, “3121”, “3211”) will be winners in the box portion only.
9. Twenty-Four-Way Straight Box: A Play whereby the player can place a straight Play and a box Play for the same number on a single Ticket. The four digits selected must be unique. The player can win on both the straight and box Plays when the four digits specified by the player match in exact order the official winning number drawn by the GLC for that drawing event. The player can win on the box portion by matching in any order the official winning number drawn by the GLC for that drawing event. For example, if the winning number is “1234” then Plays made on “1234” in that exact order would qualify to win on both portions of the Ticket. However, boxed Plays made on “1234” (i.e. “1243”, “1324”, “1342”, “1423”, “1432”, “2134”, “2143”, “2314”, “2341”, “2413”, “2431”, “3124”, “3142”, “3214”, “3241”, “3412”, “3421”, “4123”, “4132”, “4213”, “4231”, “4312”, “4321”) will be winners in the box portion only.
10. Four-Way Combination: A Play whereby a winning result is achieved when three of the four digits specified by the player are identical, and match in any order the official winning number drawn by the GLC for that drawing event. For example, if the winning number is “1112” three identical digits in any order will be a winning Play, (i.e. “1112”, “1121”, “1211”, “2111”). This Play can be purchased for a minimum of \$4.
11. Six -Way Combination: A Play whereby a winning result is achieved when the four digit number specified by the player consists of two identical pairs of numbers, and matches in any order the official winning number drawn by the GLC for that drawing event. #### **4.16 Description of INSTANT Game (or 'SCRATCHER' Game) Procedures**

- (A) **Applicability of Rules**  
The Game Rules contain specific rules, regulations, procedures, instructions and directives which apply to Instant Games developed and offered for distribution and sale to the public by the Georgia Lottery Corporation ("GLC"). The GLC will, from time to time, amend these Rules and Regulations and adopt new Rules and Regulations that pertain to all Instant Games as well as game specific items that will be incorporated into the Working Papers for each game. In the event of a conflict among the Act, the Game Rules, and the Retailer Contract, the Act will govern the Game Rules, and the Game Rules will govern the Retailer Contract; however, to the extent not in conflict with the Act, the Working Papers will govern the Game Rules as to the specific Instant Game being produced for distribution: further, however, to the extent not in conflict with the Act, any special rules, Draw Procedures or other Game Procedures adopted by the GLC for a specific Instant Game (such as for a sales contest), will govern the Working Papers and the Game Rules as to that game.
- (B) **General Rules**
  - (1) If the GLC, in its sole discretion, has authorized a Retailer to sell Tickets for Instant Games at one or more of its Retailer Business Locations, in addition to all provisions, terms and conditions of the Act, other Rules and Regulations, and the Retailer Contract, the Game Rules herein shall apply to all Instant Games. To the extent of any inconsistency with either the Retailer Contract or with the Retailer Rules, the Game Rules shall govern the Instant Games.

(2) Each Retailer shall sell Instant Tickets for any and all Instant Games, as directed by the GLC, at each of its Retailer Business Locations listed in the Retailer Contract for which the GLC has authorized the sale of Tickets for Instant Games.

(3) Acceptance and Return of Instant Tickets:

- (a) Each Retailer shall have a fiduciary duty and responsibility to preserve and account for all Instant Tickets accepted from the GLC or its distributor, as well as cash proceeds from the sale of any lottery products, subject only to exceptions, clarifications or modifications as may be adopted from time to time by the CEO.
- (b) Any Instant Tickets not properly accounted for by the Retailer upon termination of the Retailer Contract, upon demand by the GLC, or at the End of Game date for the corresponding Instant Game, regardless of the reason, shall be the responsibility of the Retailer, subject only to exceptions, clarifications or modifications as may be adopted by the CEO.
- (c) Retailers shall confirm receipt of all Packs of Instant Tickets delivered, at the time of delivery, through the Lottery Terminal provided by the GLC. ***Failure to confirm Tickets upon receipt could result in appropriate sanctions up to and including Retailer Contract Termination.*** Retailers shall accept only complete Ticket orders assigned to them and will not be allowed to accept a part of the Ticket order delivered to them, unless otherwise permitted by the CEO.
- (d) The GLC will accept full and partial Pack returns immediately following the termination, cancellation, suspension, revocation or non-renewal of a Retailer Contract with the GLC. The returned Instant Tickets must be collected by or delivered directly to a Lottery Sales Representative or any other employee designated by the CEO. Activated Instant Tickets not returned, or not otherwise accounted for to GLC's satisfaction, will be charged to the Retailer, less appropriate Retailer Commissions.
- (e) For special Instant Games which may have varying market appeal, as determined from time to time in the sole discretion of the CEO (such as seasonal, special interest and sports theme Instant Games), the GLC may accept full and partial Pack returns prior to the announced End of Game. The returned Instant Tickets must be collected by or delivered directly to a Lottery Sales Representative or any other employee designated by the CEO. Activated Instant Tickets not returned, or not otherwise accounted for to GLC's satisfaction, will be charged to the Retailer, less appropriate Retailer Commissions.
- (f) Prior to announcing the End of Game date for any particular Instant Game to the general public, the GLC will notify Retailers of a prior date at which the GLC expects the Retailer to cease selling Instant Tickets for that game. Thereafter, and on or before the End of Game date, the GLC Sales Representative, or any other employee designated by the CEO, will pick up any full and partial Packs of Tickets for that game remaining with the Retailer. Activated Instant Tickets not returned, or not otherwise accounted for to GLC's satisfaction, will be charged to the Retailer, less appropriate Retailer Commissions.
- (g) The foregoing notwithstanding, the GLC may, from time to time, adopt rules limiting the return and acceptance of full and partial Packs for specific Instant Games as a condition of Retailer participation in sales contests, promotional offerings, and other events.
- (h) Lost or Missing issued or confirmed, but non-activated, full Packs of Instant Tickets that are not returned to the GLC, upon GLC's request or requirement, will not be charged to the Retailer; however, continued lack of accountability, responsibility, or misfeasance by a Retailer in handling Instant Tickets shall result in appropriate sanctions.   - (c) If only some, but not all, of the Tickets in an Activated Pack are reported stolen, the GLC will credit the amount invoiced to the Retailer for the range(s) of Tickets reported stolen, if the GLC has been able to block the validation of the range(s) of Tickets reported stolen on the GLC's gaming system computers. In allowing such credit, the GLC will rely upon the range(s) of Tickets reported stolen; however, if the range(s) reported stolen are not available from the Retailer or prove to be inaccurate, the credit will be determined by the GLC's best estimates from information contained on the GLC's gaming system computer records.
- (3) For full packs of issued or confirmed but non-activated Instant Tickets, the Retailer shall be responsible for stolen Instant Tickets and will be charged the full price of the Tickets, minus any applicable Commissions only if the Retailer has not complied with all of the stolen Ticket reporting requirements.
  - (4) Unless otherwise permitted by the CEO, the Retailer must have a valid Retailer Contract with the GLC, be an active Retailer, and be current on all funds due to the GLC in order to qualify for any credit for stolen Instant Tickets not recovered.
- (D) Damaged Tickets
- (1) If Instant Tickets are damaged in transit to the Retailer, the Retailer shall report the damage to the GLC within 24 hours after confirmation of delivery. (A police report is not required for damaged Instant Tickets.) The GLC will accept the return of all Tickets damaged in shipment.
  - (2) The Retailer shall be responsible for Instant Tickets damaged after delivery; however, the Retailer will not be charged for full packs of confirmed but non-activated Instant Tickets damaged after delivery and the Retailer will receive credit for partial packs of damaged activated Instant Tickets damaged after delivery, so long as the Retailer returns the damaged tickets to the GLC as soon as possible after the damage occurs.
