

## CHAPTER 502

### UNITED STATES (U.S.) ENTRY REQUIREMENTS

#### A. GENERAL

1. Personnel and property enter the United States daily to support the Department of Defense (DoD) mission. This chapter addresses U.S. entry requirements for those personnel and/or property, whether shipped by military or commercial Transportation Service Provider (TSP), and the conveyance, if owned or controlled by the DoD.
2. All conveyances (ships, aircraft, and other mode/methods of transport) entering the Customs Territory of the United States (CTUS) from a foreign port or place will be subject to a complete customs inspection upon arrival at the first U.S. port of entry. Exception provisions apply where an agreement exists between the U.S. Customs and Border Protection (CBP) and the U.S. Navy Customs and Border Clearance Agent (CBCA) (Afloat) for shipboard inspections and authorized clearance operations. Personnel, accompanied baggage, personal property, and cargo and the associated documentation are also subject to inspection. This chapter outlines the general U.S. entry requirements and refers to more specific requirements either in this regulation, or from other sources.
3. Upon establishment of the Department of Homeland Security (DHS), a combined organization of Border Patrol, the Bureau of Citizenship and Immigration Services (USCIS), Agriculture Inspection, and the U.S. Customs Service became CBP. CBP is now responsible for border inspections and clearances previously performed by these separate agencies.

#### B. RESPONSIBILITIES

1. Individual (or customer). The individual customer and his or her family members are responsible for complying with the rules and laws of the host country to which they are assigned and the laws and regulations associated with imports to the United States.
2. Transportation Officer (TO).
  - a. DoD-sponsored cargo transported by commercial air, sea, rail, highway, or inland waterway to a destination within the CTUS, or when such cargo is delivered to a commercial air or water terminal not operated by the military, the TO responsible for the area within which the destination or terminal is situated will assist the commercial TSP, in accordance with (IAW) the commercial contract, in accomplishing all customs/agriculture documentation required for entry of the cargo.
  - b. TOs at locations designated as ports of entry in the CTUS will make arrangements at the nearest CBP office to have a CBP Form 3461, Entry/Immediate Delivery, [Figure 502-1](#), on file for a fixed or indefinite period of time.
3. Installation Commanders (CDR). All DoD components, including reserve components, that operate, sponsor, or provide water or airfield arrival services to a ship or aircraft entering the CTUS will provide information on the departure point, the expected arrival time at the port of entry, and the status of the ship or aircraft (with information on number of passengers and crew) to the CBP and other border clearance agencies. Notification is mandatory to coordinate arrangements for border clearances and for providing such assistance to CBP and other border clearance agencies. DoD Components that operate, sponsor, or provide arrival services will not allow entry into the CTUS without notification of the border clearance authorities.

4. Ship/Aircraft CDR. The ship's captain/master or aircraft CDR is responsible for providing border clearance documentation and manifests of any onboard cargo to boarding CBP officials upon arrival at the sea or air terminal at the first point of entry into the CTUS. The ship's captain/master or aircraft CDR is also required to provide documentation such as crew and passenger lists. The ship's captain/master or aircraft CDR will not:
  - a. Interfere with the performance of the duties of the CBP or CBCA/ Military Customs Officer-Excepted (MCO-E) personnel (including Navy Afloat CBCAs).
  - b. Permit any cargo, baggage, or equipment to be removed from any vessel or aircraft without permission from the designated border clearance official.
  - c. Allow any passenger or crew member to depart from a vessel or aircraft prior to completion of arrangements for final border clearance processing. Aircrews usually have one crew member deplane to assist with aircraft block (i.e., gear pins and chocks) and then return to the flight deck. Removal of cargo or departure of personnel may be allowed should it become necessary for the safety or preservation of life or property.
5. DoD Components. DoD Components which operate ships and aircraft entering the CTUS are responsible for establishing procedures to ensure compliance with provisions of this regulation, written agreements between the DoD and CBP and other border clearance agencies, and the federal laws and regulations of those agencies. Implementing regulations of DoD components will include specific entry procedures for:
  - a. Ships, aircraft, and terminal operations.
  - b. Passengers and crew members to include medical crews, attendants, and patients.
  - c. Maintaining a sterile environment for personnel who have departed the ship or aircraft but have not yet been cleared by border clearance agency officials.
  - d. Cargo, including personal property and accompanied baggage, placed onboard the ship or aircraft as either checked baggage or cabin (carry-on) baggage.
  - e. Maintaining the security of the ship, aircraft, or terminal and its contents pending arrival of border clearance officials, should those officials not be immediately on-hand upon arrival.
  - f. Coordinating with the CBP Port Director and the local offices of the CBP.
  - g. Ensuring personnel receive formalized instruction in border clearance procedures to ensure successful accomplishment of the CBCP.
6. Contracting Officer. The contracting officer will ensure that all contracts will comply with import/export requirements of the Defense Federal Acquisition Regulation Supplement (DFARS). This provision includes the responsibility for preparation of shipper's export/import declaration documents and obtaining licensing permits.

### C. CBP CLEARANCE REQUIREMENTS FOR CONVEYANCES (DOD-OWNED OR -CONTROLLED)

1. U.S. Navy Ships. The Navy maintains the only remaining Navy Afloat CBCA program accredited by the CBP Port Directors at Norfolk and San Diego.
  - a. Clearance Requirement. The captain/master or commanding officer of each military ship entering into the CTUS is responsible for ensuring a complete U.S. border clearance inspection has been accomplished prior to arrival at the U.S. port of entry.
    - (1) At a minimum, the inspection will encompass all ship spaces (e.g., lockers, boats, cargo holds, living areas, and embarked aircraft, and all cargo and equipment onboard), to include organic equipment of units embarked.
    - (2) All on-board personnel and accompanying baggage will be inspected, to include passengers, crew members, super cargo personnel, security personnel, observers, and civilian technicians. As part of the border clearance inspection, and in preparation for clearance at the port of entry, all personnel will complete a personal declaration, CBP Form 6059B, U.S. Customs and Border Protection Customs Declaration, [Figure 502-2](#).
    - (3) The ship's captain/master or their representative will notify CBP officials at the U.S. port of entry and the Service investigative service of any contraband found during underway inspections, prior to arrival at the first port of entry. The Service investigative service will meet the ship upon arrival and transfer custody of the contraband into the Service evidence system. Entrance of the contraband into the Service evidence system greatly diminishes the possibility of an error in the chain of custody.
  - b. Clearance Procedures. Inspection will normally be performed by trained and designated CBCAs. Each military-operated ship will have at least one trained and designated CBCA within its crew. If a shipboard CBCA capability does not exist, the captain/master or commanding officer of the ship will appoint an officer to conduct the inspection.
    - (1) At the first U.S. port of entry, the captain/master or commanding officer of each ship will present CBP officials with a manifest of all cargo loaded aboard the ship for discharge in the CTUS. A copy of this manifest will also be presented to the operator of the military water terminal.
    - (2) When the crew and vessel, but not the cargo, are cleared at the first U.S. port of entry, the ship's captain/master or commanding officer will notify the CBP at subsequent ports of entry and provide them a manifest of the cargo to be discharged at that port.
    - (3) The inspection will be conducted at the last port of call before entry into the CTUS. This permits support from land-based Customs activities and maximizes inspection effectiveness. If mission requirements, ship size or characteristics, inspection resources, or port considerations preclude inspection prior to departure, the inspection will be conducted while the ship is en route to the U.S. port of entry.
    - (4) For each ship operating outside the CTUS, the ship's captain/master or commanding officer will prepare a customs inspection plan. The plan will be developed to outline those procedures to be followed to ensure effective conduct of the CBCA inspection. The plan will include procedures both for inspecting the ship, its cargo, equipment, and personnel, and for completion and collection of personal customs declarations.
    - (5) For each ship operating outside the CTUS, the ship's captain/master or commanding officer will prepare a counter-narcotics plan to prevent the use of the ship, its cargo, equipment, or personnel onboard, for the illegal introduction of drugs, narcotics, or other contraband into the CTUS.

- (6) Clearance at the Port of Entry. Ships normally arrive at established U.S. ports of entry at which border clearance officials are readily available. The pre-departure examination/inspection under the CBCA program will expedite the procedures on arrival in the CTUS. Integrity inspections or examinations at the first port of entry and/or subsequent ports of call are within the prerogative of the clearance officials. In most cases, this will consist of a cursory check for the proper paperwork.
  - (1) Dutiable and restricted items: All items acquired outside the United States must be declared and may be subject to duty and/or other taxes. Certain items may be subject to restrictions or prohibited from import. All baggage is subject to examination. All personnel will make items in their possession available for inspection if so requested by CBP officials. Animals, foodstuffs, plants, or plant parts will be made available for inspection before being brought ashore.
  - (2) The captain/master or commanding officer of the ship will complete, and provide to the clearance officials, written certification that a border clearance inspection has been completed.
  - (3) In addition to notification of border clearance agencies, military elements operating in U.S. water terminals will provide transportation for border clearance officials to and from inbound ships to permit clearance process as early as possible before berthing.
  - (4) Shipboard Mail. The captain/master or commanding officer of ships will institute onboard mail control procedures IAW the provisions of DoD 4525.6 M, Department of Defense Postal Manual.

2. Vessel Passenger Manifesting Requirements:

- a. For all civilians entering the United States on DoD-owned or -chartered vessels, IAW 19 Code of Federal Regulations (CFR) 4.7b, Electronic Passenger and Crew Arrival Manifests, advance electronic passenger manifest data is required to be provided to CBP's Advance Passenger Information System (APIS) through the Coast Guard's Electronic Notice of Arrival/Departure (eNOAD) system. Submission time frames are provided in Paragraph C.2.c below. Active duty U.S. military personnel are exempt. If a manifesting entity has a direct interface between an automated system and eNOAD that interface may be used or data must be manually entered using the Web-based eNOAD system at <https://enoad.nvmc.uscg.gov/>. Required data elements include:
  - (1) Full name (last, first, and, if available, middle)
  - (2) Date of birth
  - (3) Gender (F = female; M = male)
  - (4) Citizenship
  - (5) Country of residence
  - (6) Status on board the vessel
  - (7) Travel document type (e.g., P = passport; A = alien registration card)
  - (8) Passport number, if a passport is required
  - (9) Passport country of issuance, if a passport is required
  - (10) Passport expiration date, if a passport is required
  - (11) Alien registration number, where applicable

- (12) Passenger Name Record locator, if available
  - (13) Address while in the United States (number and street, city, state, and zip code), except that this information is not required for U.S. citizens, lawful permanent residents, or persons who are in transit to a location outside the United States
  - (14) Foreign port/place where transportation to the United States began (foreign port code)
  - (15) Port/place of first arrival (CBP port code)
  - (16) Final foreign port/place of destination for in-transit passengers (foreign port code)
  - (17) Vessel name
  - (18) Vessel country of registry/flag
  - (19) International Maritime Organization (IMO) number or other official number of the vessel
  - (20) Voyage number (applicable only for multiple arrivals on the same calendar day)
  - (21) Date of vessel arrival.
  - b. Any other information to expedite processing should be provided.
  - c. The appropriate official must transmit each electronic arrival manifest to meet the time frames specified below:
    - (1) For a voyage of 96 hours or more, at least 96 hours before entering the first U.S. port or place of destination
    - (2) For a voyage of less than 96 hours but at least 24 hours, prior to departure of the vessel
    - (3) For a voyage of less than 24 hours, at least 24 hours before entering the first U.S. port or place of destination.
  - d. For additional information on timing and special circumstances, 19 CFR 4.7b (b) (2) should be consulted.
3. Aircraft Entrance Requirements.
- a. Aircraft must be cleared upon arrival at first port of entry into the CTUS or at their final destination if a Domestic Military Customs program is in place. CBP reserves the right to inspect any aircraft, cargo, or personnel upon entry into the United States either at its first port of entry or at its final destination.
  - b. The aircraft CDR of each DoD-owned or -controlled aircraft entering into the CTUS is responsible for ensuring a complete U.S. border clearance inspection has been accomplished upon arrival at the U.S. port of entry.
  - c. Advance Notification. Departure airfield installation CDRs will ensure aircraft arrival/manifest data is passed to the down-line CTUS terminal or station prior to the arrival of the aircraft, to arrange for CBP processing. Arrival data will include:
    - (1) Aircraft identification.
    - (2) Aircraft cabin load, including number of passengers, number of crew, and a general description of types and amount of cargo.
    - (3) Notice of unusual cargo or passengers (including first-time entrants into the United States).

- (4) For all civilians entering the United States on commercial charter aircraft, IAW 19 CFR 122.49a, Electronic Manifest Requirement for Passengers Onboard Commercial Aircraft Arriving in the United States, advance electronic passenger manifest data is required to be provided to CBP's APIS no later than 30 minutes prior to the securing of the aircraft. Active duty U.S. military personnel are exempt. Data may be entered through direct interface between the Global Air Transportation Execution System (GATES) and APIS, or over the internet on the Web-based e-APIS (<https://eapis.cbp.dhs.gov/>). Required data elements include:
  - (a) Full name (last, first, and, if available, middle)
  - (b) Date of birth
  - (c) Gender (F = female; M = male)
  - (d) Citizenship
  - (e) Country of residence
  - (f) Status on board the aircraft
  - (g) Travel document type (e.g., P = passport; A = alien registration card)
  - (h) Passport number, if a passport is required
  - (i) Passport country of issuance, if a passport is required
  - (j) Passport expiration date, if a passport is required
  - (k) Alien registration number, where applicable
  - (l) Passenger Name Record locator, if available
  - (m) Address while in the United States (number and street, city, state, and zip code), except that this information is not required for U.S. citizens, lawful permanent residents, or persons who are in transit to a location outside the United States
  - (n) International Air Transport Association (IATA) code of foreign port/place where transportation to the United States began (foreign port code)
  - (o) IATA code of port/place of first arrival (arrival port code)
  - (p) IATA code of final foreign port/place of destination for in-transit passengers (foreign port code)
  - (q) Airline TSP code
  - (r) Flight number
  - (s) Date of aircraft arrival.
- (5) Any other information to expedite processing.
- d. The flight crew will complete a CBP Form 7507, General Declaration (Outward/Inward) Agriculture, Customs, Immigration, and Public Health, [Figure 502-3](#).
- e. For specifics on Aircraft Entrance Requirements and Personnel Entrance Requirements and for a listing of Regular and Limited Airports of Entry, see the DoD Foreign Clearance Guide (FCG) (<https://www.fcg.pentagon.mil/>). Regular and Limited Airports of Entry can be found in the FCG by typing "United States" in the search function, selecting "Go", and scrolling to Section VIII: Miscellaneous.

## D. TERMINAL OPERATIONS

### 1. Water Terminal.

- a. When DoD-sponsored cargo is transported by water or inland waterway TSPs to a destination within the CTUS, or when such cargo is delivered to a commercial water terminal not operated by the military, the TO responsible for the area within which the destination or terminal is situated will accomplish all customs/agriculture documentation for entry of the cargo.
- b. If cargo arrives without the proper CBP or United States Department of Agriculture (USDA)/Animal Plant Health Inspection Service (APHIS) documentation for entry into the CTUS, it must be prepared by the local installation or terminal TO or vendor as prescribed.

### 2. Air Terminal.

- a. When DoD-sponsored cargo is transported by air to a destination within the CTUS, or when such cargo is delivered to a commercial air terminal not operated by the military, the TO responsible for the area within which the destination or terminal is situated will accomplish all customs/agriculture documentation for entry of the cargo.
- b. Regular Airports of Entry (R-AOE).
  - (1) CDRs of U.S. aerial ports of debarkation (APOD) will, when requested, arrange for immediate return of passengers to the point of origin when CBP has denied such passengers admission into the CTUS.
  - (2) For a listing of R-AOEs see the DoD Foreign Clearance Guide at <https://www.fcg.pentagon.mil/>. R-AOEs can be found in the FCG by typing “United States” in the search function, selecting “Go”, and scrolling to Section VIII: Miscellaneous.
- c. Limited Airports of Entry (L-AOE).
  - (1) Federal Inspection Service (FIS) officials are normally assigned to perform border clearance function at R-AOEs. These functions, with prior coordination and authorization from CBP may be performed at L-AOEs by military personnel specifically trained and designated as MCO-E. With prior coordination, FIS officials may be available (a fee may be required). CDRs of Continental United States (CONUS)-based installations having an airfield, airbase, or air station, which is used as a first CTUS port of entry, will become familiar with the requirements of this program by contacting the CBP.
  - (2) For a listing of L-AOEs see the DoD Foreign Clearance Guide at <https://www.fcg.pentagon.mil/>. L-AOEs can be found in the FCG by typing “United States” in the search function, selecting “Go”, and scrolling to Section VIII: Miscellaneous.
- d. DoD components operating aircraft into the CTUS are responsible for the establishment and management of the procedures at all R-AOEs and L-AOEs to ensure compliance with the provisions of this regulation.
- e. CDRs of R-AOEs and L-AOEs will:
  - (1) Establish local procedures to ensure all entry and departure requirements for aircraft, crew members, passengers, and cargo specified in this regulation and the Foreign Clearance Guide are met. Quarterly meetings are recommended between CBP Port Directors and the CDR of the Airports of Entry.

- (2) Designate a functional element or official to furnish advance notice of aircraft arrivals and departures to the FIS.
- (3) Maintain an active liaison with local FIS officials.
- (4) Budget overtime charges for U.S. CBP agencies.
- (5) Facilitate the efficient and expeditious inspection and clearance of aircraft, crew members, passengers, and cargo by U.S. CBP officials.
- (6) Provide office and inspection facilities for CBP activities.
- (7) In coordination with U.S. CBP Agencies; provide briefings on U.S. CBP requirements for crew members and other personnel traveling on DoD-owned/controlled aircraft.

#### **E. ENTRY PROCEDURES FOR DOD-SPONSORED PASSENGERS, CREWS, AND ACCOMPANIED BAGGAGE**

##### **1. Clearance Requirements.**

- a. CBP officers and/or MCO-Es will inspect aeromedical evacuation crews, attendants, and patients in such a manner as to expedite patient movement. Expeditious inspection does not preclude steps to detect prohibited articles prior to departure.
- b. Passengers will be required to complete a CBP Form 6059B, [Figure 502-2](#), CBP Form I-94 [Arrival/Departure Record Figure 502-4](#), or I-94W, [Nonimmigrant Visa Waiver Arrival/Departure Record, Figure 502-5](#), depending on the status of the traveler, provided by the TSP on the aircraft, and will go through CBP procedures at the first U.S. port of entry. Entry of Immigrant Visa holders to the CTUS is permitted only at a recognized port of entry, where CBP officers will process them. Reentry of DoD-sponsored personnel into the CTUS will be coordinated with CBP. CBP will be notified of all Immigrant Visa holder entries into the CTUS as soon as the entry or potential entry is detected. Whenever possible, advanced notification of an Immigrant Visa holder will be given not less than 24 hours prior to the time of arrival in the CTUS. In all cases, notification will occur no more than 4 working hours from the time of arrival in the CTUS.
- c. CBP performs inspections and examinations to prevent entry into the CTUS of prohibited and restricted articles, with particular attention to drugs and narcotics, firearms, plant and animal products, and undeclared articles.
- d. Personal Examination. MCO-Es are not authorized to conduct personal examinations. In all cases where physical personal examination is deemed necessary, MCO-Es will contact the base law enforcement personnel and CBP.
- e. Accompanied Baggage:
  - (1) MCO-Es will normally inspect or examine all accompanied baggage in the passengers or crew member's presence.
  - (2) Each passenger or crew member will make their accompanied baggage available for inspection or examination with the exception of patients (whose baggage will be made available by medical crew or attendant).
  - (3) If, while inspecting or examining baggage, a MCO-E suspects a customs violation has occurred, the MCO-E will call for the assistance of base law enforcement officials and CBP. These officials will accept responsibility for the individual and any contraband and, prior to further questioning, will advise the individual regarding their constitutional

rights. If the violation involves narcotics, the violation will be reported to the CBP and military law enforcement personnel.

2. Immigrant Visa Holders. Except in cases of emergency evacuations, Immigrant Visa Holders will be routed through normal CBP-staffed airports of entry for clearance and CBP processing.
3. When DoD-sponsored personnel arrive at a DoD-controlled Military Air (MILAIR) terminal, CBP officials must be provided a legible copy of the passenger manifests for personnel on the vessel or aircraft. Operators of MILAIR and water terminals within the CTUS will establish coordination with the local CBP Port Director and local CBP representatives and will prepare and provide border clearance entry documentation. Although these procedures are generally applicable, local practices may vary to a degree.
4. For specific passenger requirements, see the DoD Foreign Clearance Guide (<https://www.fcg.pentagon.mil/>).

#### **F. U.S. ENTRY PROCEDURES FOR DOD-OWNED CARGO**

1. Clearance of Inbound Cargo through CBP. U.S. Public Law, 19 United States Code (USC), requires all imported articles, with few exceptions, are subject to either formal or informal entry procedures, depending on the commodity and its value. The law requires all articles entering the United States be subject to examination or inspection. To satisfy these requirements, it is mandatory that all DoD-sponsored cargo be:
  - a. Properly documented
  - b. Free of contraband, pests of agricultural and natural ecosystems
  - c. Declared to the CBP inspector at the first port of entry
  - d. Available for border clearance inspection when requested by the CBP authority.
2. In general, when a shipment reaches the United States, the importer of record (i.e., the owner, purchaser, freight forwarder, or licensed customs broker designated by the owner, purchaser, or consignee) will file entry documents for the goods with the CBP Port Director at the port of entry. In the case of DoD-owned cargo, the commercial TSP, acting as the agent, will file the Duty-Free Entry (DFE) on behalf of the DoD, using a combined TSP's certificate issued IAW 19 CFR 141.11(a)(4), Evidence of Right to Make Entry for Importations by Common Carrier, and a copy of the bill of lading (BL), airway bill, shipping receipt, or other comparable document.
3. DoD-owned shipments may be eligible for DFE under certain tariff provisions in the Harmonized Tariff Schedule of the United States, Annotated (HTSA). DoD cargo entry procedures vary depending on whether the entry is accomplished by a DoD-controlled transportation or by commercial transportation activity. When cargo is entered through the commercial transportation system, more documentation is required to ensure DoD-owned cargo is clearly differentiated from commercially or privately owned material, which may be subject to duties and taxes. Documentation requirements for each method of entry are outlined in the following paragraphs.
4. When DoD-sponsored cargo arrives at a DoD-controlled military air or water terminal, CBP officials must be provided a legible copy of the cargo manifests for material on the vessel or aircraft. Operators of military air and water terminals within the CTUS will establish coordination with the local CBP Port Director and will prepare and provide CBP entry documentation. Although these procedures are generally applicable, local practices may vary to a degree.

5. When DoD-sponsored cargo arrives on a commercial TSP, at a commercial air or water terminal, the following documentation is required:
  - a. When articles (other than military scrap or surplus) belonging to the DoD are imported for further use by the DoD as returned products of the United States under a free entry classification in the HTSA, a Certificate in Lieu of Other Entry Documentation Covering Articles of Returned U. S. Products for Use by the DoD, [Figure 502-6](#), prepared on the letterhead of the agency or office importing the articles, will be used for those shipments (See 19 CFR 10.103, American Goods Returned) in addition to a copy of the Ocean Bill of Lading. All military scrap or surplus must meet USDA/APHIS standards for freedom from soil and pests.
  - b. Commercial air shipments.
    - (1) On the airway bill, the shipper block must identify the sponsoring DoD component command or Service, followed by the shipper unit name and address. The consignee block will also lead with the sponsoring component command, followed by the recipient name and address. This is especially critical on shipments consigned to commercial contractors and vendors.
    - (2) The commercial invoice (CI) will be printed on command letterhead. Shipper and consignee information will both reflect the sponsoring DoD component or Service as indicated in the previous paragraph, and contain a clear, detailed description of the item being shipped, its value and a statement of ownership (e.g., “Property of the United States Air Force”). See 19 CFR 141.85, Pro Forma Invoice.
    - (3) Types of DoD-Owned Cargo:
      - (a) United States Government Property (USGP). Shipments belonging to the U.S. Government (USG) returned to the United States without having been advanced in value or improved in condition by any means while abroad, entered by the USG or a contractor to the USG, and certified by the importer as USGP.
        - 1 Reference 19 CFR 10.103, 9801.00.11, Harmonized Tariff Schedule of the United States (HTSUS).
        - 2 The DoD would be a USG agency or office eligible for duty-free treatment under 9801.00.11, HTSUS, provided the product returned is not military scrap belonging to the DoD.
        - 3 Required documents for movement of USGP. Documentary requirements from 19 C.F.R. § 10.103 would be the applicable requirements for subheading, 9801.00.11, HTSUS, except with regard to showing that the USGP is a product of the United States. For example, this would include filing a certificate upon entry providing information about the article (e.g., a description of the article, carrier and shipment information, the port and date of entry, and the government agency that owns the article), and certifying that it was returned to the United States without having been advanced in value or improved in condition while abroad, and that it belongs to and is for further use of a government agency or office, among other requirements. Similarly, the certificate would have to be executed by an individual authorized to execute such a certificate for that government office or agency as indicated by § 10.103(c).
        - 4 See sample certification on the letterhead of the DoD Agency or Service, [Figure 502-6](#).

- (b) American Goods Returned (AGR) statement. Shipments belonging to the DoD that are entering the United States that are imported for further use by the DoD require an AGR certificate. Such articles may be admitted free of duty under a tariff classification in the HTSA upon the filing of a certificate on the letterhead of the agency or office in lieu of other entry documentation. The certificate may be executed by any military installation TO having knowledge of the facts or by any other officer or official specifically designated or authorized.
  - (c) AGR certification may be included on the CI. See 19 CFR 10.103 for format and content requirements of the AGR. See [Figure 502-7](#) for an example of a combined AGR and CI.
- (4) For material procured from foreign sources that is imported for the sole purpose of transiting the CTUS to another point outside the CTUS, CBP Form 7512, Transportation Entry and Manifest of Goods Subject to CBP Inspection and Permit, [Figure 502-8](#), will be initiated at the port of arrival and will be provided to the CBP officials at the U.S. port from which the shipment is subsequently exported.
- 6. Agriculture Requirements. Policies and procedures for meeting agricultural standards on DoD shipments entering the CTUS are found in Chapter 505. USDA mandates agricultural inspections at Outside CONUS (OCONUS) locations for cargo returning to the United States. See Chapter 506 for details on requirements, procedures, and information on establishing a Senior Agricultural Agent program.
- 7. Classified Shipments. If FIS personnel at CTUS ports of entry request to inspect or examine classified cargo, access will be granted only after FIS security clearances have been validated. FIS personnel assigned or performing duties at military terminals normally have had their security clearances previously validated. A cleared representative of the DoD Component, or other Agency to which the cargo belongs, will be present when the shipment is inspected by cleared FIS personnel.
- 8. CBP Inspection or Examination. All DoD cargo or personnel entering the CTUS are subject to inspection or examination by CBP at the first port of entry. The degree of inspection is the prerogative of CBP officials. Examination of goods and documents may be necessary to determine, among other things:
  - a. The value of the goods for customs purposes and their dutiable status
  - b. Whether the goods must be marked with their country of origin or require special marking or labeling and, if so, whether they are marked in the manner required
  - c. Whether the shipment contains prohibited articles
  - d. Whether the goods are correctly invoiced
  - e. Whether the goods are in excess of the invoiced quantities or a shortage exists
  - f. Whether the shipment contains illegal narcotics.
- 9. Prior to the release of the property, the CBP Port Director will designate representative quantities for examination by CBP officers under conditions that will safeguard the goods. Some kinds of goods must be examined to determine whether they meet special requirements of the law. For example, food and beverages unfit for human consumption would not meet the requirements of the Food and Drug Administration.
- 10. Immediate delivery. TSPs participating in the Automated Manifest System can receive conditional release authorizations after leaving the foreign country and up to 5 days before landing in the United States. If the application is approved, the shipment is released following

arrival. A CBP Form 7501, Entry Summary, [Figure 502-9](#), must then be filed in proper form, either on paper or electronically, and estimated duties deposited within 10 working days of release. Immediate delivery release using CBP 3461, [Figure 502-1](#), is limited to certain types of merchandise, including shipments consigned to or for the account of any agency or officer of the USG.

11. For greater detail on CBP procedures and the addresses for Field Operations Offices, CBP Port Directors, and CBP Offices in foreign countries, go to the CBP Web page at <http://www.cbp.gov/>.

## **G. U.S. ENTRY REQUIREMENTS FOR VENDOR (COMMERCIAL CONTRACTOR) SHIPMENTS**

1. The DoD Customs DFE process and application is administered by the Defense Contract Management Agency (DCMA) Duty Free Entry (DFE) Team 1222 Spruce Street, Room 9.300, St. Louis, MO 63103-2812. The DCMA DFE Team works DoD new overseas procurement duty-free issues.
2. The entities involved in the process are the contractor, the DCMA Administrative Contracting Officer (ACO) or the Procuring/Procurement Contracting Officer (PCO), the CBP, customs house brokers, foreign suppliers, TSPs, and the DCMA Transportation Customs Team.
3. The contractor is awarded a DoD contract containing the DFE clause. The contractor then determines if he/she is going to purchase/sub-contract OCONUS. It is the responsibility of the contractor to notify the ACO or PCO of his/her decision. The ACO or PCO will approve or deny the contractor's DFE entitlement request using the DCMA DFE Tool application.
4. Upon shipment of the materiel to the CONUS, a broker is involved only when the shipment is consigned to a private sector entity.
  - a. The broker is responsible for the preparation and filing of the CBP 3461, [Figure 502-1](#). Imported supplies purchased pursuant to a DoD contract are supplies entitled to be released under the immediate delivery release program. A bond (continuous or single transaction) is required when the shipment is consigned to a private sector entity.
  - b. The broker is responsible for submitting the original shipping documents, including the invoices, BLs, or other pertinent entry documents, as well as one legible reproduction of CBP Form 7501, Entry Summary, [Figure 502-9](#), prepared by the broker to the DCMA Transportation Customs Team using the DCMA e-tools DFE portal.
  - c. For information on registration and access to the DFE e-tool, go to <http://www.dcms.mil/Customers/>.
  - d. For submitting documents, users should go to <http://www.dcms.mil/WBT/dfc/>. After receipt of the duty-free entry certificate from the DCMA Transportation Customs Team, the broker will submit the original certificate to the CBP Port Entry allowing for the entry to be liquidated as entered. If a duty-free certificate is not submitted to CBP in a timely manner or an extension is not requested, CBP will notify the party and entry will be liquidated at the correct rate of duty.
  - e. After receipt of a Letter of Denial from the CBP Team, the broker will notify the client of the denial and inform the client, if corrective action is not taken, duty will be paid. The denial letter will indicate the reason for denial.
5. For materiel going to a military installation, the CBP Ports will:
  - a. Release the material to the TSP for delivery directly to the military installation when the consignee is a military activity.

- b. Forward all entry documentation to the DCMA Transportation Customs Team. The documentation will include an entry number (EN) assigned by the port. The ENs will start with the filer code “P99”. Each port is assigned a block of ENs by CBP.
  - c. Liquidate the entry when they receive a CBP Form 7501, [Figure 502-9](#), from the DCMA Transportation Customs Team.
6. The DCMA Transportation Customs Team is the most significant player in the DFE process and the only organization authorized to certify supplies as being entitled to DFE. The Transportation Customs Team inbox is [NewYorkCustomsTeam-DFE@dcma.mil](mailto:NewYorkCustomsTeam-DFE@dcma.mil) if additional assistance is required.
7. Shipping documentation and exterior packages will be marked IAW DFARS 252.225-7013, Duty-Free Entry. This indicates to the CBP it’s a DoD shipment claiming DFE.
8. Additional detail on these procedures can be found at the DCMA e-tools duty free entry portal (<http://www.dcma.mil/WBT/dfc/>). A process flowchart is shown at [Figure 502-10](#).
9. Additional References:
  - a. FAR Subpart 52.225-8, Duty-Free Entry.
  - b. 19 CFR 10.101, Immediate Delivery.
  - c. 19 CFR 142, Entry Process.

#### **H. PERSONAL PROPERTY (UNACCOMPANIED BAGGAGE [UB] AND HOUSEHOLD GOODS [HHG])**

1. For HHG and UB to enter the CTUS, the customer must complete (with the assistance of the origin TO) and sign a DD Form 1252, US Customs and Border Protection (CBP) Declaration for Personal Property Shipments, Part I, [Figure 502-11](#). A copy of the members’ orders will accompany the DD Form 1252. The member’s/employee’s full Social Security Number (SSN) must be shown on the DD Form 1252 to satisfy CBP customs clearance requirements.
2. If the shipment contains firearms, the customer must complete DD Form 1252-1, US Customs and Border Protection (CBP) Declaration for Personal Property Shipments, Part II, [Figure 502-12](#). The member’s/employee’s full SSN must be shown on the DD Form 1252-1 to satisfy CBP customs clearance requirements. A copy of any supporting importation documents (e.g., ATF Form 6-Part II, Application and Permit for Importation of Firearms, Ammunition and Defense Articles, [Figure 502-13](#), for members and ATF Form 6-Part I, Application and Permit for Importation of Firearms, Ammunition and Defense Articles, [Figure 502-14](#), for employees) will be attached to all copies. See Chapter 503 for firearms import requirements.
3. Commingling of personal property or baggage with other military cargo is prohibited. CBP requires that personal property be kept separate from other military cargo.
4. Inspection.
  - a. All personal property shipments are subject to inspection by CBP officials upon entry to the CTUS. DoD members/employees are responsible for removing any prohibited articles from the HHG or UB prior to shipment. See [Paragraph I](#) for a list of restricted and prohibited articles.
  - b. The MCO program for OCONUS locations is no longer recognized by the CBP and has been canceled. However, all personnel involved in the shipment of personal property will be aware of the requirements in this regulation in order to advise the customer and to not allow the shipment of unauthorized articles.

- c. DoD members/employees are also responsible for inspecting their personal property prior to shipment to ensure agricultural requirements are met (free of soil and pest infestations). USDA mandates agricultural inspections at OCONUS locations.

## I. RESTRICTED AND PROHIBITED ARTICLES

U.S. border clearance laws and regulations prohibit importation of certain items or restrict importation to certain specific conditions or prescribed quantities. Such laws and regulations are for the protection of public health, plant and animal life, or otherwise serve the welfare of the people of the United States. The following lists encompass only those articles most commonly available in overseas areas and represent only a partial listing. More detailed information on specific prohibitions and restrictions is contained in numerous pamphlet and pamphlet-type publications available from the U.S. border clearance agencies. In addition, items classified as war trophies/souvenirs can only be imported IAW regulations issued by the Secretary of Defense at the Unified CDRs direction and IAW U.S. Border Clearance laws and regulations.

### 1. Restricted Articles:

- a. These items may be imported under the conditions specified. Although such items may be imported upon conditions being met for U.S. border clearance agencies, members/employees must still comply with Service shipping regulations.
  - (1) Firearms, ammunition, and dangerous devices, as specified in Chapter 503.
  - (2) Trademark items (articles produced outside the United States, bearing marks or names copying or simulating U.S. trademarks or trade names that have been recorded by the CBP), provided they fall within limited numbers permitted under blanket policies by some trademark or trade-name owners, or are accompanied with written consent of the owners of the trademarks or trade names, or if the trademarks or trade names have been removed or obliterated.
  - (3) Foreign reprints of U.S. copyrighted material, provided that they are intended for personal use.
  - (4) A switchblade knife is any knife that has a blade which opens automatically by hand pressure applied to a button or device in the handle of the knife, or any knife with a blade which opens automatically by operation of inertia, gravity, or both. Importation of switchblade knives is permitted by 19 CFR 12.98, Importations Permitted by Statutory Exceptions, and 15 USC 1244, Exceptions, when:
    - (a) Imported pursuant to contract with a branch of the Armed Forces of the United States.
    - (b) Imported by a branch of the Armed Forces of the United States or any member or employee thereof acting in the performance of his duty; or
    - (c) A switchblade knife, other than a ballistic knife, having a blade not exceeding 3 inches in length is in the possession of and is being transported on the person of an individual who has only one arm
  - (5) Liquor or alcoholic beverages and tobacco products, as permitted by the laws of the United States state of destination and may be shipped duty free into the CONUS pursuant to HTSA, Chapter 98, Subchapter V. Personal Exemptions Extended to United States Personnel and Evacuees, Section 9805.00.50.
  - (6) Prescription drugs provided they are hand-carried.

- (7) Wildlife and wildlife parts and products may be imported if specifically permitted by federal law and U.S. Fish and Wildlife Service, USDA, and CBP requirements if documentation (permits and certificates) is obtained and procedures followed. Border clearance agencies will be contacted prior to shipment.
  - (8) Elephant ivory, elephant parts, and products made thereof are prohibited unless from legally taken hunting trophies (hunting permits required) or antiques over 100 years old (documentation required).
  - (9) Bonsai plants and tatami mats may only be shipped with a proper USDA permit (see [Paragraph I.3.b](#)).
2. [Prohibited Articles](#):
- a. The import into the CTUS of articles in the following categories is specifically prohibited except in those cases where a license to import said items, such as for scientific, educational, or military use, is obtained from a USG agency.
    - (1) Any controlled substance as defined by U.S. Federal Law (including narcotics, hallucinogenic drugs, amphetamines, barbiturates, marijuana, hashish, peyote, opium, cocaine, and other dangerous drugs) or drug paraphernalia.
    - (2) Goods made by convict labor, forced labor, or indentured labor under penal sanctions (includes goods, wares, articles, and merchandise that has been mined, produced, or manufactured wholly, or in part, in any foreign country by the above type labor).
    - (3) Articles originating in embargoed countries, unless the articles are accompanied with special import licenses issued by the Department of Treasury, are prohibited. Updated lists of embargoed countries may be found at [https://www.pmdotc.state.gov/ddtc\\_public?id=ddtc\\_public\\_portal\\_country\\_landing](https://www.pmdotc.state.gov/ddtc_public?id=ddtc_public_portal_country_landing).
    - (4) Destructive devices (e.g., explosive caps, hand grenades, tear gas projectiles, artillery simulators).
    - (5) Explosives and flammables, substances or articles.
    - (6) White phosphorous matches.
    - (7) Counterfeits of coins, securities, obligations, postage or revenue stamps, and color illustrations of postage stamps of the United States or foreign governments.
    - (8) Lottery tickets and advertisements of any lottery.
    - (9) Obscene and immoral articles, books, pictures, films, or publications. CBP defines obscene pictorial (photos, films, cassettes) material as pictorial matter devoted to the portrayal of sexual acts (oral, anal, or coital penetration) in any manner, including those with an animal. The CBP definition does not include the mere exposure of the genitals, even in a grossly offensive manner.
    - (10) Federal Law and the Convention on International Trade in Endangered Species of Wild Fauna and Flora prohibit certain wildlife and wildlife parts and products. Border clearance Agencies will be contacted prior to shipment.
3. [Agricultural Restrictions and Prohibitions](#):
- a. Certain agricultural items may be imported into the CTUS only under specific conditions. Many items that require a permit must be consigned to an USDA plant inspection station or an approved establishment. Because restricted agriculture products must be inspected by CBP at a CTUS commercial port of entry to determine whether the product meets all

requirements for importation, transport of restricted agricultural products by aircraft will severely limit entry points into the CTUS.

- (1) **Animal and Poultry Products.** USDA restricts entry of animals, poultry, birds' eggs, wild bird feathers, poultry products and byproducts, and animal products and byproducts, to include meat extracts, secretions (including milk and cheese), untanned hides, untanned skins, wool, hair, bone, and horns. (There are no USDA restrictions on animal trophies that are fully-finished for display. There are, however, U.S. Fish and Wildlife Service restrictions and prohibitions on the importation of mounted birds and animals, including elephant ivory, elephant parts, and products thereof.) Importers contemplating entry into the CTUS of the above will obtain detailed requirements from the Veterinary Services, Animal and Plant Health Inspection Service, U.S. Department of Agriculture, Riverdale, MD 20737-1232, prior to leaving the country of origin.
  - (2) **Pets.** Due to the multitude of restrictions on the importation of pets (including dogs, cats, and birds) from various overseas areas, specific information on their importation is not included herein. Pet birds require a permit and must be quarantined on return to CTUS (contact USDA for full requirements). Dogs (other than working herd dogs) and cats must meet U.S. Code and Public Health restrictions. Pet owners must consult the local TO or write the Veterinary Services as above.
  - (3) **Plants and Plant Products.** The following plants and plant products may not be imported as such: fresh fruits and vegetables; trees, shrubs, and herbaceous plants; bulbs, roots, cuttings, or other parts of plants, and seeds for or capable of propagation; dried or undried grasses; various grains, to include hay and straw; and leaves of plants, forest litter, and soil (such as that likely to be on vehicles, lawnmowers, and similar items used outdoors). Importation of animals and insects that present a hazard to the indigenous U.S. life is also prohibited.
- b. Application for permits to import these items or to obtain information may be made to the USDA, APHIS, Plant Protection and Quarantine (PPQ) Permit Unit, 4700 River Road, Riverdale, MD 20737-1232. This permit may specify entry conditions by personal baggage, mail, or freight through any one of several inspection stations in the United States to the destination. Additional information and PPQ Form 587, Application for Permit to Import Plants or Plant Product, [Figure 502-15](#), can be downloaded from <http://www.aphis.usda.gov/ppq/permits/>.
  - c. Unrestricted. Commercially dried, cured, or processed fruits and vegetables, such as cured figs and dates or dried peas and beans, are unrestricted.
4. **Restriction against Shipping Alcoholic Beverages and Tobacco Products.** Liquor/alcoholic beverages and tobacco products are restricted and may be shipped separate from the rest of the member's/employee's personal property. Limited quantities may enter duty free if accompanied by the customer. Unaccompanied shipments are subject to duty payments. The Government is not responsible for any fee or customs charges and certain charges may or may not be reimbursable.

## **J. PRIVATELY OWNED VEHICLES (POV)**

1. To import POVs into the CTUS, the vehicles must have been manufactured in compliance with both the Department of Transportation (DOT) motor safety standards and U.S. Environmental Protection Agency (EPA) emission control standards in effect at the time of manufacture, or the vehicles must be modified to comply with such standards. Additionally, POVs equipped with

catalytic converters or other emission control devices must meet emission test requirements and standards. All POVs must be free of soil to meet USDA requirements.

2. **Safety Standards.** All vehicles, foreign or domestic, manufactured on or after 1 January 1968, must conform to the U.S. motor vehicle safety standards in effect on the date of manufacture. Certification for all vehicles, to include motorized bikes and motor scooters manufactured on or after 1 January 1969, being imported into the CTUS is accomplished on a DOT Form HS-7, Importation of Motor Vehicles and Motor Vehicle Equipment Subject to Federal Motor Vehicle Safety, Bumper and Theft Prevention Standards, [Figure 502-16](#). The completed form will be attached to the original DD Form 1252, [Figure 502-11](#), which was completed for the vehicle.
  - a. **U.S. Specification POV.** The original manufacturer's certification label affixed to the vehicle door post or frame of motorized bike or motor scooter is the best evidence of conformance. The label must show the date of manufacture and the Vehicle Identification Number (VIN). For multipurpose passenger vehicles, the type of vehicle must also be shown.
  - b. **Non-U.S. Specification POV.**
    - (1) Effective 31 January 1990, Public Law (PL) 100-562, Imported Vehicle Safety Compliance Act of 1988, and its implementing regulations require that POVs which are not certified by their original manufacturer to be in conformity with U.S. Federal Motor Vehicle safety, bumper, tires, and theft prevention standards, be imported into the CTUS only through importers registered with the DOT National Highway Traffic Safety Administration (NHTSA). Non-U.S. specification vehicles must be brought into conformity with all Federal motor safety standards proscribed by PL 100-562 within a reasonable time after importation. Members/employees will contact the NHTSA for a current listing of Registered Importers applicable to their POV.
    - (2) In addition to customs requirements, importers of such vehicles must furnish a DOT conformance bond, in the amount of three times the value of the vehicle, on DOT Bond Form HS-474, Bond to Ensure Conformance with Motor Vehicle Safety and Bumper Standards, [Figure 502-17](#).
3. **EPA Emission Standards.** Under the provisions of the Clean Air Act, 42 USC § 7522, Prohibited Acts, passenger cars, light-duty trucks, and four-wheel drive vehicles, both foreign and domestic manufacture, 1968 gasoline fueled models and later, 1975 diesel fueled models and later, 1976 diesel fueled light-duty truck models and later, and motorcycles manufactured after 1 January 1978, must conform with Federal emission control standards in effect at the time of manufacture. Certification for all vehicles, to include motorized bikes and motor scooters, being imported into the CTUS is accomplished on an EPA Form 3520-1, Importation of Motor Vehicles and Motor Vehicle Engines Subject to Federal Air Pollution Regulations, [Figure 502-18](#). Depending upon the state (e.g., California), POVs may have to conform to more stringent state emission standards.
  - a. **U.S. Specification POV.** A U.S. Specification POV will bear an EPA emission control label in the English language. The label will generally be found attached to the vehicle engine, radiator fan shroud, or the underside of the hood. The label must show the engine family identification assigned by EPA to the original manufacturer during certification, and an unconditional statement of compliance with the model year EPA emission regulations.
  - b. **U.S. Specification POV with Removed or Damaged Catalytic Converter or Oxygen Sensor.** A U.S. Specification POV with a removed or damaged catalytic converter or oxygen sensor at the time of entry into the CTUS must be brought into conformity with EPA requirements by the customer (POV owner). This is accomplished by reinstallation or replacement of the catalytic converter and oxygen sensor or replacement of the fuel neck if the fuel neck

restriction is missing or has been rendered inoperative. No bond is required for a U.S. Specification POV imported for this purpose.

c. Non-U.S. Specification Vehicles.

- (1) Vehicles not built to U.S. emission requirements must be imported through an Independent Commercial Importer (ICI) that holds a valid certificate of conformity from EPA. The ICI bears responsibility for ensuring that the vehicle is properly modified to conform to U.S. emission requirements. The EPA will not accept ICI work performed outside the United States. Vehicles demonstrated to be at least 21 years of age are exempted from the EPA emission requirements and are not required to be imported through an ICI.
  - (2) The makes or models that an ICI can import are limited. EPA cautions that an ICI's capability of bringing a vehicle into conformity with U.S. emission requirements does not guarantee that in individual cases the ICI will agree to accept the vehicle or that the work will be performed properly or in a timely manner.
  - (3) Vehicles previously modified to meet U.S. emission requirements are considered to be U.S. specification vehicles by EPA if the vehicle is labeled by an EPA-authorized ICI as meeting all U.S. emission requirements at the time of modification, or the customer has a letter from EPA stating that the vehicle was modified to meet EPA requirements.
  - (4) Additional information on the specific model vehicle that ICIs can import may be obtained from the U.S. Environmental Protection Agency, Certification and Compliance Division (6405-J), Attn: Imports, 1200 Pennsylvania Avenue, NW, Washington, DC 20460 (Commercial: 202-564-9660).
4. Motorcycles, Motor Scooters, and Mopeds. The inclusion of motorcycles, motor scooters, or mopeds in a HHG shipment does not change, reduce, or eliminate any federal emission control or safety requirement in effect for that model year vehicle. Motorcycles, motor scooters, or mopeds in HHG shipments will be treated in the same manner as any other vehicle. DOT and EPA documentation must be completed and included as part of the shipping documentation just as if the motorcycle, motor scooter, or moped was to be shipped as a separate POV.

## K. WAR TROPHIES/SOUVENIRS

1. Under certain circumstances, some enemy articles captured on the battlefield may be removed from the theater of operations and returned to the United States or another location outside the area of responsibility (AOR).
2. Unit war trophies. These articles are generally pieces of military equipment that have been captured from the enemy and returned to unit museums, static displays, etc. Early in contingency operations, the theater CDR will implement procedures consistent with 10 USC, Chapter 153, § 2579, War Booty: Procedures for Handling and Retaining Battlefield Objects, and political/military objectives. For any unit war trophy, two pieces of documentation are required.
  - a. A memorandum, on command letterhead, from the theater CDR's designated approval authority stating that the article may be removed from the AOR. This memorandum will provide an item description and list identifying serial numbers.
  - b. A memorandum, on unit letterhead, from the receiving unit which provides:
    - (1) Authorizing references
    - (2) Purpose for removing the artifact (e.g., museum piece, command section display)

- (3) Demilitarization instructions (whether the item should be demilitarization prior to transfer)
    - (4) Instructions for transfer of accountability of the artifact upon receipt.
  - c. Further guidance can be found in Army Regulation 870-20, Army Museum Enterprise and Army Artifact Collection Army.
- 3. Personal war souvenirs. If possible, before the beginning of hostilities, theater commands will establish criteria for allowable individual war souvenirs in general orders specific to an operation. These policies will ensure that the political objectives of the operation are considered relative to what items are allowed and do not blemish the conduct of combat operations or result in the mistreatment of enemy personnel, the dishonoring of the dead, distraction from the conduct of operations, or other unbecoming activities. The criteria and procedures will ensure that service members who have obtained battlefield souvenirs in a manner consistent with military customs, traditions, and regulations have a reasonable opportunity to obtain possession of such souvenirs, consistent with the needs of the DoD. These articles may include, for example, such items as:
  - a. Helmets and head coverings
  - b. Uniforms and uniform items such as insignia and patches
  - c. Canteens, compasses, rucksacks, pouches, and load bearing equipment
  - d. Flags
  - e. Military training manuals, books, and pamphlets
  - f. Posters, placards, and photographs
  - g. Other items that clearly pose no safety or health risk, and are not otherwise prohibited by law or regulation.

This list may be modified by the theater CDR IAW the broader guidance established in 10 USC, Chapter 153, § 2579. Weapons, munitions, and items of military equipment are not authorized as individual war souvenirs. For authorized personal items, no specific documentation is required unless required by another regulation. All personnel who desire to retain a war souvenir will complete a DD Form 603-1, War Souvenir Registration/Authorization, [Figure 502-19](#). A war souvenir is acquired if it is captured, found abandoned, or obtained by any other lawful means. “Abandoned” means property left behind by the enemy (does not include museum pieces).
- 4. Reviewing officers of DD Form 603-1 will apply the following criteria in evaluating a war souvenir:
  - a. Intelligence requirements for enemy materials captured or found abandoned in the theater of operations will take priority over personnel retention of a war souvenir.
  - b. Retention of items will be consistent with military customs, traditions, and regulations.
  - c. Items that will not be approved for retention include:
    - (1) Items taken from the dead, or from prisoners of war or other detained individuals, including items bought or traded
    - (2) Weaponry
    - (3) Other prohibited items
    - (4) Items deemed to be of value for an occupied nations future defense force
    - (5) Items that pose safety or health risks

- (6) Firearm mounted on a plaque.
- 5. All personnel are subject to these policies.

## **L. HUMAN REMAINS AND PERSONAL EFFECTS**

1. Human Remains (HR). DoD mortuary facilities outside of the United States are responsible for ensuring that HR and transfer case/containers are examined and certified by mortuary affairs personnel to prevent introduction of narcotics, drugs, and other contraband items during processing and movement of remains to the CTUS.
  - a. The mortuary affairs individual present during the preparation and inspection of remains will ensure that each HR and transfer case/container is examined for prohibited and restricted items prior to closure of the transfer case/container.
  - b. Mortuary affairs certifies completion of the examination by annotating and signing the following statement on the DD Form 1384, Transportation Control and Movement Document, Figure 502-20, “The attached HR transfer case contains no prohibited items or commodities.
2. Personal Effects (PE) of Deceased, or Missing in Action Service Members or DoD Affiliated Civilians. PE must be free of narcotics, drugs and other contraband items prior to movement to a CONUS Joint Personal Effects Depot or family members/next of kin.
  - a. For PE shipped to Joint Personal Effects Depot (JPED) by mortuary affairs personnel: Very strict security protocols are in place at the JPED. PE of eligible decedents are delivered to a mortuary affairs collection point. A mortuary affairs NCO will conduct an inspection/examination of the PE, ensure the containers are sealed, and will affix a DD Form 2855, U.S. Military Agriculture Inspection Form, Figure 506-1, label to the PE shipping container to certify as cleared of any prohibited items. The PE will be shipped to the JPED by the mortuary affairs personnel through the military transportation system or official US Mail. Current CBP Prohibited and Restricted Items are listed at <https://www.cbp.gov/travel/us-citizens/know-before-you-go/prohibited-and-restricted-items>.
  - b. For PE NOT shipped to JPED by mortuary affairs personnel: Personal effects not eligible for preparation by the JPED must be inspected and cleared of prohibited items before being shipped to home station personal effects inventory officer, employing company representatives, or directly to family. The shipper is responsible for scheduling the Geographic Combatant Command’s Senior Agriculture Agent (SAA) (i.e., Provost Marshall) to ensure PE shipments are free of the contraband items listed in Paragraph I of this chapter (see CBP Prohibited and Restricted Items at <https://www.cbp.gov/travel/us-citizens/know-before-you-go/prohibited-and-restricted-items>). If a SAA conducts an inspection/examination of the PE, the SAA will affix a DD Form 2855, Figure 506-1, label to the PE shipping container. Commercial carrier, defense transportation system, or U.S. Mail procedures will be utilized if the combatant command does not have a SAA program. CBP will be responsible for completing customs clearance at the first CONUS arrival port.
3. Personal Effects (PE) of Injured Service Members, DoD Civilian employees, or DoD contractors evacuated from a Theater of Operation. PE must be free of narcotics, drugs and other contraband items prior to movement to the injured member’s location, family members, or next of kin. The unit supply sergeant, company human resources representative, or other shipper is responsible for scheduling the Geographical Combatant Command SAA (i.e., Provost Marshall), to ensure PE shipments are free of the contraband items listed in Paragraph I of this chapter (see CBP Prohibited and Restricted Items at <https://www.cbp.gov/travel/us-citizens/know-before-you-go/prohibited-and-restricted-items>). If a SAA conducts an inspection/examination of the PE, the

SAA will affix a DD Form 2855, Figure 506-1, label to the PE shipping container and seal the container. Commercial carrier, defense transportation system, or U.S. Mail procedures will be utilized if the combatant command does not have a SAA program. CBP will be responsible for completing customs clearance at the first CONUS arrival.

4. Additional guidance on the movement of HR and Personal Effects (PE) can be found in Army Techniques Publication (ATP) 4-46/ Marine Corps Reference Publication (CRP) 3-40G.3/ Navy Tactics, Techniques, and Procedures (TTP) 4-06/ Air Force TTP 3-2.51, Multi-Service Tactics, Techniques, and Procedures for Mortuary Affairs in Theaters of Operations.

## **M. FORMS**

1. Compliance with provisions of this regulation will require use of other federal agency forms and publications. Specific forms and publications are described in chapters in this regulation.
2. Forms required by this regulation and pamphlets pertinent to implementation of its technical aspects may be obtained through normal publications supply channels IAW Service regulations.
3. Service publication and distribution centers will coordinate supply and stock of other federal agency forms and publications with the following:
  - a. U.S. Customs and Border Protection. DHS/CBP, National Distribution Center, 6482 Corporate Drive, Indianapolis, Indiana 46278-5000.
  - b. U.S. Department of Agriculture. Animal and Plant Health Inspection Service (APHIS), Information Division Room 1143, South Building, U.S. Department of Agriculture, Washington, DC 20250-5000.
  - c. Environmental Protection Agency. Public Information Center (PM-215), Environmental Protection Agency, Washington, DC 20460-5000.
  - d. Bureau of Alcohol, Tobacco, Firearms and Explosives. Bureau of Alcohol, Tobacco, Firearms and Explosives Distribution Center, 3800 South Four Mile Run Drive, Arlington, VA 22206-5000.
  - e. U.S. Fish and Wildlife Service. Department of the Interior, U.S. Fish and Wildlife Service, Washington, DC 20240-5000.
  - f. Department of Transportation. National Highway Traffic Safety Administration, Office of Vehicle Safety Compliance NEF-32, 400 Seventh Street, S. W., Room 6115, Washington, DC 20590.

## **N. IMPORTER SECURITY FILING (ISF) 10+2**

1. ISF 10+2 is a DHS program to prevent the importation of terrorist weapons into the United States. Per 19 CFR Part 149, Importer Security Filing, commercial vessel TSPs bringing containerized cargo (including personal effects/HHG/UB) into the United States are required to provide CBP additional shipment information pertaining to the cargo prior to lading the cargo at foreign ports of entry. The importer (shipper) provides the 10 data elements described below in Paragraph N.3 for ISF 10+2 submission, while the TSP provides two additional data elements (vessel stow plan and Container Status Message). DoD-owned/sponsored cargo and DoD-sponsored personal effects/HHG/UB shipments entering the United States aboard commercial sealift vessels are not exempt from ISF requirements.
  - a. DoD shipments exempt from ISF 10+2:
    - (1) Bulk cargo

- (2) Cargo entering the United States by any mode other than commercial sealift vessel
    - (3) Cargo entering the United States aboard DoD-owned or -chartered vessels.
  - b. Procedures for submitting ISF 10+2 DoD ISF data are submitted to CBP in the following manner:
    - (1) DoD-sponsored HHG shipments: ISFs are submitted to CBP by the TSP on behalf of the service customer.
    - (2) DoD cargo shipped under SDDC Universal Service Contract (USCXX): ISFs are submitted to CBP by means of a SDDC contractor.
  - c. All other DoD cargo shipments: ISFs can be transmitted to CBP via AMS (Automated Manifest System) or ABI (Automated Broker Interface). Information for creating an AMS or ABI account can be found at <http://www.cbp.gov/trade/acs/catair>.
- NOTE:** Select Letter of Intent Instructions.
  - (1) ISFs can also be transmitted to CBP via third-party service contract.

U.S. Customs and Border Protection Welcomes You to the United States. U.S. Customs and Border Protection is responsible for protecting the United States against the illegal importation of prohibited items. CBP officers have the authority to question you and to examine you and your personal property. If you are one of the travelers selected for an examination, you will be treated in a courteous, professional, and dignified manner. CBP Supervisors and Passenger Service Representatives are available to answer your questions. Comment cards are available to compliment or provide feedback.

**Important Information**

**U.S. Residents**—Declare all articles that you have acquired abroad and are bringing into the United States.

**Visitors (Non-Residents)**—Declare the value of all articles that will remain in the United States.

**Declare all articles** on this declaration form and show the value in U.S. dollars. For gifts, please indicate the retail value.

**Duty**—CBP officers will determine duty. U.S. residents are normally entitled to a duty-free exemption of \$800 on items accompanying them. Visitors (non-residents) are normally entitled to an exemption of \$100. Duty will be assessed at the current rate on the first \$1,000 above the exemption.

**Agricultural and Wildlife Products**—To prevent the entry of dangerous agricultural pests and prohibited wildlife, the following are restricted: Fruits, vegetables, plants, plant products, soil, meat, meat products, birds, snails, and other live animals or animal products. Failure to declare such items to a Customs and Border Protection Officer/ Customs and Border Protection Agriculture Specialist/Fish and Wildlife Inspector can result in penalties and the items may be subject to seizure.

**Controlled substances, obscene articles, and toxic substances** are generally prohibited entry. The importation of merchandise into the U.S. that infringes intellectual property rights may subject travelers to civil or criminal penalties and may pose serious risk to safety or health.

The transportation of currency or monetary instruments, regardless of the amount, is legal. However, if you bring into or take out of the United States more than \$10,000 (U.S. or foreign equivalent, or a combination of both), you are required by law to file a report on FinCEN 105 (formerly Customs Form 4790) with U.S. Customs and Border Protection. Monetary instruments include coin, currency, travelers checks and bearer instruments such as personal or cashiers checks and stocks and bonds. If you have someone else carry the currency or monetary instrument for you, you must also file a report on FinCEN 105. Failure to file the required report or failure to report the total amount that you are carrying may lead to the seizure of all the currency or monetary instruments, and may subject you to civil penalties and/or criminal prosecution. SIGN ON THE OPPOSITE SIDE OF THIS FORM AFTER YOU HAVE READ THE IMPORTANT INFORMATION ABOVE AND MADE A TRUTHFUL DECLARATION.

# **INSTRUCTIONS**

Consult CBP officer or Part 18, Customs Regulations, for the appropriate number of copies required for entry, withdrawal, or manifest purposes.

For the purpose of transfer under the cartage or lighterage provisions of a proper bond to the place of shipment from the port of entry, extra copies bearing a stamp, or notation as to their intended use may be required for local administration.

As the form is the same whether used as an entry or withdrawal or manifest, all copies may be prepared at the same time by carbon process, unless more than one vessel or vehicle is used, in which case a separate manifest must be prepared for each such vessel or vehicle.

Whenever this form is used as an entry or withdrawal, care should be taken that the kind of entry is plainly shown in the block in the upper right-hand corner of the face of the entry.

This form may be printed by private parties provided that the supply printed conforms to the official form in size, wording arrangement, and quality and color of paper.

**PAPERWORK REDUCTION ACT NOTICE:** The Paperwork Reduction Act says we must tell you why we are collecting this information, how we will use it, and whether you have to give it to us. We ask for the information in order to carry out the laws and regulations administered by U.S. Customs and Border Protection. These regulations and form apply to carriers and brokers who are transporting merchandise in-bond from a port of importation to another CBP port prior to final release of the merchandise from CBP custody. It is mandatory. The estimated average burden associated with this collection of information is 10 minutes per respondent depending on individual circumstances. If you have any comments regarding the burden estimate you can write to U.S. Customs and Border Protection, Office of Regulations and Rulings, 799 9th Street, NW, Washington, DC 20229.

General Information	Preparation of ATF Form 6 - Part II
<p>1. The Director, Bureau of Alcohol, Tobacco, Firearms and Explosives may issue a permit authorizing the importation of a firearm, ammunition or defense articles into the United States to the place of residence of any military member of the U.S. Armed Forces who is on active duty outside the United States within the 60-day period immediately preceding the intended importation, provided:</p> <p>(a) that such firearm or ammunition is generally recognized as particularly suitable for sporting purposes; excluding surplus military firearms;</p> <p>(b) that such firearm, ammunition or defense articles intended for the personal use of such member; and</p> <p>(c) that such importation would not constitute a violation of any provision of the Gun Control Act of 1968, Title VII of the Omnibus Crime Control and Safe Streets Act of 1968, as amended (82 Stat. 236; 18 U.S.C. Appendix), or of any State law or local ordinance at the place of the member's residence.</p> <p>2. A person not meeting the above criteria may engage the services of a Federal firearms licensee to effect the importation, provided that the firearm is importable.</p> <p>3. A permit is not required for a firearm or ammunition brought into the United States or any possession thereof by any person who can establish to the satisfaction of Customs and Border Protection (CBP) that such firearm or ammunition was previously taken out of the United States or any possession thereof by such person.</p> <p>4. No permit will be issued to import a surplus military firearm or, a firearm or ammunition which is not generally recognized as particularly suitable for sporting purposes, or a firearm as defined in 26 U.S.C. 5845(a) (e.g., machinegun, silencer, destructive device, short-barreled rifle or short-barreled shotgun, etc.).</p> <p>5. Application for permission to import firearms, ammunition and defense articles by military members of the United States Armed Forces must be filed on ATF Form 6 -Part II (5330.3B). Commercial firms (i.e., firearms importers, dealers, DOD civilians, military dependents, etc.) must use ATF Form 6 -Part I (5330.3A) to apply for permission to import firearms, ammunition, and defense articles.</p> <p>6. The use or sale of firearms (including antique firearms) or ammunition is taxable in certain situations. This tax will probably apply to the sale or use of firearms or ammunition in any business that you conduct. This Federal tax is in addition to any CBP duties. This tax does NOT apply to:</p> <p>(a) The personal use of firearms or ammunition which you had in the U.S. before.</p> <p>(b) Firearms or ammunition (domestic or foreign) that were sold and used in the U.S. anytime after 1918.</p> <p>(c) Firearms or ammunition which an individual acquired for use (for example, shooting or protection) during a stay outside the U.S. AND used during the stay.</p> <p>(d) Parts for firearms or ammunition. However, tax does apply to a complete firearm or to ammunition in knockdown condition (for example, kits).</p> <p>(e) Firearms or ammunition of a nonresident that are temporarily imported for use in a specific event or action (for example, any lawful sporting purpose, official law enforcement, or repair).</p> <p>7. If firearms or ammunition are brought into the U.S. that do not meet these conditions, this tax may apply to their use or sale. Contact the Alcohol and Tobacco Tax and Trade Bureau (TTB), National Revenue Center, 550 Main Street, #8002, Cincinnati, OH 45202, Telephone 1-877-882-3277 for help and forms.</p>	<p>8. <b>Item 1.</b> Name and address of person designated, in writing, by a member to effect the release of the articles from CBP custody or to handle the shipment from the duty station outside the United States.</p> <p>9. <b>Item 7.</b> The application must show a detailed description of each firearm, ammunition or defense articles to be imported. The description must establish that the firearm or ammunition is generally recognized as particularly suitable for sporting purposes and meets the other criteria for importation. More than one firearm, ammunition or defense articles may be included on a single application. Failure to supply complete information will delay processing and may cause denial of the application.</p> <p>10. <b>Item 14.</b> Sign all copies of the application in ink. All other entries must be printed in ink or be typewritten.</p> <p style="text-align: center;"><b>Number of Copies and Mailing of ATF Form 6 - Part II</b></p> <p>11. The form must be submitted, in triplicate, to: Director, Bureau of Alcohol, Tobacco, Firearms and Explosives (Attention: Firearms and Explosives Imports Branch) 244 Needy Road Martinsburg, WV 25405</p> <p>12. Any questions concerning the application should be referred to the Imports Branch at the above address or telephone (304) 616-4550.</p> <p>13. The application should be submitted approximately 60 days prior to the intended importation.</p> <p style="text-align: center;"><b>Approval</b></p> <p>14. The Director will approve the application or advise the applicant of the reason for the disapproval. In some cases it may be necessary to request additional information to determine the import status of the firearm, ammunition or defense articles.</p> <p>15. The permit is valid for 12 months from the date of approval. The approved application will serve as the permit to import the article(s) described on the form.</p> <p>16. After approval, the Director will retain two copies and forward the original to the member or his designated agent, along with copies of ATF Form 6A, Release and Receipt of Imported Firearms, Ammunition and Defense Articles.</p> <p>17. No photographic or other copy may be used, unless certified by the Director, to effect release of the firearms, ammunition or defense articles from CBP. No amendments or alterations may be made to an approved permit, except by the Director.</p> <p style="text-align: center;"><b>Release from CBP</b></p> <p>18. The ATF Form 6A, with Section I completed, the approved permit, and any other necessary documents, must be presented to the CBP officials handling the importation to effect release of the firearms, ammunition or defense articles.</p>

**Paperwork Reduction Act Notice**

This request is in accordance with the Paperwork Reduction Act of 1995. The purpose of this information collection is to allow ATF to determine if the article(s) described on the application qualifies for importation by the importer, and to serve as the authorization for the importer. This information is mandatory (18 U.S.C. 925(d), 26 U.S.C. 5844, 22 U.S.C. 2778).

The estimated average burden associated with this collection of information is 30 minutes per respondent or recordkeeper, depending on individual circumstances. Comments concerning the accuracy of this burden estimate and suggestions for reducing this burden should be addressed to Reports Management Officer, Document Services, Bureau of Alcohol, Tobacco, Firearms and Explosives, Washington, DC 20226.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Confidentiality is not assured.

**General Information**

1. An approved ATF Form 6 - Part I (5330.3A) is required to import firearms, ammunition, and defense articles into the United States or any possession thereof, except for certain exempt importations prescribed in 27 CFR Parts 447, 478 and 479. A military member of the U.S. Armed Forces who is on active duty outside the U.S., or who has been on active duty outside the U.S. during the 60-day period immediately preceding the intended importation, should complete ATF Form 6 - Part II (5330.3B) to import sporting type firearms or ammunition for his personal use.
2. Any person engaged in the business of importing firearms or ammunition for resale must be licensed as an importer under the Gun Control Act of 1968 and, if he is importing firearms, ammunition, firearms parts or defense articles (*other than sporting shotguns, shotgun shells, or shotgun parts*) he must also be registered as an importer under the Arms Export Control Act of 1976. No permit to import such articles for resale will be issued until the importer is properly licensed and registered.
3. A Federal firearms licensee, other than an importer, may make an occasional importation of sporting firearms or ammunition (*excluding surplus military*) for himself or an unlicensed person in the licensee's State, provided that the firearms and ammunition are intended for personal use of the person for whom imported and not for resale. ATF Form 6 - Part I (5330.3A) is used to obtain approval for such importation.
4. A permit is not required for a firearm or ammunition brought into the United States or any possession thereof by any person who can establish to the satisfaction of U.S. Customs and Border Protection (CBP) that such firearm or ammunition was previously taken out of the United States or any possession thereof by such person.
5. A permit is not required for the return of a repaired firearm, or replacement firearm of the same kind and type, to the person in the United States who sent the defective firearm out of the United States for repair.
6. If you are a nonimmigrant alien, do not complete this form. A nonimmigrant alien entering the U.S. temporarily needs to submit an ATF Form 6NLA (5330.3D) (Application and Permit for Temporary Importation of Firearms and Ammunition by Nonimmigrant Aliens) to temporarily import his personally owned firearms.
7. An unlicensed person may obtain a permit to import sporting type ammunition (excluding tracer or incendiary) and firearm parts (other than frames, receivers, or actions) without engaging the services of a Federal firearms licensee, provided that the importation is for his personal use and not for resale.
8. A nonresident U.S. citizen returning to the United States or a nonresident alien immigrating to the United States, from a permanent residence outside of the United States, may complete and forward the enclosed ATF Form 6 Part I permit application without having to utilize the services of a federally licensed firearms dealer. The nonresident should include a statement, either on the application form or on an attached sheet, that the firearms are being imported for his personal use and not for resale, the date of return and that he is a nonresident U.S. citizen returning to the United States, or is a nonresident alien immigrating to the United States. The firearms must accompany the nonresident U.S. citizen or nonimmigrant alien immigrating to the United States on entry into the United States, since once he is in the United States, and has acquired residence in a State, he may not directly import a firearm. He must engage the services of a federally licensed firearms dealer in his State of residence to import the sporting firearms (*excluding NEA and surplus military*) for him.
9. Under Arms Export Control Act of 1976 regulations in 27 CFR 447.41(c), a permit is not required for the importation of:
  - a. U.S. Munitions Import List articles from Canada not subject to 27 CFR Part 478 and 479, except articles enumerated in Categories I, II, III, IV, VI(e), VIII(a), XVI, and XX; and nuclear weapons, strategic delivery systems, and all specifically designed components, parts, accessories, attachments, and associated equipment thereof.
  - b. Minor components and parts of Category I(a) firearms, except barrels, cylinders, receivers (frames) or complete breech mechanisms, when the total value does not exceed \$100 wholesale in any single transaction.

**Preparation**

10. The applicant shall prepare this form in triplicate. Required signatures must be in ink on all copies. Other entries must be in ink or be typewritten.
11. The application should be submitted approximately 60 days prior to the intended importation. All copies shall be submitted to:

Director  
Bureau of Alcohol, Tobacco, Firearms, and Explosives  
244 Needy Road  
Martinsburg, WV 25405  
Attention: Firearms and Explosives Imports Branch
12. Any questions concerning the application should be referred to the Imports Branch at the above address or telephone (304) 616-4550.
13. If a licensee is applying to import an article for subsequent transfer to a known final recipient (*e.g., an individual, commercial entity, or government agency*), the licensee must complete items 1 through 16, and identify the final recipient by name and address in item 10.
14. Item 9, Certification of Origin: The purpose of this certification is to determine whether items sought for importation require retransfer authorization from the Department of State. Applicants should check block 9a if the articles sought for importation were produced for the civilian market and were not associated with the U.S. military. Applicants should check block 9b if the articles sought for importation contain parts or components produced by or for the U.S. military or manufactured with U.S. military technical data or assistance, and the articles were provided by the U.S. government to a foreign government through a grant or foreign military sales program. Applicants should check block 9c if the articles sought for importation contain parts or components produced by or for the U.S. military or manufactured with U.S. military technical data or assistance, and the articles were sold abroad pursuant to an export license issued by the Department of State authorizing a Direct Commercial Sale (DCS). **NOTE:** If block 9b is checked, a written retransfer authorization from the Department of State must be attached to the application or the applications will be denied. **NOTE:** If block 9c is checked, either a copy of the export license authorizing the DCS or a written retransfer authorization from the Department of State must be attached to the application or the application will be denied.

**Approval**

15. The Director will approve the application or advise the applicant of the reason for the disapproval. In some cases it may be necessary to request additional information or to have the firearm or ammunition sent to ATF for examination to determine the import status.

Revised December 2019

Figure 502-14. ATF Form 6-Part I (5330.3A), Application and Permit for Importation of Firearms, Ammunition and Defense Articles (Cont'd)

16. The permit is valid for 24 months from the date of approval. The approved application will serve as the permit to import the article(s) described on the form.

17. After approval, the Director will retain one copy and forward the original to the applicant or his designated agent, along with copies of ATF Form 6A, Release and Receipt of Imported Firearms, Ammunition and Implements of War.

#### Release From Customs

18. No amendments or alterations may be made to an approved permit, except by the Director.

19. An approved ATF Form 6 - Part I (5330.3A) which is unused, expired, suspended or revoked shall be returned immediately to the Director, Bureau of ATF, 244 Needy Road, Martinsburg, WV 25405  
Attention: Firearms and Explosives Imports Branch.

20. For non-commercial imports, the ATF Form 6A, in duplicate with Section I completed, the approved permit, and any other necessary documents, must be presented to CBP officials handling the importation to effect release of the articles.

#### Prohibited Persons Under U.S. Law

21. The importer of a firearm should be familiar with the provisions of law governing who may lawfully possess a firearm in the United States. Generally, 18 U.S.C. 922 prohibits the shipment, transportation, receipt, or possession in or affecting interstate commerce of a firearm by one who has been convicted of a crime punishable by imprisonment for a term exceeding one year; by one who is a fugitive from justice; by one who is an unlawful user of, or addicted to, marijuana, or any depressant, stimulant, or narcotic drug, or any other controlled substance; by one who has been adjudicated mentally defective or has been committed to a mental institution; by one who has been discharged from the Armed Forces under dishonorable conditions; by one who has renounced his or her U.S. citizenship; by one who is an alien illegally in the United States or is a non-immigrant alien admitted to the United

States under a visa; by one who is subject to certain restraining orders; or by one who has been convicted of a misdemeanor crime of domestic violence. Furthermore, section 922 prohibits the shipment, transportation, or receipt in or affecting interstate commerce of a firearm by one who is under indictment or information for a crime punishable by imprisonment for a term exceeding one year.

22. For commercial imports, the CBP copy of the form 6A will be transmitted to CBP electronically through the Automated Commercial Environment (ACE). For more information on how to use ACE, visit the Trade Resource Center at [www.itsds.gov](http://www.itsds.gov) or contact a CBP client representative at 1-571-468-5500.

23. Licensed importers and AECA registrants are still required to file their copy of the form 6A with ATF within 15 days of release from CBP custody. This copy will have Section I and III completed. Section II is not required.

#### Forms

24. Federal firearms licensees must retain this form as part of their ATF required records permanently as prescribed by 27 CFR 478.129(d). Importers registered under the Arms Export Control Act who do not also hold a Federal firearms license must retain this form as part of their ATF required records for at least the 6-year period prescribed by 27 CFR 44.34(b).

Additional Forms are available from:

#### Privacy Act Information

The following information is provided pursuant to Section 3 of the Privacy Act of 1974 (5 U.S.C. § 552(a)(3)).

1. **Authority.** Disclosure of the information requested on ATF Form 6 Part I (5330.3A) is mandatory pursuant to 18 U.S.C. 925 and Section 38 of the Arms Export Control Act of 1976 (22 U.S.C. 2778, 26 U.S.C. 5844) to obtain a permit to import firearms, ammunition, and implements of war.
2. **Purpose.** To determine if the article(s) qualifies for importation by the applicant.
3. **Routine Uses.** The information will be used by ATF to make determinations set forth in paragraph 2. In addition, information may be disclosed to other Federal, State, foreign and local law enforcement and regulatory agency personnel to verify information on the application and to aid in the performance of their duties with respect to the enforcement and regulation of firearms and/or ammunition where such disclosure is not prohibited by law. The information may further be disclosed to the Justice Department if it appears that the furnishing of false information may constitute a violation of Federal law. Finally, the information may be disclosed to members of the public in order to verify the information on the application when such disclosure is not prohibited by law.
4. **Effects.** Failure to supply complete information will delay processing and may cause denial of the application.

Instructions for completing PPQ Form 587  
Application for Permit to Import Plants or Plant Products

Please **TYPE** or **PRINT** legibly to complete. You must complete all of the boxes.

1. Enter the name and street address of the person responsible for the importation. The applicant must be a United States resident. Enter the organization or company name, if applicable. A physical address of the facility or business is required. You may include a post office box address **in addition** to the street address for mailing purposes. Enter your daytime telephone number, including the Area Code. Enter your facsimile number, including the Area Code. Enter your e-mail address if applicable.
2. In the first column, enter a country or countries (if from Canada include Province, if from Mexico include State) from which you want to import the plants or plant products (the term **"various"** will **not** be accepted). In the second column, enter the scientific (Latin) name of each plant. If you do not know the scientific name(s), try to find out from the exporter. As a last resort, enter the English common name(s). In the third column, enter the type of plant parts you plan to import for each species. In the fourth column, enter the City and State of the preferred port(s) of arrival. If you do not know the port, enter "N/A." (Check your permit when you receive it for the approved ports.)
3. Check the appropriate box. Select "Plants for planting", if the plants/plant parts you want to import will be planted or sold for planting. Select "Small lots of seed" if you want to import under the small lots of seed program (see below\*). Select "Fruits and Vegetables" if you are importing fruits and vegetables for consumption or resale. Select "Other" if the article you want to import does not fall into any of the other categories. List the category or additional information needed to describe the article (i.e., Cut flowers, broomcorn, etc...). \* **Special instructions for small lots of seed:** Small lots of eligible seed may be imported without a phytosanitary certificate with a written permit. See the permit unit website ([http://www.aphis.usda.gov/import\\_export/plants/plant\\_imports/smalllots\\_seed.shtml](http://www.aphis.usda.gov/import_export/plants/plant_imports/smalllots_seed.shtml)) for help in determining eligibility. In part #2 list the seed species and countries from which you want to ship each species. If the list of species and/or countries of origin is long, you may enter "eligible taxa." By using this option, you are accepting responsibility for determining the eligibility of the seeds. A permit is issued for taxa that are enterable with no restrictions beyond port of entry inspection. If port of entry inspectors find prohibited or restricted seeds in your shipment, they will remove the ineligible kinds.
4. Check the appropriate box or boxes that apply to the means of importation.
5. The applicant named in box #1 must sign the form.
6. Printed name of person who signed the form.
7. Enter the date the form is completed and signed.

**If you attach additional sheets of paper, type or print PPQ Form 587, the applicant's name, and the company name at the top of each page.**

Send the completed application by facsimile to (301) 734-5786, or mail to:

<b>— DECLARATION —</b> <b>Importation of Motor Vehicles and Motor Vehicle Equipment Subject to Federal Motor Vehicle Safety, Bumper and Theft Prevention Standards</b>				<small>OMB No. 2127-0002 Exp. 04-30-2017 Public Law 100—562, 49 USC Chap. 301</small>
<b>PORT OF ENTRY</b>	<b>CUSTOMS PORT CODE</b>	<b>CUSTOMS ENTRY NO</b>	<b>ENTRY DATE</b>	
<b>MAKE OF VEHICLE</b>	<b>MODEL</b>	<b>YEAR</b>	<b>VEHICLE IDENTIFICATION NUMBER (VIN)</b>	
<b>REGISTERED IMPORTER NAME AND NHTSA REGISTRATION NUMBER (Required when Box 3 is checked)</b>				<b>VEHICLE ELIGIBILITY NO. (Box 3)</b>
<b>DESCRIPTION OF MERCHANDISE IF MOTOR VEHICLE EQUIPMENT</b>				

☐ 1. The vehicle is 25 or more years old or the equipment item was manufactured on a date when no applicable Federal Motor Vehicle Safety Standard or Theft Prevention Standard was in effect.  
Date of manufacture: \_\_\_\_\_ [591.5(i)]

☐ 2A. The vehicle or equipment item conforms to all applicable Federal Motor Vehicle Safety Standards (or the vehicle does not conform solely because readily attachable equipment items that will be attached to it before it is offered for sale to the first purchaser for purposes other than resale are not attached), and Bumper and Theft Prevention Standards, and bears a certification label or tag to that effect permanently affixed by the original manufacturer to the vehicle or affixed by the manufacturer to the equipment item or to its delivery container in accordance with applicable National Highway Traffic Safety Administration (NHTSA) regulations [591.5(b)].

☐ 2B. The vehicle was certified by its original manufacturer as conforming to all applicable Canadian motor vehicle safety standards and its original manufacturer confirms that the vehicle conforms to all applicable U.S. Federal Motor Vehicle Safety, Bumper, and Theft Prevention Standards (or that it conforms to all such standards except for the labeling requirements of Standards Nos. 101 and 110 or 120, and/or the specifications of Standard No. 108 relating to daytime running lamps), and the vehicle is not a salvage motor vehicle, a repaired salvage motor vehicle, or a reconstructed motor vehicle, and I am importing it for personal use. [591.5(g)].  
**Attachment:** Copy of manufacturer's confirmation letter.

☐ 3. The vehicle does not conform to all applicable Federal Motor Vehicle Safety and Bumper Standards, but does conform to applicable Federal Theft Prevention Standards, but I am eligible to import it because NHTSA has determined that the model and model year of the vehicle to be imported is eligible for importation into the United States, and the vehicle is not a salvage motor vehicle or a reconstructed motor vehicle, and I have furnished a bond, which is attached to this declaration, in an amount equal to 150 percent of the entered value of the vehicle as determined by the Secretary of the Treasury. If the Administrator of NHTSA determines that the vehicle has not been brought into conformity with all such standards within 120 days after importation, then I state that I will deliver such vehicle to the Secretary of Homeland Security for export, or abandon it to the United States [591.5(i)] and that:

a. I have registered with NHTSA pursuant to 49 CFR Part 592 and such registration is not suspended and has not been revoked; or

b. I have executed a contract or other agreement, which is attached to this declaration, with an importer who has registered with NHTSA and whose registration is not suspended and has not been revoked. [591.5(f)]

**Attachments:** Copy of DOT Bond, and  
Copy of Contract with a Registered Importer, if applicable.

☐ 4. The vehicle or equipment does not conform to all applicable Federal Motor Vehicle Safety, Bumper and Theft Prevention Standards, but is intended solely for export and is labeled for export on the vehicle or equipment item, and the outside of any container of the vehicle or equipment item bears a label or tag to that effect. [591.5(c)]

☐ 5. The vehicle or equipment does not conform to all applicable Federal Motor Vehicle Safety, Bumper and Theft Prevention Standards, but I am eligible to import it because all of the following conditions exist:

a. I am a nonresident of the United States and the vehicle is registered in a country other than the United States;

b. I am temporarily importing the vehicle for personal use for a period not to exceed 1 year, and will not sell it during that time; and

c. I will export it not later than the end of 1 year after entry, and the declaration contains my passport number and country of issue. [591.5(d)]

d. Passport No. \_\_\_\_\_ Country of Issue \_\_\_\_\_

☐ 6. The vehicle does not conform to all applicable Federal Motor Vehicle Safety, Bumper, and Theft Prevention Standards, but I am eligible to import it because all of the following conditions exist:

a. I am a member of a foreign government on assignment in the United States, or a member of the Secretariat of a public international organization so designated under the International Organizations Immunities Act, and within the class of persons for whom free entry of motor vehicles has been authorized by the Department of State;

b. I am importing the vehicle on a temporary basis for my personal use, and will register it through the Office of Foreign Missions of the Department of State;

c. I will not sell the vehicle to any person in the United States, other than a person eligible to import a vehicle under this paragraph;

d. I will obtain from the Office of Foreign Missions of the State Department, before departing the United States at the conclusion of a tour of duty, an ownership title to the vehicle good for export only; and

e. I have attached a copy of my official orders. [591.5(h)(1)]

Name of Embassy: \_\_\_\_\_

**Attachment:** Copy of Official Orders.

☐ 7. The vehicle or equipment does not conform to all applicable Federal Motor Vehicle Safety and Bumper Standards, but is being imported solely for the purpose of research, investigations, demonstrations or training, or competitive racing events, and I state that I will comply with the applicable restrictions on importers of such merchandise as specified in 49 CFR 591.7 and I will provide the Administrator with documentary proof of export or destruction not later than 30 days following the end of the period for which the vehicle has been admitted into the United States. [591.5(j)]

**Attachment:**

a. Copy of NHTSA permission letter if the importer is not an original manufacturer of motor vehicles (or a wholly owned subsidiary thereof) that are certified to conform to all applicable Federal Motor Vehicle Safety Standards (FMVSS). Use on the public roads must be authorized specifically. [591.6(f)(1)] or (2);

b. Importer's statement describing the use to be made of the vehicle or equipment item if the importer is an original manufacturer of motor vehicles (or a wholly owned subsidiary thereof) that are certified to conform to all applicable FMVSS. If use on the public roads is an integral part of the purpose for which the vehicle or equipment item is imported, the statement shall describe the purpose that makes such use necessary, state the estimated period of time during which use of the vehicle or equipment item on the public roads is necessary, and state the intended means of final disposition (and disposition date) of the vehicle or equipment item after completion of the purpose for which it is imported. [591.6(f)(3)]

☐ 8. The vehicle was not manufactured primarily for use on the public roads and thus is not a motor vehicle subject to the Federal Motor Vehicle Safety, Bumper, and Theft Prevention Standards or the equipment item is not a system, part, or component of a motor vehicle and thus is not an item of motor vehicle equipment subject to the Federal Motor Vehicle Safety Standards. [591.5(a)]

**Attachment:** Importer's statement substantiating that the vehicle was not manufactured for use on the public roads, other than the equipment item was not manufactured for use on a motor vehicle or is not an item of motor vehicle equipment. [591.6(a)]

☐ 9. The vehicle or equipment item requires further manufacturing operations to perform its intended function, other than the addition of readily attachable equipment items such as mirrors, wipers, or tire and rim assemblies, or minor finishing operations such as painting, and any part of such vehicle that is required to be marked by the Theft Prevention Standard is marked in accordance with that standard. [591.5(e)]

**Attachment:** For a vehicle, a copy of the Incomplete Vehicle Document, issued by the incomplete vehicle manufacturer, providing guidance on completing the vehicle so that it conforms to all applicable Federal Motor Vehicle Safety Standards (FMVSS). For an equipment item, a statement issued by the item's manufacturer identifying the applicable FMVSS to which the item does not conform and describing the further manufacturing required for the item to perform its intended function. [591.6(b)]

☐ 10. The vehicle does not conform to all applicable Federal Motor Vehicle Safety and Bumper Standards but is being imported solely for the purpose of show and display, and I state that I will comply with all applicable restrictions on importers of such vehicles as specified in 49 CFR 591.7, [591.5(j)].

**Attachment:** Copy of NHTSA Permission Letter.

☐ 11. The equipment item is subject to the Theft Prevention Standard and is marked in accordance with the requirements of 49 CFR Part 541. [591.5(k)]

☐ 12. The vehicle does not conform to all applicable Federal Motor Vehicle Safety, Bumper, and Theft Prevention Standards, but I am eligible to import it because all of the following conditions exist:

a. I am a member of the armed forces of a foreign country on assignment in the United States;

b. I am importing the vehicle on a temporary basis, and for my personal use;

c. I will not sell the vehicle to any person in the United States, other than a person eligible to import a vehicle under this paragraph;

d. I will export the vehicle upon departing the United States at the conclusion of my tour of duty; and

e. I have attached a copy of my official orders. [591.5(h)(2)]

**Attachment:** Copy of Official Orders.

☐ 13. The vehicle does not conform to all applicable Federal Motor Vehicle Safety and Bumper Standards, but does conform to applicable Federal Theft Prevention Standards, and I am eligible to import it because I am registered with NHTSA pursuant to 49 CFR Part 592 and such registration is not suspended and has not been revoked, I have informed NHTSA that I intend to petition, or I have petitioned, that agency to decide that the vehicle to be imported is eligible for importation, and NHTSA has granted me permission in writing to import the vehicle for that purpose. If the Administrator of NHTSA dismisses my petition or decides that the vehicle is not eligible for importation, or if I withdraw my petition or I fail to submit a petition covering the vehicle within 180 days from the date of entry, then I state that I will deliver such vehicle, unless it is destroyed, to the Secretary of Homeland Security for export, or abandon it to the United States, within 30 days from the date of the dismissal, denial, or withdrawal of my petition, as appropriate, or within 210 days from the date of entry if I fail to submit a petition covering the vehicle. If the Administrator of NHTSA grants my petition, then I state that within 15 days from the date that I am notified of that decision, I will furnish a bond, in an amount equal to 150 percent of the entered value of the vehicle as determined by the Secretary of the Treasury, unless the vehicle is destroyed, to ensure that I will bring the vehicle into conformity with all applicable Federal Motor Vehicle Safety and Bumper standards within 120 days from the date the petition is granted, or will deliver the vehicle to the Secretary of Homeland Security for export, or abandon it to the United States. If the vehicle is destroyed, then I state that I will furnish NHTSA with documentary proof of that destruction within 15 days from the date that it occurs.

(3) The principal, if a Registered Importer, shall not release custody of the vehicle to any person for license or registration for use on public roads, streets, or highways, or license or register the vehicle from the date of entry until 30 calendar days after it has certified compliance of the vehicle to the Administrator, unless the Administrator notifies the principal before 30 days that (s)he has accepted such certification and the vehicle and bond maybe released, except that no such release shall be permitted, before or after the 30th calendar day, if the principal has received written notice from the Administrator that an inspection of such vehicle will be required, or that there is reason to believe that such certification is false or contains a misrepresentation;

(4) And if the principal has received written notice from the Administrator that an inspection is required, the principal shall cause the vehicle to be available for inspection; and the vehicle and bond shall be promptly released after completion of an inspection showing no failure to comply. However, if the inspection shows a failure to comply, the vehicle and bond shall not be released until such time as the failure to comply ceases to exist;

(5) And if the principal has received written notice from the Administrator that there is reason to believe that the certificate is false or contains a misrepresentation, the vehicle or bond shall not be released until the Administrator is satisfied with the certification and any modification thereof;

(6) And if the principal has received written notice from the Administrator that the vehicle has been found not to comply with all applicable Federal Motor vehicle safety and bumper standards, and written demand that the vehicle be abandoned to the United States, or delivered to the Secretary of the Treasury for the export (at no cost to the United States), the principal shall abandon the vehicle to the United States, or shall deliver the vehicle, or cause the vehicle to be delivered to, the custody of the District Director of Customs of the port of entry listed above, or any other port of entry, and shall execute all documents necessary for exportation of the vehicle from the United States, at no cost to the United States; or in default of abandonment or redelivery after proper notice by the Administrator to the principal, the principal shall pay to the administrator the amount of this obligation;

<b>Paperwork Reduction Act Notice</b>	
This information is collected to ensure that motor vehicles and engines imported into the U.S. conform with applicable emission requirements. Responses to this collection are mandatory (40 CFR 85.1501 et seq., and Clean Air Act Sections 203 and 208). Information submitted to the Agency under a claim of confidentiality will be safeguarded according to policies set forth in Title 40, Chapter 1, Part 2, Subpart B. The public reporting and recordkeeping burden for this collection of information is estimated to average 30 minutes per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the Director, Collection Strategies Division, U.S. Environmental Protection Agency (2822), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.
