Eric G. Fladeland '86

Eric George Fladeland, 54, of Naperville, passed away February 24, 2021. Beloved husband of Cathy. Loving father of Emma. Cherished brother of Laura and Jason (Melissa). Dear uncle of LeAnn Ward and great-uncle of Mila Hoye. Loving nephew and cousin. Loyal friend to many. Eric loved to get to know people and he never met anyone he could not engage in conversation. He had an unquenchable thirst for knowledge as evidenced by stellar trivia skills and his master's degree in Organizational Behavior and Development. He used that knowledge to help people as a volunteer career coach through the Naperville Career Center. He happily pursued a lifelong chase of the perfect hobby which most recently focused on trap shooting and he fulfilled a long-held dream of learning to sail this past fall. His proudest and happiest moments came from watching his daughter, Emma, grow into the young woman she has become, and he was so happy to know she will be attending the University of Tennessee in August. His larger-than-life personality, goofy sense of humor and big heart will be remembered forever by the many who loved him. In lieu of flowers, memorial contributions to Northern Illinois Food Bank, or your local food bank appreciated.

Murphy Ainsworth '12

Murphy Ainsworth passed away March 3, 2021 in Denver, Colorado after suffering a massive heart attack while jogging. Despite receiving immediate care from a registered nurse who saw him collapse and a quick response from emergency units, he never regained consciousness, with his family and longtime girlfriend Callie at his side. Murphy was 28 years old. Murphy is survived by his parents Tom & Beth Ainsworth and brother Grant, and by the love of his life, Callie Peterson of Denver. Murphy also leaves behind many friends including lifetime buddy Connor Morgan. Murphy attended Grand Rapids Community College for one year and then transferred to Butler University where he majored in business and was a member of Phi Kappa Psi. Murphy worked for Universal Forest Products in Grand Rapids and Ft. Collins, Colorado. Perhaps his greatest legacy is that prior to his death

he decided to be an organ donor. Murphy will save and live on through the lives of many fortunate enough to receive his organs and up to 75 others who will receive his tissues. He will provide the gift of sight to two individuals and both of his heart valves will be lifesaving to pediatric patients. Murphy was able to give the gift of life to two individuals through his right and left kidney. Upon Murphy's departure from St. Joseph Hospital to donate his organs the staff lined the hallway to honor him. An inspiring hero to so many of us in life, Murphy was also a hero in death. In lieu of flowers please consider a donation to the American Heart Association or St. Joseph Hospital Foundation whose staff provided spectacular care for our Murphy and consider becoming an organ donor. John E. McDade '47

John McDade died on December 17, 2017 after gracing our lives with his love and smile for 93 years. His young life was spent in Winona, Mississippi where, at his grandmother's knee, he

learned to love everyone and respect America. This love was personified by his mantra: "Leave everyone you meet a little better than before they met you." His love of country was shown by the flag he wore on his lapel each day. At age 17, John enlisted in the navy a few days after the Japanese attack on Pearl Harbor. He served in the Pacific and Washington DC, where he was part of Mrs. Eleanor Roosevelt's personal

band. Her speeches and values affected him throughout his life. John went to work for Armour Company in Chicago and began his life's work in the poultry industry. There, he married Shirley Murphy, his beloved wife for nearly 50 years. Trained as an industrial engineer, John rose through the ranks into management at Armour before being hired by Norbest, an international turkey company in Salt Lake City. John became president of Norbest and developed turkey processing plants in Japan and explored expanding into China. As a result, he was chosen to head President Ronald Reagan's trade initiatives for food products into China and Japan. A treasured photo shows him handing a Thanksgiving turkey to President Reagan. In Washington, he became head of the poultry division of the American Meat Association and later served as lobbyist for major poultry firms including Sara Lee. When his wife became ill, John retired to Jackson, Mississippi. After his wife's death, he met June Youngblood at the Lakeside Presbyterian Church and they were married in Pine Lake Church in Jackson where they lived until 2015. In lieu of a funeral, John chose to donate his body to Louisiana State University for medical research.
