INNOVATION AND DESIGN FOR BETTER SEATING

It is our goal to inspire with the perfect balance of design, functionality and ergonomics – we call this combination ingenious design.

Only a full backrest guarantees the best protection for the head and spine, even for older children. Thanks to the particularly advanced RECARO Side Impact Protection, sensitive body parts and organs are perfectly shielded.

Reinforced armrests with belt guides support the correct and tight belt position in the hip area. For child seats of group II and III, the upper belt guides help with the safe buckling up and also prevent skin irritation to the neck.

The head is the most sensitive area, especially with children. Large, stable side bolsters and height adjustable headrests ensure the optimum fit in each age group.

The seats of the Monza Nova family are equipped with an inflatable air cushion which prevents the head from falling forward during sleep.

During long car rides and at high temperatures, our passive air circulation system, a combination of clever placed gaps in the structure and breathable materials, makes for a constantly pleasant seating climate.

A special highlight is the automotive seating foam used in some child seat models. It impresses with exceptional ergonomic seating features and it adapts perfectly to the body shape while providing the necessary support.

DESIGN MEETS FUNCTION

RECARO combines sporty, timeless elegance and function. Inspired by the interiors of premium vehicles our designers developed eight new cover designs.

The high-quality fabrics with a two-tone look make the covers durable, easy to clean and particularly breathable. Distinctive topstitching is not only a visual highlight but at the same time supports the passive airflow.

GUARDIA

The perfect Start

The Guardia combines safety, comfort and design to an infant carrier of the next generation. Whether in combination with the RECARO fix base or fixed with the car's belt - in the Guardia your baby is well protected and comfortable on the road from day one.

In combination with the RECARO fix base for comfortable installation and maximum safety

The smart design creates enough space between the handle and sun canopy for comfortable carrying. The fold-out sun visors and mesh insert ensure maximum comfort.

Ergonomic handle for comfortable carrying

HERO safety system prevents belts from slipping or twisting and makes buckling up easy

Operating elements of contrasting color for easy and safe handling

Inlay cushion for newborns

Very light at only 4.1 kg

Adapters are available for use with RECARO strollers and other manufacturer's strollers.

GROUP 0+ / I

up to 105 cm · up to approx. 4.5 years

ZERO.1

Head-Turning safety

The RECARO Zero.1 i-Size offers children comfort and safety from birth up to 105cm. Thanks to its clever 360° rotating function, the child seat can be switched from forward facing to rearward facing - one-handed.

360° rotatable child seat for maximum comfort, with easy entry position

Reboard: safe rearward travelling up to 105 cm

Height adjustable headrest with memory foam

HERO safety system prevents belts from slipping or twisting and makes buckling up easy

Flexible insert cushion for optimal, ergonomic fit

Set recline position in both directions

Comfortable seating foam adapts perfectly to the body shape and provides necessary support

Space saving, foldable wings for maximum side impact protection

Intuitive one-hand touch

With integrated isofix base for easy and safe installation

Safety indicators show correct installation at one glance

GROUP I

9-18 kg · 9 months to 4.5 years

Height adjustable headrest

HERO safety system prevents belts from slipping or twisting and makes buckling up easy

Comfortable seating foam adapts perfectly to the body shape and provides necessary support

Setting recline position easily with one hand for comfortable sleeping

Safety indicators show correct installation at one glance

Space saving, foldable wings for maximum side impact protection

Seat shell cast in one piece for maximum stability

Optia: easy and safe installation only in combination with the RECARO fix base

Optiafix: with integrated isofix connection

Optia

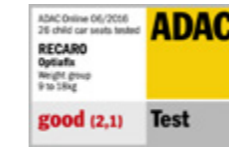

Optiafix

OPTIA/OPTIAFIX

A safe choice

As the next stage seat after the infant carrier, the Optia can also be combined with the RECARO fix base. The test winner Optiafix (Group I, 06/2016) is already equipped with Isofix connection.

GROUP I-III

9-36 kg · approx. 9 months to 12 years

YOUNG SPORT HERO

The next Generation

The Young Sport HERO is a grow-along child seat that can easily be installed in almost every car. Due to its simple handling and the long usage it has become our bestseller.

Height adjustable headrest

The HERO safety system prevents belts from slipping or twisting and makes buckling up easy

Insert cushion for more stability and best comfort (Group I)

Comfortable seating foam adapts perfectly to the body shape and provides necessary support

Belt clip helps with safe and stable installation - even without isofix connection

Advanced Side Protection Energy absorbers reduce the forces of a side impact

Adjust seating angle for maximum safety (group I)

MONZA NOVA IS

Safety first

The Monza Nova IS offers you a whole range of advantages, it can be used for a particularly long time, and was awarded "best in class" by Stiftung Warentest, the German consumer organization (issue 06/2013). The grow-along Monza Nova IS – a comprehensive safety system, including an impact shield and the RECARO sound system.

ADVANCED
((SIDE))
PROTECTION

Eleven way height adjustable headrest

Speakers in the headrest for entertainment and safety

Energy absorbing impact shield reduces risk of injuries (group I)

Comfortable seating foam adapts perfectly to the body shape and provides necessary support

Air cushions for continuous depth adjustment of head rest

Maximum side impact protection

Air Circulation System: A passive ventilation system ensures comfort even on warm days

Reinforced armrests for optimal support in the hip area

Integrated Seatfix connectors

MP3 player pocket

GROUP II-III

15-36 kg · approx. 3 to 12 years

Eleven way height adjustable headrest

Speakers in the headrest for entertainment

Reinforced armrests for optimal support in the hip area

Comfortable seating foam adapts perfectly to the body shape and provides necessary support

Air cushions for continuous depth adjustment of headrest

Maximum side impact protection

Air Circulation System: A passive ventilation system ensures comfort even on warm days

Available with and without integrated seatfix connectors

MP3 player pocket

MONZA NOVA 2 / SEATFIX

Safe and Sound

The backrest of the Monza Nova 2 models grows along with your child providing reliable protection for their head, neck and back as well as sophisticated functionality from approx. 3 to 12 years. These child seats impress with maximum seating comfort, perfect air circulation and the RECARO Sound System.

MILANO/SEATFIX

The perfect second Seat

You have more than one car or need another child seat for the grandparents? Then the Milano is the right choice. It features everything a child seat needs: easy handling, comfort and safety; no need for bells and whistles.

Six position height adjustable headrest

Large head and side bolsters provide additional protection

Perfect seating ergonomics due to soft, breathable padding

Practical handle makes switching cars easy

Optimal belt routing prevents skin irritation at the neck

Air Circulation System: A passive ventilation system ensures comfort even on warm days

Available with and without integrated seatfix connectors

STROLLERS

CITYLIFE

Flexible, Compact, Light

The Citylife meets the highest standards of quality, comfort and flexibility. Whether with the sporty seat unit or combined with the matching carrycot for the little ones – the lightweight and compact stroller is perfect for the active family.

Use from birth in combination with the carrycot

Suitable for children from birth* - up to approx. 17.5 kg*

*in combination with a RECARO infant carrier or the matching carrycot

EASYLIFE

Comfortable, Light, Innovative

The perfect companion for everyday family life. The colorful Easylife combines the flexibility of a buggy with all the comforts of a full-size stroller. The eight-wheeled, full suspension stroller with a practical one-hand folding mechanism folds to the most compact dimensions and fits into the smallest spaces.

Compact folding size
49/58/26 (WxHxD)
