

## Choice Plus Specialty Medication Saving Opportunities

The 2015 Choice Plus Plan changes how specialty medications are covered. Make sure you check the Specialty Medication Savings Opportunities list to see if the drug manufacturer of your medication offers a savings program. These saving programs are usually not based on income and are usually offered to everyone. To see if you can save, refer to the most current **Choice Plus Specialty Medication Savings Opportunities** list available at MyPopulytics.com and at Health Spectrum Pharmacy Services (LVH.org/pharmacy).

- This is not an all-inclusive list. If you do not see your medication on this list, visit the manufacturer's website.
- Restrictions apply to each of these savings plans. Make sure to read the savings plan details.
