- Disinfect footwear and personal belongings prior to entering the Property
- Wear gloves when carrying out specific types of work related to housekeeping, food and beverage, kitchen stewarding, engineering and laundry

Cinnamon Care - Our Standard for Care and Cleanliness

A holistic approach is taken to sanitation across all hotel spaces. Enhanced measures include high frequency cleaning and disinfection of guest areas, use of approved disinfectants against the COVID-19 virus and other bacteria, compliance for supply chain deliveries, and cleaning protocols for culinary and housekeeping areas. We've also made modifications to limit contact and maintain the required distance stipulated for physical distancing through seating arrangements in public areas and restaurants. Airport transfers, check-in and check-out procedures, use of hotel facilities such as the pool, the gym and sports activities and banqueting have been enhanced to meet the Standard.

Thank You!
