Moulded Case Circuit Breakers for Power Distribution Tmax XT1/XT3

4.1

Moulded Case Circuit Breakers for Power Distribution (Icu = 18kA - 36kA)

Function: Protection and control of the circuits against overloads and short-circuit for power distribution.
All Tmax circuit breakers are suitable for current limiting in standard release.

Application: Power distribution for commercial and industrial installations.

Moulded Case Circuit Breakers for Power Distribution Tmax S6 with Accessories

4.7

S6 - 630A Adjustable (PR211P) MCCB 30kA with Front Terminals

Function: Protection and control of the circuits against overloads and short-circuit for power distribution.
All Tmax circuit breakers are suitable for current limiting in standard release.

Application: Power distribution for commercial and industrial installations.
