Mission

As a higher education institution, The Citadel's mission is to educate and develop our students to become principled leaders in all walks of life by instilling the core values of The Citadel in a disciplined and intellectually challenging environment. A unique feature of this environment for the South Carolina Corps of Cadets is the sense of camaraderie produced through teamwork and service to others while following a military lifestyle.

The Citadel strives to produce graduates who have insight into issues, ideas, and values that are of importance to society. It is equally important that Citadel graduates are capable of both critical and creative thinking, have effective communication skills, can apply abstract concepts to concrete situations, and possess the methodological skills needed to gather and analyze information.

Throughout its history, The Citadel's primary purpose has been to educate undergraduates as members of the South Carolina Corps of Cadets and to prepare them for post-graduate positions of leadership through academic programs of recognized excellence supported by the best features of a military environment. The cadet lifestyle provides a structured environment that supports the growth and development of each student's intellect, discipline, physical fitness, and moral and ethical values. The four pillars which define The Citadel experience for cadets consist of these four developmental dimensions.

A complementary purpose of The Citadel, realized through The Citadel Graduate College and College Transfer Programs, is to provide the citizens of the Lowcountry and the State of South Carolina opportunities for professional development by offering a broad range of educational programs of recognized excellence at both the graduate and undergraduate levels. These programs are designed to accommodate the needs of non-traditional students seeking traditional and demanding academic challenges.

VA Educational Benefits

The Citadel's [Veterans Services](#) is a part of the Office of Financial Aid and Scholarships, not the U.S. Department of Veterans Affairs (VA). Dedicated staff members are here to assist service members, veterans, and their dependents in managing their Veteran educational benefits. Our staff provides services that include, but not limited to:

- Provide information and guidance about entitlement, filing claims, and certifying enrollments.
- Advise students concerning VA requirements, rules, and regulations.
- Provide assistance in resolving problems that may arise with student benefits.
- Liaison between students and various campus departments.

It is critical that you understand how to use your benefits in accordance with The Citadel, state, and federal policies, along with administrative procedures in order to maximize your potential and minimize your out-of-pocket costs. If you have questions or concerns at any time, please do not hesitate to reach out to the Veteran Services staff. We are here to assist you.

The following information applies to students using educational benefits through the Department of Veterans Affairs. Benefits can be quite complicated and are incredibly individualized. We encourage you to contact the staff with any questions. Please review the following policy summaries.

Request for VA Certification

It is the student's responsibility to request VA certification each semester. We cannot certify your enrollment to the VA without your permission. Requests should be submitted online here: <https://www.citadel.edu/root/veterans-services-certification>

After the student submits the request form, their enrollment is electronically transmitted to the Regional Processing Center (RPO). Once the RPO processes the enrollment, they will send an Award Letter via postal mail. This letter outlines the amount of money to be received and the remaining entitlement months. Students should submit their request form in advance of the semester start date. Students receiving instate tuition via their use of Post 9/11 GI Bill®, Ch. 31, or Ch. 30, are encouraged to submit their request form as soon as possible in order to receive their VA enrollment letter on time.

Attendance Requirements

Your attendance, participation, and standards of progress in your classes are mandatory to earn VA benefits. Absences, whether excused or unexcused, in excess of 20% of the meeting of a course can, at the discretion of the professor, result in a grade of "F" in the course. Unsatisfactory attendance could result in a debt with the DVA. Failing grades received due to non-attendance can negatively impact your benefits and may result in a VA debt.

Change in Status

All students receiving benefits are required by law to notify the Veterans Services staff of the following:

- Change in a program of study
- Withdrawal from a course
- Registering for courses, not in their degree program
- Change of address
- Concurrent enrollment at another institution

Notifications can be submitted via va_benefits@citadel.edu or by submitting the semester VA enrollment request form.

Course Withdrawals

If you have to withdraw from a course or withdraw entirely from the school, you must notify Veteran Services. Withdrawal forms should be submitted to The Citadel's Registrar's Office. Failure to notify Veteran Services may result in delays or overpayment of benefits. In most circumstances, overpayments are the student's responsibility.

If mitigating circumstances caused the withdrawal, you must submit a statement explaining the circumstances or specify on the withdrawal form. The VA will determine the necessary adjustments to your education benefits. If any assistance is needed, feel free to contact Veterans Services.

Enrollment Guidelines

You must be enrolled in an undergraduate, graduate, or graduate certificate program of study to receive benefits. You will be certified only for approved programs *and* courses that meet program graduation requirements. VA will allow payment for prerequisite courses, or developmental courses under certain circumstances. VA students cannot receive benefits for developmental courses that are taught solely online or mixed mode. VA will not pay for non-credit course work. Contact Veterans Services if you are unsure about your program or course eligibility.

Repeated Courses

Courses that are dropped, failed, or a grade that does not meet minimum requirements for graduation may be certified for VA purposes if they are repeated. The VA will not pay for a developmental course for a third attempt when the grade of "U" has been earned for the course. Additionally, the VA will not pay for repeating courses to receive a higher grade.

Residency

The Choice Act allows certain students to pay in-state tuition if they are using Chapter 30, 31, or 33 VA educational benefits. Other requirements may be in place. [Residency](#) is managed through the Office of the Registrar. Student inquiries should be made to the Office of the Registrar.

Standards of Progress

You must maintain satisfactory attendance, conduct, and progress. The Standards of Academic Progress (SAP) required of Citadel students are the guidelines used for all veterans, veterans' dependents, reservists, and active duty personnel. Academic progress standards can be found in your student catalog.

Taking Courses at another Institution

A student may receive benefits while taking courses at more than one school when certain criteria are met. The courses at the other school must apply to the student's degree program at The Citadel. Students that wish to attend another school must submit a Transient form to the Office of the Registrar *and* provide a signed copy to Veterans Services.

VA Educational Benefits

There are several benefits that you may be eligible to receive. For more information about benefits, we encourage you to view the website, www.VA.gov. This site also provides a "[GI Bill Comparison Tool](#)".
