Special Requirements for Conditional Rezoning:

- Conditional rezoning requires a PDF site plan (see "Conditional Site Plan Requirements" attached below) drawn to scale, a maximum size of 24" x 36"
- Conditional rezoning requires a community meeting and report, please use the sign in sheet template provided below (see "Community meeting & Report Instructions" attached below)
- A "change log-comments response" document should be provided with each revision to the site plan. This may include redlines of the development standards or a response to the comments in a separate document.
- A tree survey for all trees two (2) inches in diameter at breast height (DBH) or larger located in the public right of way. Tree survey may be completed by landscape architect, surveyor, or other land development professional. See Section 2191 of the Tree Ordinance. (This is not required for detached single family residential).
- If the request is for a site plan amendment (SPA), a list of changes to the site plan must be provided.
- A "determination" letter as to the presence of jurisdictional Wetlands on the site may be needed. If one is required, it will be listed in the site plan comments so the petitioner is notified. If not provided by the date of the Public Hearing, the Public Hearing will be automatically deferred to the next Council-zoning meeting

Helpful tips:

- If you need to make a change to the rezoning petition (i.e. request zoning district, petitioner/agent names, add parcels, update acreage etc.) upload a rezoning petition change form to Accela (see "Rezoning petition change request" below)
- Plan to attend the public hearing and Zoning committee work session.

- Sign up to speak at the public hearing once scheduled via City Clerk's website
- Optional: Provide a PowerPoint Presentation to rezoning staff via email by noon the day of the scheduled public hearing
- Refer to the City Clerk's website for a copy of the agenda on the Thursday prior to the public hearing
- Refer to www.rezoning.org for a copy of the Zoning Committee work session agenda on the Monday prior to the work session.
- A petitioner may request a deferral at any point in the rezoning process. If the petitioner defers their Rezoning Petition more than once after the initial Public Hearing has been advertised by the City Clerk's Office, there will be a deferral fee for each additional advertisement.

Rezoning Process Overview information:

The time frame for rezoning is dependent upon the complexity of the rezoning petition. After an application has been accepted there are three (3) meetings for conventional rezoning petitions and four (4) meetings for conditional rezoning meetings. The petitioner and/or his representative should attend each of these meetings. The meetings are as follows:

- Community meeting (only required for conditional petitions)
- City Council Public Hearing (A City Council lunch briefing is an optional meeting on the day of the public hearing)
- Zoning Committee Work Session
- City Council decision meeting

Overview (after required pre-submittal meeting and formal application submittal):

1. **Application Deadline/Submittal Date (Accela Tasks - Info Received and Gateway Review):** Planning staff accepts up to sixteen rezoning applications each month. The deadline for petition submittal is the fourth Monday of each month. Petitions which are not complete, fees not paid or do not meet ordinance requirements will be not be accepted for one of the 16. If more than 16 petitions are submitted than any over 16 will automatically be considered for the next application deadline.
2. **Initial Review (Accela Tasks – Plan Distribution and Department reviews, Plan Collection):** City and County staff will perform a review of each case. Staff comments will be provided per the rezoning schedule. Subsequent reviews should not result in new comments, unless resulting from changes the petitioner has made to the submittal.
3. **Meeting with Staff to Review Comments:** After the initial review, a meeting may be scheduled with staff and petitioner to discuss comments, if needed. The meeting will focus on questions the petitioner has about comments and discussion about potential ways to resolve staff concerns.
4. **Petitioner’s Community Meeting (conditional petitions):** The required community meeting for conditional/optional cases must be held prior to the public hearing. It is recommended that the petitioner hold the community meeting as early as possible in the process so that the petitioner and the community have adequate time to work together. The community meeting report must be included in the site plan submittal for the public hearing. The petitioner may elect to hold additional community meetings prior to submitting a rezoning or during the rezoning process, a report is not required for additional community meetings. There is not a required community meeting for conventional cases or for text amendments.
5. **Additional Full Reviews (Accela Tasks – Plan Distribution and Department reviews, Plan Collection repeated as needed):**
 - a. After the initial submittal, the petitioner should submit a revised site plan according to the rezoning schedule (at least 4 weeks prior to the potential public hearing)
 - b. Staff will review the revised site plan to determine whether it meets the following:
 - Submittal is compliant with zoning and subdivision ordinance;
 - Transportation analysis (if required) submitted three months prior to requested hearing date, and analysis determined to be adequate by CDOT.
 - Small number of outstanding issues (typically five or less) and no foundational outstanding issues that will require site redesign. If staff and the petitioner have reached an impasse on an issue and cannot reach resolution, this issue will not be considered in the determination about whether a case is to be scheduled for hearing
 - c. Staff will inform petitioner about whether the case meets the criteria to be scheduled for public hearing. If a case does not meet the criteria, it will be scheduled for another full review
 - d. It is not uncommon for cases to require more than one full review due to the complexity of the case or number of substantive issues. Additional revised site plan submittals should be provided according to the rezoning schedule

- e. Even if a case meets the criteria to be scheduled for a public hearing, the petitioner may request a deferral of the case. The deadline for deferral prior to advertising for the public hearing is shown on the rezoning schedule.
6. **Public Hearing (Accela tasks –Public Hearing):** The City Council and Planning Commission’s Zoning Committee attend the scheduled public hearing for each case. As part of the hearing, staff presents an overview of the case and staff’s recommendation, and supporters and opponents of each case are given time to speak to the Council and Zoning Committee. On the day of the public hearing, there is an optional Lunch Briefing held for City Council. The public is invited to attend but may only comment if questioned by the Mayor or City Council. The meeting is at noon in the Uptown Conference Room on the 8th floor of the Government Center.
7. **Submittal for Zoning Committee Review (Accela Tasks –may include Plan Distribution and Department Reviews):** The Planning Commission’s Zoning Committee reviews each case and makes a recommendation to Council. An updated submittal for Zoning Committee review may be submitted after the public hearing for the case and by the deadline shown on the rezoning schedule.
8. **Zoning Committee Meeting (Accela Tasks – Zoning Committee Meeting):** The Zoning Committee meeting is not a public hearing, but it is recommended that the petitioner attend in case the Zoning Committee members have questions for the petitioner about the case. The Zoning Committee will make a recommendation on the rezoning petition.
9. **City Council Decision (Accela Tasks - City Council Decision):** The City Council makes the final decision on each rezoning case. If a conditional rezoning is approved the stamped approved site plan will be uploaded to Accela.

Community meeting instructions:

- a) When a Community Meeting is required, the petitioner should send the community meeting notice to the City Council district representative.
- b) A report on the community meeting with appropriate parties is required to be filed in the Charlotte City Clerk's Office a copy of the community meeting report should also be uploaded to Accela. Failure to meet the deadline will result in an automatic deferral of the public hearing.

As a part of the conditional rezoning process, the Zoning Ordinance and state law requires a "community meeting" and submit a written report to the Office of the City Clerk. This meeting is instrumental in providing information to the public regarding your rezoning request. For this reason, the following should be considered when planning your meeting: **(Please see www.rezoning.org home page for updates)**

- Hold the meeting at 6:00 pm or later to allow citizens time to arrive after work or at a time that is suitable for the target audience. For example: if your adjacent property owners are located within an office park, a 5:00 pm meeting may be more appropriate.
- Hold the meeting in the community where the rezoning is located. If this is not possible, the meeting should be held in a location that is as close as possible to the area to be rezoned.
- Avoid holding the meeting on holidays.
- Invite your City Council representative.
- Mail out notices of the meeting no less than 10 days prior to the meeting.
- If no citizens attend your meeting, consider having a second meeting.

The community meeting report must include the following attachments: the report, mailing lists to whom invitations were sent, community meeting notice letter/ invitation and attendance sheet.

Please do not include yourself, clients, rezoning agent, design professionals etc. serving the petitioner.

Below is an example of a community meeting report. If you have any questions about this process, please contact a rezoning staff member at 704-336-2205.
