

2021

Donahue's

Clematis

Olympia *Evipo 099*

New for 2021

OLYMPIA™ *Boulevard Evipo099(n)*
has attractive, blue single (and sometimes semi-double) blooms, with overlapping petals and yellow anthers. It flowers off the new and old growth. Very free and repeat flowering, producing flower buds from the leaf axils and end of stems. Ideal for growing in containers on the patio. Grows 3-5'. 📏

SARAH ELIZABETH™ *Boulevard Evipo098(n)*
This distinct, attractive pink clematis almost seems to glow. The mass of flowers appear from late Spring until late Autumn. It produces these at the base of the plant and on new growth often producing a top to bottom flowering effect. It grows 4-5'. Can be grown in full sun or partial shade. 📏

Premium Varieties

ABILENE™ *Boulevard® Evipo027®*
A delightful pink flower with contrasting yellow anthers. As clematis Abilene's flowers mature and fade, a central deep pink stripe becomes more prominent. Can be grown as a patio pot and in partial shade! Blooms in June and again in August. 📏

ACROPOLIS™ *Boulevard Evipo078®*
A compact very free flowering clematis. It produces an abundance of bright pink flowers that are 3-4 inches. Blooms early summer through late autumn. Acropolis is very showy and grows to 4'. 📏

ALAINA™ *Tudor® Evipo056®*
The large 5-7" flowers open deep creamy pink and fade as they mature which gives range of shades of pink. The six broad petals are round and are sometimes slightly twisted, the center has contrasting yellow anthers making a very attractive flower. Grows to a height of 4-5' making it a great choice for a container or small garden. Grows well in shade. Blooms June through July and late August/September. 📏

BIJOU™ *Tudor® Evipo030®*
An Evison/Poulsen cultivar raised in Guernsey by Raymond Evison in 2005. Small pointed ruffled petals in pale violet/mauve with slight pinkish bar. Pink tipped anthers open to a lovely rosette shape. Very free flowering and flowers keep shape well. Blooms May through July. Nice low mounding clematis (2 feet). 📏

BONANZA™ *Festoon® Evipo031®*
Very free flowering mauve/blue flowers with pale yellow anthers. Flowers are 3" in size and blooms July-September. Part of the "Evison/Poulsen Festoon Collection." 📏

BOURBON™ *Gardini® Evipo018®*
An Evison/Poulsen cultivar which has stunning, vibrant red 5-6" flowers. The round shaped flowers have contrasting yellow anthers. Ideal plant for container growing as its height is only 4-6'. Blooms June through early August. 📏

TAIGA ^{'PP27591'}

This clematis produces a spikey dark lavender bloom outlined in white when it first blooms. As the flower matures it opens to a double bloom showing off more of the dark lavender color. The flowers change throughout the season. Climbs to 7' and hardy to zones 6-9. Blooms June-September. 📍

TRANQUILITE™ ^{Evipo0111 (n)}

An exceptional and attractive free flowering plant which is great for the smaller garden due to its compact habit. Tranquilité's subtle colors make it a superb plant for growing in a shaded area. Blooms late spring to late summer. Grows to 4-5'. 📍

AVANT-GARDE™ ^{Festoon® Evipo033®}

As the name suggests, a very unusual 3" red flower with pink petaloid stamens giving the impression of a double flower and protruding trumpet. Very free flowering. Blooms July through September. Part of the "Evison/Poulsen Festoon Collection." 📍

BARBARA HARRINGTON

An exceptional late, free flowering plant. Raised from clematis Comtesse de Bouchaud and retaining its parent's ability to flower well over a long period. The cerise colored flowers, approximately 4" in size, have pointed petals with a dark border and contrasting yellow anthers. Blooms late June through September. 📍

BERNADINE™ ^{Boulevard® Evipo061®}

This stunner produces masses of large light blue flowers with contrasting red anthers. It's amazing how many flowers it puts out in one blooming! Can be grown in full sun or partial shade. Grows to a height of 6' and blooms June through September. 📍

CHARMAINET™ ^{Regal® Evipo022®}

This clematis produces rich red double, semi double and single flowers from later spring to midsummer and again in autumn. Growing to a height of 6-7 feet, this is a great addition to the double varieties. 📍

CHELSEAT™ ^{Boulevard® Evipo100®}

Beautiful flowers are silvery blue with a yellow center and yellow anthers. Compact, free flowering over a long period, with flowers that are approximately 4" in size. This amazing compact plant is ideal for small gardens and containers as it grows to a height of 3'. Can be grown in partial shade. Blooms May through August. 📍

CLAIR DE LUNET™ ^{Gardini® Evirin®}

An Evison/Poulsen cultivar is a compact free-flowering plant. The flowers retain their color best in a shady area. The flowers are 6-7" and have a base color of white which is suffused with pale lilac becoming darker at the edge of the eight wavy petals and stunning dark anthers. Blooms late June, July and late August. 📍

Premium Varieties

CORINNE™ *Boulevard® Evipo063®*
This beautiful clematis has white flowers with ruffled edges and a pink/violet stripe on each petal. This compact, heavy bloomer is great for patio containers as well as the garden. It can be grown in full sun to partial shade making it a great addition. It grows to a height of 6' and blooms June through August 📍

CRYSTAL FOUNTAIN™ *Regal® Evipo038®*
This is an early large flowered cultivar, lilac blue with a fountain-like center. It is an exciting new cultivar with an unusual 4-5" double flower. It is compact, free and repeat flowering, also suitable for growing in a container, on trellises as well as through small shrubs. Blooms June through September. 📍

DIAMANTINA™ *Regal® Evipo039®*
An exceptional, free-flowering clematis with 4-6" pom-pom like blue/purple double flowers. Diamantina has many flowers on each stem and each flower lasts up to 4 weeks. Repeat flowering throughout summer. This double clematis far outperforms any other double clematis currently available! 📍

FILIGREE™ *Tudor® Evipo029®*
An Evison/Poulsen cultivar raised in Guernsey by Raymond Evison. Silvery blue colored petals, ruffled edges single and semi doubles with red/brown anthers. Exceptionally free flowering. Blooms May through July. Nice low mounding clematis (2 feet). 📍

FLEURI™ *Boulevard® Evipo042®*
This Evison®/Poulsen® cultivar has deep purple flowers and an attractive contrasting flower center. It is very compact and does well in containers. Fleuri has 5" flowers and grows well in partial shade to a height of 4 feet. It blooms May through August. 📍

GISELLE™ *Garland® Evipo051®*
This beauty has unusual star-shaped purple-pink flowers and contrasting red-purple anthers. It looks tremendous grown with purple foliated shrubs. Can be grown in partial shade or full sun. Grows to 4-5' and blooms May through September. 📍

JOSEPHINE *Regal® Evijohill®*
This variety has flowers with 6-8 base petals which are almost bronze, tinged with green and a darker bar, inner petals are lilac with pink bar. As the flower ages the base petals fall away giving a pom-pom effect. Blooms June through August. Grows to 8'. 📍

KILIAN DONAHUE
The early flowers open ruby red at the center of the flower, fading to brilliant fuchsia and then orchid color at the edge of each petal. The flowers fade to lavender with a pink bar. Its dancing white anthers are burgundy tipped. It is an early bloomer and is a great repeat bloomer throughout the summer months. 📍

LIBERATION™ *Evifive®*
Liberation is a large 5-6" deep pink flower with a broad cerise central bar with contrasting yellow anthers. Blooms May through June and August through September. Free flowering and strong growing. 📍

DIANA'S DELIGHT™

Boulevard® Evipo026®

Diana's Delight has beautiful, rich blue colored flowers with light and dark tones and a creamy yellow center. This lovely clematis has a very free flowering habit. It grows to a height of 6' and blooms June through early September. Stunning! 📍

EDDA Boulevard® Evipo074®

Good plant for growing in pots or containers due to its compact free flowering habit. Each flower has 6-10 petals. The central petals are shorter and paler in color, the outer petals being purple with a darker reddish purple central bar. All have pointed tips. The plant is repeat flowering from late Spring until early Autumn. Grows to a height of 3-4'. 📍

EMPRESS™

Regal® Evipo011®

Large double flower with pink outer petals that have a darker pink bar. The inner petals produce a spiky pom-pom effect. It is compact and free-flowering, suitable for containers. Blooms May-June and August. Grows to 6'. 📍

HERACLEIFOLIA, NEW

LOVE 'PP13,977'

This bush clematis produces an abundance of 1" indigo flowers in large clusters. Great for cut flowers, slightly fragrant and attracts butterflies. Blooms summer through early fall and produces fluffy seed heads following bloom time. Grows to 2-3'. 📍

HYDE HALL™ *Gardini® Evipo009®*

This compact clematis is ideal for containers. Its 5-7" flowers are off-white with sometimes green or pink tinges. It blooms on the previous season's stems from May to June. Anthers are light chocolate brown. 📍

INES™ *Boulevard® Evipo059*

This compact, free flowering clematis produces 4" flowers that are lavender-blue with wavy edges and a red bar on each petal. Its full red/grey anthers are contrasting and eye-catching. Great for growing in a container due to its repeat flowering. Blooms early to late summer and again in the fall. Grows to 4'. 📍

NUBIA *Boulevard® Evipo079®*

This very free flowering clematis has stunning dark red flowers and dark red anthers. This photo is true to color! Flowers are 5" in size and grows to 5'. It blooms June through August and again in September. Blooming comes from along the whole stem so blooms appear from top to bottom of plant. It is pruning type 3 so takes a hard prune in early spring. 📍

PAULIE™ *Boulevard Evipo058*

A compact clematis. Produces masses of purple flowers that have a maroon bar on each petal with large, eye-catching burgundy tipped anthers. Grows to 3-5' and blooms June-September. 📍

PICARDY™ *Tudor® Evipo024®*

A very free flowering pretty, 4" red/purple flowers that have added reddish brown anthers. Suitable for container growing as it is a great bloomer and blooms all along the stem. It grows to a height of 4 feet and blooms June through August. 📍

Premium Varieties

REBECCA™ Boulevard® Evipo016®
An Evison/Poulsen cultivar with very large flowers that are stunningly bright red (almost scarlet) with creamy yellow anthers. It is exceptionally free-flowering. Blooms May through June and August. 📍

ROSALIE™ 'Donahros' (PP29,554)
First flowers are a deep, two-toned rose color. Flowers then take on a multitude of pink shades all blooming at the same time. As the flower fades it has a two-toned lavender/pink flower. The dramatic burgundy anthers add to its beauty. It is very free flowering. This is Mark Donahue's second clematis introduction and is named after his grandmother, Rosalie. Grows to 7' and blooms June-September. 📍

ROSEMOOR™ Gardini® Evipo002®
This "rose" colored large flowered clematis has a distinct reddish/purple color with yellow anthers, which contrast spectacularly with the color of the petals. Its flowers are 5-6" in diameter and bloom on both the previous season's stems and on current season's growth, giving it a flowering period from May to September. 📍

SALLY™ Boulevard Evipo077
A light pink clematis with a deep pink central bar. Each flower has six to seven pointed petals with light brown contrasting anthers. Great repeat blooming and grows to 5'. Blooms June-September. 📍

SAMARITAN JO™ Boulevard® Evipo075®
Very unique sharply pointed petals are silvery pink and edged in purple. The anthers are purple at the base with cream colored tips. Named in recognition of the great volunteer work that Samaritans offer to people in distress. All volunteers are known as Samaritan Jo. Grows to a height of 4-5' and blooms June through September. 📍

SAPPHIRE INDIGO™ Cleminov51 PP#17012
This unique clematis stays true to name with long lasting dark purple blooms that fade to deep blue with stunning dark purple to black anthers. It is a continuous bloomer June through September. It can be trained as a climber to a height of 4' or grown as a shrubby ground cover with no support. Good choice for containers. It can be grown in partial shade. 📍

SUGAR CANDY™ Evione®
A striking cultivar which is free flowering both in the spring and late summer. Large 6-7" flower with pinkish mauve pointed petals which have a darker center bar. Contrasting yellow anthers with pinkish gray filaments. Blooms May-September. 📍

SWEET SUMMER LOVE™ (pp#24044)
Sweet Summer Love gives a sweet fragrance and ease of growth. It has striking star-like, multi-colored blooms of cranberry and violet that bloom earlier and longer than the traditional white Sweet Autumn. It grows to a height of 12' and blooms July through September. Introduced by Proven Winners. This 'Proven Winner' requires a PW pot & label for each plant purchased. 📍

THE COUNTESS OF WESSEX Boulevard® Evipo073®
A marvelous clematis with large white and blush flowers. Petals have a wavy edge and the dramatic burgundy anthers create a stunning display as it produces a mass of flowers from the base of the plant to the top. It grows well in a partial shady area or full sun. Blooms May-June and August-September. Grows to 4'. 📍

PURPLE VARIETIES

ELSA SPATH: Rich lavender, overlapping to give somewhat of a double appearance. Red Anthers. Very free flowering. 📍

GENERAL SIKORSKI: Very hardy dark lavender with tints of red on petals. Cream color anthers. 8-9" flowers. June and September blooming. 📍

JACKMANII: The most profuse blooming dark purple Clematis. June, July and September blooming. 📍

JACKMANII SUPERBA: Rich velvet purple, 5" open flowers. More rounded and slightly larger flower than Jackmanii. Blooms July-September. 📍

MULTI-BLUE: Very double dark blue to purple 4-5" flowers. Blooms late spring/early summer and again late summer on to fall, but always double flowers. One of the best double flowering Clematis! 📍

PERRINS PRIDE: 5-7" rounded petals of deep purple even darkening towards the edges. Striking bronze anthers. Profuse blooming Clematis throughout the summer, June through September. 📍

PETIT FAUCON: A stunning new non-clinging clematis with bronze green new foliage. A most free flowering compact plant for the mixed border. The intense deep blue four petal flowers reveal an orange, yellow center as they age. Blooms June-September. Very hardy! 📍

RHAPSODY: Very pretty free flowering Clematis with stunning sapphire blue petals which deepen in color with age. Creamy yellow anthers. Blooms July-September. 📍

THE PRESIDENT: Deep purple with purple anthers. Continuous bloomer and does not fade in the sun. Large 7-8" flowers bloom June-September. 📍

VITICELLA, ETOILE VIOLETTE : Very vigorous prolific blooming 3-4" purple flowers. Blooms July-September. 📍

VITICELLA, POLISH SPIRIT: Very rich purple-blue 3-4" open flowers. Outstanding cultivar raised by Brother Stefan Franczak in Poland. Flowers profusely and suitable as a cut flower. 📍

WARSAW NIKE: A rich velvet reddish purple variety which produces 5" wide open flowers in late May through September. Flowers are composed of six to eight overlapping petals, each deeply grooved along the center. 📍

RED VARIETIES

CARDINAL WYSZYNSKI: A magnificent, very free flowering Polish introduction with large 6-8" glowing crimson flowers, each highlighted by a central cluster of dark anthers. A very vigorous Clematis. Blooms July-September. 📍

ERNEST MARKHAM: Magenta-red large flower with gold anthers. Very vigorous grower, blooming July, August and September. We feel the best red. 📍

MME. EDOUARD ANDRE: Deep velvet red, 6" flowers with cream anthers. Vigorous plant and heavy bloomer. Blooms July-August. 📍

NIOBE: Very dark magenta-red pointed petals with gold anthers. Blooms June, August and September. A true red! 📍

ROUGE CARDINAL: Large deep velvety crimson flower with red anthers. Blooms June-September. 📍

RED VARIETIES (continued)

SUNSET: Dark velvet red 5-7" flowers with purple edges. Vigorous growing plant blooming continuously May-September. A real eye catcher! 📌

VILLE DE LYON: Very large carmine-red petals with lighter centers. Blooms June-September. Very rich velvety flower! 📌

WESTERPLATTE: Rich, velvety red, with dark red anthers. Flowers are 4-5" in size. Very free flowering. Blooms late June to early Autumn. Suitable for container culture. 📌

PINK VARIETIES

COMTESSE DE BOUCHAUD: Velvet rose-pink large flowers with yellow anthers. A profuse bloomer. Our best selling pink Clematis.

HAGLEY HYBRID: Medium-size rich pink flowers with ruffly edges and reddish anthers. Vigorous grower with 5-6" flowers blooming June and September. 📌

JOHN PAUL II: Light pink 5-6" flowers. Very vigorous grower and very showy. Blooms May, June and September. 📌

PIILU: This lovely pink clematis will bloom double on early spring blooms and then later blooms are single. With its pretty pink color and deeper toned bar it is a great addition to any garden. It grows to a height of 6' and blooms May through July and September. 📌

PINK CHAMPAGNE: 5" deep rosy-pink, very free flowering, compact plant. Also known as Kakio, from Japan. Blooms May, June, August and September. It is a real eye-catcher. 📌

BLUE VARIETIES

BLUE ANGEL: Raised by brother Stefan Franczak in Poland. The pale lavender blue flowers have delicate crinkly edges and recurve slightly. Anthers are creamy yellow. Very free flowering and holds well as a cut flower. Blooms June-August. 📌

DURANDII: Rich bell-shaped indigo blue 5-6" flowers with white anthers. It makes an interesting cut flower. Bloom July, August and September. 📌

H.F. YOUNG: True mid-blue with very wide overlapping petals; giving a very large 7- 8" flower. Very noticeable cream colored anthers and very free flowering. 📌

LADY NORTHCLIFFE: Wedgewood blue 5" diameter flowers with contrasting greenish yellow anthers. Raised by Jackmans in the early 1900s. A very good plant, free flowering over a long period. This compact clematis grows to a height of 6-7' and blooms June through August. 📌

MRS. CHOLMONDELEY: Very large true blue prolific blooming Clematis. Blooms May, June and September. 📌

PRINCE CHARLES: A compact plant with profuse mauve-blue 4" flowers. The flowers are semi nodding with slightly twisted petals. The anthers are yellow. Blooms July through early September. 📌

RAMONA: Lavender-blue flower with dark anthers. Blooms July, August and September. One of our best selling varieties! 📌

Shade Varieties

- ABILENE
- ALAINA
- BERNADINE
- CANDY STRIPE
- CLAIR DE LUNE
- CORINNE
- FLEURI
- NELLY MOSER
- SAMARITAN JO
- SAPPHIRE INDIGO
- SILVER MOON
- TEXENSIS DUCHESS OF ALBANY
- VITICELLA, VENOSA VIOLACEA

SILVER MOON: Very large 6-7" silvery mauve flowers, giving a most unusual color clematis. Flowers have creamy-white anthers, and the 6-8 petals overlap, making a very full flower. Blooms June, July and late August. Does well in full to partial shade. 📍

WILL GOODWIN: True blue with large overlapping petals and gold anthers. June through September blooming. 📍

MONTANA VARIETIES

Montana Clematis varieties are probably the easiest to grow, very prolific blooming and some of the most vigorous growers. Best for zone 5 and south. All varieties bloom May and June.

MONTANA, ELIZABETH: Soft pink flowers with a vanilla scent and a very vigorous grower. 📍

MONTANA, GRANDIFLORA: 3" pure white flowers with very wide petals. Vanilla fragrance at times. 📍

MONTANA, MAYLEEN: Small satin pink open flowers. Bronze foliage with strongly scented flowers. 📍

MONTANA, RUBENS: Color varies to season from a light pink to deep rose-pink with purplish leaves. Vanilla fragrance. 📍

WHITE VARIETIES

DUCHESS OF EDINBURGH: Rosette shaped double white flowers with yellow anthers. Blooms May, June and September. 📍

GILLIAN BLADES: Large pure white flower with ruffly edges and gold anthers. Blooms May, June and September. 📍

GUERNSEY CREAM: Very light yellow with cream anthers. Large 5-7" flowers. This is a beauty! The name gives the color description. Blooms in June and August. 📍

HENRYI: Very large pure white flowers with brown anthers. Blooms June and September. Beautiful! 📍

HULDINE: Medium size (4-5") white flowers with yellow anthers. Very vigorous grower. Our best repeat white blooming Clematis. 📍

JOHN HUXTABLE: A chance seedling from cl. 'Comtesse de Bouchaud,' it retains most of its parents' characteristics, except having creamy white flower color. The flowers are 4" in diameter, and the white petals are offset by yellow-white anthers. It grows to a height of 9' and blooms June-August. 📍

LANUGINOSA CANDIDA: Large pure white with yellow anthers. Many petals give the appearance of a semi-double flower. We feel this is the best large white variety! Blooms in June, July and September. 📍

MARIE BOISSELOT (syn. Mme Le Coultre): Very large pure white flower. Yellow anthers. Blooms June, July and September. 📍

MISS BATEMAN: Round pure white flowers with dark showy anthers. Very free flowering plant. 📍

MRS. GEORGE JACKMAN: Large 6" creamy white fully rounded flowers. Petals are overlapping and anthers are light brown. Blooms June-July. 📍

SNOW QUEEN: A large white variety with 6" open flowers. Blooms May, June and August. Very free flowering. 📍

BI-COLORED VARIETIES

ASAO: 4-5" deep rosy-pink flower with white center bar on each petal. Very free flowering in spring with attractive seed heads. An outstanding Clematis from Japan. ♡

BARBARA JACKMAN: Pale blue petals with a deep red bar down the center of each petal. Showy yellow anthers. Suitable for a cut flower. Best color produced out of strong sunlight. Blooms June and August. ♡

BEES JUBILEE: Delicate pink with deep red bar down the middle of each petal with yellow anthers. Does not fade in the sun. Blooms May, June and September. ♡

BETH CURRIE: The seven or eight overlapping plum-purple petals have a crimson central bar and reddish-cream anthers. The flowers open wide as they mature and the tips of the petals recurve slightly. Flowers are 4-5" in size. Blooms May-June and August. ♡

CANDY STRIPE: This two toned lavender and pink striped clematis is a pretty addition to your garden. It grows to a height of 10' and blooms May-June and August. Suitable for a part shade area. ♡

CARNABY: Pink with rich red bar down the middle of each petal. Dark red anthers. Blooms June and September. ♡

DR. RUPPEL: Pink lavender ruffled edge petals with deep red center bar. Great for greenhouse production. Blooms May, June and September. ♡

MRS. N. THOMPSON: Deep blue with a bright scarlet bar. Strikingly colorful and will always command attention wherever grown. Blooms May, June and September. ♡

NELLY MOSER: Pale pink with red bar down the middle of each petal. Will grow in semi-shade. Blooms June and September. ♡

VITICELLA, VENOSA VIOLACEA: 4-5" flowers of white background with purple veins throughout, turning all purple on the edges. Does well in sun and semi-shade. Blooms July, August and September. ♡

SMALL FLOWER VARIETIES

ALIONUSHKA: This non-clinging Clematis has 2-3" semi-nodding rich mauve pink flowers, that has a satin sheen when young. Blooms July-September. ♡

ALPINA, BLUE DANCER: 2-3" long pale blue flowers that have narrow, twisted and pointed petals. Blooms May-June. ♡

ALPINA, HELSINGBORG: Masses of blue-purple 1.5"-2" bell-shaped blooms nodding above foliage. Blooms June and July. ♡

ALPINA, PINK FLAMINGO: The 1.5" semi-double flowers are pale pink with red veins. Blooms May-July. ♡

ARABELLA: The round semi-nodding flowers are 2-3" in size. Flowers are rosy purple flushed with red and cream anthers. Non-clinging and free flowering. Blooms June- September. ♡

FARGESIODES: A very vigorous and free flowering Clematis. The 1.5" flowers are white and somewhat fragrant. Blooms July-September. ♡

HERACLEIFOLIA, MRS. ROBERT BRYDON: Bluish-white 1" flowers in large cluster. Extremely vigorous and very free flowering. Suitable cut flower and we have found to be one of the hardiest. ♡

INTEGRIFOLIA: This herbaceous, non-clinging Clematis has bell-like flowers which are 1.5" in size. Flowers vary from light blue to deep blue. Blooms July-September. ♡

MACROPETALA, BLUE: Free flowering semi-double small light blue flowers. Blooms April and May. Beautiful! ♡

MACROPETALA, MARKHAMS PINK: Pink semi-double, small bellshaped flowers. Blooms April and May. ♡

PANICULATA: Very vigorous grower with clusters of small very fragrant white flowers. Blooms August–September. A real winner. Also known as Sweet Autumn. 🍷

ROGUCHI: The 2" bell-shaped flowers are intense deep blue/purple with lighter blue recurved petals. Flowers fade to indigo-blue. This lax climber is fragrant and very free flowering. Blooms June–September. 🍷

TANGUTICA: Striking small yellow bell-shaped flowers. Fast growing hardy vine. Blooms July–October. 🍷

TEXENSIS, DUCHESS OF ALBANY: Pink bell-shaped flowers with a cherry red bar. Blooms July–October. 🍷

TEXENSIS, ETOILE ROSE: Semi-nodding flowers are 2" in size. Inside color of petal is scarlet pink with yellow anthers. Outside petal is deep satiny pink, free flowering. Blooms July–September. 🍷 NOT AVAILALBLE FOR 2020

TEXENSIS, GRAVETYE BEAUTY: Small 2–3" tulip-type flowers. The 4–6 petal flowers are a deep red with reddish brown anthers. Very stunning! Blooms July– September. 🍷

TEXENSIS, PRINCESS DIANA: Miniature tulip-like flowers are 2" long. Petals are whitish-pink outside with a deep pink central bar. Inside petals are rich pink with a deeper pink bar. Blooms June–July and September. 🍷

TRITERNATA RUBROMARGINATA: Slightly scented, 1.5" starlike flowers with pink edges and cream-colored anthers. It is vigorous and free flowering. Grows 10–13' and blooms July–September. 🍷

VITICELLA, ALBA LUXURIANS: Very attractive 2–3", semi-campanulate white flowers with green tips. Blooms July–September. 🍷

VITICELLA, BETTY CORNING: A charming, fragrant, nodding flower with four petals of light blue. The 2" deep flowers have recurving tips to the petals. Blooms July–September. Fragrant. 🍷

VITICELLA, MME. JULIA CORREVON: 4" true red semi-campanulate flowers. Vigorous grower, flowering most of the summer season. Very stunning color. 🍷

VITICELLA, PURPUREA PLENA ELEGANS: Extremely showy double rose-purple flowers. Blooms July–September. A real winner. 🍷

VITICELLA, ROYAL VELOURS: Small semi-campanulated flowers. Deep velvety purple in color. Suitable for a cut flower. Blooms July–September. Strong vigorous grower. 🍷

OTHER VINES

HONEYSUCKLE, Dropmore Scarlet: A perennial vine that is extremely hardy in zones 4–9. This fast growing vine can cover a 10–12 foot wall. The tubular scarlet-orange blooms give off color from late June through September. 🍷

HONEYSUCKLE, 'Halliana (Hall's)': Evergreen foliage and white, scented flowers that turn yellow as they age. Fast growing! Grows to 20 feet and blooms June through September. 🍷

HONEYSUCKLE, 'Major Wheeler': This fast growing vine has brilliant red tubular flowers with yellow tips. Hummingbirds love the blooms and it is very mildew resistant. Blooms June – September. 🍷

SILVER LACE VINE (Polygonum Aubertii): Extremely fast-growing vine with profuse fragrant white flowers. Blooms in late summer and fall. Great fence and wall cover. Grows 20 feet and more. 🍷

THUNBERGIA: An annual vine also known as Black Eyed Susan. It is a vigorous growing vine that can grow to 6'–8' in a single season. Thunbergia are great for baskets, large containers and trellises. The bright colored flowers bloom all summer. Available in **Rose, Orange and Yellow.** 🍷

We’ve put together a collection of six clematis varieties that are outstanding in pot production and in the garden. Order “The Donahue Collection” and you’ll receive 50-2.5”-3.5” pots assorted with these outstanding varieties and jumbo labels. Our collection consists of:

LARGE AND SMALL FLOWER COLLECTIONS

Donahues selects a good assortment of colors for each collection. All Clematis are shipped with a color picture “stik-stake” label in each pot.

50 Pot

- 2.5” Large Flower Collection (4-6 varieties)
- 2.5 Small Flower Collections (4-6 varieties)

32 Pot

- 3.5” Large Flower Collection (4-6 varieties)
- 3.5” Small Flower Collection (4-6 varieties)

200 Pot

- 2.5” Large Flower Collection (25 ea 8 varieties)
- 2.5” Small Flower Collection (25 ea 8 varieties)

CLEMATIS LINERS

Our 2.5” Clematis liners are well rooted 1 year old plants. These are ideal for finishing in 1 gallon pots. Very heavily rooted plants! Each plant is shipped with a small color picture label and bamboo stake.

Our 3.5” Clematis Liners are well rooted 2 year old plants. These plants will finish a 1 gallon pot more quickly than the 2.5” liner. They can also be used in large containers. Each plant is shipped with a small color picture label and bamboo stake.

PLANT LINERS

- 2” Asparagus Sprengeri Fern (very bushy) grown in #70 Pro-Tray
 - 2” Dracaena Indivisia (spikes 18”-22” tall) grown in #70 Pro-Tray
 - 2” Vinca Vine (2 cuttings per pot, highly variegated) grown in #70 Pro-Tray
- Pack: Dracaena pack 2 trays per case. Other vines packed 3 trays per case.*

Transportation for liners

Air freight, UPS Ground Service, Federal Express 2 day or 3 day service, or Speedee available. Shipped UPS, Federal Express, and Speedee at customer’s risk. We do watch weather conditioners closely before shipping by these methods. You may want to order plants a week earlier in case of delay due to weather.

Customer pays all transportation charges. A \$15 fee will be charged for each order shipped via Air Freight to cover the cost to haul plants from Faribault to the Minneapolis/St. Paul airport (about 50 miles).

#1 Container Finished Material

FINISHED CLEMATIS

Let us grow beautiful Clematis for your retail store!

Grown in #1 containers, these vines are shipped mid-March through September. Many varieties are shipped in bud or bloom, all with a brightly colored violet pot, a lock-on trellis and a large 'Jumbo Portrait' label. Choose from our complete list of clematis varieties and other vines. *Order early!*
