Women's Division I (60 teams anticipated)

Due to the outstanding response of interested women's teams, NIRSA will be expanding the women's Division I to 60 teams, and eliminating the Open division for this year. All teams will be rolled into DI, and teams that weren't compliant with the DI eligibility rules are making the necessary adjustments to their rosters to become eligible. There will be some "B" teams competing in DI as there weren't enough to generate their own division, and we are taking in a few more teams to get to 60. We could also expand to 64 if there were additional teams that never entered in the first place, but may be interested now so send them on to NIRSA.
