Your Sponsorship dollars fund Southern California's premier Construction Management Internship and Scholarship Program offered by the CMAA SoCal Chapter Foundation. The Program is in its 9th year of partnering top mentor firms with talented young professionals from our local area institutions including the University of Southern California (USC), Cal Poly Pomona, UCLA, Cal State University Long Beach, California State University Fullerton, Cal Poly San Luis Obispo, University of California San Diego, and Cal State University Northridge.

What does the Foundation offer? For the Internship Program, the Foundation reviews resumes of candidates and selects top candidates for interviews. Candidates are then matched with member firms for up to a 12- week guided summer internship program. Interns are paid an equivalent of \$20 per hour and firms pay anywhere from 50% on up to 100% of these costs depending on the funding match available through the Foundation. Reference the videos on our Foundation website to learn more about our CMAASC Foundation program and view presentations by our interns CMAASC Internships. Firms who participate in the program are recognized alongside their interns at our Annual Awards Gala.

Through its Scholarship Program, the CMAA Foundation has provided much- needed financial support to students in Construction Management programs by offering scholarships ranging from \$1,000 up to \$10,000. Candidates are selected through a process where they are evaluated and rated based on a personal statement and resume submitted. The selected recipients are recognized at the Annual Awards gala. To date the CMAA Foundation have funded over **\$1 Million towards student scholarship** with your continued support. Thank you!
