A series of helpful slogans have grown up around AA and other *Twelve Step* groups.

Although there is no “official” list of the slogans, they are well known in most Twelve Step groups and are often posted on the walls of meeting rooms. The slogans can be very helpful. They are short, simple, but powerful statements that are easy to remember, and can be used to remind a person about important issues. We have created a series of maps based on some of the popular slogans. Because they are so short and simple, people may not initially grasp their power. These maps provide a way to explore the slogans’ deeper meanings and how to apply them in everyday life. Since individual *Twelve Step* groups often create their own slogans, we have added a blank map at the end of this section to use with any additions to this set of slogans.

Discussion Topics for the Slogans Maps

These are just a few possible discussion topics. We recommend that you have a discussion about the maps so that people can consolidate the information and insights they may have gained while exploring the slogans. The format of the discussion is up to you.

- **Discuss any new insights you have gained on the meaning or use of the slogans.**
- **What other slogans would it be helpful to map out?**
- **Which slogan is your favorite and why?**
- **How have you used the slogan in the past?**
- **How do you plan to use the slogan in the future?**
- **Are some slogans more useful in some situations than others? (Which slogan is most useful with family? at work?)**
- **How can the slogans help you work your *Twelve Step Program*? How can they help with the step you are currently on?**
