## Payment

Since all orders are custom built to your specifications, payment is required at the time the order is placed. We accept PayPal, all major credit cards, certified funds, cash and business checks. Custom orders are final.

## Estimated Build Time

Generally build time runs about 30 days. Shipment can usually then take about another week. This is not to be construed as a guaranteed ship date or ship time as our primary business is processing large orders for restaurants, hotels, casinos etc. and we process small orders around orders that have an opening date deadline. If you require a specific delivery date, please discuss this before placing the order.

## Shipping

Our booths are shipped Prepaid and Add taking advantage of our deep discounts. It is recommended that you request a freight estimate before placing and order. We will need to know the shipping address including zip code and if you have a loading dock or forklift. Lift gate trucks are available upon request for residential customers or business that do not have unloading facilities for an extra fee.

Many residential customers find that they can save considerably by picking the order up from the nearest truck terminal so we provide you with an estimate for home delivery as well as for terminal pick up. Home delivery does not include bringing the booths into the home.

**Request a freight quote:**

Email: [sales@restauranteq.com](mailto:sales@restauranteq.com).

**Our quality booths are made by expert craftsmen who have been serving the food service industry for many years.**

**Only the finest materials are used and every piece is custom built just for you.**

**We use oak frames, high density foam and commercial grade vinyl.**
