

2nd Annual Keck Medicine of USC Colorectal Symposium:

An Update and
Comprehensive
Review

Friday-Saturday
April 6-7, 2018

USC Health Sciences Campus
Aresty Conference Center
1450 Biggy Street
Los Angeles, CA 90089

Eligible for
American Board of Surgery
(ABS)-MOC
self-assessment credit maximum
of 14.75 *AMA PRA Category 1*
Credits™

Presented by:
*Department of Surgery, Division of Colorectal Surgery
and USC Office of Continuing Medical Education*

Keck School of
Medicine of **USC**

PROGRAM

Thursday, April 5, 2018

OPTIONAL Cadaver Lab:

**Ventral Rectopexy, Abdominal
Wall Reconstruction**—Course Faculty

**(Separate registration and
fee required)**

Venue:

USC Health Sciences Campus
Surgical Skills Lab
2250 Alcazar Street
Los Angeles, CA 90033

Friday, April 6, 2018

6:30 am **Registration and Breakfast**

7:15 am **Welcome Remarks**
*Kyle G. Cologne, MD and
Sang W. Lee, MD*

Morning Session I: Minimally Invasive Surgery

*Moderators: Kyle G. Cologne, MD and
Sang W. Lee, MD*

7:30 am **CELS: (Combined EnbdoLap
Surgery)**
Sang W. Lee, MD

7:50 am **Master Class: TaTME-Tips,
Tricks, and Lessons Learned
So Far**
Justin Maykel, MD

8:20 am **After ROLARR, What Role
Should the Robot Play?**
Alessio Pigazzi, MD, PhD

8:40 am **Laparoscopic Colectomy Tips
and Tricks: How Do You Make
Everything Look Better?**
David E. Rivadeneira, MD

9:00 am **Robotic Tips and Tricks:
How Do You Make It Look Easy
in the Pelvis?**
Elisabeth C. McLemore, MD

9:15 am **Bowel Prep: Why Isn't Everyone
Doing It?**
Elisabeth C. McLemore, MD

9:30 am **Panel Discussion and
Case Scenarios**

10:00 am **Break**

Friday, April 6, 2018

Morning Session II: Benign Colorectal

*Moderators: Joongho Shin, MD and
Glenn T. Ault, MD*

10:15 am **Diverticulitis Board Review:
Tough Case Scenarios**
Andreas M. Kaiser, MD

10:30 am **Master Class: Tips and Tricks
for Parastomal Hernia Repair**
David E. Rivadeneira, MD

10:45 am **Squamous Anal Dysplasia (with
or without HIV): Office
Surveillance, High Resolution
Endoscopy, or Something Else?**
Glenn T. Ault, MD

11:00 am **Hemorrhoid Surgery:
A Lost Art? Tips & Tricks for
This Pain in the A****
Justin Maykel, MD

11:15 am **Anorectal Mysteries: There's
Something Down There, What
the Heck is It? Lessons and
Images from LAC+USC**
Adrian E. Ortega, MD

11:30 am **Panel Discussion and
Case Scenarios**

12:00 pm **Lunch**

Afternoon Session I: Colorectal Cancer

*Moderators: M. Philip Duldulao, MD and
Kyle G. Cologne, MD*

1:00 pm **Genetic Screening—
What Services Are Available
and When Do I Need Them?**
*Genetic Counselor:
Duveen Sturgeon, MSN*

1:20 pm **Watch and Wait After
Neoadjuvant Chemoradiother-
apy: Ready for Primetime or
Only on Clinical Trial?**
Woo Yong Lee, MD

1:40 pm **Polyposis & Hereditary
Colorectal Cancer Syndromes:
Pop Quiz**
*Kyle G. Cologne, MD with
Colorectal Faculty*

PROGRAM

Friday, April 6, 2018

- 2:00 pm **Stage IV Disease with Multi-Organ Involvement: Chemo, Surgery, or Palliative Care?**
Phil Fleshner, MD
- 2:20 pm **Panel Discussion and Case Scenarios**
- 3:15 pm **Break**

Afternoon Session II: Inflammatory Bowel Disease

Moderators: Kyle G. Cologne, MD and Sang W. Lee, MD

- 3:45 pm **How Are Endoscopy Payment & Reimbursement Models Going to Change?**
Sang W. Lee, MD
- 4:00 pm **Extended DVT Prophylaxis: Who Really Needs It and What Will It Cost?**
Joongho Shin, MD
- 4:15 pm **Panel Discussion and Case Scenarios- Surgery vs. Medicine/GI**
Phil Fleshner, MD and Colorectal Faculty vs. Sarah Sheibani, MD and Caroline Hwang, MD
- 5:15 pm **Adjourn**
-

OPTIONAL DINNER TALK

Venue:

Langham Huntington Hotel
Promenade Room
1401 South Oak Knoll Avenue
Pasadena, CA 91106

- 6:00 pm **Registration**
- 6:30 pm **Dinner Talk: Clinical Experience with Bioprosthetic Mesh in Colorectal Surgery and Complex Hernia Repair**
David E. Rivadeneira, MD
- 8:30 pm **Adjourn**

Saturday, April 7, 2018

- 6:45 am **Registration and Breakfast**
- 7:15 am **Breakfast Lecture:
The Problem of Anastomotic Leaks: Costs and Proposed Solutions**
*Featured Speaker:
Steven D. Wexner, PhD (Hon), FACS*

Morning Session I: Health Systems

Moderators: Glenn T. Ault, MD and M. Philip Duldulao, MD

- 8:00 am **Lymph Node Retrieval: Should We Blame the Patient, the Surgeon, the Pathologist, or Someone Else?**
Sergei Tatishchev, MD
- 8:20 am **Alphabet Soup: DVT, PE, CLABSI, CLAUTI-What They Mean and Why We Should Care**
Stephanie Hall, MD
- 8:30 am **Questions**
- 8:40 am **Update on the ACS CoC National Accreditation Program for Rectal Cancer**
Steven D. Wexner, PhD (Hon), FACS
- 9:00 am **Laparoscopy in the Pelvis: Should We Switch to Open?**
Steven D. Wexner, PhD (Hon), FACS
- 9:20 am **Surgical Safety Checklists: Should I Be Using the WHO, ASCRS, or Others in My Practice?**
M. Philip Duldulao, MD
- 9:30 am **Panel Discussion**
- 9:45 am **Break**

Morning Session II: Managing Complications

Moderators: Sang W. Lee, MD and Joongho Shin, MD

- 10:00 am **The Role of Fluorescence Imaging in Anastomotic Assessment**
Steven D. Wexner, PhD (Hon), FACS
- 10:15 am **Surgical Site Infections: Is There Any Hope to Prevent Them?**
Kyle G. Cologne, MD

PROGRAM

Saturday, April 7, 2018

Morning Session II: Managing Complications

Moderators: Sang W. Lee, MD and Joongho Shin, MD

10:30 am **All Things Ureter: What's All the Fuss Over a Little Tube?**

Andreas M. Kaiser, MD

11:00 am **Optimizing Patient Outcomes with E.R.A.S. Enhanced Recovery After Surgery-How Big a Deal Is It?**

Kyle G. Cologne, MD

11:15 am **Panel Discussion**

12:00 pm **Closing Remarks**

Sang W. Lee, MD and Kyle G. Cologne, MD

12:05 pm **Adjourn**

COURSE DESCRIPTION

The 2nd Annual Keck Medicine of USC Colorectal Symposium: An Update and Comprehensive Review aims to provide an update on colorectal surgery topics, with a focus on new technology, updated management strategies and techniques for practitioners. The program is a one-and-a-half-day event with didactic lectures, group discussions, and Q&A sessions with the participants. Colorectal surgery topics covered include minimally invasive surgery, colorectal cancer, inflammatory bowel disease, anorectal disorders and other benign colorectal diseases.

TARGET AUDIENCE

This course is intended for colorectal surgeons and allied health professionals including, but not limited to nurses and technicians in the division of colorectal surgery caring for adults who seek up-to-date evidence to enhance their understanding of topics in colorectal medicine and related treatment and management options for their patients.

COURSE OBJECTIVES

By the end of the course, participants will be able to:

- Describe current screening, diagnosis and management techniques in malignant and pre-malignant colorectal conditions.
- Integrate current management guidelines and operative indications into practice for benign colorectal conditions such as hemorrhoids, IBD and diverticulitis.
- Distinguish new minimally invasive techniques and outline their role in management of colorectal conditions.
- Explain quality metrics for various colorectal conditions including IBD, rectal cancer and identify future trends in assessment standards.

FACULTY

COURSE DIRECTORS

SANG W. LEE, MD, FACS, FASCRS

Course Director

Professor of Clinical Surgery

Chief of Colon and Rectal Surgery

Keck School of Medicine of USC

KYLE G. COLOGNE, MD, FACS, FASCRS

Course Director

Assistant Professor of Surgery

Division of Colorectal Surgery

Keck School of Medicine of USC

GUEST FACULTY

PHILLIP FLESHNER, MD, FACS, FASCRS

Director, Colorectal Surgery Research

Shierley Jesslyne and Emmeline Widjaja Chair in
Colorectal Surgery

Cedars-Sinai Medical Center

Los Angeles, CA

WOO YONG LEE, MD

Professor of Surgery

REGISTRATION INFORMATION

CONFERENCE LOCATION

USC Health Sciences Campus

Aresty Conference Center, in the lower ground level of the Harlyne J. Norris Cancer Research Tower.

1450 Biggy Street, Los Angeles, California 90089.

Internet access is provided in the meeting room. Electricity availability is limited.

PARKING

Biggy Parking Structure (P8), 1334 Biggy Street at Zonal Avenue, Los Angeles on the USC Health Sciences Campus.

REGISTER FOR COURSE

Online: www.usc.edu/cme, go to “Quick Links,” Click on Conference Calendar

Mail: Office of CME, 1540 Alcazar St., CHP 223, Los Angeles, CA 90033

Phone: (323) 442-2555 or Toll-Free at 1(800) USC-1119

Fax: 1(888) 665-8650

Web: www.usc.edu/cme

On site payment: Aresty Conference Center Foyer, April 6-7, 2018

ACCREDITATION STATEMENT

The Keck School of Medicine of the University of Southern California is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CREDIT DESIGNATION

The Keck School of Medicine of the University of Southern California designates this live activity for a maximum of 14.75 *AMA PRA Category 1 Credits™*. Physicians should claim only the credits commensurate with the extent of their participation in the activity.

Self-Assessment CME Credit, Part 2 of the American Board of Surgery (ABS)

Maintenance of Certification (MOC) Program: This activity has also been designated as Self-Assessment CME credit, applicable to Part 2 of the ABS MOC Program. For additional information on the ABS MOC program and its requirements, visit the ABS website at <http://home.absurgery.org/default.jsp?exam-moc>.

OPTIONAL COURSE

Hands-On Cadaver Hernia Repair / Laparoscopic Ventral Rectopexy Course

Course Directors:

Sang W. Lee, MD & David Rivadeneira, MD

Thursday, April 5, 2018

USC Health Sciences Campus

Surgical Skills Lab

2250 Alcazar Street, Los Angeles, CA 90033

Learn more about how to perform ventral mesh rectopexy in a hands-on cadaver-course format with expert faculty! This course also includes instruction on complex abdominal wall reconstruction with component separation techniques. ***Separate registration & fee required. Sign up now, as space is limited.***

COURSE OBJECTIVES

- Understand the dissection planes required for ventral mesh rectopexy
- Be able to perform ventral mesh rectopexy using minimally invasive and open techniques.
- Describe the principles of different component separation techniques for ventral hernia repair of abdominal wall.
- Be able to perform ventral hernia repair with mesh after separation of components.

AGENDA

7:00 am	Registration & Breakfast	10:30 am	Approaches in Dealing with Complex Ventral Hernia Repair
7:50 am	Introduction		
8:00 am	Role of Biologic Mesh in Treating Complex Hernia	11:00 am	Component Separation: Steps
8:30 am	Ventral Rectopexy: Is This the New Standard?	11:30 am	Lunch
9:00 am	Laparoscopic Ventral Rectopexy: Surgical Steps	12:00 pm	Hands-On Cadaver Lab
9:30 am	Surgical Options		• <i>Laparoscopic Ventral Rectopexy</i>
10:00 am	Laparoscopic Sargarbaker Repair for Parastomal Hernia: Steps	4:30 pm	• <i>Laparoscopic Parastomal Hernia Repair</i>
			• <i>Component Separation</i>
