## FACULTY

Our 24:1 student-faculty ratio means our professors are focused on you. Many U.S. and International students say that attending a community college the first two years helped them make an easier transition into four-year colleges and universities. The average class size: 20 students.

## CAREER PATHWAYS

We offer more than 100 educational programs to ensure you acquire the skills you need for success in the workplace. Upon graduation, 95 percent of our students find jobs in their chosen careers.

## COSTS ARE LOWER

Tuition at community colleges can be as much as 20 to 80 percent less than at four-year universities and colleges. This is a tremendous cost savings for the first two years of a bachelor's degree. CNM tuition and fees are among the most affordable and competitive in the country.

## ACADEMIC RESOURCES

Assistance Centers for Education (ACE) Tutoring Services is free to CNM students and can help you transition to CNM and enhance your academic skills. Expert staff offers individual support in the areas of statistics, mathematics and writing.

## TRANSFER PROGRAMS

CNM sends the most transfer students to New Mexico Highlands University and the University of New Mexico. We help students transfer across the states to pursue your bachelor's degree after you complete your associate degree.

## SUPPORTIVE ENVIRONMENT

CNM offers comprehensive support services at a one-stop location at all locations. Students have access to academic advising, tutoring, disability resources and visa advisement.

## JOB CONNECTIONS

CNM's Job Connection Services connects you to a successful career! Get help with resumé writing, cover letters, interview skills, job searches and more. We have Career Coaches to assist you with one-on-one support.

# CNM'S HISTORY

CNM has been part of the Albuquerque community for more than 50 years. CNM is New Mexico's largest community college serving more than 22,000 students a semester. The college's history started in the vocation fields such as carpentry, welding, automotive mechanics and nursing. Today, CNM remains dedicated to preparing students to thrive in these high-tech careers. CNM has grown to offer fields in liberal arts and transfer degrees. The college offers more than 100 certificate and associate degree programs in fields ranging from humanities and business to information technology and science. CNM is dedicated to serving our community by linking employers with students to build an economically vibrant place for residents to grow and thrive.

CNM has nine convenient locations. CNM's locations include five campuses located in each quadrant of Albuquerque and Rio Rancho. CNM offers programs at the Advance Technology Center and Workforce Training Center in north Albuquerque, and the STEMulus Center in downtown Albuquerque. CNM's Advanced Technology Center boasts 80,000 square feet of state-of-the-art laboratory and classroom space.
