Al Shams is renowned pharmaceuticals firm working towards betterment of human wellbeing in Iraq and Middle-East. The group was initially formed in 2001 as Al Aqsa Pharmacy in premium location of Samawa City which is most prominent part of southern Iraq.

MUQDAD NASSAR, Pharm.D.
CEO & FOUNDER

WE CARE

After the success of Al Aqsa, the organization established its first drug store in 2006 with name of Al Shams Drug Store which turned out as another milestone and ranking in A+ grade venture. The story continues with revolutionary formation of Al Shams Pharmaceuticals Scientific Bureau located in Samawa in 2010 with major operations in field of promotions and distribution of drugs. The company got exclusive rights for distribution of premium quality imported drugs imported from Italian, Polish and Belgium companies to be distributed across Iraq.

Leading the pharmaceuticals sector, the company has gained larger market share by developing strong network in Iraq with different entities formed at regular time intervals. Some of our prime locations distribution centers are listed below:

| Year | Distributor Center | Location |
|------|----------------------|--------------|
| 2011 | Bilim Pharma | Erbil City |
| 2013 | Al Murjan | Rumytha City |
| 2013 | Shams Al Ibdaa | Baghdad |
| 2014 | Al Khadraa | Samawa |
| 2014 | Noor Al Mas Pharmacy | Samawa |
| 2011 | Shams pharma | Samawa |
| 2001 | AlAqsa Pharmacy | Samawa |
| 2007 | Shams drug | Samawa |

As a leading market player in specialty, branded and generic pharmaceuticals, Al Shams has an extensive basket of products that provide treatment for a broad spectrum of acute and chronic conditions experienced through all stages of life. The Group continues to increase the number of lives benefitting from its products, reaching complete Iraq and Middle East.

We take utmost care to understand the needs of our customers. This enables us to develop innovative quality products at an affordable cost. The product portfolio caters to wide range of therapeutic areas such as cardiology, respiratory, neurology, gastroenterology, diabetology, dermatology, ophthalmology, gynecology and many more.

MISSION

Restoring the wellness and health of masses by offering world class medications by making partnerships with International market players in field of pharmacy.

VISION

Restoring the wellness and health of masses by offering world class medications by making partnerships with International market players in field of pharmacy.

VALUES

Giving top priority to the health of individuals by offering best medicines at competitive prices rather than generating profits by selling low quality products at cheaper prices.

OUR TEAM

Our core team consists of highly qualified professionals with excellent academic accreditations who are fully experienced in various aspects of the pharmaceutical industry. With workforce of more than 130+ employees Al Shams group is committed to deliver the best services across Iraq comprising of Physician, Dentist, Pharmacist, Veterinarian and others. All of our employees share the vision of a better future for patients, as well as the progress and success of our organization.

The team works under the supervision of our CEO Dr. Moqdad H Nassar who is renowned industrial leader in Pharmacy sector of Iraq. The employee strength of the group is divided into five major departments consisting of Medical Representatives, Finance Division, Training & Development, Sales Force and Store Employees.

OUR LEADERSHIP

Our CEO Dr. Moqdad H Nassar is a great personality and was devoted toward human betterment since the early age of his career. After completing his graduation in Pharmacy from Baghdad University in year 2000 he worked as Clinical Pharmacist for Government unit till year 2007. His dream to become an Entrepreneur doesn't let him to continue his job and in 2008 he finally quit his job. Further he started his private business in Pharmacy sector. With his zeal and charisma to be successful in this field Dr. Nassar worked hard to established Al Shams Scientific Bureau group an Elite organization in pharmaceutical area of Iraq. In order to keep himself updated he actively participates in national level legislative meetings and international conferences related to pharmacy industry.
