- Anesthesia and acute pain management
- Anesthesia for Down syndrome
- Geriatrics anesthesia
- Obstetric Anesthesia
- Pediatric anesthesia
- Veterinary anesthesia
- Intensive Care Medicine and Organ Support Systems
- Dental anesthesia
- Surgical anesthesia
- Nurse anesthesia
- Anesthetic Physiology
- Anesthetic Pharmacology
- Adult Subspecialty Management
- Critical Care Medicine
- Anesthesia Awareness
- Anesthesia for conjoined
- Anesthesia Complications
- Anesthesia Management Systems (AIMS)
- Anesthesia in Vaccines
- Current Research in Anesthesia

Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors

About London

London is the capital and most populous city of England and the United Kingdom. Standing on the River Thames in the south east of Great Britain. It was founded by the Romans, who named it Londinium. It is one of the world's leading financial centres and has the fifth-or sixth-largest metropolitan area GDP in the world depending on measurement. London is a world cultural capital. It is the world's most-visited city as measured by international arrivals and has the world's largest city airport system measured by passenger traffic. It is the world's leading investment destination, hosting more international retailers and ultra high-net-worth individuals than any other city. London's 43 universities form the largest concentration of higher education institutes in Europe, and according to 2014 report it is placed first in the world university rankings. According to the report London also ranks first in the world in software, multimedia development and design, and shares first position in technology readiness.

Tourist Attraction:

It has a diverse range of peoples and cultures, and more than 300 languages are spoken within Greater London. The Office for National Statistics estimated its mid-2014 population to be 8,538,689, the largest of any municipality in the European Union, and accounting for 12.5 percent of the UK population. It is a leading global city, with strengths in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism, and transport all contributing to its prominence. Other famous landmarks include Buckingham Palace, the London Eye, Piccadilly Circus, St Paul's Cathedral, Tower Bridge, Trafalgar Square, and The Shard. London is home to numerous museums, galleries, libraries, sporting events and other cultural institutions, including the British Museum, National, Tate Modern, British Library and 40 West End theatres.

Climate:

It has a temperate oceanic climate similar to all of southern Britain. Temperature extremes for all sites in the London area range from 38.1 °C (100.6 °F) at Kew during August 2003 down to -16.1 °C (3.0 °F) at Northolt during January 1962. Summers are generally warm and sometimes hot.

Sports:

It has hosted the Summer Olympics three times: in 1908, 1948, and 2012. Its most popular sport is football and it has fourteen League football clubs, including five in the Premier League: Arsenal, Chelsea, Crystal Palace, Tottenham Hotspur, and West Ham United. One of London's best-known annual sports competitions is the Wimbledon Tennis Championships, held at the All England Club in the south-western suburb of Wimbledon. In London is served by two Test cricket grounds Lord's in St John's Wood and the Oval in Kennington.
