Dick and Fran Wilkinson

Recognition from the Salvation Army

For their "Bell Ringing" efforts over the past ten years

EAA Chapter 157
Board Meeting May 4, 2021

Board members present: Jim Bremer, Paul Gilman, Barbara Crooker, Sue Kerr, Wayne Pero, Dave Kirkman , Dick Wilkinson and Julie Ostendorf

The meeting was called to order by President Jim Bremer at 7:02pm

Motion was made by Dick Wilkinson and second by Wayne Pero to accept the minutes of the last meeting. Motion passed.

Barbara Crooker presented the treasurer's report. Details of the treasurer's report are available on request. Treasurer's report was accepted as reported. It was noted that Kevin and Krista scholarship money was transferred to Girls Love to Fly, LLC and that some small scholarships had already been awarded.

OLD BUSINESS:

1. The Flight simulator will be going to the Young Eagles event in Red Bluff. A new wi-fi card was ordered and installed. A motion was made by Dick Wilkinson to pay \$53.61 for the wi-fi card; the motion passed.
2. Scholarship applications: One application has been received. The information regarding the scholarship and the extension for applications to May 31st has been posted on the web and on Facebook.
3. Young Eagles: Registration for the June 12th event is online for Young Eagles and for pilots and ground crews. Barbara Crooker can be contacted if there are questions.
4. Father's Day Pancake Breakfast: This event will be put on with EAA Chapter 157 and the Mount Shasta 99s. Jim Bremer will be out of town for this event so we are in need of a "go to" person to oversee setting up grills and handling any issues that might need to be addressed. The menu this year is sausage, eggs and pancakes. All COVID protocols will be followed. There will be a \$50.00 permit required for using propane at the event. Jim Ostrich is still waiting to hear back from the City of Redding regarding permit for the event. The charge for the breakfast is \$8.00 for adults, \$5.00 for 12 and under and under 5 are no charge.

NEW BUSINESS:

1. May general meeting: The meeting will be outside at the Quonset hut. Dinner will be pizza at \$5.00 per person.
2. There was a short discussion regarding holding some monthly meetings on a Saturday to accommodate and gain participation in Young Eagle Workshops.
3. Young Eagles "Build and Fly" was discussed. Dave Kirkman will check with local RC clubs to see if one would work with the chapter on this project.

The meeting was adjourned at 8:01pm

YOUNG EAGLES
RED BLUFF
JUNE 12TH
MARK YOUR CALENDARS

If you plan on helping at the Young Eagles event, please register on the website: <http://youngeagleday.org?1877>. Thank you.

**We are back to “live” meetings. If you have an idea for a program,
Contact Jim Bremer**

**If you are flying, send pictures and tell us about your adventures, even if
you are not flying, tell us what else you are doing to stay sane during 2021**

**We sometimes get requests for individual Young Eagle flights. If you are willing to
give a ride let a board member know so that we have pilots to contact.**

Thank You

FATHER'S DAY PANCAKE BREAKFAST IS BACK

SAVE THE DATE: JUNE 20, 2021

7AM – 10AM

BENTON AIRPARK

EAA CHAPTER 157 AND Mt. SHASTA 99S WILL BE HOSTING

WE NEED YOUR HELP

Set up for the breakfast will be on Saturday June 19th

We could use some strong backs to set up grills, tables and chairs

**On Sunday we need cooks, batter mixers, coffee and juice pourers
and clean up (more strong backs needed)**

If you can help, please contact a board member

LOOKING FORWARD TO A GREAT EVENT

Airplane Displays

Car Show

Arts and Crafts Booths

Sponsored by Redding EAA Chapter 157
and Mount Shasta 99s

A BIT OF TRIVIA

(See answers below)

1. What is the oldest continuously operating airport in the world?
2. What does SMF mean?
3. Where is the tallest air traffic control tower?
4. Where is the smallest airport in the world?
5. Why do some airport codes end in X?
6. What unusual amenity does Singapore's Changi Airport have?

Answers:

1. College Park Airport (KCGS) in the city of College Park in Maryland. Established in 1909 when Wilbur Wright arrived at the field to train two military officers in the US Army
2. It stands for Sacramento Metropolitan Field. In 1998 it became Sacramento International Airport, but the identifier did not change.
3. Thailand's New Bangkok International Airport is 434 feet high (a 40 story skyscraper).
4. The Island of Saba. The Juancho E. Yrausquin airport is the shortest commercial runway, just 1299 feet long. Airlines must get permission to land there.
5. Before the standardization of three letter codes, some airports were just short, two-letter abbreviations of their cities. To update them, Xs were simply thrown on the end, and voila! Now you have LAX and PHX.
6. A nature trail and butterfly garden with over 1000 butterflies.
