IN-CARPET WIREWAY

ARCHITECTURAL SOLUTION FOR OPEN SPACE POWER AND TELECOM CONNECTIVITY

The Connectrac In-Carpet Wireway offers discreet and elegant power and technology connectivity in open interior spaces of all kinds. It combines an extruded aluminum central wireway flanked by ultra-low sloping floor transition ramps, creating a subtle, powerful and beautiful cable pathway solution for virtually any need. Extremely durable and flexible, the Connectrac In-Carpet Wireway complies with the ADA and offers a multitude of power options and telecom capabilities. Connectrac is the best alternative for open space connectivity when aesthetics, flexibility and value are important.

FINISH OPTIONS

Clear Anodized Aluminum

Graphite Powder Coat

Espresso Powder Coat

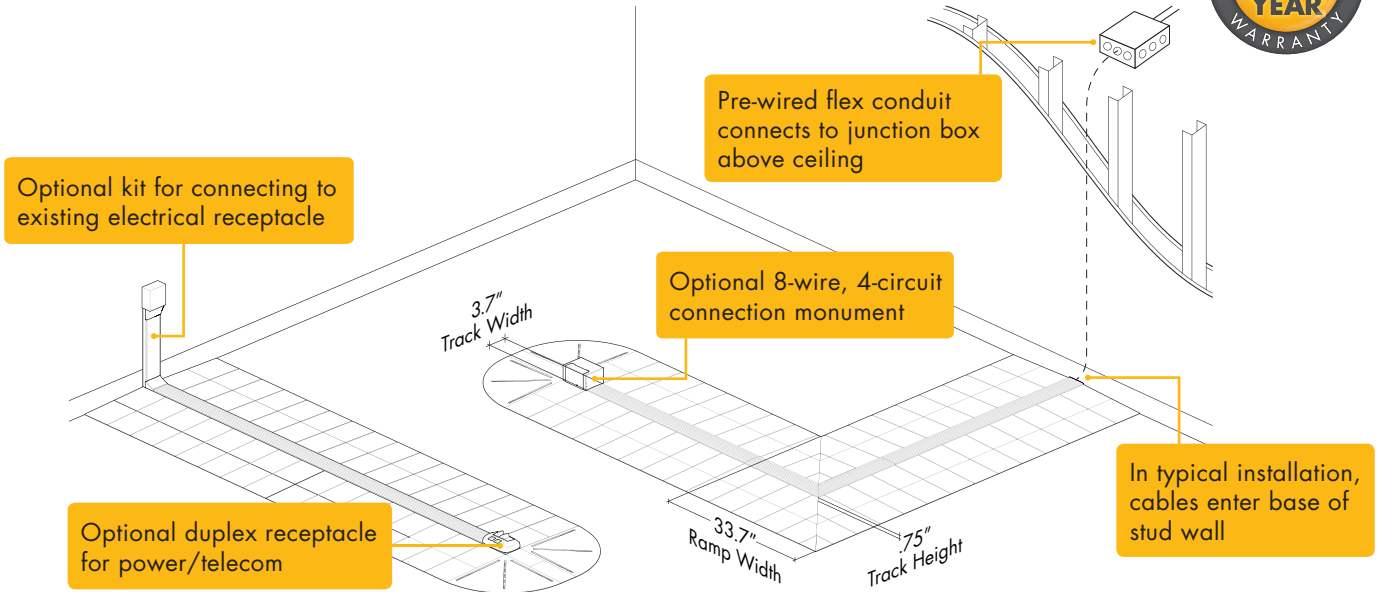

IN-CARPET WIREWAY FEATURES

- + Low-profile extruded aluminum wireway
- + Moisture-resistant MDF floor transition ramps
- + Provides a cable pathway with no core drilling or trenching
- + Multitude of power and telecom/AV options
- + Pre-wired power components speed installation
- + Removable wireway top cap makes changing cables simple
- + Multiple finishes available
- + ADA compliant

IN-CARPET WIREWAY

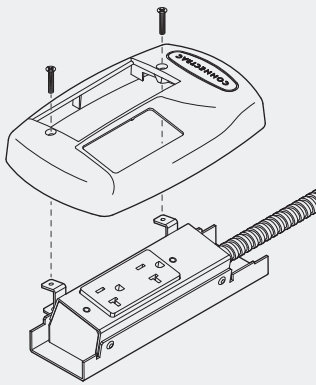

COMPONENTS, ACCESSORIES AND POWER OPTIONS

For a complete list of options visit connectrac.com

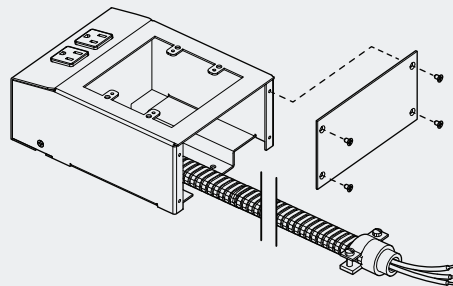

DUPLEX RECEPTACLE

Two power receptacles (20A) in addition to telecom connectivity

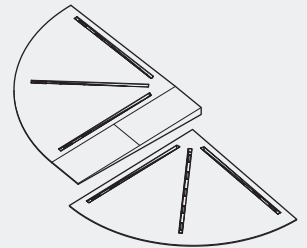

AV DUPLEX RECEPTACLE

Two power receptacles (20A) and double-gang opening for telecom components

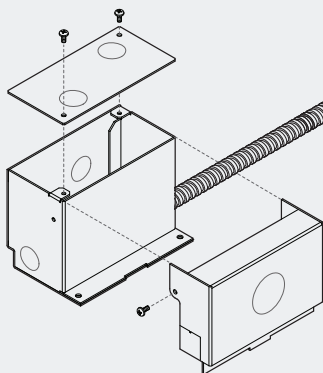

END TRANSITION RAMPS

Transitions flooring at the end of the wireway

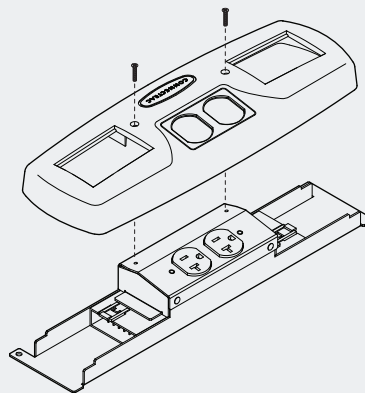

4-CIRCUIT MONUMENT

Connection monument for hard-wire connection; 8-wire, 4-circuit (20A)

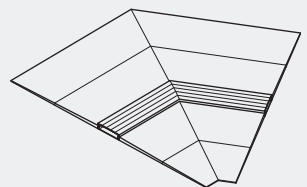

MODULAR DUPLEX RECEPTACLE

Provides the ability to have multiple power/telecom receptacles along a single wireway

CORNER KITS

Provides design flexibility by allowing 45° or 90° turns

ON-FLOOR WIREWAY

POWER AND TELECOM SOLUTION FOR TOP-OF-FLOORING INSTALLATION

The Connectrac On-Floor Wireway system installs directly on top of any type of flooring. Extremely durable and low-profile, the wireway offers a wide array of power/AV/telecom connectivity options. The Connectrac On-Floor Wireway leads the industry in both ease of installation and capacity for telecom/AV cables. It is the best wireway solution when speed of installation, flexibility and value are critical.
