Pro Tools 12

Professional Audio Recording and Music Creation Software

Avid

The most powerful digital audio workstation just got more powerful. With an all-new, ultra-efficient audio engine, 64-bit performance, and groundbreaking capabilities, Pro Tools enables you to take on the most complex and demanding music and audio post productions with ease, so you can focus on sounding your best.

Features of Pro Tools include:

- 64-bit
- Improved I/O setup
- Offline (faster than real-time) audio bounce
- Support for up to 128 simultaneous audio tracks
- Cloud Collaboration (coming soon)

Pro Tools Perpetual License

Activation Cards w/ iLok

With these licenses, you own this version of Pro Tools forever. You get 7 days of support after registering. If you want 12 months of support, purchase the standard support & plug-ins item (HL 00153499). With the perpetual edition, you also get 12 months of updates and bonus plug-ins. After 12 months, you can purchase a 12-month Update Plan (HL 00153498) to continue to get the Avid updates. Examples of recent updates are listed below under Pro Tools Annual Update Plans.

| | |
|--------------------------------|-------------------|
| 00153544 Professional..... | MSRP/MAP \$599.00 |
| 00147153 Student/Teacher | MSRP/MAP \$299.00 |
| 00145345 Institutional..... | MSRP/MAP \$299.00 |

Pro Tools Annual Subscription

The edition includes 12 months of Pro Tools, updates, bonus plug-ins, and support. Nothing more is needed. Once the 12 months elapses, you can renew for another 12-month subscription or purchase a perpetual license.

| | |
|--------------------------------|-------------------|
| 00146112 Professional..... | MSRP/MAP \$299.00 |
| 00146113 Student/Teacher | MSRP/MAP \$99.00 |
| 00146115 Institutional..... | MSRP/MAP \$99.00 |

Pro Tools Annual Renewal Plans

This is for anyone who already owns Pro Tools and wants the updates for another 12-month period. Below are examples of the active rollout Avid has had in the first 6 months of this release. This plan ensures you will get all updates in the 12-month period after activation.

- 12.1:** Increased track count (128 audio, 512 instrument), track input monitoring, AFL/PFL Solo Modes, Copy to Send, Pro Tools | Control support, support for Pro Tools | S3 VCA Spill.
 - 12.2:** VCA Masters, Disk Cache, advanced metering, gain reduction metering, and new All Access plans, including bonus plug-ins.
 - 12.3:** Track Commit and Track Bounce workflows, Clip Transparency, batch fade enhancements and shortcuts, AudioSuite Pitch II.
 - 12.4:** Includes the highly anticipated Track Freeze function which complements the Track Commit workflows from 12.3.
 - 12.5:** Includes cloud-based, distant collaboration that will instantly improve the efficiency, speed, and creative potential of any session.

Advanced Support for Pro Tools HD – 12-Month Activation Card

Avid knows that in the competitive world of professional music production, downtime isn't an option and keeping up to date is absolutely critical. That's why we are happy to be able to offer you Avid's Advanced Support for Pro Tools HD plan. This annual plan ensures that your Pro Tools HD system remains current with up-to-the-minute releases and upgrades from Avid. What's more, the Advanced Support for Pro Tools HD plan comes with Avid's top-tier support, including unlimited support calls that go straight to Avid's high-priority queue. As for online support, you can expect 1-hour turnaround times on support inquiries via the web.

| | |
|------------------------------|-------------------|
| 00159105 Reinstatement | MSRP/MAP \$599.00 |
| 00159104 Renewal | MSRP/MAP \$599.00 |

Pro Tools Control

Free iPad app which allows you to wirelessly control Pro Tools and other EUCON-enabled audio and video software.

Available at the Apple AppStore.

"Reinstatement" products refer to upgrades from Pro Tools 9,10,11, M-Powered and Express.

"Renewal" products are for Pro Tools 12 users.

Reason 9

Propellerhead

Reason is an integrated software music production studio with audio recording, million-dollar mixing collaboration tools and a massive collection of instruments, sounds and effects. It's the perfect choice writing recording, remixing and producing great-sounding tracks.

The new features on 9 are substantial yet the costs and prices stay the same.

Some of the new features include:

- Three new Player devices that use Scales and Chords, Note Echo, and Dual Arpeggio
- Over 1000 new top quality new patches from leading sound designers
- A new Pitch Edit that will polish your vocal recordings to perfection
- Modulate your track with the free Pulsar Dual LFO. Create interesting rhythms with the shuffle knob
- Many workflow improvements. Better than ever

MUSIC CREATION

Band-in-a-Box 2016

PG Music Inc.

The award-winning Band-in-a-Box is so easy to use! Just type in the chords for any song using standard chord symbols (like C, Fm7, or C13b9), choose the style you'd like, and Band-in-a-Box does the rest. Band-in-a-Box automatically generates a complete professional-quality arrangement of piano, bass, drums, guitar, and strings or horns. Plus, add REAL accompaniment to your song with RealTracks and RealDrums. These are actual recordings of top studio musicians that replace the MIDI track with audio instruments. They sound like real musicians, because they are recordings of real musicians!

00182813 Pro Edition for Macintosh..... \$129.95

00156385 Pro Edition for Windows..... \$129.95

Power Music Professional

for PC
AirTurn

If you are looking for a professional software solution to manage, annotate and display your music on a PC, Power Music Professional is for you! More than just a music display system, Power Music gives you total control over your music collection – sheet music and chord sheets. With Power Music Professional, you can free yourself from the hassles of paper because all your music will be in one place, instantly available on-screen for practice and performance. It also allows you to create and manage your chord sheets, converting them from PDF and Word documents into fully transposable chord sheets.

You can also give everyone in the band, group or orchestra access to the set list and their music, fully annotated.

ONE for Mac

Single Channel USB Audio Interface

Apogee

The “Swiss Army Knife” for personal recording and audio production! Apogee ONE is an all-in-one portable USB audio interface that gives you everything you need to make professional recordings on the go. Connect a microphone, guitar or use ONE’s exception built-in omnidirectional microphone to easily capture your music without compromise. ONE even lets you record with a microphone (either built-in or external) and guitar simultaneously. Using Apogee’s industry-leading AD/DA conversion and mic preamp technology, ONE produces pristine music, podcast, and voice-over recordings while delivering studio quality sound to your headphones for precision mixing or hi-fi listening. With an intuitive controller knob and seamless compatibility with Mac OS X, ONE is easy for anyone to use and works great with GarageBand, Logic Pro X, Pro Tools, Ableton, or any Core Audio compatible application.

Quartet for iPad & Mac

12 In x 8 Out USB Audio Interface & Studio Control Center

Apogee

Apogee Quartet is the ultimate desktop audio interface and studio control center for professional recording on Mac and iPad. Made for the musician, producer and engineer that wants the ultimate sound quality and studio control in a compact desktop form factor, Quartet features legendary Apogee AD/DA conversion, 4 world-class microphone preamps, USB MIDI I/O, ESS Sabre32 DAC technology and monitor controls.

When you buy and register your Apogee Quartet, you have access to incredible prices on any Waves audio plugins you want. Registered Apogee Quartet customers will receive a discount code good for 25% off a single plugin or 35% off any Waves bundle plus an additional \$100 voucher* that can be used towards their next Waves plugin purchase. Take advantage of Quartet’s low latency USB connection and powerful native Mac processing to join the ranks of top engineers and producers who count on Waves and Apogee to deliver hit after hit.

With Quartet’s 4 Combo inputs you can connect microphones, guitars, keyboards or line level devices such as external mic preamps or a mixing board. Expand your system with 8 additional inputs via Quartet’s optical (ADAT/SMUX) digital IN. Quartet also includes 8 analog outputs – 6-1/4” balanced outputs for connection to speakers or outboard equipment and a separate, independently controlled 1/4” stereo headphone output. You can control up to 3 pairs of speakers or set Quartet up for 5.1 surround monitoring.

9V 18W Optional Power Adapter

for iConnectAUDIO2+
iConnectivity

Optional power adapter for use with the iConnectAUDIO2+ that will charge iOS devices and power the iConnectAUDIO2+. The power adapter is only necessary for keeping an iOS device charged; the iConnectAUDIO2+ itself is powered over the USB bus (in USB Device port 2)

. Please use only the iConnectivity 9V/18W center positive supply, or you risk damaging the device.

00191864 MSRP/MAP \$29.99

CONTROL SURFACE

Pro Tools Dock
 EUCON-Award,
 Compact Ethernet Control Surface
Avid

Accelerate your editing and mixing tasks in creative new ways. Based on the advanced touchscreen workflows of the award-winning Pro Tools S6 and hybrid command of the bestselling Artist Control, Pro Tools Dock provides intelligent studio control in a portable, affordable surface. Working together with your iPad, you get the quick touchscreen access and tactile precision control you need to complete music and post projects faster using your favorite DAWs and video editing software. And when paired with Pro Tools S3, you gain new timesaving touch workflows and custom control. Mixing deadlines have met their match.

Key Features and Benefits include:

- **Get extensive touchscreen control** - Pro Tools Dock easily connects with your own iPad and our free Pro Tools Control iOS app, providing intelligent control of your audio and video projects.
- **Enhance your existing workflow with EUCON** - EUCON, a high-speed Ethernet-based technology enables the hardware to communicate directly with EUCON-enabled applications. That means you can work on a Pro Tools project, then switch to Logic Pro X, Cubase, Media Composer, Premiere Pro, and other audio and video software.
- **Get deep Pro Tools integration** - When paired with Pro Tools, the Dock becomes an extension of your software. Access hundreds of key commands, shortcuts, and UI elements without clicking a mouse. Record, edit, mix, and automate tracks right from the surface.
- **Bring enhanced touch workflows to Pro Tools S3** - Pair Pro Tools Dock with a Pro Tools S3 control surface and you'll gain even more timesaving workflows. View and access any track instantly through the touchscreen. Customize and recall layouts to jump right into a track set or workflow quickly.
- **Adjust parameters with a twist** - The Dock provides eight push-top, touch-sensitive Soft Knobs that interact with whatever knobset you've chosen in the Pro Tools Control app.

00155724MSRP/MAP \$1199.00

USB/MIDI KEYBOARD CONTROLLERS

V Mini
 Portable 25-Key USB-MIDI Controller
Alesis

The Alesis V Mini is a powerful, intuitive, and portable MIDI controller that lets you take full command of your music software. With 25 mini-size velocity-sensitive keys and Octave Up/Down buttons, you can expand the keyboard to the full melodic range and play bass lines, chords, and melodies. V Mini also features four assignable knobs for manipulating effect plugins and virtual instruments: open and close filters, adjust volume levels, activate effects, tweak parameters, and more. Four velocity-sensitive backlit pads allow you to launch clips or finger drum with exceptional response, and pitch, modulation, and sustain buttons expand the expressive capabilities of your performing. A single USB connection to your Mac or PC provides both power and MIDI functionality, allowing you to plug right into your computer and start making music.

00174527MSRP \$149.00 • MAP \$79.00

VX49
 49-Key USB/MIDI Controller with Full-Color Screen
Alesis

At the heart of the VX49 is a 4.3" full color high-resolution display screen. This screen allows you to directly interface with your DAW and virtual instrument plugins better than ever before. The VX49 also features an all new custom 49-key semi-weighted keybed with aftertouch, 4 banks of 8 RGB backlit velocity- and pressure-sensitive drum pads, 8 360-degree performance-ready knobs, 8 dual-function switch pads, backlit and rubberized pitch and mod wheels, built-in "Roll Mode" and arpeggiator features, and much more. With an unprecedentedly efficient control layout and workflow, the VX49 is the perfect choice for today's most demanding producers and keyboardists.

00159644MSRP \$599.00 • MAP \$399.00

interfaces & controllers

USB/MIDI KEYBOARD CONTROLLERS

Seaboard RISE 25 & 49

USB Controller Keyboards

ROLI

The Seaboard RISE 25 & 49 are the ultimate portable music making devices produced by ROLI. Thin and wireless, using MIDI over Bluetooth, the RISE lets people make music wherever they want – at home, at the studio, in a cafe, or even on the road. It’s a MIDI controller with a multi-octave playing surface.

The unique, touch-sensitive interface puts at the fingertips of amateur and professional musicians a range of expression that is simply not possible on other instruments. The surface resembles a piano keyboard in its order of notes.

But instead of black and white keys, Seaboards have “keywaves” made of soft, pliable silicone. Underneath the “keywave surface” are sensors that respond to subtle shifts in pressure and movement. Through intuitive movements such as pressing into the surface continuously, moving fingers from side to side, and moving fingers up and down, music makers can achieve qualities of expression that are associated with acoustic or wind instruments – now possible on a digital instrument that can sound like anything.

Seaboard RISE 25

00159586 MSRP/MAP \$799.99

Seaboard RISE 49

00159587 MSRP/MAP \$1199.99

Seaboard RISE 25 Flip Case

Sky Blue

ROLI

This lightweight, protective case prevents wear and tear for the RISE 25 and folds back to become a stand for music apps on smartphones and tablets. The strong, yet flexible polycarbonate chassis encases the RISE without compromising access to ports. Configure your Flip Case as an elevating bar for convenient use on any flat surface and bring your mobile into your music-making.

00159589 Sky Blue MSRP/MAP \$129.99

Seaboard GRAND

61-Note USB Keyboard Controller

ROLI

The Seaboard GRAND is a full performance instrument aimed at skilled keyboardists who want to enjoy dimensions of expression that are not available on a piano keyboard. The GRAND Stage has 61 keywaves. Equator, ROLI’s software synthesizer, is embedded in the Seaboard GRAND, making it a “plug and play” instrument that requires no external software. The unique, touch-sensitive interface puts at the fingertips a range of expression that is simply not possible on other instruments. The GRAND combines artisanship and cuttingedge digital technology.

88-Key Digital Piano with Hammer Action

M-Audio

The M-Audio Accent is an affordable full-sized 88-key digital piano that has the professional features, versatility, natural playing response and rich sound to meet any requirement. Easy to transport and set up, the Accent is ideal for piano students, stage and studio use, schools, theaters, and houses of worship. It has 20 built-in piano voices (such as Grand Piano, Electric Piano, Drawbar Organ, etc.) and the versatility to split or layer three voices simultaneously. The full range of built-in features enables you to play any music and sound great – from classical to jazz to hip-hop to religious. Designed with simplicity and ease of use in mind, the Accent is elegant and subtle, packed with elements that make it easy for you to be at your creative best.

Also included are the superb Steinway piano samples from AIR Music Technology. With 50 piano accompaniment styles to choose from (such as Slow Rock, Vienna Waltz, Jazz Pub, etc.), players can select the perfect style for any solo performance situation. Professional XLR outputs ensure a noise-free connection with the highest possible audio quality. Accent connects to any computer via the USB-MIDI port for full 88-key control of virtual instrument software or plugins. For quality and value, Accent has it all: Professional XLR connectors, great sound including AIR Steinway samples, full-size 88-key hammer-action keyboard and control over virtual instruments.

KEYBOARD PEDALS

SP-Dual

Double Keyboard Foot Pedal

M-Audio

The SP-Dual pedal from M-Audio performs all the standard soft and damping functions that your performance demands. Additionally, they add the versatility of 2 and 3 independent 1/4" output cables. This means you can use the SP-Dual with any keyboard that has sustain and/or foot controller 1/4" input jacks. The pedal is assignable to keyboard functions such as patch advance, sequencer stop/start and modulation effects – exactly as you require from a momentary foot controller.

00159645MSRP/MAP \$39.00

SP-Triple

Triple Keyboard Foot Pedal

M-Audio

The SP-Triple pedal from M-Audio performs all the standard soft, sostenuto, and damping functions that your performance demands. Additionally, they add the versatility of 2 and 3 independent 1/4" output cables. This means you can use the SP-Triple with any keyboard that has sustain and/or foot controller 1/4" input jacks. The pedal is assignable to keyboard functions such as patch advance, sequencer stop/start and modulation effects – exactly as you require from a momentary foot controller.

iLoud Micro Monitor

IK Multimedia

iLoud Micro Monitor is a full-featured ultra-compact stereo reference monitoring system. It's a pair of portable studio monitors with a professional-quality bi-amplified design that provides a true and accurate sound with a true linear frequency response. iLoud Micro Monitor is powered by four ultra efficient class D power amps that deliver a combined 50W RMS of power. Each offer extreme clarity and superior bass response via two 3/4" tweeters and two 3" woofers. These features are augmented by an on-board 56-bit DSP processor. It gives you total control of the monitor's performance, allowing for stunningly accurate and detailed sound for mixing in small spaces without the typical compromises of small monitors.

iLoud Micro Monitor can be adjusted to suit different playback situations thanks to its two positionable angles of inclination and three dedicated EQ switches: bass, treble and a "free field"/"desktop" compensation switch. These switches let you optimize its sound for your listening environment. It also comes with a full range of source options that includes Bluetooth streaming as well as RCA and 1/8" inputs. iLoud Micro Monitor is perfect for mixing, mastering, composing, producing, critically listening and more in a wide variety of situations both while traveling and while at home or in the studio.

DX-2

Variable Dynamic Instrument Microphone
MXL

The new MXL DX-2® Variable Dynamic Instrument Microphone allows limitless customization of tone and pickup with innovative design for optimal microphone performance and placement. It is flat-faced for side address pickup while the crossfade knob allows blending between two distinctly different capsules with complimentary characteristics. The slotted semi-open back lets Capsule 1's super cardioid large capsule pick up ambient and naturalistic room tone; Capsule 2's cardioid small capsule offers complete rejection of monitor and stage volume. Its design also allows for optimal placement directly on guitar cabinets with a higher SPL tolerance for horns and drums. Sturdy all-metal body construction for enhanced durability to withstand extended on-stage use and internal MOGAMI® wiring for unmatched clarity. This unique body style represents a step forward for MXL microphone designs and will set the standard for future MXL innovation.

VHF

Stage 200

Dual-Channel Handheld VHF Wireless System

Samson Audio

Samson's Stage 200 is a dual-channel wireless microphone system that provides two handheld dynamic microphones that transmit to a single rugged metal receiver. Each handheld features Samson's Q6 mic element, providing crisp, clear sound and reliable VHF wireless performance for home karaoke, live presentation, education, house of worship and other dual-performer applications.

The Stage 200 operates in the reliable VHF frequency spectrum, which has become significantly less crowded with the advancement of digital TV. VHF operation also provides both mic transmitters with an exceptional battery life of up to 12 hours via two AA batteries (not included).

Featuring the rugged metal SR200 receiver, the Stage 200 is designed for maximum durability and versatility. Its back panel provides two 1/4" outputs, as well as a balanced XLR out, to connect to a dedicated mixer or powered PA speaker. The 1/4" outputs send each channel separately, while the XLR sends a mix of both. Front panel volume controls on each channel let you find the perfect blend between two performers.

Concert 99 Wireless Systems

Frequency-Agile UHF Wireless System

Samson Audio

Samson's Concert 99 Wireless Systems combine 80 channels of high-definition audio and extreme reliability into a rugged all-metal, rack-mountable chassis with a stage-ready backlit display. With simple 1-touch setup, convenient monitoring, a 300' UHF operating range and impressive transmitter battery life, this frequency-agile system offers unprecedented value to presenters, educators, house of worship speakers, fitness instructors and others in search of reliable wireless freedom.

In both single and multi-system arrangements, the CR99 Wireless Receiver offers 80 total operating channels, selecting the best frequency option for your area. Quick to setup, the CR99's Group scan helps avoid conflicting frequencies, while its IR sync function allows users to wirelessly match the transmitter to the receiver's operating frequency.

The CR99 receiver features a bright, backlit LCD for monitoring on dark stages, even at long distances. The LCD also shows the exact battery life of your transmitter, along with the channel number and its corresponding UHF frequency.

Loog II 3-Stringed Electric Guitar Kit

Loog Guitars

The Electric Loog is cute and small, but it's not a toy: it's a real guitar, made out of real wood and equipped with a screaming pickup that sounds amazing whatever style you play. Because it only has three strings and a narrow neck, it's easier for small children to form chords and to make sense of what they are playing.

All Loog Guitars come unassembled, as we believe that building your own guitar is an experience that helps you bond with the instrument in a deeper level. It is also a bonding experience between parents and their children, who can build their Loog together and share their love of music.

Loog Guitars come with a free instructional book with songs by the Beatles, Rolling Stones, Taylor Swift, Bruno Mars, and more, and a free app with a tuner, a monkey drummer, and video lessons designed to get you playing songs – not just scales or exercises – on day one.

GUITAR AMPS

ACR5 Acoustic Guitar Amplifier Hartke

Hartke's ACR5 is a lightweight 50-watt acoustic guitar amplifier that projects the natural sound of your instrument, while providing versatility for practice and performance. Featuring a 6.5" woofer and 1" tweeter, the ACR5's dual-channel design offers a 3-band EQ on each channel, feedback control, and reverb/chorus effects for both guitar and vocals.

Powered by an efficient 50-watt amplifier, the ACR5 is ideal for open mic nights at small venues. Its 6.5" woofer and 1" soft dome tweeter faithfully reproduce the natural tonal characteristics of your instrument, while the 3-band EQs and 24-bit reverb/chorus effects expand sonic possibilities.

STOMPBOXES

Skyline EQ-V

Graphic Equalizer

Hotone

EQ-V is an essential equalizer stompbox for guitarists/bassists. It offers five bands of EQ ranging from 80Hz to 5kHz, giving you complete control over your sound and eliminating unwanted feedback, especially when connected after a distortion effect. Furthermore, you can also use the EQ-V as a booster for a multi-dimensional, expanded sound.

00174534MSRP \$134.99 • MAP \$89.99

Skyline FAT Buffer

Preamp Effects Pedal

Hotone

Many musicians are bothered by signal loss when their pedal chains get too long. Plug your guitar into the FAT preamp, then out to your pedal chain, and everything will be right again. Kick the pedal on for a clean boost. When the boost is on, use the low and high knobs to shape your tone. The boost knob gives you up to 26dB of extra volume. The cut button enables a low cut filter (cuts the 200Hz frequency).

00174531MSRP \$109.99 • MAP \$79.99

Skyline KRUSH

Bitcrusher/Sample Rate Reducer

Hotone

KRUSH is a compact-sized bitcrusher/sample rate reducer stompbox. The pedal features a variable, flexible and sweet-sounding digital downsampler with 3 different modes: radio simulator, neutral mode, and vintage phonograph simulator. Each mode downgrades the original signal in a very musical fashion.

00174533MSRP \$149.99 • MAP \$99.99

Skyline Q-Box Envelope Filter

Guitar Effects Pedal

Hotone

The Q-Box is a finely tuned digital envelope filter stompbox which delivers a wide range of autowah and dynamic wah effects. It features 3 modes: Touch wah mode with high pass filter, Touch wah mode with low pass filter, Autowah mode with low pass filter. And with the onboard range, Q and speed knobs, Q-Box can dish up all kinds of tasty Q sounds!

Bass Press

Volume/Expression/

Wah-Wah Pedal

Hotone

The Hotone Bass Press is a 3-in-1 compact pedal designed for bass players. This unit features wah, volume, and expression modes. The wah mode is specially optimized for bass frequencies, featuring wild, strong, clear sound character without affecting your bottom end. If musicians the world over agree

on one thing, it is their common hatred of the “volume sucking” quality of passive volume pedals. Bass Press’ volume mode is an active volume design, which keeps your tone pristine. Fine tune the bottom end with the volume range control. Expression pedal mode can be used without a battery or external power supply. It is compatible with most digital effects and connects with a standard stereo 1/4” jack. This mode also supports keyboards and other instruments that use expression control.

00174535 MSRP \$149.99 • MAP \$99.99

Vow Press

Switchable Volume/

Wah Pedal

Hotone

The Hotone Vow Press is a 3-in-1 pedal in a smart compact size. This unit features wah, volume, and vol/wah modes. The wah mode is for all the cry babies out there – we’re talking about the legit vocal sweep and lush harmonics of the wah’s classic era. If musicians the world

over agree on one thing, it is their common hatred of the “volume sucking” quality of passive volume pedals. Vow Press’ volume mode is an active volume design, which keeps your tone pristine. Fine tune the bottom end with the volume range control. The vow/wah mode offers a volume pedal, then a wah pedal, then back again! This mode combines volume control and vintage wah tone in one, and they can be changed instantly with a simple press.

Hartke®

BASS AMP

TX600

Class D Bass Amplifier

Hartke

Hartke's lightweight TX600 is a 600-watt Class D bass amplifier that offers the legendary Hartke tube preamp circuitry in a highly portable design. Within a rugged, yet compact enclosure, the TX600 features an onboard compressor and unique tone stack EQ section that provides players of all styles with thorough control over their sound.

Inspired by the countless hours spent by Hartke engineers listening to bass players of all genres, the TX600's tone stack EQ is a preset equalization curve tailored to bass guitar. The Shape and Frequency knobs provide detailed control of the midrange frequency voicing, while the Bass and Treble controls allow for further adjustments to create a tone that is your own.

Featuring the same Class A tube preamp circuitry as Hartke's renowned LH Series linear amplifiers, the TX600 produces a wide range of tone with incredible warmth and punch. The amp's Compressor knob provides control over the bass dynamics to establish a smooth, even sound, while a Brite button adds extra high frequency attack.

00172587 MSRP \$519.99 • MAP \$399.99

BASS PEDALS

HL77 Loop

Bass Looper Pedal

Hartke

Hartke's HL77 Looper Pedal combines extensive features, an abundance of onboard memory and a simple user interface into a compact, rugged stompbox-style design for guitarists and bassists looking to add layers to their creativity. Offering unlimited overdubs and 20 rhythm tracks in 3/4 or 4/4 time, the HL77 is the perfect creative addition to any guitarist/instrumentalist's arsenal.

The HL77 offers over six hours of record time with 99 locations for storing your individual loop phrases. Real-time recording is logical and straightforward, even offering Undo/Redo functionality. A USB port allows importing and exporting of WAV files, while the 1/8" (3.5mm) stereo input lets users sample loops and phrases from external devices. A playback level knob helps establish the proper blend between overdubs.

00174542 MSRP \$224.99 • MAP \$149.99

HC33 Chorus

Analog Bass Chorus Pedal

Hartke

Hartke's HC33 Analog Bass Chorus Pedal features all-analog circuitry for adding lush, shimmering accents to your sound. From vibrant modulation to elegant swirls, the HC33 has you covered. A Depth knob lets you set the modulation sweep amount, while the Speed knob adjusts the rate of the chorus effect.

The HC33's key to attaining the warm, rich brilliance found in traditional analog chorus pedals is the use of discrete capacitor delays that filter noise and "hold" the signal according to the adjusted Speed amount. When not in use, the pedal's true bypass hardware switching gives players confidence knowing their signal is unaffected.

00174540 MSRP \$119.99 • MAP \$79.99

HF44 Fuzz

Bass Fuzz Pedal

Hartke

Hartke's HF44 Bass Fuzz Pedal features all-analog circuitry for the fat, punchy distortion heard in classic stompboxes. Its FET design delivers the high-voltage saturated sound of a tube, while Mid and Tone controls dial in the harmonic character and high-frequency edge needed to drive all your aggressive riffs.

Not everyone thinks of distortion as being "musical". This ends with the HF44. The pedal's ability to instantly add "body" and "thickness" to your tone with exceptional headroom is a testament to its all-analog design. Capturing the essence of an opened-up tube amplifier has never been easy, but the live, dynamic tone of the HF44 succeeds where others have failed.

00174541 MSRP \$119.99 • MAP \$79.99

BASS PEDALS

Bass Attack 2

*Bass Preamp/Direct Box with Overdrive
Hartke*

Hartke's Bass Attack 2 combines the classic preamp circuitry of a professional direct box with the vast tone shaping capabilities of the industry's best stompboxes, all in a rugged, zinc die cast stompbox-style design. Its Overdrive circuit provides bass players with creative control over effects ranging from subtle tube emulation to grungy fuzz, while Hartke's Its Overdrive circuit provides bass players with creative control over effects ranging from subtle tube emulation to grungy fuzz, while Hartke's high-frequency growl. With a 1/4" parallel output for dry signals, 1/4" effect output for your amp, and balanced XLR direct output, the Bass Attack 2 provides flexible output options for FOH or studio recording consoles.

Command Kit

Eight-Piece Electronic Drum Kit
with Mesh Snare and Mesh Kick

Alesis

This eight-piece electronic drum kit features an exclusive Alesis mesh snare and mesh kick (patent pending) that deliver an authentic drumming experience. Along with the 8" mesh kick and a 10" dual-zone mesh snare drum, there are also two 9" dual-zone rack toms and an 11" dual-zone floor tom. The set also features a 10" ride cymbal, a 10" hi-hat with pedal and a 10" crash with choke. The included Advanced Drum Module features 70 drum kits (50 factory + 20 user) with over 600 sounds and 60 play-along tracks, built-in metronome to sharpen your skills and more. The premium chrome 4-post rack keeps everything solidly anchored, no matter how hard you play.

00160146...MSRP \$1299.00 • MAP \$699.99

Forge Kit

Eight-Piece Electronic Drum Kit
with Forge Drum Module

Alesis

The Alesis Forge Kit is a complete 8-piece electronic drum kit that includes everything you need to play like a pro. It features an 11" dual-zone snare and three 8" tom pads for great feel and natural response, plus a kick drum pad with pedal. Three cymbals give you a virtually unlimited range of playing expression and the premium chrome 4-post mounting rack keeps everything solid and secure. The setup also includes the powerful Forge Drum Module that features 70 drum kits (50 factory + 20 user) with over 600 sounds and 60 play-along tracks, built-in metronome to sharpen your skills and more.

00160147 ...MSRP \$999.00 • MAP \$499.99

SamplePad 4

4-Pad Percussion and Sample-Triggering Instrument

Alesis

The Alesis SamplePad 4 is an all-in-one percussion and sample-playing instrument. It comes equipped with four responsive, LED-illuminated rubber pads, dual zone trigger input, and ten preset kits. With a built-in library of the most commonly requested percussion and electronic drum sounds and the ability to load samples, the only limit is your imagination. For even more flexibility, you can tune and add reverb to your sounds. Intuitive navigation makes it easy to browse through your kits and you can drag and drop your samples via USB on a Mac or PC without removing your SD card. The bright blue LED lighting is clearly visible in every setting.

00160150 MSRP \$399.00 • MAP \$179.00

CompactKit 4

4-Pad Portable Tabletop Drum Kit

Alesis

The Alesis CompactKit 4 is a tabletop electronic drum kit with everything a young drummer needs to sharpen their skills on their way to stardom! Four velocity-sensitive drum pads deliver realistic drum sound with the feel and response of real drums. There are dozens of built-in songs and rhythms, so any young percussionist can start playing along with the music right away – no need to wait for “the band” to come over!

CompactKit4 includes a music coach feature that shows notes on the LCD screen and teaches the player how to play along with the built in songs and rhythms. The built-in game function brings an additional measure of fun to the experience of learning how to play. Plug it into the wall or take it anywhere and play by using 6 C batteries (not included).

00174530 MSRP \$179.00 • MAP \$79.00

CompactKit 7

7-Pad Portable Tabletop Drum Kit

Alesis

The Alesis CompactKit 7 is a tabletop electronic drum kit with seven velocity-sensitive drum pads that deliver realistic drum sound with the feel and response of real drums. It also comes with two pedals for hi-hat and kick drum, so you’ll really feel as if you’re sitting down at an actual set. There are 100’s of built-in percussion voices, preset drum kits and play-along songs, so you can get started right away with your own customized sound.

The 3-digit LED display shows the status of all your operational settings and separate LEDs light up in response to which pad is being struck, giving you instant visual feedback. The self-recording function records you as you play and retains the recording even after you turn the unit off. Want to expand your sound potential? Use the USB-MIDI output to connect CompactKit7 to your favorite DAW and plug-ins. Sticks are included and so is an AC power supply. But you can take CompactKit 7 with you and play anywhere, by using 6 C batteries (not included).

00174529 MSRP \$279.00 • MAP \$179.00

UKULELES

Grab a uke and get ready to jam! Each professionally crafted Woodrow Denny soprano ukulele is a highly collectible, limited edition work of art. This standard 21" ukulele is the smallest member of the ukulele family, known for its uplifting and jangly sound. The Denny is exquisitely styled using linden wood with a maple fingerboard, and the body is decked out with your favorite sports team's colors and licensed imagery. The Denny includes its own oxford fabric protective case. Great for beginner to advanced players and for collectors, the Denny soprano ukulele is a must-have for any musician, or any sports fan.

HAND PERCUSSION

Signature Heritage Café Con Leche Series Conga

Tycoon Percussion

What could be more Cuban than a hot cup of Café Con Leche? Tycoon represents that musical and caffeinated connection with its Café Con Leche drum series including congas, bongos, djembes and cajons. These drums utilize traditional elements and signature steel bands with a highly innovative finishing process which gives them a smooth, two-tone pearlescent appearance.

The congas feature an extra wide belly and classic rims.

- 00158208 10" MSRP \$839.00 • MAP \$519.00
- 00158209 11" MSRP \$849.00 • MAP \$529.00
- 00158210 11-3/4" MSRP \$859.00 • MAP \$539.00
- 00158211 12-1/2" MSRP \$869.00 • MAP \$549.00

Signature Heritage Series Bongos – Café Con Leche Finish

Tycoon Percussion

Equipped with genuine calf skin heads, these drums are perfect for any style of music and

are excellent for both studio recordings and live playing. Constructed of hand-selected, aged Siam Oak wood, and featuring brushed-chrome Classic Pro hoops and large 5/16" diameter tuning lugs. The Café Con Leche finish features steel bands and undergoes a highly innovative finishing process to give it a smooth, two-tone pearlescent appearance.

- 00158214 7" & 8-1/2" MSRP \$459.00 • MAP \$299.00

Signature Heritage Series Djembe – Café Con Leche Finish

Tycoon Percussion

Constructed of hand-selected aged Siam Oak wood, this djembe features a brushed chrome Classic Pro hoop, reinforced side plates with 5/16" diameter tuning lugs, and backing plates. The 22" tall drum has a 12" diameter head made of hand-picked premium quality goat skin. It includes steel bands and has undergone a highly innovative finishing process that gives this djembe a smooth,

two-tone pearlescent appearance. A tuning wrench is included.

- 00158217 12" MSRP \$659.00 • MAP \$429.00

29 Series Signature Heritage Cajon – Café Con Leche Finish

Tycoon Percussion

Individually tested to ensure superior sound quality, this cajon produces deep, loud bass tones and high, sharp slap notes. Includes a snare adjusting Allen wrench. It features a steel band and has undergone a highly innovative finishing process that gives this Café

Con Leche series its smooth, two-tone pearlescent appearance.

- 00158218 MSRP \$349.00 • MAP \$199.00

Acrylic Timbales

Tycoon Percussion

Superior quality and authenticity in sound designed for the professional or advanced player. Includes heavy duty, fully height-adjustable, tilting timbale stand, cowbell mounting bracket with Tycoon TW-60 cowbell, pair of timbale sticks, and tuning wrench. Acrylic timbales expand the tones and ranges usually produced by traditional steel timbales. Shells available in standard depth (6-1/2" tall), deep-shell (8-1/2" tall) and extradeep shell (10" tall). Stand included.

- 00158216 14" & 15" MSRP \$559.00 • MAP \$379.00

Bougarabou

Tycoon Percussion

Handcrafted from a single piece of sun-dried Mango wood, this drum is 24" tall with a hand-picked quality goat skin head. It features natural varnish finishing, and the deep bowl provides added depth to the bass tones. It is often used to back up djembes in percussion groups and drum circles.

- 00158219 10" MSRP \$229.00 • MAP \$149.00
- 00755197 12" MSRP \$219.00 • MAP \$139.00

Small Fiberglass Shekeres

Tycoon Percussion

This versatile African instrument serves as a rattle, shaker, and a drum all in one. Hand-strung plastic beads woven in an adjustable nylon web allows for playing both loud, rattling sounds or softer sounds with added control. Excellent drum-like bass tones are created from hitting the bottom of the shell. A protective rubber ring covers the the mouth of the shekere.

- 00158620 Natural \$139.00
- 00158621 Red \$139.00
- 00158622 Yellow \$139.00
- 00158623 Black \$139.00

Aluminum Repinique

Tycoon Percussion

This two-headed Brazilian drum is used in samba baterias (percussion ensembles) and is equivalent to the tom-tom in the non-Brazilian drum kit or the tenor drum in marching bands. Tycoon Repiniques are made from a polished aluminum shell and capped with two tunable synthetic drumheads. Tuning is easy and secure due to its 8 sets of tuning lugs and chrome hardware.

- 00158220 10" MSRP \$259.00 • MAP \$159.00
- 00160555 12" MSRP \$279.00 • MAP \$169.00

HAND PERCUSSION

Aluminum Chocalho

Tycoon Percussion

Chocalho is the generic name for “shaker” in Portugese. In this particular case, it is a kind of jingle stick used to play samba music – a traditional Brazilian rhythmic instrument typically used to sustain the

rhythm of the Surdos or Repinique. It’s played by shaking it back and forth and forcefully pumping the arms up and down to create sharp accents with the jingles. Featuring 45 pairs of aluminum jingles across five rows, the Chocalho is constructed of lightweight steel for enhanced playing comfort while maintaining strength and durability. The Tycoon Chocalho has ergonomically-designed handles for maximum comfort and playability.

00158223 MSRP \$219.00 • MAP \$139.00

Udukere

Tycoon Percussion

The udu originated in Nigeria and is actually a water jug with an additional hole, typically made of clay and producing a wide range of sounds. The shekere from West Africa consists of a dried gourd with beads woven into a net covering the gourd, and it may be twisted, shaken or slapped to produce a variety

of effects. Tycoon endorser Kornel Horvath had a vision to combine these two unique musical instruments and thus Tycoon has created this brand new udukere.

00158624 \$249.00

Ritmo Series Bongos

Tycoon Percussion

The Ritmo Series Bongos are constructed of aged Siam Oak, featuring 6” x 7” shells, black powder-coated Classic Pro hoops and large 1/4” diameter tuning

lugs. Perfect for beginner bongo players, they also include high quality water buffalo skin heads, and a tuning wrench.

00158212 Jamjuree Wood..... MSRP \$59.99 • MAP \$59.00

00158213 Black Finish..... MSRP \$59.99 • MAP \$59.00

Large Hi-Hat Tambourine with 10 Pair of Jingles

Tycoon Percussion

The Tycoon 10” hi-hat tambourines feature a bigger size, double that of the usual 5” versions and increases the amount of jingles

from 5 to 10. This makes the normal sound, syncopated with the hi-hat pull, much louder. If you still want to play off beats and other rhythms with a stick, Tycoon has added a rubber padded “hit zone” that protects it from wear and tear without sacrificing sound. The jingles are mounted on a highly durable frame that will stand up to the rigors of the road.

00158625 Steel Jingles.....\$45.00

00158626 Brass Jingles.....\$50.00

Gabor Dornyei Drum Pack

Tycoon Percussion

Session master and award-winning drummer Gabor Dornyei performs around the world using funky grooves, wild solos and odd times that elevate listeners into a space

where drums and percussion rule the world. This pack includes a trio of Tycoon instruments that he uses to accent and highlight his sound and abilities as a drummer – the Black Pearl Series Rock Bell, a Mountable Tambourine with brass jingles, and a low-pitched lip block.

00158627\$225.00

Hex-Jam Shakers

Tycoon Percussion

Tycoon’s Hex-Jam Shaker uses the beautiful textures and durability of Jamjuree wood to create a sound that is sharp, crisp and accurate enough to be heard but adds a nice touch of warmth.

00158615 6”\$30.00

00158616 8”\$35.00

Large Bata Skin Shaker

Tycoon Percussion

The Bata Skin Shakers are manufactured from environmentally friendly Siam Oak. This shaker, shaped like a bata drum has real skin heads and produces a variety of sounds depending on how the player holds the shaker.

00158617\$25.00

Large Conga Skin Shaker

Tycoon Percussion

Large conga skin shakers from Tycoon are wooden shakers designed in the shape of a conga drum. A rawhide head is included on the miniature drums. This shaker is great for studio situations. Skin shakers are available in 4 styles; bata, bongo, conga and djembe.

00158618\$25.00

Large Djembe Shaker

Tycoon Percussion

The large djembe skin shaker from Tycoon is made of wood and designed in the shape of a djembe. A rawhide head is included on the miniature drums. This shaker is great for studio situations. Skin shakers are available in 4 styles; bata, bongo, conga and djembe.

iRig Blue Turn

Backlit Compact Bluetooth Page Turner
IK Multimedia

Now, using an iPhone, iPad, Mac or Android on stage for set lists and sheet music just got a lot easier! iRig BlueTurn is a Bluetooth page turner with backlit pads that

easily lets you turn pages and scroll through material hands-free. If you'd like to streamline the page turning process for your sheet music, lyrics, slides, tabs and other documents, iRig BlueTurn is the answer. iRig BlueTurn is a compact Bluetooth page turning solution for iPhone/iPad, Mac and Android that lets you use your feet to set your hands free while performing. It comes with two highly visible backlit soft-touch buttons that you can trigger with your feet to turn pages, leaf through lyrics, scroll slides and more in your favorite apps and software.

iPhone/iPod Touch Adaptor Cable

Peterson Strobe Tuners

This adaptor cable has been specifically designed to function with your mobile Apple or Android phone/tablet device.

00156486 \$13.99

PitchGrabber Mobile

Clip-On Tuner Pickup
Peterson Strobe Tuners

The PitchGrabber Mobile tuning pickup easily and safely clamps on to virtually any musical instrument and captures the pitch using its piezo pickup sending it directly to your mobile tuning application. The PitchGrabber Mobile uses the headphone/mic input of your mobile device to completely isolate the sound of your

instrument and provide a direct input path to your tuning application. Perfect for tuning in noisy environments. Wide jaws clip on to the lead pipe, barrel of a flute, or any round tubing on horns without marring the instrument. An 8-foot (243cm) long, fabric wrapped cord permits free movement while using the PitchGrabber and also allows tangle-free use with larger instruments (like Tuba horns).

00156485 \$19.99

USB-C Cables

Griffin Technology

USB-C is the new connection standard that replaces other USB connectors for all kinds of devices. Griffin is here to make sure your USB-C smartphones, hard drives, cameras, computers, chargers and other devices can all talk to one another. Griffin's cables are crafted using superior components to ensure long life and data integrity.

MUSIC LIGHTS

These new music lights from Mighty Bright are constructed of matte silicone and feature Mighty Bright's award winning contemporary design language. Both lights' LEDs are precisely calibrated to cast warm white light, eliminating any concerns of harsh, bluish light sometimes associated with LED technology. The warm white light exhibits high color rendering, enabling musicians to see colors accurately. Designed for the musician's ultimate comfort, these LEDs are continuously dimmable, and their flexible necks bend to direct the light precisely where needed.

Wonderflex Music Light
Mighty Bright

The WonderFlex is an updated version of Mighty Bright's bestselling XtraFlex2 LED Light. The two-LED WonderFlex is a multi-purpose music light.

00182832 MSRP \$23.99 • MAP \$18.99
