Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts. The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

Note 2: Audio-Video Equipment (Not Permitted to be Acquired on this Contract). Audio-video products such as (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc. that are not integrated with a physical security and facility system or are part of or integrated with a law enforcement, public safety or emergency response system shall not be obtained through these Contracts.

Note 3: All Digital Signage Displays must be integrated to a physical security and facility system and shall be for delivering messages, instructions, alerts, or other communications, via the display monitor. These systems must contain an "emergency override" or "priority override" so that any emergency notification message, alarm notification, etc. overrides any other function being performed or which could be performed by a Digital Signage System.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts. The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)

B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

Note 2: Audio-Video Equipment (Not Permitted to be Acquired on this Contract). Audio-video products such as (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc. that are not integrated with a physical security and facility system or are part of or integrated with a law enforcement, public safety or emergency response system shall not be obtained through these Contracts.

Note 3: All Digital Signage Displays must be integrated to a physical security and facility system and shall be for delivering messages, instructions, alerts, or other communications, via the display monitor. These systems must contain an "emergency override" or "priority override" so that any emergency notification message, alarm notification, etc. overrides any other function being performed or which could be performed by a Digital Signage System.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts. The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)

B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

Note 2: Audio-Video Equipment (Not Permitted to be Acquired on this Contract). Audio-video products such as (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc. that are not integrated with a physical security and facility system or are part of or integrated with a law enforcement, public safety or emergency response system shall not be obtained through these Contracts.

Note 3: All Digital Signage Displays must be integrated to a physical security and facility system and shall be for delivering messages, instructions, alerts, or other communications, via the display monitor. These systems must contain an "emergency override" or "priority override" so that any emergency notification message, alarm notification, etc. overrides any other function being performed or which could be performed by a Digital Signage System.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts. The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)

B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

Note 2: Audio-Video Equipment (Not Permitted to be Acquired on this Contract). Audio-video products such as (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc. that are not integrated with a physical security and facility system or are part of or integrated with a law enforcement, public safety or emergency response system shall not be obtained through these Contracts.

Note 3: All Digital Signage Displays must be integrated to a physical security and facility system and shall be for delivering messages, instructions, alerts, or other communications, via the display monitor. These systems must contain an "emergency override" or "priority override" so that any emergency notification message, alarm notification, etc. overrides any other function being performed or which could be performed by a Digital Signage System.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts. The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)

B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

Note 2: Audio-Video Equipment (Not Permitted to be Acquired on this Contract). Audio-video products such as (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc. that are not integrated with a physical security and facility system or are part of or integrated with a law enforcement, public safety or emergency response system shall not be obtained through these Contracts.

Note 3: All Digital Signage Displays must be integrated to a physical security and facility system and shall be for delivering messages, instructions, alerts, or other communications, via the display monitor. These systems must contain an "emergency override" or "priority override" so that any emergency notification message, alarm notification, etc. overrides any other function being performed or which could be performed by a Digital Signage System.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts. The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)

B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

Note 2: Audio-Video Equipment (Not Permitted to be Acquired on this Contract). Audio-video products such as (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc. that are not integrated with a physical security and facility system or are part of or integrated with a law enforcement, public safety or emergency response system shall not be obtained through these Contracts.

Note 3: All Digital Signage Displays must be integrated to a physical security and facility system and shall be for delivering messages, instructions, alerts, or other communications, via the display monitor. These systems must contain an "emergency override" or "priority override" so that any emergency notification message, alarm notification, etc. overrides any other function being performed or which could be performed by a Digital Signage System.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts. The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)

B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

Note 2: Audio-Video Equipment (Not Permitted to be Acquired on this Contract). Audio-video products such as (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc. that are not integrated with a physical security and facility system or are part of or integrated with a law enforcement, public safety or emergency response system shall not be obtained through these Contracts.

Note 3: All Digital Signage Displays must be integrated to a physical security and facility system and shall be for delivering messages, instructions, alerts, or other communications, via the display monitor. These systems must contain an "emergency override" or "priority override" so that any emergency notification message, alarm notification, etc. overrides any other function being performed or which could be performed by a Digital Signage System.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts. The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)

B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

Note 2: Audio-Video Equipment (Not Permitted to be Acquired on this Contract). Audio-video products such as (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc. that are not integrated with a physical security and facility system or are part of or integrated with a law enforcement, public safety or emergency response system shall not be obtained through these Contracts.

Note 3: All Digital Signage Displays must be integrated to a physical security and facility system and shall be for delivering messages, instructions, alerts, or other communications, via the display monitor. These systems must contain an "emergency override" or "priority override" so that any emergency notification message, alarm notification, etc. overrides any other function being performed or which could be performed by a Digital Signage System.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts. The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)

B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

Note 2: Audio-Video Equipment (Not Permitted to be Acquired on this Contract). Audio-video products such as (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc. that are not integrated with a physical security and facility system or are part of or integrated with a law enforcement, public safety or emergency response system shall not be obtained through these Contracts.

Note 3: All Digital Signage Displays must be integrated to a physical security and facility system and shall be for delivering messages, instructions, alerts, or other communications, via the display monitor. These systems must contain an "emergency override" or "priority override" so that any emergency notification message, alarm notification, etc. overrides any other function being performed or which could be performed by a Digital Signage System.
