

LOCKHEED MARTIN

Contractor Advantage

Registration Guide

First Advantage

A Symphony Technology Group Company

INTRODUCTION

All non-Lockheed Martin employees requiring access to Lockheed Martin owned, leased or operated facilities in the United States to conduct work must undergo a Background Investigation (BI).

BI's are run through First Advantage Contractor Advantage solution. The results of the BI will be compared to our Lockheed Martin Access Standards. Compliancy with the Access Standard will determine if the contractor may be sent to a Lockheed Martin facility.

The following document will guide vendor companies through the registration process.

First Advantage

A Symphony Technology Group Company

As one of the largest screening providers in the world, First Advantage has offices in 26 locations worldwide. First Advantage has become a trusted partner to over 41,000 organizations worldwide.

For more information, please visit www.fadv.com

Contractor Advantage

The Contractor Screen program is a proactive security initiative to identify and reduce security risk and enhance the security standards and safety of LM personnel and facilities.

Any Contractor, a non-employee of LM, who requires physical access to a LM owned, leased or operated facilities in the United States to conduct work is required to partake in the program. This includes all “Resident Visitor(s)” and “Nonresident Visitor(s)”.

Contractors are responsible for using Contractor Advantage to perform screening on ALL of their employees who are within scope of the Lockheed Martin program.

Using results from an independent third party Background Investigation (BI), Contractor Screening confirms compliance with access standards of physical site access for Contractors BEFORE they arrive at LM facilities.

Compliance with the Access Standards must be determined prior to gaining physical access to any LM facility.

Process Overview

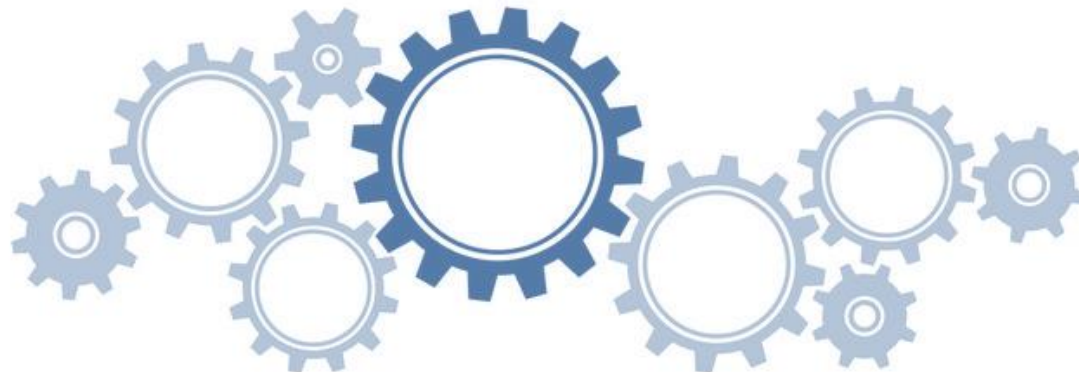

Step 1 – Register to Use Contractor Advantage

Step 2 – Add Persons to Roster *

Step 3 – Order Screens for Employees *

Step 4 – Review Employees' Compliance *

- Contractor as well as Lockheed Martin Personnel at entry points will be able to see the results of the BI. No guesswork or delays due to potential denials at the gate.
- Contractor adheres to any additional Business Area policies or procedures per facility.

* Directions provided in an internal guide once registered

Step 1 - Registration

1. Visit the Contractor Screening website.
<https://ca.fadv.com/CA/welcome.do?lmc>
2. Click on the link to Register as Service Provider.
 - \$50 one time company registration fee
3. Complete all Registration fields, remember ID and password.
4. Registration and credentialing usually takes 3-5 business days. Credentialing is at no additional cost and provides you access to view the detailed results of a report. You may be contacted for additional information if needed. Reach out to cred@fadv.com for credentialing questions.
5. Bookmark the link for future access.

The screenshot shows the Lockheed Martin Contractor Screening website. At the top left is the Lockheed Martin logo with the tagline "We never forget who we're working for®". At the top right is a link "Questions? Click here ▶". Below the header is a blue banner with the text "Easily screen your workforce through intuitive solutions." and an image of two men looking at a computer monitor. Below the banner is a blue box with the text "A qualified workforce is good business for everyone. Help ensure compliance, qualifications, and history." Below this is a grey box containing text about Contractor Advantage, a definition of a Contractor, and a link to "Contractor Screen Introduction". On the right side of the page is a "Sign Into Your Account" form with fields for "User ID" and "Password", a "Log In ▶" button, and a "Forgot Password ▶" link. Below the form is a link "▶ Click here to register as Service Provider" with a red arrow pointing to it.
