Introduction

In 2020, the 75th anniversary of the United Nations, the Council was composed of its five permanent members (China, France, the Russian Federation, the United Kingdom, and the United States), as well as ten non-permanent members, namely Belgium, the Dominican Republic, Estonia, Germany, Indonesia, Niger, South Africa, St. Vincent and the Grenadines, Tunisia, and Viet Nam.

Among the ten non-permanent members, Belgium, the Dominican Republic, Germany, Indonesia and South Africa successfully completed their two-year tenure at the end of 2020. India, Ireland, Kenya, Mexico, and Norway have joined the Security Council on 1 January 2021. Consolidating a practice initiated by Kazakhstan in 2017, the new incoming members participated in the flag raising ceremony on 4 January 2021.

Following the World Health Organization's declaration of the COVID-19 as a pandemic on 11 March 2020 and the subsequent decision by the Secretary-General on 16 March 2020 to restrict the presence in the UN Headquarters to essential personnel, the Security Council did not hold in-person meetings between 12 March and 14 July 2020. Instead, the members of the Council held videoconferences (VTCs) to ensure the continuity of the Council's work. As of 14 July 2020, in-person meetings and videoconferences were held interchangeably until the end of the year. In 2020, therefore, the Security Council and its members held 81 public and private meetings, 269 videoconferences, adopted 57 resolutions and issued 13 presidential statements.

Responding to the procedural challenges posed by the remote environment, successive presidencies in 2020 issued monthly letters devoted to regulating the working methods for conducting the work of the Council virtually, including new procedures for the adoption of resolutions and presidential statements. From July to October, in-person meetings were held in the Economic and Social Council Chamber in order to ensure the necessary social distancing consistent with the health and safety guidelines agreed upon by the respective presidencies in coordination with the Secretary-General. As of 8 October 2020, in-person meetings were held at the Security Council Chamber.

In 2020, the President of the Security Council participated and delivered statements at various events marking the 75th anniversary of the United Nations. On 26 June 2020, the President of the Council for the month (France) participated in the Virtual Ceremony to commemorate the signing of the Charter of the United Nations. On 21 September 2020, the President of the Council for that month (Niger) participated in the High-level Meeting to commemorate the 75th anniversary of the United Nations. On 26 October 2020, the President of the Council for the month (Russian Federation) also participated at the Observance Ceremony in commemoration of United Nations Day. In addition, on 19 November 2020, the President of the Council during that month (Saint Vincent and the Grenadines) participated in a Joint meeting of the Economic and Social Council (ECOSOC) and the Peacebuilding Commission (PBC) entitled "Fostering Global Solidarity and Conflict-Sensitive Responses to the COVID-19 Pandemic and its Socioeconomic Impacts". The President of the Council for the month of December (South Africa) also participated in the Special Session of the General Assembly in Response to the Coronavirus Disease (COVID-19) Pandemic, held on 3-4 December 2020. Moreover, in December 2020, the Council and the General Assembly adopted the third set of identical resolutions (Security Council resolution [2558 \(2020\)](#) and General Assembly resolution [75/201](#)) in connection with peacebuilding and sustaining peace further to the review in 2020 of the peacebuilding architecture of the Peacebuilding Commission.

In 2020, the Council unanimously adopted a number of important resolutions. In March, the Council adopted resolution [2518 \(2020\)](#), emphasizing the importance of enhancing the safety and security of United Nations peacekeepers. In July 2020, it adopted resolution [2532 \(2020\)](#), recognizing efforts and measures proposed by the Secretary-General concerning the response to the potential impact of the COVID-19 pandemic to conflict-affected countries, in particular his appeal for an immediate global ceasefire. Consequently, the Council demanded a general and immediate cessation of hostilities in all situations on its agenda. Also in July, the Council adopted resolution [2535 \(2020\)](#), calling on relevant actors to ensure the full, effective and meaningful participation of youth in building sustainable peace. In August, it adopted resolution [2538 \(2020\)](#), the first presidential text since 2018, concerning women in peacekeeping in connection with the agenda item "United Nations peacekeeping". In addition, marking the 75th anniversary of the United Nations, the Council issued in January 2020 a presidential statement ([S/PRST/2020/1](#)) reaffirming its commitment to the Charter of the United Nations and in December 2020, a presidential statement ([S/PRST/2020/13](#)) expressing its continued commitment to foster interaction between the International Court of Justice and the Council.

In 2020, the Security Council also established a new field mission, the United Nations Integrated Transition Assistance Mission in Sudan (UNITAMS) by resolution [2524 \(2020\)](#) and decided to terminate the African Union-United Nations Hybrid Operation in Darfur (UNAMID) as of 31 December 2020 by resolution [2559 \(2020\)](#). The Security Council also extended the mandate of the United Nations Integrated Peacebuilding Office in Guinea-Bissau (UNIOGBIS) until 31 December and requested to focus on the transition plan for its gradual drawdown by resolution [2512 \(2020\)](#).

In 2020, marking the 75th anniversary of the United Nations, the Security Council was composed of Belgium, China, the Dominican Republic, Estonia, France, Germany, Indonesia, Niger, the Russian Federation, South Africa, St. Vincent and the Grenadines, Tunisia, the United Kingdom, the United States, and Viet Nam. Despite the impact of the COVID-19 pandemic, the Security Council sustained its activity in 2020 by holding both in-person meetings and videoconferences.

Meetings

Meetings of the Security Council are governed by Article 28 of the Charter of the United Nations, and rules 1-5 and 48 of its Provisional Rules of Procedure. Under its current practice, the Council convenes meetings, which are classified as either public or private. Council members also frequently meet in informal consultations of the whole (also known as consultations). In 2020, in response to the COVID-19 pandemic, Council members agreed to convene videoconferences in order to ensure the continuity of the Council's work.

In 2020, the Council held, on average, seven in-person meetings and 22 videoconferences per month. The Council held a total of 79 public meetings and 143 open videoconferences, which combined amount to 222. In March 2020, in response to the impact of the pandemic, the Security Council agreed to convene videoconferences, first in a closed format and as of 21 April 2020 also in open format. The first closed videoconference was held on 24 March 2020. In subsequent months and until 14 July 2020, Council members only held videoconferences (in open and closed formats) due to the impact of the COVID-19 pandemic. As of 14 July 2020, the Council resumed in-person meetings (first in the ECOSOC Chamber and then in the Security Council Chamber) which it alternated with videoconferences, developing a “hybrid model”

until the end of the year. In 2020, the Security Council held 81 public and private meetings and Council members held 269 videoconferences. Out of the 81 meetings, the Council held 79 public meetings and two private meetings, all of which were held with troop- and police-contributing countries (TCCs/PCCs). Of the 269 videoconferences, Council members held 143 open videoconferences and 126 closed videoconferences. Eight closed videoconferences were held with troop- and police-contributing countries (TCCs/PCCs).

Invitations under rule 39 of the Provisional Rules of Procedure

 12 February 2020.

According to rule 39 of the Provisional Rules of Procedure, the Council may invite members of the Secretariat or other persons, whom it considers competent for the purpose, to supply it with information or to give other assistance in examining matters within its competence.

As reflected in the monthly letters of the President of the Council concerning its working methods, non-members of the Council were invited to participate in videoconferences “within the principles of rules 37 and 39” if there were no objections from Council members. Given the technical limitations imposed by videoconferences as well as the health and safety guidelines imposed by the pandemic for in-person meetings, participation by non-members of the Council significantly decreased in 2020. This notwithstanding, the Council extended a total of 304 invitations under rule 39, of which 200 were to men (65.8%) and 104 were to women (34.2%). In

addition, out of 304 invitations, 212 were extended to officials belonging to the UN System, 32 to officials representing regional intergovernmental organizations, 9 to invitees from international organizations other than the UN, and 51 to representatives of other entities such as non-governmental organizations and civil society.

Despite the overall decrease of rule 39 invitees, the number of invitations to representatives of other entities including non-governmental organizations and civil society under rule 39 was sustained in 2020. Out of 51 representatives of other entities including non-governmental organizations and civil society, 29 were women (57%). Disrupting the trend of previous years, the participation of female rule 39 invitees decreased in 2020 (female rule 39 invitees decreased almost twice as much as male rule 39 invitees).

Informal interactive dialogues

In 2020, the practice of holding informal interactive dialogues (IID) continued. IIDs are convened at the initiative of one or more Council members, with the participation of all Council members and are presided over by the President of the Security Council for the month. They are intended to seek the views of Member States that are parties to a conflict and/or other interested and affected parties. Informal interactive dialogues are not open to the public or broadcast. In 2020, the Council held six IIDs, three of which were held virtually as closed VTCs.

Arria-formula meetings

Arria-formula meetings are informal gatherings convened at the initiative of one or more Council members (in some instances, they are convened also by non-Council members) with the participation of all or some Council members. Arria-formula meetings do not constitute an activity of the Council and are not presided by the President of the Council. Whilst in past practice Arria-formula meetings were closed to the public, in recent practice these meetings have been open to the public or even broadcast. In 2020, the Council held 22 Arria-formula meetings, 18 of which were held virtually.

Agenda

In accordance with rule 11 of the Provisional Rules of Procedure and presidential note [S/2017/507](#), every January, the Council reviews the list of matters of which it is seized. Agenda items which have not been considered at a Council meeting in the preceding three years are deleted unless a Member State objects. In the latter case, an item will remain on the list for an additional year, unless the Council decides otherwise, and will be subject to the same procedure described above if not considered by the Council during that additional year.

Decisions and Voting

According to Article 27 of the Charter of the United Nations, each Council member has one vote. An affirmative vote of nine members is required for decisions to be adopted on procedural and substantive matters, including in the latter case the concurrent votes of the permanent members. In addition to procedural decisions related to the adoption of the agenda, extension of invitations and adjournment of meetings, the Council adopts resolutions and issues presidential statements. Council decisions also take the form of notes and letters by the President of the Council. In 2020, in response to the COVID-19 pandemic, the Council adopted a series of new working methods for conducting its work virtually, including new written voting procedures for the adoption of resolutions ([S/2020/253](#)).

The Council also unanimously adopted resolution [2535 \(2020\)](#), calling on relevant actors to increase the representation of youth for conflict prevention and resolution. By unanimously adopting resolution [2538 \(2020\)](#), the Council called upon Member States, the United Nations and regional organizations to strengthen the collective efforts to bolster the role of women in all levels of peacekeeping action, making it the first presidential text to be adopted since 2018. At the outset of the year, in January 2020, the Council issued a presidential statement ([S/PRST/2020/1](#)) reaffirming its commitment to the Charter of the United Nations, including the purposes and principles of the Charter, and an international order based on international law, on the occasion of the 75th anniversary of the United Nations. A Council member or any other Member State, whether Council member or not, that directly submits a draft resolution is referred to as a sponsor or co-sponsor. A draft resolution co-sponsored by all Council members is referred to as a “presidential text”. In 2020, one presidential text was adopted, compared to seven presidential texts in 2010 and five in 2016.

Security Council votes to authorize a one-year extension of sanctions imposed in 2014 on individuals or entities threatening peace and stability in Yemen by adopting resolution [2511 \(2020\)](#), 13 January 2020.

In 2020, out of 57 resolutions 44, or 77.2%, were adopted unanimously compared to 84.6% in [2019](#) (an overall decrease of 7.4%). Of the 13 resolutions not adopted unanimously, three were adopted in relation to the situation in the Middle East (Syria), three related to the situation in Libya, and one each in relation to Sudan and South Sudan, the Central African Republic, the International Residual Mechanism for Criminal Tribunals, Haiti, Western Sahara, Somalia, and the Democratic Republic of the Congo.

In 2020, five vetoes were cast in connection with [three draft resolutions](#) related to the situation in the Middle East (Syria) and threats to international peace and security by terrorist acts, specifically in connection with foreign terrorist fighters. Four draft resolutions were not adopted due to an insufficient number of

affirmative votes in connection with the situation in the Middle East (Syria), non-proliferation, specifically in connection with extending arms-related restrictions on Iran, and women and peace and security, on the 20th anniversary of the Council's landmark resolution [1325 \(2000\)](#).

In the period 2011 to 2020, the Council adopted a total of 594 resolutions, out of which 530 were adopted unanimously. In this period, 36 vetoes were cast in connection with 25 draft resolutions. The chart below shows the voting record for draft resolutions tabled in the period 2011-2020, illustrating the number of draft resolutions adopted unanimously, and non-unanimously, as well as the number of draft resolutions vetoed or not adopted due to the failure to obtain the required number of votes.

Cross-cutting issues in country-specific decisions of the Security Council

In 2020, the Council continued its practice of including provisions on cross-cutting issues, namely the protection of civilians (POC), women and peace and security (WPS) and children and armed conflict (CAAC), in its resolutions and presidential statements relating to country-specific or regional situations. In 2020, the Council adopted 51 decisions relating to country-specific or regional situations, 39 of which contained one or more provisions on POC; 29 of which contained one or more provisions on WPS; and

18 of which contained one or more provisions on CAAC. Consistent with the slight decline in the number of decisions adopted in the context of country-specific or regional situations compared to 2019 (4%), the number of decisions containing one or more provisions on WPS and CAAC also decreased slightly 1.6% and 2.6%, respectively, while the number of decisions containing one or more provisions on POC increased by more than 10%.

Subsidiary Bodies

Article 29 of the Charter of the United Nations provides that the Security Council may establish such subsidiary organs as it deems necessary for the performance of its functions. This is also reflected in Rule 28 of the Provisional Rules of Procedure.

Throughout its history, the Council has established a wide variety of subsidiary organs, such as committees, working groups, investigative bodies, tribunals, ad hoc commissions, as well as peacekeeping and special political missions and sanctions committees, and their mandate can range from procedural matters to substantive ones.

In 2020, the Council adopted decisions concerning the mandate of 11 peacekeeping operations (out of 13 that were in operation in 2020) and ten special political missions (out of 13 that were in operation in 2020), primarily extending their mandates.

On 28 February 2020, by resolution [2512 \(2020\)](#), the Security Council decided to extend the mandate of the United Nations Integrated Peacebuilding Office in Guinea-Bissau (UNIOGBIS) until 31 December and requested the Secretary-General to start the liquidation of the Mission immediately thereafter. The Council also requested that UNIOGBIS continue to focus on the transition plan for its gradual drawdown and transfer of tasks to the United Nations country team, the United Nations Office for West Africa and the Sahel (UNOWAS) and other regional and international partners by the end of 2020.

On 2 June 2020, by resolution [2524 \(2020\)](#), the Security Council established a new special political mission, the United Nations Integrated Transition Assistance Mission in Sudan (UNITAMS), to assist the political transition in the Sudan, support peace processes and the implementation of future peace agreements, assist in peacebuilding, and support the

mobilisation of economic and development assistance and the coordination of humanitarian assistance. The resolution also requested the Secretary-General to continue transition planning and management to ensure a phased, sequenced and efficient transition from the African Union-United Nations Hybrid Operation in Darfur (UNAMID) to UNITAMS. On 22 December 2020, by resolution [2559 \(2020\)](#), the Council decided to terminate UNAMID as of 31 December 2020 and requested the Secretary-General to commence the drawdown of UNAMID personnel on 1 January 2021 and to complete the withdrawal of all uniformed and civilian UNAMID personnel by 30 June 2021, other than those required for the Mission's liquidation.

On 23 December 2020, by a letter from the President of the Security Council addressed to the Secretary-General ([S/2020/1291](#)), the Council approved the temporary redeployment, for a two-month period, of two infantry companies and two military utility helicopters from the United Nations Mission in South Sudan (UNMISS) to assist the United Nations Multidimensional Integrated Stabilization Mission in the Central African Republic (MINUSCA).

Changes in mandate and in the authorized strength

In 2020, the Council amended the mandates of eight peacekeeping operations and six special political missions and established a new mandate for UNITAMS. As part of these changes, the Council introduced new elements to the work of nine field missions in support of efforts to ensure the full, equal and meaningful participation and representation of women at all levels of decision-making in political processes, peacebuilding, and the maintenance of international peace and security. In the mandates of the United Nations Organization Stabilization Mission in the Democratic Republic of the Congo (MONUSCO), United Nations Interim Force in Lebanon (UNIFIL), UNITAMS, UNMISS, United Nations Support Mission in Libya (UNSMIL), and United Nations Assistance Mission in Somalia (UNSOM), the Council underscored the importance of supporting the prevention and measures to address and ensure accountability for sexual and gender-based violence.

Underscoring the importance of United Nations electoral support in order to prevent relapses or escalation of conflict, the Council provided further details on the mandates of MINUSCA, United Nations Multidimensional Integrated Stabilization Mission in Mali (MINUSMA), United Nations Assistance Mission for Iraq

(UNAMI), UNITAMS, UNSOM, and the United Nations Office for West Africa and the Sahel (UNOWAS) to provide good offices, technical, logistical and, in the cases of MINUSCA and MINUSMA, security support for the conduct of national and local elections and other voting processes. With the onset of the COVID-19 pandemic, UNAMID and UNDOF were tasked with taking steps to ensure the safety and health of their personnel, while MINUSCA and UNITAMS were requested to support assistance efforts to address the consequences of the pandemic. Further details are available in the [Field Missions Dashboard](#) prepared by the Security Council Affairs Division.

In addition, in 2020, two peacekeeping operations, namely UNIFIL and MINUSCA, underwent a revision of their [authorized troop and police strength or composition](#). By resolution [2539 \(2020\)](#), the Council decided to renew the mandate of UNIFIL until 31 August 2021 while authorizing to reduce the maximum number of authorized troops from 15,000 to 13,000. Furthermore, the Council adopted resolution [2552 \(2020\)](#), maintaining MINUSCA's current troop levels of 11,650 military personnel and 2,080 police personnel while modifying its composition.

De-listings from Security Council sanctions committees' lists in 2020

In 2020, 26 entities and 2 individual were removed (also referred to as "de-listed") from the respective sanctions lists. De-listing requests in relation to the ISIL (Da'esh) & Al-Qaida Sanctions List are submitted directly to the ISIL (Da'esh) and Al-Qaida Sanctions Committee or the Office of the Ombudsperson. De-listing requests with respect to all other sanctions' lists are submitted to the respective sanctions committees or through the Focal Point for De-listing in the Secretariat. Any Member State can propose the de-listing of an individual or an entity. The relevant committee then considers the proposal, often in consultation with the designating State, and makes a final decision on whether or not to de-list. Often those proposing de-listings are the State of citizenship or residence of a listed individual, the State of location or place of registration of a listed entity, the designating State itself, or a Council member.

In addition to the Member States’ ability to de-list, two mechanisms have been established to strengthen the de-listing process: the Office of the Focal Point for De-listing and the Office of the Ombudsperson. Established in 2006, the Office of the Focal Point for De-listing has received a total of 106 requests to de-list individuals and/or entities. 95 of these requests have been processed with 11 pending. As a result of this process, a total of 17 individuals and 17 entities have been de-

listed and 46 individuals and 20 entities remain on the list. The Office of the Ombudsperson, established to serve as the de-listing mechanism for the ISIL (Da’esh) and Al-Qaida Sanctions Committee, has received a total of 93 requests to de-list individuals and/or entities since 2009, of which 89 have been processed and four are pending. As a result, a total of 57 individuals and 28 entities have been de-listed and 22 listings remain.
