WELCOME!

Welcome To Our CHRISTMAS CATALOGUE!

OUR BIGGEST EVER SALE!

This is our most ambitious effort to date. We do hope that you find it both interesting and valuable. This time we have combined our broadest ever selection of laptops, computers and computer accessories with a truly wide range of entertainment products including cameras and camcorders, sat navs, portable dvd players and many different computer tablets.

As always, the emphasis is on value and quality. We seek, and we hope succeed, in finding new,

end of line, retail return and manufacturer refurbished products that are better quality and more reliable than often found on the web. We aim to offer wholesale equivalent prices or better.

All products come with a full warranty from us and most often a manufacturer or distributor one. This catalogue can only provide a flavour of our offering. New products arrive daily often in small quantities. Do go to our website and peruse our current product range or give us a call.

Any comments on this catalogue or suggestions for the future would be welcomed.

SUPERB SONY VAIO DUAL CORE WINDOWS 7 NOTEBOOK!

SONY VAIO 11.6" NOTEBOOK

Whether you're looking for a lightweight laptop for frequent travel or just need a compact PC within easy reach around the house, the Y series PC is a great option. Its thin profile and compact 11.6" screen size make it a cinch to tote or easily slip in and out of carrying cases. Whether you're streaming your favorite TV shows or sharing photos and home videos, the VAIO Y laptop lets you view content on your compatible HDTV at an incredibly high level of resolution. An HDMI output delivers both your video and audio to compatible TVs and displays via a single cable, providing the optimal digital connection.

- AMD Dual-Core 1.65Ghz E-450 APU • 11.6" WXGA Widescreen (16:9) - 1366 x 768 • 4 GB RAM • 500 GB HD
- SDHC, SDXC card reader • Memory Stick Slot • Built-in Wi-Fi • Built-in Ethernet • Bluetooth • Built-in Webcam
- Windows 7 Home Premium operating system

**BRILLIANT PORTABLE REGION FREE
DVD PLAYERS!**

- ENTERTAIN YOURSELF OR THE KIDS ON THE GO! ● FANTASTIC QUALITY!
- PORTABLE! ● REGION FREE DVD
- PACKED FULL OF FEATURES
- ENSURED TO KEEP BOREDOM AT BAY!

Lightweight, durable and well designed. With a 270 Degree rotating screen you can watch from any angle! You can even spin the screen round 180 degrees and fold it back down flat making it perfect to use on the go. The integrated USB 2.0 and SD memory card slots mean you can watch digital media from your home collection, downloaded from the internet or ripped DVDs in high resolution. Many DVDs now even come with a digital copy specifically to allow you to watch on a portable device!

There is even a built in analogue TV tuner and mobile aerial so you can watch locally broadcast TV, useful if you are on holiday. Use the AV out composite connector to hook up to a larger TV to play your own movies on say a Hotel TV.

Play games, we have included dozens of super fun games and a USB controller and a remote control. They are superbly gift boxed and would make a great gift for Christmas or a birthday. For extra peace of mind there is a full 12 Month warranty!

NEVER MISS YOUR FAVOURITE SHOWS AGAIN THANKS TO THIS BRILLIANT GOODMAN'S DIGITAL TV RECORDER.

Never miss your favourite shows again thanks to this superb Goodman's digital TV recorder. You can record up to 300 hours of TV 500Gb hard drive, ensuring you'll never struggle to find something decent to watch again and again.

The inclusion of a second tuner means you can watch one channel while recording another, or record two channels at the same time. Pause or rewind live TV without the need to record it first - perfect for when the phone or door bell rings or you just want to enjoy the action again.

The Freeview player gives you access to up to 50 TV channels and 24 radio stations without the need for a TV subscription package, and an 8-day electronic programme guide makes it easy to see what's coming up.

- 500GB hard drive memory - 300 hours
- No subscription fees
- 8 day electronic programme guide
- Series record • Pause and rewind live TV
- Twin tuners - watch one programme while recording another
- Access to Interactive Digital Services
- Subtitles
- Easy to install-automatic set up and auto retune
- RF input; RF output • SCART socket

THE LOWEST PRICE EVER!

THE BRILLIANT DENON AH-D510R OVER-EAR HEADPHONES - PROVIDE SUPERB PLAYBACK!

With their smooth highs and dynamic lows, the Denon AH-D510R over-ear headphones play back your music with startling detail and fullness. The speakers have been engineered using Denon's Acoustic Optimizer system, which equalizes air pressure on both sides of the 42-millimeter speaker diaphragm to deliver a balanced, natural sound. The earpads have been designed to match a wide range of head sizes, and leave virtually no gap between the head and the band. They are ultra-lightweight and ergonomically designed with contour fitting headband support to provide long, comfortable listening sessions without fatigue. They feature a convenient, three button inline remote. When used with an iPod or iPhone the remote gives you easy access to volume control and common playback functions. The remote also includes an integrated microphone that allows you to record voice memos with select iPhone or iPod models.

- Acoustic Optimiser
- Radial Cascade Damper reduces cable transmitted vibration noise
- Ergonomic design for best quality fit and increased comfort
- Hybrid material driver housing for highest fidelity sound reproduction
- Includes 4 sets of silicon earbuds (XS/S/M/L)

Featuring Denon's in-ear headphone technologies, the AH-C360 comes equipped with Denon's exclusive radial cascade damper system, which minimizes cable-transmitted vibration noise, for superior fidelity while on-the-go. Denon's Acoustic Optimizer technology balances the sound pressure in front of and behind the diaphragm for the most neutral tonal balance along with superior deep bass detail. The lightweight in-ear headphone housing features Denon's hybrid material driver system which incorporates a soft elastomer outer layer for optimum comfort. The in-ear design ensures a comfortable fit. The headphones also feature oxygen free copper cabling.

LATEST TECHNOLOGY

Experience crisp, clear views of images, video, and text with substantial brightness, improved contrast ratios (800:1), and an ultra fast 5 ms response times, all on a 19" diagonal screen.

DESIGNED FOR COMFORT

Enable comfortable viewing with improved 160-degree viewing angles and a full range of customizable tilt, height-adjustment, and pivot settings. A new swivel feature allows adjustment of the monitor head without moving the base.

IMPROVED COMPATIBILITY

The built-in USB hub enables quick and easy connections to a variety of peripherals, including the HP Silver Flat Panel Speaker Bar (sold separately), which fits neatly under the monitor to bring speakers right to the desktop.

SMART SOFTWARE

Help protect against image retention and reduce power consumption and energy costs with HP Display LiteSaver, which allows prescheduled Sleep mode. Adjust monitor settings through the connected PC with HP Display Assistant.

EASY TO SET UP AND USE

Quickly customize the display to match your preferences with a wide range of icon-based on-screen display (OSD) controls. Now, you can also rotate the OSD menu when you're working with the monitor in a vertical position.

FLEXIBLE OPTIONS

Use the HP Quick Release to mount the monitor on a wall, or HP Compaq dc7800 Series Integrated Work Center Stand to bundle the monitor with an Desktop PC.

A BRILLIANT, HIGH QUALITY
7" SOMERTEK eREADER
 THE FIRST TOP SPEC EBOOK READER FOR UNDER £30?

A must-have for every avid book reader, the Somertek EB0700 7" E-Book Reader can store up to 2,300 songs, 20 hours of video, or thousands of e-books with its built-in memory of 4GB.

You can even expand the storage capacity of this TFT colour e-book reader as it features a microSD card slot. Insert an SD card and enjoy the convenience of storing up to 40,000 e-books.

This e-book reader supports most popular e-book formats, such as TXT, PDF, EPUB, DOC, and much more. It features a built-in MP3 player, so you can read your favorite book while listening to your favorite song.

The 800 x 480 pixel colour display not only ensures strain-free reading, but also enables you to view movies and videos in high clarity. This Somertek 4GB e-book runs on a rechargeable lithium battery. With the high speed USB cable, you can quickly and easily transfer your files to your MAC or PC and vice versa.
