The SAANYS Difference

About SAANYS

The School Administrators Association of New York State (SAANYS) was incorporated over 45 years ago with the goal of seeking continual improvement in the quality of education and educational leadership within New York State. SAANYS has committed itself to supporting school leaders through legislative representation, legal and labor relations, professional learning opportunities, and a strong benefits program. Today, SAANYS is the largest school administrators association in New York State, representing over 7,000 school administrators from Long Island to Buffalo. SAANYS members supervise and influence teachers and make purchasing decisions and recommendations at both the building and district levels. For businesses wishing to reach and influence the educational marketplace in New York State, SAANYS is the partner that can get you there.

The School Administrators Association's Annual Conference and Education Expo at the Sagamore Resort in Lake George is the best venue to meet new audiences, learn the educational needs of school administrators, and grow your business. We invite your company to join us!

Education Expo – October 20, 2019 | The Sagamore, Lake George

Our Expo is an extension of the conference learning experience – your participation and interaction with our attendees will have a lasting impact on our state's K-12 public schools. Our annual conference and Education Expo has been a great success over the years and is only getting better. Our corporate sponsors understand the value of our conference and each year we sell out of exhibit space.

Speaking on Partnership

"My partnership with SAANYS has provided us an invaluable opportunity to regularly collaborate with innovative educators. SAANYS members are always very appreciative of the support that vendors provide and are eager to learn as much as possible about the valuable services partners deliver. The investment in my SAANYS sponsorship has produced an average return of ten times my investment!

Thank you SAANYS!"

Jennifer Fosegan, Curriculum Associates

"The SAANYS conference was by far one of the best conferences I have attended as an educator, admin, and sponsor. I couldn't have been happier with the traffic through the room but most important was the depth of conversation I had with everyone who stopped by. The SAANYS membership was curious, conversational, and genuinely eager to learn from all of the partners. It was refreshing and invigorating."

Jared Heiner, Aspire
