More things to Note on Penalty's

- ▶ Record the Call the Ref tells you
- ▶ Any minor penalty in run time is recorded in 3 minutes – Again the time served does not start until the ref drops the puck (5 minutes are 7 minutes in runtime)
- ▶ If the play is stopped and a players time ends they may not leave the box until the ref restarts the play
- ▶ Coincidentals - that is penalties that occur at the same time - one from each team - only get written on the sheet and do not go on the clock. These players do not go back on the ice until the first whistle after the time has been served.
- ▶ Double minors (6 minutes penalties) have to be written as two separate penalties. The second penalty start would be 3 minutes after the first ends. For example the first head contact penalty would be off and start at 1645, if no goal is scored within first three minutes the second head contact penalty would be off at 1645 but start at 1345 which is when the first one would finish.
