Additional Updates of Ministry of Health and Sport

On 18 May 2020, the health Ministry submitted to parliament a new bill aimed at controlling communicable diseases. The bill would update the 1995 Prevention and Control of Communicable Diseases Law, for effective control and prevention of communicable diseases and to carry out actions in accordance with the rules and regulations of the World Health Organization. The old law focused on dealing with communicable diseases within the country. The new law is more modern and puts more emphasis on international public health concerns. [See Here](#)

Reopening Business Sectors

The Ministry of Planning, Finance, and Industry (MOPFI) and Japan International Cooperation Agency (JICA) announced that K64 billion in funds will be provided to micro, small, and medium enterprises (MSMEs) in Myanmar negatively affected by COVID – 19 under a JICA Emergency Program. JICA said on June 1 that it will provide up to K64 billion in low-cost financing under terms and conditions favorable to MSMEs to support the continuation of business activities affected by COVID – 19 [Detail Here](#)

The Ministry of Labour, Immigration and Population on May 3 announced a list of 21 businesses which need to continue operations during the COVID-19 outbreak as they provide either essential, public or necessary services.

The businesses include:

1. State-owned factories and enterprises;
2. Businesses that supply water;
3. Businesses involved in electricity, fuel energy production and transmission;
4. Providers of fire services;
5. Private hospitals, clinics and healthcare service providers,
6. Telecommunication service providers; and
7. Information providers and technology businesses.
8. Transportation;
9. Warehousing and wholesale;
10. Port services;
11. Logistics and freight;
12. Export and import;
13. Municipal services;

14. Banking and finance;
15. Insurance;
16. Toll-collections;
17. Printing and publishing businesses;
18. Mining and resources;
19. Chemical-related firms;
20. Construction businesses;
21. Fisheries

As these businesses will have to continue operating, they need to ensure that they have complied with the health ministry's guidelines for prevention of COVID-19 including having their premises inspected by the relevant authorities, the announcement said.

Some **factories** in Hlaing Tharyar Industrial Zone have now restarted after passing inspections but others are still under inspection, said CEO U Aung Kyaw Oo. There are 29 industrial zones in Yangon Region and some 6,000 factories. [Detail Here](#)

According to a local **travel** association, Myanmar tour companies are preparing to organize tours again, which have been suspended since February as part of the government's efforts to prevent the spread of COVID-19. Daw Aye Thida Moe, vice chair of the Union of Myanmar Travel Association, said tour companies are awaiting government guidelines to ensure a safe reopening of their businesses. [Detail Here](#)

The government has allowed **restaurants** to resume operations in accordance with guidelines from the Ministry of Health and Sports. [Detail Here](#)

Sixty **hotels** and guest houses in **Mandalay Region** have applied to reopen and will be inspected starting next week, said U Min Naing, Chair of the Myanmar Hotelier Association in Mandalay.

[Detail Here](#)

Magwe regional government has allowed more than 1000 **factories** to reopen after inspections were carried out on May 22. The officials allowed reopening of about 1000 factories out of 4000 which have been shut down due to COVID-19 outbreak in Magwe Region, according to Daw Myint Myint Thein, region head for Directorate of Industrial Supervision and Inspection. [Detail Here](#)

Schools and Universities Reopening in Myanmar

The Ministry of Social Welfare, Relief and Resettlement has extended the closure of all preschools and nurseries across the country until June 30 to protect children from COVID-19, a senior official said. Daw San San Aye, director general of Department of Social Welfare, said the National Central Committee for Prevention, Control and Treatment of COVID-19, had decided on May 28 to order all voluntary preschools, private preschools, and private residential nurseries to remain closed until June 30. [Detail Here](#)

The ministry has scheduled schools to start on July 21, beginning with high schools and followed by primary and middle schools two weeks later. The Ministry will allow private schools to add classrooms so they can comply with the government's guidelines on social distancing to prevent the spread of COVID-19. The rules for private schools require listing the travel history of students and their family members in the past month, the address of each student, and the people with whom they have had contact. [Detail Here](#)

The Ministry of Education has released a National Response and Recovery Plan. In this document, the MOE outlines a plan for the short term, response phase (May to September 2020), for the

development and provision of key strategic actions, to ensure education continuity during the closure of school/Higher Education Institutions/TVET Institutions closures.

In the mid-term, recovery phase (October 2020 to October 2021), the plan provides a course of action for there-opening of Early Childhood Care and Development (ECCD) facilities, Basic Education schools, Higher Education Institutions and TVET Institutions, mainly Government Technical High Schools (GTHS) and Government Technical Institutes (GTI) and for the recovery phase that includes accelerated action to fulfil the objectives set in the NESP 2016-2021.

The plan also includes concrete provisions to draw lessons from the current COVID-19 crisis in order to design evidence informed crisis-sensitive education sector plans as well as emergency preparedness and response policy frameworks at all levels of education to prevent, prepare for and mitigate the different types of risks affecting the education sector. Ministry of Hospitality and Tourism officially permit to reopen hotels: [Reopen Hotels by States or Regions](#)

General Information about Travel Around Myanmar

Ministry of Hospitality and Tourism discusses finalizing COVID – 19 tourism strategic roadmap. The first step of the roadmap focuses on survival and immediate action with the self-finance and stimulus package, the second step focuses on reopening and relaxing of lockdown and quarantine to be implemented within three to six months and the third step focuses on re-launching and will be implemented within six months to a year and includes long-term plans for reinventing Myanmar tourism and relaxing of regulations. [Detail Here](#)

Express buses operating from five terminals in Mandalay which follow the health ministry's guidelines have been allowed to operate bus lines to other regions and states starting June 1, according to the Mandalay Region Bus Line Supervisory Committee (Highway). The buses won't get permission to resume operations if they don't prepare in accordance with health guidelines, said U Aung Kyaw Lin, chairperson of the committee. [Detail Here](#)

The Ministry of Hotels and Tourism has been implementing development of sustainable tourism and supporting safe and secure destinations for convenience of travellers in Myanmar. [See Here](#)

Trade Gate Closure According to Ministry of Commerce

- The ministry of commerce released notification for the tax exemption related to the importing medical equipment during COOVID-19. [Detail Here](#)
- The Yangon-based highway buses are scheduled to resume on May 15, According to the highway bus operators at the Aung Mingalar Highway Bus Terminal. Currently, just 30 highway bus lines are running, and none are able to travel to long distance locations such as Shan State's Taunggyi, where entry and exit is still strictly prohibited. COVID-19-related restrictions will be in effect until May 15. [Detail Here](#)
- **The Mant Wain trading gate in Muse** has been closed since April 5 as both governments take more stringent measures to prevent the spread of COVID-19, said U Khin Maung Lwin, assistant secretary of the Ministry of Commerce. China no longer allows Myanmar truck drivers to cross into Yunan so Mant Wain, which is the main export gate for Myanmar's rice, maize, and pulses, has now closed, he said. Currently, only Chinese drivers who have passed medical tests are permitted to enter Myanmar to pick up goods. [Detail Here](#).
- The government of India's Manipur State has shut down **the Tamu-Moreh border gates**, a key corridor for border trade between Myanmar and India, indefinitely over concerns about

the spread of coronavirus, according to the Security and Border Affairs Ministry for Sagaing Region, where Tamu District is located. The Tamu-Moreh borders gates are mainly used to export products from Myanmar—chiefly betel nuts, beans and other food. Myanmar businesses export over US\$30 million of products across the Tamu-Moreh border gates every four months, according to the Myanmar Ministry of Commerce. [Detail Here](#)
